

EARLY YEARS

Additional Learning Needs Team

The Early Years ALN Team support and co-ordinate services for children with additional needs, their families, Early Years settings and schools to ensure a smooth transition into nursery or reception class.

We offer ...

Support, information, practical help and advice to all early years settings and families of early years children who may have additional needs

Support to schools to include ALL children within Universal provision and, help with writing or reviewing Early Years Individual Development Plans, Individual Healthcare Plans or Risk Assessments

Joint working with Early Years and Childcare colleagues, Flying Start and Childcare Offer to support the transition of children who are known to the Early Years Forum into mainstream settings and schools

Provide guidance for practitioners in the early identification of children with emerging needs

Facilitate a weekly parent support group in partnership with Flying Start

Deliver and facilitate a comprehensive training programme for schools and early years settings

Early Years Forum

The Early Years Forum is a regular multi-agency meeting, consisting of professionals from Health, Education, Social Care and the Third Sector from across the Vale of Glamorgan.

We work together to plan, support and review children up to five years old, who are not yet attending school and whose developmental progress is causing concern or, who may have additional or healthcare needs so that they can access their childcare or education setting.
