Recommendations

1. It is recommended that Cabinet considers and approves the Annual Welsh Monitoring Report for 2019 - 2020 (Appendix 1) and Update on the Welsh Language Promotional Strategy (Appendix 2) in principle, subject to consideration by Scrutiny Committee (Learning & Culture).
2. That Cabinet notes that a draft Monitoring Report for 2019-20 had been published by the required date of 30th June 2020.
3. It is recommended that Cabinet refers this report (and appendices) to Scrutiny Committee (Learning & Culture) for that Committee's consideration and if endorsed by the Committee, that the report be published.

Reasons for Recommendations

1. To allow the Council to meet its reporting duty to the Welsh Commissioner as part of the Welsh Language Standards.
2. To enable Cabinet to note that a draft report was published to meet the statutory timescales.
3. To enable Scrutiny Committee (Learning & Culture) to consider the report (and appendices) prior to publication.

1. Background

- 1.1** The Welsh Language (Wales) Measure 2011 makes provision for specifying standards of conduct in relation to the Welsh language. The Measure enables Welsh Ministers to authorise the Welsh Language Commissioner to issue a "Compliance Notice" to those organisations to which the Measure applies. The Compliance Notice for the Vale of Glamorgan Council was issued in September 2015.
- 1.2** The Welsh Standards Compliance Notice for the Council is a list of standards relating to service delivery, policy making, operational matters, promotion and record keeping. One of the standards in the Compliance Notice states that:
 - a) You must produce a report (an "annual report"), in Welsh, in relation to each financial year, which deals with the way in which you have complied with the standards with which you were under a duty to comply during that year.
 - b) You must publish the annual report no later than 30 June following the financial year to which the report relates.
 - c) You must publicise the fact that you have published an annual report.
 - d) You must ensure that a current copy of your annual report is available - (a) on your website, and (b) in each of your offices that are open to the public.

- 1.3 As part of the Compliance Notice the Council was also required to produce a 5-year Promotion Strategy and to review it regularly.
- 1.4 This report provides Cabinet with the Annual Report for 2019/20. Due to the coronavirus pandemic, the publication of this report has been slightly delayed. However, a draft report was published ahead of the statutory timetable indicated above.

2. Key Issues for Consideration

- 2.1 Appendix 1 sets out the Welsh Language Annual Monitoring Report for 2019/20. The report outlines the main achievements for 2019/20, including progress with the website and increases in provision available to support Welsh learners and speakers.
- 2.2 The Annual Report as such contains a summary of the progress achieved in the year for each of the 33 actions contained in the Council's plan associated with the introduction of the standards.
- 2.3 The Report also sets out details of performance against this area of work, including details regarding the number of Welsh Language complaints, a skills profile for the Council and the number of staff learning Welsh at different levels. The priority for 2020/21 is to recruit more Welsh speakers into the workforce and to encourage more members of staff to update their Welsh language skills.
- 2.4 Appendix 2 provides Cabinet with an update on the Council's Welsh Promotional Strategy as required by the standards. The promotional strategy seeks to address a variety of policy areas, including Welsh for Adults, for Children, Young People and Families, the Community and the Workplace.
- 2.5 The promotional strategy is delivered by a variety of council departments working to deliver actions designed to promote the use of Welsh and address various aspects of the standards. The Council also works with partners, notably Menter Bro Morgannwg, to further enhance its work. The work with Menter Bro Morgannwg has been refreshed in 2019, with a revised agreement based on providing a variety of different opportunities to promote Welsh and to trial new and innovative approaches. For each area of the promotional strategy, an update is provided to demonstrate progress and identify areas for future focus.
- 2.6 Cabinet is recommended to consider and approve the report (and appendices) and to refer the same to Scrutiny Committee (Learning & Culture) for their consideration, prior to the report being published.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1 The Promotional Strategy outlines the Council's plans for future years and helps contribute to the Welsh Government's target for one million speakers by 2050.

The accompanying action plans ensure that staff are aware of their responsibilities under the Standards, thereby avoiding complaints. The achievement of the action plan and the promotional strategy are inter-related with the delivery of the Council's Corporate Plan and reflects the priorities of partner organisations. Delivery of the Plan and Promotional Strategy involves other key partners in the achievement of shared goals for the Welsh language. A key characteristic of the work with Menter Bro Morgannwg is to involve people in the design and delivery of services that meet a range of needs in the medium of Welsh.

4. Resources and Legal Considerations

Financial

- 4.1** There are no direct financial implications associated with this report. Officer time is needed to collect, analyse and report on Welsh language information. The main costs are translation costs throughout the year.
- 4.2** The actions ensure that the Council complies with legislation (avoiding a potential adverse cost implication for non-compliance).

Employment

- 4.3** There are no direct employment implications associated with this report.
- 4.4** Officer time is needed to collect, analyse and report on Welsh language information.

Legal (Including Equalities)

- 4.5** The Council is bound by the Welsh Language (Wales) Measure 2011 and acting in accordance with the Commissioner's Compliance Notice is a statutory duty for the Council.

1. Introduction

The Council is committed to the provision of an excellent service to Welsh speakers in the area and strives year on year to improve on its provision.

During 2015 we were issued with a legal Compliance Notice by the Welsh Commissioner specifying which Standards apply to the Council.

In order to achieve the 174 standards within the notice the Council developed a comprehensive Action Plan which is published on our website. Progress is monitored on a regular basis and a summary is included within this report.

We also published a 5-year Promotion Strategy as part of the compliance process which is widely available in hard copy as well as on our website. Details of progress have been included as Appendix 2.

2. Main achievements 2019/20

- **Website**

During 2019/20 the Council continued to review the content of its website. We have now devised a system which will generate reports and identify any pages where the English and Welsh content does not match. This will allow us to undertake an audit of the website annually to ensure that the content is fully bilingual. Progress continues to be made with the Digital Strategy and the procurement of third- party applications.

- **Social Media accounts**

The Council's main social media accounts have always been bilingual but following an enquiry from a member of the public in September 2019, guidance was issued to

ensure that all 40 Twitter accounts and 26 Facebook accounts are fully bilingual as well as any Instagram accounts.

- **Contact Centre and Main Reception Areas**

The Council continues to offer all callers an option to undertake their enquiries through the medium of Welsh. The total number of callers who used this option during 2019/20 was 678. Calls through the medium of both Welsh and English are showing a reducing pattern as the Council implements its digital strategy of offering an increasing number of self-service options via its website and mobile app. These services are and continue to be offered in both Welsh and English.

On average callers using the Welsh language option in 2019/20 waited for 172 seconds to have their call answered while callers using the English language option waited for 220 seconds. Wait time performance was impacted to an extent by a relatively high staff turnover during the year and reflects the fact that recruitment and retention of Welsh speaking staff for customer services roles is becoming increasingly difficult.

At the end of the reporting period the percentage of bilingual staff at the contact centre increased slightly from 23% to 27%. Training plans are in place to increase the range of enquiries that the bilingual staff cohort can resolve at the first point of contact. The service continues to provide a face-to-face Welsh language service at main corporate receptions.

During the year the Council procured a new contact centre platform that will enhance operational efficiency and offer additional contact channels for customers, including web chat, which will be offered through the medium of Welsh. Deployment of this new functionality was delayed until January 2020 and is now expected to deliver a significant improvement in both online and contact customer experience during 2020/21.

- **Welsh language training**

The Council has continued to support formal Welsh language classes for staff in the workplace as well as providing regular 'Blasu' sessions in various locations. This has helped to sustain the number of staff enrolments this year at 63. In addition we have continued to allow staff to attend classes during worktime with courses being paid for by the Equalities team and the Adult Education team.

The Work Welsh programme funded by the Welsh Government includes a 'Welsh Welcome' course which can be accessed on workstations via our internal Staffnet.

- **Agreement with Menter Bro Morgannwg**

A framework for partnership working was agreed in 2019 for a further three years. The aim is to provide a range of community activities for local residents, including children, young people, families and adult learners in order to promote the use of Welsh. A significant proportion of this work contributes to our 5-year strategy plans – see Appendix 2.

- **Translation agreement with Cardiff Council**

The Council signed a contract with Cardiff Council for all Welsh translation work in September 2017 following a successful period with a Service Level Agreement. During 2019/20 a total of 2,229,443 words were translated. This represents an increase of more than 20% on last year and indicates the volume of work that is produced bilingually.

- **Linguistic Skills Assessment**

The Council carried out a second Linguistic Skills Audit in September 2018. Computer users provided information on their Welsh language skills. This was rolled out by means of Metacompliance software. We have been able to update details of

nearly 1600 staff and this enables us to target information at Welsh speakers as well as providing an updated list for internal use.

- **Welsh speaking spellchecker/email footers etc**

All Council staff have received a copy of 'Cysgair' on their computers. We have recently purchased licences for the latest version of this software and this has been installed on all council computers enabling staff to communicate more easily in Welsh and to feel confident about their grammar.

We have arranged for all council staff to have bilingual footers with their job titles and to have bilingual out-of-office messages. In a recent development a prominent logo has been added to the names of those who speak Welsh fluently and a separate logo to indicate members of staff who are learning Welsh. In addition Welsh speaking staff and learners are able to wear lanyards to indicate their skills.

- **Page on Staffnet for Welsh speakers/Reminders**

A dedicated page on our Staffnet provides useful information for Welsh speakers as well as setting out their rights regarding internal documentation. We recently ran a campaign entitled 'Think Cymraeg' which encouraged staff to be aware of the most important areas of their work where use Welsh can make a big difference. The Managing Director sent out an EMail including the 'Think Cymraeg' poster which was in the format of a '7-minute read'.

- **Work with Learners and Welsh Speakers in the Vale**

During the year many events have taken place to encourage learners including trips to St Fagan's, entertainment evenings and singing events as well as workshops for the family.

These events were organised by the LearnWelsh team and they have also held celebrations at Christmas, Mid Winter and St David's Day. Regular events also

include revision classes for learners, coffee mornings and 'Sadwrn Siarad' which can attract up to 40 people.

Classes have also been held in Welsh teaching Digital Skills as well as reading classes for learners and fluent speakers.

A new podcast will be broadcast in April in partnership with Bro Radio.

Welsh Rights Day - 'Mae gen I Hawl'

We celebrated this day in December when we had a presence in the main civic office reception in Barry. We were helped by Menter Bro Morgannwg and the LearnWelsh team who were able to explain to members of the public the availability of family activities in Welsh and learning opportunities.

We provided Welsh cakes and chatted to visitors about ways of contacting us in Welsh. At lunchtime we sang together in a small choir and one of our colleagues sang a selection of Welsh songs. The whole day was very well-received and visitors went away with information and cards with basic useful Welsh phrases.

We had an ongoing campaign on social media leading up to the day and articles on staffnet. An article was published in the Penarth times and the Barry Gem.

4. Information on performance
