

THE VALE OF GLAMORGAN COUNCIL

CABINET: 25<sup>TH</sup> OCTOBER, 2021

REFERENCE FROM GOVERNANCE AND AUDIT COMMITTEE:  
23<sup>RD</sup> SEPTEMBER, 2021

“401 CORPORATE RISK REGISTER QUARTER 1 UPDATE (MD) –

The Head of Policy and Business Transformation presented the report, the purpose of the which was to update Committee on the Quarter 1 position of Corporate Risks for April 2021 - June 2021 contained within the Corporate Risk Register as outlined in the Corporate Risk Summary Report.

The report provided Members with an overview of the Corporate Risk Register for Quarter 1 (April 2021-June 2021). A risk analysis was incorporated within the Corporate Risk Summary Report (Annex A). This enabled officers and Members to identify and assess trends and the cross-cutting nature of risks with the ability to drill down to the detail of risks as and when required.

There were 16 corporate risks on the Register. Whilst the report provided an update on the corporate risks during the Quarter 4 period, it was important to note that some risks on the Register were in a constant state of flux. For example, the fast-moving nature of both the Covid-19 and Brexit risks meant that the position regarding these two were constantly evolving. Governance & Audit Committee were requested to consider the Quarter 1 position of the Risk Register, whilst noting developments as outlined in the report.

Councillor M.R. Wilson referred to issues currently being experienced because of a rise in energy costs, specifically the large increase in gas prices. The Member advised that the Council needed to find ways to mitigate the impact particularly as gas consumption was likely to be high during the upcoming winter period. Councillor Wilson also flagged up issues relating to work regarding the integration of Health and Social Care, the associated risks were likely to increase as the population grew older. Councillor Wilson therefore asked if the Committee could receive further details on the work to mitigate the risks of rising energy costs and the integration of Health and Social Care. This was agreed by the Committee.

The Chair, Councillor G.D.D. Carroll commented on the importance to monitor the risk relating to workforce needs. In reply, the Head of Policy and Business Transformation advised that the Council's Senior Leadership Team would be keeping a close eye on this risk on a regular basis.

Subsequently it was

RESOLVED –

- (1) T H A T the Quarter 1 position of corporate risks for the period April 2021-June 2021 as outlined in Annex A be noted.
- (2) T H A T the comments of the Governance and Audit Committee be considered by Cabinet at the meeting when Cabinet will consider a report on the Corporate Risk Register for Quarter 1.
- (3) T H A T the Quarter 2 position update report contains greater focus and attention on the implications as a result of the current energy crisis and the challenges related to the supply of gas.
- (4) T H A T the Quarter 2 position report provides a more detailed update regarding challenges related to the work around the integration of Health and Social Care.

Reasons for decisions

- (1) Having regard to the Quarter 1 Risk Register update report and discussions at the meeting.
- (2) On the request for the comments of the Governance and Audit Committee to be considered when the Risk Register Quarter 1 position is presented to Cabinet.
- (3) As a result of the risks associated due to the current challenges affecting the supply of gas.
- (4) To provide a more detailed update of the work undertaken around the integration of Health and Social Care.”

Attached as Appendix – Report to Governance and Audit Committee:  
23<sup>rd</sup> September, 2021

Meeting of:	<b>Governance &amp; Audit Committee</b>
Date of Meeting:	<b>Thursday, 23 September 2021</b>
Relevant Scrutiny Committee:	Corporate Performance and Resources
Report Title:	Corporate Risk Register Quarter 1 Update
Purpose of Report:	To update Audit Committee on the quarter 1 position of Corporate Risks for April 2021 - June 2021 contained within the Corporate Risk Register as outlined in the Corporate Risk Summary Report.
Report Owner:	Rob Thomas, Managing Director
Responsible Officer:	Tom Bowring, Head of Policy & Business Transformation
Elected Member and Officer Consultation:	Consultation has been undertaken with designated Corporate Risk Owners and the Strategic Leadership Team.
Policy Framework:	The proposals are within the Council's Policy Framework.
<p><b>Executive Summary:</b></p> <ul style="list-style-type: none"> <li>This report provides members with an overview of the Corporate Risk Register for Quarter 1 (April 2021-June 2021). A risk analysis is incorporated within the Corporate Risk Summary Report (Annex A). This enables officers and Members to identify and assess trends and the cross-cutting nature of risks with the ability to drill down to the detail of risks as and when required.</li> </ul> <p>The report recommends that Audit Committee:</p> <ul style="list-style-type: none"> <li>Note the quarter 1 position of corporate risks for the period April 2021- June 2021 and the emerging issues contained within the report.</li> <li>Refer any other comments to Cabinet for their consideration and endorsement at the meeting when Cabinet will consider a report on the Corporate Risk Register for quarter 1.</li> </ul>	

## Recommendations

1. Note the Quarter 1 position of corporate risks for the period April 2021-June 2021 as outlined in Annex A.
2. Refer any other comments to Cabinet for their consideration and endorsement at the meeting when Cabinet will consider a report on the Corporate Risk Register for quarter 1.

## Reasons for Recommendations

1. To identify the quarter 1 position of corporate risks across the Council and highlight any emerging issues and actions to be taken as outlined in Annex A.
2. To ensure Cabinet receives the comments of the Audit Committee when considering the quarter 1 position.

## 1. Background

- 1.1 Corporate Risk is managed via the Corporate Risk Register. To supplement this, a risk analysis in the form of a Corporate Risk Summary Report (Annex A) provides a concise way of identifying the headline issues and risk considerations. In presenting the information in this way, it enables officers and Members to be able to have a good overview of the status of risks across the Register as well as the emerging issues whilst giving them the ability to drill down to the detail if required.

## 2. Key Issues for Consideration

- 2.1 The Corporate Risk Summary Report (Annex A) is split into the following sections:
- 2.2 **Corporate Risk Executive Summary:** This provides an overview of the whole risk report that highlights the key issues to note in relation to the status of risks, direction of travel, forecast direction of travel and progress against the Risk Management Plans.
- 2.3 **Section 1 Risk Descriptions:** This section details each risk listed on the Register along with a brief description of the risk in terms of its scope. More detailed descriptions of the multiple facets of each risk relative to each of the risk categories (of Political & Legislative, Resources, Service Delivery & Well-being and Reputation) are provided in the Register itself. Within Section 1 of the report officers and members can drill down to the detail of individual risks in the Register quickly and easily by using the document link to the relevant Appendices in the report.
- 2.4 **Section 2 Corporate Risk Register Summary:** provides an overview of all the corporate risks in the Register in terms of their inherent score, effectiveness of control score and residual score and provides an outline of the direction of travel for both current and forecast. This section of the report provides an analysis of the emerging risk issues associated with risks on the Register.

- 2.5 Section 3 Overall Risk Heat Map:** uses a risk matrix quadrant to plot the residual risk scores in terms of likelihood and impact for each corporate risk in order to illustrate the distribution of corporate risks on the heat map. This section flags any key trends or issues in relation to the distribution of risk on the matrix.
- 2.6 Section 4 Thematic Heat Map:** uses a similar risk matrix quadrant to plot the residual risk scores for each corporate risk by risk category. This provides a more holistic illustration of the distribution of risk by the different risk categories enabling a better understanding of the inter-relationship between risk themes. This also enables officers and members to view risk in a more cross-cutting/strategic light to identify if there is any need to address facets of risk through council-wide mitigating activity.
- 2.7 Section 5 Risk Management Plan:** Provides an overview of the progress made against the Risk Management Plans for each Corporate Risk. There is a Risk Management Plan aligned to each Corporate Risk that contain a series of actions to help mitigate the risk. By monitoring the status of these Risk Management Plans and in particular the RAG status of the mitigating actions we are able to identify areas where progress against actions are having a positive effect on the risk or in some cases is having little effect. Equally the Risk Management Plan enables officers and members to flag risks where progress against actions has been slow/which may warrant further investigation.
- 2.8 Section 6 Risk Action Exceptions:** This section provides reporting by exception (i.e. mitigating actions aligned to each corporate risk that have been assigned a red status for their progress). This enables officers and members to quickly identify and interrogate actions reporting a red status in relation to each risk. It lists each corporate risk and any corresponding actions that have a red RAG status and provides the corresponding commentary relating to that quarter.
- 2.9 Section 7 Risk Scoring Definitions:** This section explains the risk scoring definitions in terms of what is meant by an inherent, residual and effectiveness of control risk score. It also outlines the risk scoring matrix that is used to score residual risk and a risk scoring mechanism for scoring the effectiveness of our controls.
- 2.10** There are 16 corporate risks on the Register. Whilst this report provides an update on the corporate risks during the quarter 4 period, it is important to note that some risks on the Register are in a constant state of flux. For example, the fast-moving nature of both the Covid-19 and Brexit risks means that the position regarding these two are constantly evolving. Governance & Audit Committee are requested to consider the quarter 1 position of the Risk Register, whilst noting the following developments.
- 2.11 Covid-19-** By the end of the quarter 1 period (June 2021), a number of restrictions had been eased and as a result of the successful vaccination programme we began to see a reduction in infection rates.
- 2.12** In response to this improving public health picture the Welsh Government began to further ease restrictions.

- 2.1** From the 17<sup>th</sup> July, Wales moved fully into alert level 1, which allowed for up to six people to meet indoors in private homes and holiday accommodation, organised indoor events for up to 1,000 people seated and up to 200 standing and the reopening of ice rinks. The phased move to level 1 also allowed children to attend residential activity centres in group of up to 30. The Welsh Government also put in place specific requirements for employers to provide information on risk and mitigations as identified in their Covid risk assessments with their employees.<sup>1</sup>
- 2.2** As part of the Coronavirus Control Plan, the Welsh Government confirmed that from the 7<sup>th</sup> August, Wales would move to alert level zero<sup>2</sup>. This saw:
- The removal of legal restrictions on the numbers who can meet indoors (including private homes, public places and/or at events).
  - All businesses and premises can open including nightclubs.
  - People continuing to work from home wherever possible.
  - Fully vaccinated adults, under 18s and vaccine trial participants no longer needing to self-isolate if they are a close contact of someone with coronavirus.
- 2.3** At the time, the Welsh Government emphasised that although this will see the lifting of most restrictions, some legal requirements will remain in place for wearing face coverings indoors with the exception of the hospitality sector and there will be an ongoing requirement for all organisations and businesses to carry out Covid risk assessments and the need to self-isolate if you have Covid-19 symptoms or a positive test result<sup>3</sup>. The First Minister also confirmed that fully vaccinated adults and children and young people under 18, will no longer need to isolate if they are identified as close contacts of someone who has Coronavirus<sup>4</sup>. But they have emphasised that this aspect will be kept under ongoing review<sup>5</sup>.
- 2.4** To continue to support those who do test positive and are required to self-isolate for 10 days, the Welsh Government have increased their self-isolation support scheme payment. The payment increased from £500 to £750 from the 7<sup>th</sup> August<sup>6</sup>. The payment is aimed to breakdown the financial barriers to people self-isolating and the scheme has been extended until March 2022 and intends to compensate those earning up to personal income threshold for their loss of earnings over the 10-day isolation period<sup>7</sup>.
- 2.5** On the 8<sup>th</sup> August, there were further changes to the [traffic light system](#) for travel in terms of where countries now sit on the list. One of the more significant changes to come into effect was the decision that fully vaccinated people in the UK, Europe, or USA (with approved vaccines) are no longer be required to self-isolate but instead are required to take a COVID tests both prior and after arrival to the UK<sup>8</sup>. The Chief Medical Officer (CMO) for Wales has called for a cautious

approach following the relaxation of the border health requirements, due to the increasing threat from variants. Given the risks associated with the importation of variants, the CMO and Welsh Government continue to advise against all non-essential travel and advocate for robust testing, surveillance, and genomic sequencing as important mitigations to the importation of new variants<sup>9</sup>.

- 2.6** From September, the Welsh Government have outlined that face coverings will no longer be routinely recommended in classrooms, contact groups will no longer be required for school pupils or full-time learners in college and instead the Test, Trace Protect (TTP) system will be used to identify close contacts who have tested positive and there will be the return of normal session times<sup>10</sup>. To support these decisions, the Education Minister published a 'Local Covid-19 Infection Control Decision Framework' for [school operations](#) on the 27<sup>th</sup> August that further set out arrangements for the delivery of learning from the autumn term<sup>11</sup>

### **Infection rates**

- 2.7** Infection rates have been rising, as coronavirus restrictions have been eased. At the end of quarter 1 (29<sup>th</sup> June), the latest coronavirus data available for a rolling seven days (between 19<sup>th</sup>-25<sup>th</sup> June) showed there had been 77 cases identified in the Vale of Glamorgan, with a case rate of 57.6 per 100,000 population and there was a positivity rate of 3.9%<sup>12</sup>. Since then, infection rates have been escalating. As at the 6<sup>th</sup> September, the latest coronavirus data for a 7-day rolling period (between 24<sup>th</sup>-30<sup>th</sup> August showed that there had been 448 cases identified in the Vale of Glamorgan, with a case rate of 335.4 per 100,000 with a positivity rate of 14.9%<sup>13</sup>. This rise in infection and positivity rates is being seen across the rest of Wales with cases per 100,000 increasing from 64.8 per 100,000 between 19<sup>th</sup>-25<sup>th</sup> June to 407.2 per 100,000 of the population between 24<sup>th</sup>-30<sup>th</sup> August. There has also been a marked increase in the positivity rates between these periods, with positivity rates increasing from 4.2% between 19<sup>th</sup>-25<sup>th</sup> June to 19.7% between 24<sup>th</sup> August-30<sup>th</sup> August<sup>14</sup>. Although infection rates across the Vale of Glamorgan and nationally are on the rise, there is not the same correlation as in previous waves between Covid infections and hospitalisation and deaths. At the end of August (29<sup>th</sup> August), 4% (54) of all inpatients in hospital within the Cardiff and Vale University Health Board Trust were confirmed as Covid positive cases. This is similar to the rest of Wales where 3% (321) of inpatients across Wales were confirmed Covid cases. Although these inpatient figures are higher than those seen at the end of quarter 1 (27<sup>th</sup> June), where 1% (12) of inpatients in Cardiff and Vale were confirmed cases and 1% (51) of inpatients across Wales as a whole were Covid positive cases, the inpatient

<sup>14</sup> [Public Health Wales Rapid COVID-19 surveillance Confirmed Case Data by Local Authority area](#),

numbers remain far lower than that seen during the peak of the second wave in December 2020.

### **Vaccination progress**

- 2.8** Significant strides continue to be made with the vaccination programme. By the 31<sup>st</sup> August, over 4.5 million vaccinations have been administered to people in Wales<sup>15</sup>. As vaccination coverage continues to rise, the Chief Medical Officer reported that as at the 5<sup>th</sup> August 80% of the adult population in Wales is now fully vaccinated<sup>16</sup>. The total number of doses of vaccines administered in Cardiff and the Vale of Glamorgan was 703,059 (comprising of 367,717 first doses and 335,342 second doses) as at 27<sup>th</sup> August. This data is reported on a daily dashboard by the [Cardiff and Vale Health Board](#).
- 2.9** The focus of the vaccination programme continues to be on targeting younger age groups (18-40 year olds) where there are more vaccine-hesitant communities<sup>17</sup>. This is being done concurrently with accelerating second dose vaccination, and vaccinating those who might have missed their first dose appointments. As at 27<sup>th</sup> August, Cardiff and Vale UHB's Vaccination figures indicated that 75.9% of individuals aged 18-29 had taken up their offer of a first vaccine compared to vaccine uptake rates of over 90% for those over 55 years old<sup>18</sup>.
- 2.10** On the 6<sup>th</sup> July, in a written statement, the Minister for Health and Social Services outlined that the Joint Committee on Vaccination and Immunisation (JCVI) have published interim advice regarding Autumn vaccine booster campaign<sup>19</sup>. This advice indicated that the JCVI will be working with Health Boards to support delivery of a booster programme from September, targeted at cohorts 1-9, with approximately a 6-month gap for a second dose<sup>20</sup>.
- 2.11** The Welsh Government has also confirmed that the JCVI published advice regarding the vaccination of children and young people. The JCVI have recommended vaccination of 16 and 17-year-olds<sup>21</sup>. In the Welsh Government's latest vaccination programme update they confirmed that all 16- and 17-year-olds in Wales have received their first dose vaccination offer with all appointments scheduled at the end of August<sup>22</sup>.
- 2.12** JCVI have also recommended that children aged 12–15- with underlying health conditions (that put them at risk of a serious Covid-19 infection) and those who live in households with persons who are immunosuppressed should be offered

vaccination<sup>23</sup>. On the 3<sup>rd</sup> September, the JCVI issued further advice on the vaccination of 12–15-year-olds. They recommended the expansion of the list of underlying health conditions for those aged 12-15 that are eligible for two doses of vaccine but did not advise universal immunisation of this age group when taking into account the benefits versus uncertainty of any potential harm<sup>24</sup>.

**2.13** The Welsh Government also confirmed the launch of a new [NHS COVID Pass](#) to enable individuals to evidence their vaccination status<sup>25</sup>.

**2.14** **Brexit-** There have been some developments and emerging issues as follows:

**2.15** The deadline for EUSS applications was 30<sup>th</sup> June 2021. The [EUSS guidance](#) was originally published in December 2020, with further [guidance](#) updated in June that takes account of the disruption caused by the pandemic and it outlines how applications will be considered by individuals who have been absent from the UK and were unable to apply via the scheme by the deadline due to the Covid-19 pandemic. As outlined in the guidance these individuals will still be able to apply through the scheme. Any applications that missed the deadline for this reason, will have their rights assured whilst their application is being considered. Also, anyone who applied by the deadline who has yet to receive notification of their status, their rights will also be maintained until their status is determined. To account for any determination delays, the Government have made available a certificate of application that can be used as evidence to confirm that the citizen has applied through the scheme and their rights are assured.

**2.16** However, there are concerns that many EU citizens living in the UK are unaware that children needed to apply to stay. Concerns have been raised by some charities that they have noticed there is a lack of awareness amongst some individuals regarding the need to apply for settled status for their children<sup>26</sup>.

**2.17** Up to the 30<sup>th</sup> June, the Home Office data has shown that 98,600 had applied via the EUSS scheme in Wales<sup>27</sup>. The Home Office continues to accept late applications, provided they meet the acceptable grounds as outlined on their [website](#).

**2.18** There are also concerns at the local level, in terms of how Councils ensure that they can uphold the rights of citizens to continue to access our services. The primary concern being continuation/access to services/support for EU/EEA nationals that did not apply via the EUSS scheme within the designated timescales. This is an emerging area of risk that will in due course require further clarification to ensure that citizens under the arrangements are not invertedly denied their rights and access to services.

<sup>27</sup> Home Office, [EU Settlement Scheme Statistics](#), Updated 2<sup>nd</sup> July

- 2.19** Another emerging area of risk in part associated with Brexit has been the emergence of lorry driver (HGV/LGV) shortage which has led to supply chain/service disruption and food/product shortages across multiple sectors. According to the Road Haulage Association Survey it estimates there is now a shortage of 100,000 drivers in the UK<sup>28</sup>. Brexit has been quoted as a key driver behind the driver shortage, and it is thought to be result of a combination of other factors such as Covid and changes in the workforce demographic (e.g. aging workforce now retiring).
- 2.20** Brexit was identified by Hauliers in the Road Haulage Association Survey as one of the most prevalent reasons (joint with retiring drivers) for the driver shortage<sup>29</sup>. Brexit is believed to be exacerbating driver shortages, as at the end of transition period greater border bureaucracy alongside the decline in the pound against the Euro made the UK less attractive to EU drivers<sup>30</sup>. The pandemic contributed to slowing down trade, which resulted in some drivers being furloughed and a number of EU nationals returned to their home countries<sup>31</sup>. The added impact of Brexit has meant, many EU national drivers decided not to return to the UK and instead opted to remain in the EU<sup>32</sup>. This in part maybe linked to the UK's new immigration system that came into force on 1<sup>st</sup> January that gives priority to high skilled roles<sup>33</sup>. HGV/LGV drivers were not identified among the list of eligible skilled occupations, and so were excluded from the Government's new [Skilled Worker Visa](#)<sup>34</sup>.
- 2.21** This labour shortage is in turn driving up the pay of some lorry drivers, as businesses compete to secure their supply chains<sup>35</sup>. This creates further cost pressures for many small firms and public sector organisations that just cannot compete in terms of pay and may lead to price rises for the goods being transported.
- 2.22** In relation to the impact this issue has had on Council services, the greatest over recent weeks has been seen in relation to the waste team. The driver shortage has impacted heavily on our garden waste collection service. As a non-statutory service, garden waste collections normally operate between March and November where the Council recruits agency staff on a temporary basis to fulfil this role. However, the shortage in drivers has meant there are fewer agency staff available to support garden waste service collections and as a result, this has led to delays to garden waste collections across the Vale. To help mitigate this, the Council has had emergency powers approved to appoint 12 new drivers to enhance resilience within the service. Additional training opportunities for existing staff are being developed in order to increase our pool of drivers.
- 2.23** In acknowledgement that many of the initial issues/concerns arising from Brexit may have changed or moved on, a review of Brexit issues/risks was completed

over the summer to explore the impact Brexit is having on service areas at this point in time. The emerging issues and risks were identified and analysed as part of this exercise to build a picture of the current Brexit related pressures affecting service areas. The key areas identified as part of this analysis were as follows:

- 2.24 Learning and Skills**-Loss of European Social Funding enhancement resulting in a reduction in the Communities for Work programme and impacts on the delivery of pre and post 16 NEET work. This has the potential to have a wider impact on the Welsh Government's agenda where the focus is to get more people into employment.
- 2.25 Neighbourhood Services & Transport**- Scarcity of some materials leading to delays in meeting scheme/programme timescales and/or resulting in project overspends. We have witnessed a significant rise in the cost of materials, which is placing pressure on budgets for existing schemes and increasing the costs of proposed works. Availability of professional drivers continues to be an ongoing concern (this affects waste LGV drivers, winter maintenance drives and non-LGV C1 drivers) in terms of service delivery, continuity, and reputation. There is also concern regarding the availability of key operational posts across Neighbourhood Services & Transport. Delays in terms of vehicle/machinery parts has the potential to impact on availability of vehicles vital to our service delivery and this in turn can impact on the reputation of the Council.
- 2.26 Regeneration & Planning**- Key risk driver is currently the loss of EU funding for socio-economic projects and rural support.
- 2.27 Social Services**- There are concerns that Brexit could further challenge the viability of some providers/contractors to provide a service. This is especially a concern in relation to our externally commissioned social care providers.
- 2.28 Housing**-Disruption to material supplies has been experienced linked to the driver shortage coupled with reduced material availability and increased demand for some products. Subsequently, this is presenting significant cost pressures to the service estimated on average to be a 10% on cost at present, which has the potential to increase further. For example, the recent increasing material and labour costs has required the approval of a 10% cost uplift on responsive repairs which will have a knock-on impact on the housing service. In terms of housing repairs we anticipate a cost uplift of around £100K over the course of the year. There are also rising project costs linked to the abundance of work on the market which is creating a cost pressure where clients are prepared to pay higher rates for the completion of work. This in turn is making these projects more attractive and as a consequence, contractors are pushing up the costs of work for others. Contractor viability is also an area of concern. The combination of increased material costs and a lack of supply has driven up delivery costs for contractors. This has been at a time when the Pandemic limited the trade and income of many businesses. Many contractors would have continued to incur costs throughout the year without much income. As a consequence, this has threatened the viability of some businesses, with some medium sized contractors going into liquidation. There is currently a skilled trade shortage within the construction sector which is adding to additional difficulties in sourcing contractors.

- 2.29 General/Council wide-** The above demonstrates the significant risk of increased costs of capital schemes as a result of a shortage in materials e.g. rising price of steel is having significant cost implications. Delays in availability of materials is also extending the time for completion of key projects/programmes.
- 2.30** As part of this exercise a series of mitigations by service areas have also been identified to help alleviate where possible some of the pressures associated with these emerging issues/risks. The emerging areas of risk and the identification of mitigations will be discussed by the Senior Leadership Team in September to enable work to commence on updating the Brexit Action Plan that contains both corporate and service specific actions to manage the impact of Brexit. These updates will also be reflected in the next Risk Register update for Quarter 2. SLT will also move to adopt a risk/issue based format for the fortnightly Gold meeting from September to closely monitor the nature of a range of corporate risks/issues and the mitigating actions being taken so as to ensure close operational oversight at such a turbulent time. This process will follow the same approach as has been adopted during the pandemic, in line with the Council's emergency planning protocol.
- 2.31** Attached at **Annex A** is the **Quarter 1 Risk Summary Report**. **Annex B** provides the complete **Corporate Risk Register**.

### **3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?**

- 3.1** Risk Management is an intrinsic part of corporate governance and integrated business planning which underpins the delivery of the Council's Corporate Plan and its Well-being Outcomes. Our Corporate Plan has been structured around the Well-being of Future Generations (Wales) Act 2015, through the development of four Well-being Outcomes and eight Well-being Objectives. By aligning our Well-being Outcomes in the Corporate Plan with the Well-being Goals of the Act, this will enable us to better evidence our contribution to the Goals.
- 3.2** Corporate Risks are considered in the context of the Well-being of Future Generations in terms of their potential impact on our ability to deliver /meet the Well-being Goals. The multi-faceted nature of risk means they have the potential to impact on how we deliver our priorities within the Corporate Plan and ultimately impact on our ability to meet/deliver on the Well-being Goals. A failure to identify the different facets of risk and mitigating actions using the five ways of working puts us in a more vulnerable position in terms of our ability to manage the risks and could significantly impact on our ability to evidence our contribution to meeting the Well-being Goals into the longer term. For example, the Welfare Reform risk cuts across five of the seven Well-being Goals in relation to a Prosperous Wales, A Resilient Wales, A Healthier Wales, A More Equal Wales and a Wales of Cohesive Communities with multiple aspects of risk associated with Welfare Reform that have the potential to impact on our ability to contribute to these Goals. For instance, the social impact of welfare reform

could impact on tenant's health and their ability to heat their homes, live in good quality housing, and feed themselves which directly impacts on the Healthier Wales and Cohesive Communities Goals. Equally there is the risk that welfare reform could have a detrimental impact on citizen's finances and their ability to sustain tenancies, access employment opportunities and pay bills. Collectively these could have an impact on our ability contribute to developing a Resilient Wales, Prosperous Wales, a More Equal Wales, and Cohesive Wales Goals.

- 3.3** The five ways of working are also a key consideration in relation to our corporate risks as a key part of managing the risk involves developing a Risk Management Plan that identifies the mitigating actions that have a focus on the long term, prevention, integration, collaboration and involvement.

## **4. Resources and Legal Considerations**

### **Financial**

- 4.1** Managing and reducing risks effectively helps to prevent unnecessary expenditure for the Council, reduces the potential for insurance claims and rising premiums.

### **Employment**

- 4.2** There are no direct workforce related implications associated with this report. However, there are risks contained within the Register that if not effectively managed has the potential to impact on our staff establishment. By managing these risks effectively, we are in a stronger position to offer better protection to our staff.

### **Legal (Including Equalities)**

- 4.3** Identifying, managing and reducing any risk effectively mitigates against potential legal challenge.

## **Background Papers**

VALE OF GLAMORGAN COUNCIL

CORPORATE RISK SUMMARY REPORT

QUARTER 1 APRIL 2021 - JUNE 2021

Strong  
Communities  
with a Bright  
Future

## CORPORATE RISK EXECUTIVE SUMMARY:

### Overview:

There are 16 corporate risks included on the Register (**see Section 1**). There have been no further additions to the Register this quarter.

### Risk Statuses:

- 5 risks scored medium/high and 11 risks scored medium. During the first quarter of the year, there has been some movement in risk statuses. This can in part be attributed to the COVID-19 pandemic and/or Brexit. The multifaceted nature of these risks continues to have an impact on all aspects of risk on the Register. All risks on the Register continue to reflect the influence the pandemic and/or Brexit has had on the Register, demonstrating its cross-cutting impact. (**See Section 2**)

### Direction of Travel:

- The majority of risks on the Register have maintained their static position with the exception of Deprivation of Liberty Safeguards, Safeguarding, WCCIS and the Workforce risk.

### DoLS-

- The Deprivation of Liberty Safeguards risk score has decreased from its risk score from 8 (Medium/High) to a score of 6, giving it a medium status. Although the resource pressures and demand for assessments continues to exist, we have made significant progress in progressing outstanding authorisations that have enabled us to reduce the risk to a medium position on the Register. For example, in May 2021, 22% of applications in the Vale were assessed in month compared to just 11% during May the previous year (2020).
- Nationally DoLS is recognised as an ongoing challenge across health and social care services and the issues we face locally are mirrored at the national level. Due to the presence of assessments for the need for care and support the impact of this risk is predominately a financial one, with some reputational risks too.
- The additional legal resource has given us some added capacity to process applications and agree Deprivations of Liberty via the Courts in a timely way, however this only impacts on community deprivations relating to Adult Services and has not had an impact in relation to residential and nursing settings.
- Further, new legislative developments in relation to Mental Capacity (Amendment) Act and the associated Liberty Protection Safeguards (LiPS) will also go some way in providing us with greater resilience around this issue. It is hoped that the LiPS scheme will help to address the resource /capacity issues once this legislation comes into force. It is anticipated that the new legislation will run alongside the existing DoLS requirements until full implementation. A national working group has been established to focus on the implementation of the LiPS alongside a DoLS Partnership Board. Further work on this will be progressed once the Code of Practice regarding this legislative change has been published.
- Resource and capacity limitations will continue to impact on this risk, as the risk cannot be fully removed or mitigated against. Instead, the focus is on how we can tolerate the risk using our existing capacity and resources effectively to mitigate the risk where possible and embrace any opportunities that the legislative changes may bring.

### Workforce-

- The Workforce risk has heightened over the last quarter from a risk score of 4 to a 6, although it has continued to maintain its medium status on the Register. This elevation in the risk score reflects the impact that both the pandemic and Brexit has had on some aspects of this risk.
- A more detailed analysis of the quarter 1 position is outlined in the emerging risks and issues section below.

### **Safeguarding risk-**

- This risk has increased from a risk score of 3 (medium/low) to a 4, resulting in a medium status on the Register. This escalation in the risk score reflects how the nature of this risk has changed during the course of the pandemic in terms of the impact the public health crisis has had on the driving up safeguarding rates in relation to both children and young people and adults at risk of abuse and or sexual exploitation. A more detailed overview of the key drivers behind the risk is outlined in the risk and emerging issues section of the report below.

### **WCCIS-**

- The emergence of performance issues both locally and nationally with WCCIS has driven this risk upwards from its medium (6) position to a medium/high status (8) on the Register. The identified performance issues are currently being taken forward by the WCCIS Senior Management Board in discussion with the provider Advance. More detail behind the issues being experienced the current mitigations in place is explored in the emerging risk and issues section below.

### **Forecast Direction of Travel (See section 2):**

- The forecast direction of travel for risks on the Register have predominately remained the same. The integrated health and social care risk continue to be forecast to drop, whilst Reshaping, Environmental Sustainability and Welfare Reform are still anticipated to continue to rise over time. In relation to Reshaping, we anticipate that this risk has the potential to rise in relation to the resource and service delivery/wellbeing aspects of the risk linked to the financial impact the pandemic has had on the Council and the pressure it has placed on our resources in terms of our recovery and capacity to delivery of future transformation projects.
- Waste risk is forecast to maintain its heightened medium/high status to reflect the ongoing financial pressures and workforce pressures associated with the labour supply shortage of LGV/HGV drivers.
- The School Reorganisation/Investment risk is forecast to increase over time in relation to 21<sup>st</sup> Century school investment programme. Supply issues and the escalating cost of materials will have a significant impact on the deliverability of remaining projects within the Band B Programme and will be the subject of consideration when developing the Band C Programme due to commence in 2024. It is uncertain at this point whether additional investment from Welsh Government will be available to mitigate the increased costs.
- In relation to the risks that have shown an increase over the last quarter, Workforce, Safeguarding and WCCIS, these are all forecast to continue to maintain a heightened static position over the next couple of quarters. However, the Council will maintain a watching brief on any further developments over time.
- Consideration has been given to the forecast direction of travel with regards to Brexit. Given the uncertainty associated with Brexit, in terms of its volatility and how quickly circumstances can change it has the potential escalate in relation to the service delivery/wellbeing and reputation aspects of this risk. As a consequence, it is forecast Brexit is likely to increase. We will continue to maintain a watching brief over future quarters to monitor shift changes in this risk.

### **Risk Management Plans:**

- Excellent progress has been made during quarter 1 in relation to the actions associated with the Risk Management Plans across all aspects of the Register.
- In total there are 212 mitigating actions currently being monitored via the Register, the majority of which are also aligned to a Corporate Plan activity. During quarter 1, we have been able to assign a RAG status to 209 of these mitigating actions. Where it has not be possible to note a RAG status for an action, this is noted as N/A (not applicable) against the action. **(See Section 5)**

- During quarter 1, a total of 5% (10) of actions were Green and completed, 93% of actions (194) were Green and on track and 2% (5) of actions were allocated a red status for slippage. A full breakdown of these individual exceptions along with a rationale is provided in **Section 6**.

## Emerging risks and issues:

### Workforce-

- The Workforce risk has heightened over the last quarter from a risk score of 4 to a 6, although it has continued to maintain its medium status on the Register. This elevation in the risk score reflects the impact that both the pandemic and Brexit has had on some aspects of this risk.
- During the peak of the Pandemic in 2020/21 our turnover figures were lower than in previous years. For example, our voluntary turnover for 2020/2021 stands at 5.35% which was significantly lower when compared to 2019/20 which was 8.39%. This lower turnover for 2020/21 may reflect that over the past year, public sector positions were viewed as a more secure form of employment, and consequently staff were remaining in their roles. Equally, fewer external opportunities and the introduction of pay incentives for some front-line staff during the pandemic will have all contributed to maintaining a stable workforce. However, as restrictions have begun to ease and the economy is now opening up, we are beginning to see an upward trend in our turnover (albeit the rate of turnover is not as high as previous years). During this last quarter (quarter 1 2021/22) our turnover rate was 1.55% and remains under our quarterly target of 1.87%. Although this turnover rate is still lower than anticipated, we forecast that it will increase as the year progresses. This is something we will need to maintain a watching brief on to review whether any further rise in turnover rates is going to compound existing workforce pressures in terms of recruitment/retention across the Council.
- This fluctuation in turnover in part, may have been influenced by the effects of the pandemic. The pandemic has undoubtedly put pressure on our workforce to adapt in a rapidly evolving public health situation. For many, the pandemic has made individuals reflect on the past year to re-evaluate their career and aspirations for the future. As a consequence, we are seeing a higher turnover across a range of our service areas where individuals may have decided to change careers or bring forward their plans for retirement. This has particularly been the case in some school positions, administrative, Shared Regulatory Service and planning roles. The other key driving force elevating the workforce risk is the increased absence rates, that we have witnessed during quarter 1. This rise was anticipated and in part reflects the impact the pandemic has had on the wellbeing of our staff, where we have seen a rise in absences associated with stress and anxiety. This corresponds to the growth in demand we have also seen in staff accessing counselling services. Equally, with NHS services resuming more people who were waiting on treatments/surgeries are now being seen and treated which in turn is driving up absence rates.
- In relation to Brexit as a key driver, we continue to witness a shortage in domiciliary care workers and within waste services as HGV/LGV drivers are in short supply. Brexit has served to further exacerbate existing workforce pressures in these areas, pushing up salary costs beyond the reach of the Council's pay structure. We are also seeing staff shortages within our social work and legal services (especially within the remit children's services) and within ICT, health and safety, enforcement, planning, and customer service. To address some of these workforce pressures we have explored looking to grow skillsets from within by focusing on succession planning and the introduction of the Kickstarter initiative. In some instances where market forces are at play, we have been able to make adjustments to pay to enable greater market parity, supported by our trade union colleagues which is particularly the case within Legal Services.
- To address the escalation in this risk, significant progress has been made in identifying and developing solutions to further mitigate the risk. These mitigations have been vital to

preventing the risk from escalating any further and as these mitigations are fully implemented, we are confident that this risk will decrease over time. In terms of key developments over the past quarter, Human Resources have been leading on the development of an Attraction strategy which it is anticipated will be completed by the end of September. The purpose of this Attraction Strategy is to proactive and innovative ways of recruiting candidates with particular attention being paid to hard to recruit positions. In tandem with this, the Council is also looking to implement some quick wins to offset recruitment issues, through looking to proactively using 'Linked In' as a professional networking platform to attract potential candidates. We are enhancing recruitment practices in tandem with the development of a Strategic Workforce Planning Strategy Implementation Plan. This implementation plan is currently being consulted on prior to adoption and will aim to address skill shortages being experienced across a range of services areas. Integral to this work will be the development of Operational Plans across all service areas. The Council is working with the Local Government Association to enhance the skill sets of our HR Business Partners through training that will enable them to have conversations with Heads of Service to identify pressure points and skills gaps within the workforce and to support them in the development of Operational Plans bespoke to the needs of their service areas.

- We remain committed to our values of openness and inclusivity and a key aspect of reinforcing our Attraction Strategy and Workforce Planning will be on further widening engagement. Over the next quarter we intend to do this by delivering in partnership with an external organisation a series of Diversity and Inclusion Engagement sessions. These sessions will be rolled out to managers as part of the Management Development Programme during the Autumn.
- We acknowledge that the pandemic has significantly challenged aspects of employee's wellbeing. Although, the shift change to remote working has on the whole been positive experience for most in terms of managing a better work-life balance it has not been without its challenges in terms of the impact a loss of social interaction has had on some individual's levels of anxiety and feelings of isolation. Whilst we begin to shape our plans to move towards a 'hybrid' model of working that will allow for a balance between office and home working, we have continued to focus our efforts in supporting the wellbeing of our staff. Over the next quarter, we will refresh our wellbeing initiatives that will see an increased offering of physical activity sessions alongside which we are looking to dovetail our wellbeing initiatives with 'trauma-informed' support. This will see the offering of a training webinar for staff to access in work time with additional links and support to counselling where needed. This 'trauma informed' work will further support and complement existing practice that is already happening across schools.
- During September, the Culture Book was launched that has been developed with staff for staff. It will act as a guide to new and existing employees as well as the public on how we operate in the Vale through stories of colleagues that live the values and ethos of the organisation. This Culture Book will sit alongside the other developments to further reinforce and embed the Vale of Glamorgan Council as an inclusive, diverse, flexible, and attractive place to work.

#### **Safeguarding risk-**

- Since the start of the pandemic, it has been widely anticipated that there would be a heightened risk of abuse, neglect and exploitation amongst both children, young people, and adults.
- Children and young people have been at a higher risk of abuse, neglect or exploitation during the pandemic, as traditional face to face contacts with statutory services such as teachers, health care professionals, which help mitigate and respond to any emerging risks have been reduced. Most children had spent extended periods of time at home as a result of lockdowns and school closures. The combination of this disruption to contact with professionals, the long

periods spent at home where there may be increased family pressures or tensions coupled with children spending more time online has opened up opportunities for abuse/neglect that endanger the safety and wellbeing of children and young people<sup>1</sup>. The NSPCC outlined in their briefing paper 'isolated and struggling', that Covid-19 has created three main areas of risk associated with increased likelihood for multiple stressors (parents facing financial insecurity, juggling multiple responsibilities i.e. childcare, working and care for family who are shielding), the emergence of vulnerabilities (caused by isolation and spending long periods of time at home and the impact this has had on emotional and mental health) and the reduction in protective services (families had access to reduce levels of support whether it be family, friends, school etc)<sup>2</sup>.

- In this report, NSPCC note that at the start of the pandemic their helpline saw an increase in contacts with contacts being 31% higher in May 2020 than the previous month (April).
- The rising trend in safeguarding incidents nationally, is also one that is emerging at the local level in the Vale of Glamorgan. Over the course of the past year (2020/21), there has been a 31.76% increase of children on the Child Protection Register with a 13.51% increase in Children Looked After in the Vale of Glamorgan.
- Covid-19 has also impacted on adult safeguarding. An Insight study by the Local Government Association into adult safeguarding during the pandemic (in English Local Authorities), indicated that although there had been a marked drop in safeguarding concerns initially (during the first lockdown), this increased significantly after June 2020<sup>3</sup>. For example, the LGA study noted that June 2020 saw the highest average rate of safeguarding concerns of 77.7 concerns per 100,000 adults compared with 63.0 concerns per 100,000 in June 2019. This rate was also higher than what was reported in April 2020 (50.0) and May 2020 (57.5) indicating a delay in reporting at the initial start of the pandemic.
- Adults with care and support needs who may have been shielding have typically felt more isolated as they were not able to access face to face services in the usual way, and as a consequence are at a greater risk of abuse or neglect. The LGA study indicates that when concerns were raised referrers expressed high levels of anxiety and distress. Some of the Councils that participated in the study noted that they had received more community-based concerns from contact with shielded and vulnerable resident with regard to self-neglect<sup>4</sup> The study also indicated that a proportion of concerns were reported by blue light services with 18% of councils (who participated in the study) indicating that they had seen an increase in levels of referrals predominately from the Police<sup>5</sup>.
- This national picture mirrors what we are witnessing at the local level. Within the Vale of Glamorgan, there was a 33% increase in adult safeguarding referrals in May 2020 when compared with March 2020. May 2020 saw the highest number of referrals (70) of any month. This also points to a delay in reporting during the months of March and April. Similarly, during the autumn/winter lockdowns a similar pattern emerged, with fewer referrals being received between October-February followed then by a steady rise from March 2021 onwards when we began to see restrictions ease. October 2020 saw the fewest number of referrals (29) of any

month, but this then peaked in June 2021 with 56 referrals. The percentage change in numbers of referrals received in June 2021 did increase by 6% when compared with March 2021.

- We are also beginning to see in the context of safeguarding the emergence of a greater complexity of cases which are presenting as multi-layered issues often linked to relationships, finance, and housing issues. In particular we are seeing a greater severity of cases, some of which are linked to domestic violence.
- The UK Parliament's Home Affairs Select Committee published its report on domestic abuse and coronavirus on the 27<sup>th</sup> April 2020 where they identified there has been an increase in demand for phone/online support<sup>6</sup>. Refuge reported that there was a 700% increase in calls to its helpline on a single day<sup>7</sup>. At the local level, in the Vale of Glamorgan, although overall we have not seen a significant surge in demand for support services (associated with domestic abuse) during the pandemic, we have observed a rise in incidents presenting as high-risk cases that were either referred to formal MARAC or dealt with via more informal twice weekly discussion meetings. For example, during 2020/21, 586 high risk incidents/cases were reported in the Vale of Glamorgan compared to 418 high risk incidents/cases in 2019/20. Although, this rise can't be linked to the impact of the pandemic, it does provide an indication that the severity of incidents has escalated over this period of time. This rise in part maybe due to increased stressors being experienced at home either linked directly/indirectly to the pandemic and due to the greater awareness and publicity amongst partner organisations of accessibility of referral options.
- It's widely acknowledged that domestic abuse in the home poses a safeguarding risk to children and young people. Our data for 2020/21 shows that in the Vale of Glamorgan, of the 586 high risk incidents/cases reported, 435 incidents/cases were referred onto a MARAC (most serious/high risk cases requiring multiple agency intervention). Of these 435 MARAC referrals, 325 cases were known to involve children (whether they were present at the time or not). This equates to nearly 75% of MARAC referrals involving children or young people.
- Lockdown restrictions have proliferated household tensions and additional economic stress. Increased levels of social isolation has fostered an environment where abuse can escalate and be easily hidden. The lockdown has created additional barriers to reporting abuse due to fewer social interactions with GP, teachers and workplaces<sup>8</sup>. The Home Affairs Select Committee also noted that cases have been escalating more quickly and are becoming more complex and serious and referenced higher levels of physical violence and coercive control<sup>9</sup>.
- Although, services have adapted their processes to operate digitally, it has not replaced the benefits of regular face to face contact when it comes to safeguarding matters. The pandemic has heightened our awareness of the 'Duty to Report' and we have undertaken a Facebook campaign to enhance the public's awareness of Social Services and the '101 telephone number' to report any concerns about the safety/welfare of children, young people, and adults.
- It is anticipated that the rise in demand as outlined by the factors above coupled with pressure on our existing workforce capacity (particularly within Children and Young People Services) will continue to drive this risk. On this basis we forecast that this risk will continue to maintain a medium status over the forthcoming year whilst we continue to see the aftereffects of the pandemic emerge. The monitoring of this risk will be kept under ongoing review and any further changes to the risk will be reflected in the Register.

## WCCIS-

This risk has heightened over the last quarter from a medium risk score of 6 to medium high status of 8. This elevation in the risk score reflects the recent challenges that have emerged in relation to WCCIS.

- The Welsh Community Care Information System (WCCIS) developed by Advanced is a national IT system that was commissioned by the Welsh Government but overseen by the NHS Wales Informatics Service. It is designed to be a universal system to enable greater integration of health and social care and information sharing via shared electronic records. This system was developed to replace the range and variation of back-office systems in operation across both health and social care.
- The original aim was that all 7 Health Boards and 22 local authorities would implement the system. However, take up of the system across a regional footprint has been slow and uncertain. According to Audit Wales, as at August 2020, 19 organisations were either using WCCIS or had signed deployment orders<sup>10</sup>. Of these 19, 13 local authorities and two health boards had gone live with the system<sup>11</sup>. The Vale of Glamorgan signed the deployment order for WCCIS in February 2017 and went live with WCCIS in November 2017. The slow take up by partners has presented as an ongoing risk to the full realisation/benefits of WCCIS. To date Cardiff and Vale University Health Board has not signed a deployment order.
- Without, the sign up of key partners across the regional potentially jeopardises the intended outcome of having a national wide system to support greater information sharing and to enhance workforce efficiency and capacity. Equally, the Audit Wales identified in their report published in 2020, that of the organisations currently using WCCIS, there is variation in terms of how it is being used, with some organisations only using certain functions<sup>12</sup>. This in turn is limiting opportunities to integrate working which was the original purpose of the new system<sup>13</sup>. There have also been delays in terms of the roll out of key functions such as the Welsh language and mobile interfaces, that are forecast to complete by the end of 2021<sup>14</sup>.
- The other aspects of concern driving this risk relate to emerging issues associated with its functionality and performance. The issues being experienced locally predominately relate to speed and access. This in turn has impacted on the efficiency and capacity of practitioners especially in terms of timeliness of information available on the system. These known issues have been flagged and discussed through the regional Service Management Board.
- If these faults/issues are not resolved it will continue to delay plans to roll out an upgrade of the system. Due to the number of parties involved with this system's development across the region there are risks associated with business continuity and it also challenges our ability to meet our statutory timescales for certain aspects of service delivery. For this reason, it is felt that the risk warrants a heightened position on the Register to reflect the current uncertainty and lack of control we have over the nature of this risk.

## Additional Learning Needs Risk-

- We have continued to respond positively to the challenges associated with the Additional Learning Needs (ALN) risks. It is recognised that the challenges we face are similar to that experienced at the national level. The key driving forces associated with this facet of risk relate to growth in demand, our capacity and financial viability to meet the growing needs which have been further compounded by the impact of new responsibilities and duties arising from the Additional Learning Needs (Wales) Act.

<sup>10</sup> Audit Wales Press Release, [Ambitious vision for Welsh Community Care Information System still a long way from being realised](#), October 2020

<sup>11</sup> Audit Wales, [Welsh Community Care Information System](#), Report of the Auditor General for Wales, October 2020.

<sup>12</sup> Audit Wales, [Welsh Community Care Information System](#), Report of the Auditor General for Wales, October 2020.

<sup>13</sup> Audit Wales Press Release, [Ambitious vision for Welsh Community Care Information System still a long way from being realised](#), October 2020

<sup>14</sup> Audit Wales, [Welsh Community Care Information System](#), Report of the Auditor General for Wales, October 2020.

The Additional Learning Needs and Education Tribunal (Wales) Act 2018 aims to create:

1. A unified legislative framework to support all children of compulsory school age or below with additional learning needs (ALN) and to support young people with ALN who are in school or further education (FE)
  2. an integrated, collaborative process of assessment, planning and monitoring which facilitates early, timely and effective interventions; and
  3. a fair and transparent system for providing information and advice, and for resolving concerns and appeals.
- Progress with preparations for the implementation of the ALN Act have been significantly delayed as a result of the Pandemic. As a consequence, the accompanying Additional Learning Needs Code and Regulations were not published by the Welsh Government until March 2021.
  - From September 2021, the ALN system will come into force over a three-year phased implementation period. The Welsh Government have taken into account the disruption caused by the Pandemic, and published in February 2021 a revised plan, based on what they believe to be reasonably deliverable in the current circumstances.

Based on this revised plan from September 2021, it is anticipated that the ALN system will commence for children of compulsory school age and below who:

1. Attend maintained schools in Nursery, Years 1, 2, 3 and 5;
  2. Year 7 and Year 10 who have special educational provision via school action or school action plus;
  3. are detained and;
  4. do not have special educational needs on or before that date, regardless of their year group or setting (including those that may attend an EOTAS setting, an independent school or who are electively home educated).
- This will mean that children who currently have special education provision via a statement and those who are in any form of post-16 education will not be included in the first year of implementation.
  - This decision by Welsh Government for a softer launch is welcomed, as it will provide the opportunity for a more gradual implementation over time. The Welsh Government has stated that it will provide an implementation guide to support planning for the commencement of the new system and the aims and objectives for years 2 and 3 of the Plan which will be crucial for future planning.
  - To date the full impact of these whole system changes as a result of the new Act are yet to be felt. However, preparations for this phased implementation from September 2021 are progressing well despite the difficulties that have been presented as a result of Pandemic and considerably good progress continues to be made in delivering the priorities as set out in our action plan.
  - In terms of the how implementation of the ALN Act will impact on Welsh language pupils, as part of the transition programme a regional training programme for ALN through the medium of Welsh has been established which is a very positive step forward and will improve the capacity of Welsh medium schools to meet the needs of pupils with ALN. Consideration is also being given to developing a Specialist Resource Base for pupils with ALN in a Welsh medium school.
  - As mentioned in previous briefings on ALN Act developments, a key challenge has been the growing demand in relation to children and young people experiencing social, emotional, and mental health difficulties. The work we have been undertaking to develop capacity it is anticipated will help to manage the need for out of county placements, particularly for young children with social, emotional, and mental health difficulties.

- We are confident through our future planned developments of the Centre for Learning and Wellbeing, the Specialist Resource Base for Autism at Whitmore High School and the expansion of Ysgol Y Deri are crucial in ensuring that we can effectively mitigate the risks and ensure additional learning needs of Vale pupils can be met in the Vale which will reduce the need for out of county placements in future.
- Despite the challenges that the Pandemic has presented, there have been a number of achievements of note. The establishment of a school to school network to support development has been a great success. This network is based around clusters of schools with each cluster identifying a lead Additional Learning Needs Coordinator to work closely with the regional Transformation Lead and local authority officers. Very good progress has also been made in developing training materials for Early Years Practitioners. An Early Years Lead Officer has been seconded from Cardiff which has enabled very positive regional working to take place. An Early Years forum has been established which will bring together professionals from a range of disciplines who work with pre-school children. This will facilitate joint planning and specialist provision for children with ALN in this age group by ensuring early identification of needs. Significant progress has been made in developing provision to ensure that sufficient places are available in specialist provisions for Vale pupils with complex ALN. The Council has developed a strategy to transform special education in the Vale of Glamorgan to meet projected future demand and best meet the needs of our most vulnerable learners.

The strategy has identified three key areas:

1. Increase capacity of Ysgol Y Deri, the Council's special school, to meet projected demand for special education;
  2. Establish a new Centre for Learning and Wellbeing, which would replace Y Daith, the Council's pupil referral unit (PRU); and
  3. Establish specialist resource bases in mainstream schools to ensure learners with additional learning needs (ALN) have access to mainstream education.
- In terms of the key challenges these continue to remain the same mainly around managing growth in demand of children presenting with increasingly complex additional learning needs and the impact this has on our capacity and financial viability to meet these growing needs in line with the new responsibilities/requirements arising from the ALN Act. Despite the good progress that has been made there continues to be pressure in ensuring sufficient provision to meet the social, emotion and mental health needs of children and young people. Other areas of emerging risk are proving more complex to address.

Outlined below are some emerging areas risk and what mitigations we have put in place to address them:

1. The development of an IT structure to support the planned transfer to the new system is proving to be a particular challenge. At one time it appeared that an all Wales approach was going to be developed led by Welsh Government, but this has not as yet come to fruition. The service will continue to maintain a watching brief on this area of risk and how it is addressed. To mitigate this, a working group has been established with Capita and regional partners to address this issue.
2. The issue of planning in partnership with Further Education Institutions will be an ongoing challenge. The major area of risk remains in relation to funding for Specialist College placements which is due to be transferred from Welsh Government to local authorities. No further information has been provided by Welsh Government regarding the timescale for this which does not help planning. To mitigate this, progress is being made and a joint post-16 lead officer has been created with Cardiff to lead a regional approach and relationships with local further education providers have developed positively which is encouraging. Meetings are being held

regionally between lead officers in education and social services to identify the risks associated with the transfer of funding to local authorities for specialist college placements and a position paper will be prepared in due course.

3. The Cardiff and Vale Health Board have now appointed a designated education clinical lead officer (DECLLO). This will assist in moving forward this agenda, however there is no doubt that there is a significant amount of work required to develop a joint understanding between the Health Board and local authorities in relation to how services will work together in future. In terms of mitigation, a regional multi- agency steering group has been established to oversee an operational group that is developing a document outlining the role of health services in meeting the ALNs of children and young people in the Vale. This work is now progressing well and will be the focus for development in the medium term.
- Based on the above assessment of developments, challenges, and areas of emerging risk the ALN risk continues to maintain its medium/high status (9) on the Risk Register. It is anticipated that the forecast direction of travel for the short to medium term is unlikely to change given the phased implementation of the ALN Act from September 2021 and the existing pressures/challenges regarding the ongoing impact from the Pandemic and pressure on existing capacity and resources associated with growth in demand for ALN provision.

### **COVID-19 (Coronavirus)**

- By the end of the quarter 1 period, we witnessed substantial easing of restrictions in a number of areas. Although this next phase has been welcomed it has continued to challenge us in terms of how to phase in these changes and enabling services to recommence in a safe way for both our citizens and our workforce.
- By April, the successful roll out of the vaccination programme began to show an impact on Covid infection rates where we began to see a reduction in infections and pressure on our hospitals. As a consequence, the Welsh Government began to ease some restrictions which led to the reopening of some sectors.
- Although this next phase has been welcomed it has continued to challenge us in terms of how to phase in these changes, enabling services to recommence in a safe way for both our citizens and our workforce.

During quarter 1, the key easing of restrictions to bring Wales into alert level 3 were as follows:

- All retail and close contact services were able to reopen from the 12<sup>th</sup> April<sup>1</sup>.
- Full return of all face-to-face teaching in schools, colleges, and University from the 12<sup>th</sup> April. There continued to be focus on blended learning for post-16 particularly in University<sup>1</sup>.
- Outdoor hospitality reopened from the 26<sup>th</sup> April<sup>2</sup>.
- Organised outdoor activities and outdoor weddings resumed from 26<sup>th</sup> April (brought forward from the 3<sup>rd</sup> May)<sup>15</sup>.
- Reopening of gyms and leisure centres from 3<sup>rd</sup> May (a week earlier than planned)<sup>1</sup> and the reopening of community centres and organised indoor activities such as sport, children's activities, and recreational clubs<sup>16</sup>.
- Extended household rule (two households) was re-introduced to allow contact indoors<sup>1</sup>. This allowed for two households to come together to form an exclusive bubble. Up to six people from different households to mix outdoors<sup>17</sup>.
- Stay local rule was lifted allowing people to travel into and out of Wales.

<sup>15</sup> Welsh Government Press Release, [Covid-19 restriction relaxations in Wales brought forward](#), 8<sup>th</sup> April 2021.

<sup>16</sup> Welsh Government Press Release, [Coronavirus restrictions relaxations confirmed](#), 30<sup>th</sup> April 2021

<sup>17</sup> Welsh Government Press Release, [Outdoor hospitality given go-ahead to reopen and rules on mixing outdoors relaxed in Wales](#), 19<sup>th</sup> April 2021.

- These planned and phased easing of restrictions outlined above completed Wales' move to Alert Level 3 by 3<sup>rd</sup> May<sup>2</sup>. Following on from this, the Welsh Government announced that Wales would move to Alert Level 2 on 17<sup>th</sup> May<sup>18</sup>. This change in alert status allowed for the reopening of indoor hospitality and entertainment venues, the reopening of holiday accommodation and international travel resuming (aligned to the new [traffic light system](#)) as well as an increase in the numbers of people that could attend organised outdoor and indoor activities<sup>4</sup>. Despite the easing of restrictions regarding foreign travel, the Welsh Government advised people to only travel for essential purposes<sup>4</sup>. To support these changes the Welsh Government made available from the 24<sup>th</sup> May a paper-based vaccination status that could be used by traveller who have had 2 doses of vaccination and need to travel the ability to evidence their vaccination status<sup>4</sup>.
- The First Minister at its next 3 weekly review, confirmed that Wales would have a phased move to Alert Level 1<sup>19</sup>. From 7<sup>th</sup> June, up to 30 people could meet outdoors, including private gardens, in outdoor hospitality and public place<sup>5</sup>. Larger indoor events such as concerts, sporting events could go ahead for up to 4,000 people standing and 10,000 people seated could go ahead provided a full risk assessment has been conducted and relevant infection control measures were in place i.e social distancing<sup>5</sup>.
- By the end of quarter 1, the public health position showed signs of improvement. As of 29<sup>th</sup> June, the latest coronavirus data available for a rolling seven days (between 19<sup>th</sup>-25<sup>th</sup> June) showed there were 77 cases identified in the Vale of Glamorgan, with a case rate of 57.6 per 100,000 population and there was a positivity rate of 3.9%<sup>20</sup>. This has given us a growing picture of confidence, that the vaccination programme success is beginning to sever the link between Covid infections and hospitalisation and death.
- The success of the vaccination programme continues to maintain its momentum. The Welsh Government announced that it had reached it had met its third milestone of offering all eligible adults in Wales a first dose of vaccine, 6 weeks ahead of their schedule<sup>21</sup>
- Based on the current position of COVID, its volatility and our ongoing response (mitigations) to date, it is recommended that the risk maintains its medium/high (8) status.

## SECTION 1: RISK DESCRIPTIONS

Risk Ref	Risk	Scope
CR1	<b>Reshaping Services</b> <b>Appendix 1</b>	Risk that the Council fails to deliver the Reshaping Services Programme and does not utilise alternative methods of service delivery and other approaches to mitigate the impact of budget reductions and demand for services which could result in further cuts to services impacting on their availability and quality.
CR2	<b>Legislative Change &amp; Local Government Reform</b> <b>Appendix 2</b>	Inability to appropriately respond/adapt to new and emerging legislative change and reform developments across the breadth of Council services.
CR3	<b>School Reorganisation &amp; Investment</b> <b>Appendix 3</b>	Inability to invest in improving and developing the quality of our school buildings. This could result in schools no longer being 'fit for purpose' and not meet the Welsh Government's '21 <sup>st</sup> Century Schools' agenda. Failure to effectively plan and provide sufficient school places to meet demand in relation to both English and Welsh Medium provision.
CR4	<b>Waste</b> <b>Appendix 4</b>	Failure to fund the national waste agenda and its associated targets.
CR5	<b>Workforce Needs</b> <b>Appendix 5</b>	Inability to anticipate and plan for workforce needs in the future in order to meet the changes in demand and provision of services. (Risk links to Reshaping risk and legislative reform risk)
CR6	<b>Information Security</b> <b>Appendix 6</b>	Failure to implement adequate information management controls and systems across the Council.
CR7	<b>Environmental Sustainability</b> <b>Appendix 7</b>	Failure to reduce our carbon footprint and mitigate against the impact/effects of climate change.
CR8	<b>Welfare Reform</b> <b>Appendix 8</b>	Roll out of Welfare Reform programme has a detrimental financial and social impact on residents.
CR9	<b>Public Buildings Compliance</b> <b>Appendix 9</b>	Failure to comply with our statutory responsibilities for ensuring the health, safety and welfare of both our staff and citizens when using Council owned and leased assets.
CR10	<b>Safeguarding</b> <b>Appendix 10</b>	Failure to meet our statutory responsibilities for responding effectively to situations where people are at risk of neglect or abuse.
CR11	<b>Integrated Health &amp; Social Care</b> <b>Appendix 11</b>	Inability to develop, commission and implement alternative models of service delivery that fully integrate how we deliver health and social care services across organisational boundaries and on a regional footprint.
CR12	<b>Unauthorised Deprivation of Liberty Safeguards</b> <b>Appendix 12</b>	Failure to effectively safeguard adults who are at risk of deprivation of liberty.
CR13	<b>Welsh Community Care Information System (WCCIS)</b> <b>Appendix 13</b>	Failure to fully maximise and mobilise WCCIS functionality to ensure full implementation/development of the system across Social Services and over a regional footprint.
CR14	<b>Brexit</b> <b>Appendix 14</b>	Failure to effectively identify and respond to the changing policy and legislative landscape as a result of 'Brexit' and the impact this has on our ability to deliver services to our citizens.
CR15	<b>Additional Learning Needs (ALN)</b> <b>Appendix 15</b>	Capacity and capability to effectively meet the Additional Learning Needs of our learners from birth to 25. The key driving forces associated with this risk relate to growth in demand, our capacity and financial viability to meet growing needs which have been further compounded by the impact of new responsibilities and duties arising from the ALN Act.
CR16	<b>COVID-19</b> <b>Appendix 16</b>	Two aspects of the COVID risk: 1) Response: Capacity to maintain service continuity of business-critical services. 2) Recovery: Ability to address longer term impact of COVID on our services, citizens and communities. E.g. downturn in the economy, unemployment, poverty, lower educational attainment, long term health and social care issues, as well as the emergence of inequalities across BAME groups.

## SECTION 2: CORPORATE REGISTER SUMMARY

The table below provides a summary of the Corporate Risks broken down by their risk status in terms of their inherent (pre-control) risk score, the control risk score (how effectively the controls are managing the risk) and the residual risk score (post-control score). The table also gives an outline of each risk's direction travel, in terms of whether the risk is escalating or reducing as well as forecasting its future direction of travel. A definition of the risk matrix and effective of control scoring is outlined in **Section 7** of this report.

Risk Ref	Risk	Inherent Risk Score	Effectiveness of Controls score	Residual Risk Score			Direction of Travel <sup>22</sup>	Forecast Direction of Travel <sup>23</sup>
				Likelihood	Impact	Total		
1	Reshaping Services	9 (M/H)	4 (M)	2	2	4 (M)	↔	↑
2	Legislative Change and Local Government Reform	12 (H)	2 (M/L)	2	3	6 (M)	↔	↔
3	School Reorganisation & Investment	12 (H)	4 (M)	2	2	4 (M)	↔	↑
4	Waste	12 (H)	2 (M/L)	4	2	8 (M/H)	↔	↔
5	Workforce Needs	9 (M/H)	4 (M)	3	2	6 (M)	↑	↔
6	Information Security	12 (H)	2 (M/L)	2	3	6 (M)	↔	↔
7	Environmental Sustainability	12 (H)	4 (M)	2	3	6 (M)	↔	↑
8	Welfare Reform	12 (H)	4 (M)	2	3	6 (M)	↔	↑
9	Public Buildings Compliance	9 (M/H)	4 (M)	2	2	4 (M)	↔	↔
10	Safeguarding	9 (M/H)	4 (M)	2	2	4 (M)	↑	↔
11	Integrated Health and Social Care	9 (M/H)	4 (M)	3	2	6 (M)	↔	↓
12	Unauthorised Deprivation of Liberty Safeguards	9 (M/H)	2 (M/L)	3	2	6 (M)	↓	↔
13	Welsh Community Care Information System (WCCIS)	12 (H)	2 (M/L)	4	2	8 (M/H)	↑	↔
14	Brexit	12 (H)	2 (M/L)	3	3	9 (M/H)	↔	↑
15	Additional Learning Needs	9 (M/H)	2 (M/L)	3	3	9 (M/H)	↔	↔
16	COVID-19	16 (VH)	2 (M/L)	2	4	8 (M/H)	↔	↔

<sup>22</sup> **Direction of travel** compares residual risk score for the current quarter with the previous quarter to indicate whether the risk is increasing/ decreasing or staying static.

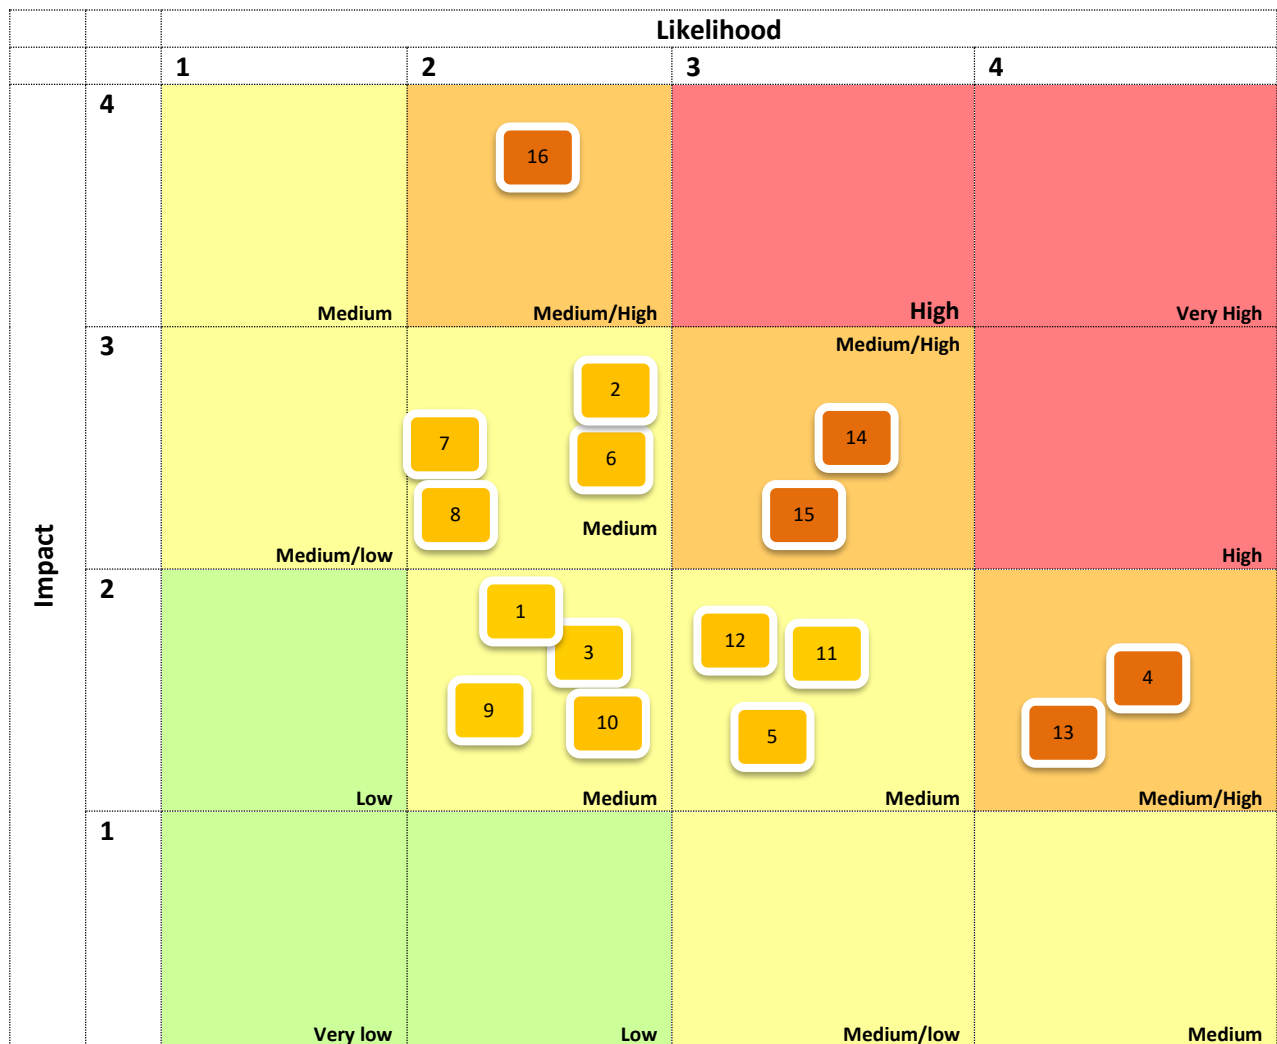

<sup>23</sup> **Forecast direction of travel** anticipates the future direction of the risk by taking into account factors that are likely to impact on it

 Risk increasing, 
  Risk is decreasing, 
  Risk remaining static

## SECTION 3: OVERALL RISK HEAT MAP

The heat map below uses a risk matrix quadrant to plot the residual risk scores (based on likelihood and impact) of each Corporate Risk to provide an illustration of the groupings of risks within the heat map.

- The heat map for quarter 1 shows that the greatest number of risks continue to congregate at a medium status.
- Additional Learning Needs, Brexit, Waste and COVID-19 risks have maintained their Medium/High status. WCCIS has increased to a medium/high status (8) from a medium position (6).
- There are no risks on the Register below a medium status. Safeguarding risk has increased from medium/low (3) to a medium (4).
- DoLS has decreased to a medium position (6) from its previous medium/high status (8).

Risk Reference Glossary			
1	Reshaping Services	9	Public Buildings Compliance
2	Legislative Change and Local Government	10	Safeguarding
3	School Reorganisation & Investment	11	Integrated Health and Social Care
4	Waste	12	Unauthorised Deprivation of Liberty
5	Workforce Needs	13	WCCIS
6	Information Security	14	Brexit
7	Environmental Sustainability	15	Additional Learning Needs
8	Welfare Reform	16	COVID-19

## SECTION 4: THEMATIC RISK HEAT MAP

- The majority of risks continue to congregate around medium across all risk categories, with a greater concentration of amber status (medium/high) risks in relation to service delivery-based risks, which reflects the impact Covid-19 and Brexit has had on many risks and the disruption to service delivery.
- The Brexit risk remains in the high category of the quadrant (with a residual score of 12) across two risk categories (Service Delivery & Well-being and Reputation) this reflects the ongoing pressures following the end of the transition period.
- The Additional Learning Needs risk remains in the high category of the quadrant (residual risk of 12) in relation to resources aspects of risk.
- The waste risk has been placed in the high category quadrant (with a residual score of 12) in relation to the resources category and medium/high quadrant in relation to service delivery and well-being in reflection of the financial and workforce pressures are putting on service delivery.
- COVID-19 has been positioned in the medium/high category across all four risk themes recognising that despite a good suite of controls in place this risk continues to have a cross-cutting impact on multiple aspects of the council's resources, functions and operations.

## SECTION 5: RISK MANAGEMENT PLAN- RAG STATUS OVERVIEW

The table below provides an overview of progress against the Risk Management Plans for each Corporate Risk.

- 98% (204) of actions were allocated a Green status (completed or on track) and 2% (5) were allocated a red status at the end of quarter 1.
- 100% of risk actions contained in the Risk Management Plans for Reshaping, Legislative Change, School Reorganisation, Waste, Public Buildings Compliance, Safeguarding, Deprivation of Liberty Safeguards, WCCIS and ALN are on track in terms of progress, so have been allocated a green status.

Corporate Risk	RAG Status				Total number of Actions	Total number of actions where RAG is applicable.
	GREEN (Completed)	GREEN (On Track)	AMBER (Minor slippage)	RED (Slipped)		
CR1: Reshaping Services	N/A	100% (19)	N/A	N/A	20	19
CR2: Legislative Change & Local Government Reform	N/A	100% (6)	N/A	N/A	6	6
CR3: School Reorganisation & Investment	N/A	100% (6)	N/A	N/A	6	6
CR4: Waste	N/A	100% (11)	N/A	N/A	11	11
CR5: Workforce Needs	5% (1)	90% (18)	N/A	5% (1)	20	20
CR6: Information Security	14% (1)	72% (5)	N/A	14% (1)	7	7
CR7: Environmental Sustainability	5% (2)	92% (34)	N/A	3% (1)	37	37
CR8: Welfare Reform	22% (2)	78% (7)	N/A	N/A	10	9
CR9: Public Building Compliance	N/A	100% (6)	N/A	N/A	7	6
CR10: Safeguarding	N/A	100% (11)	N/A	N/A	11	11
CR11: Integrated Health & Social Care	N/A	90% (9)	N/A	10% (1)	10	10
CR12: Unauthorised Deprivation of Liberty Safeguards (DOLs)	N/A	100% (3)	N/A	N/A	3	3
CR13: Welsh Community Care Information System (WCCIS)	N/A	100% (2)	N/A	N/A	2	2
CR14: Brexit	16% (3)	79% (15)	N/A	5% (1)	19	19
CR15: Additional Learning Needs (ALN)	N/A	100% (12)	N/A	N/A	12	12
CR16: COVID-19	3% (1)	97% (30)	N/A	N/A	31	31
<b>Totals</b>	<b>5% (10)</b>	<b>93% (194)</b>	<b>N/A</b>	<b>2% (5)</b>	<b>212</b>	<b>209</b>

## SECTION 6: RISK ACTION EXCEPTIONS (RED STATUS)

Risk	Action Ref	Action Description	Commentary
<b>CR5: Workforce Needs</b>	WFR/RP003 (RP/A006)	Conduct a review of Economic Development to identify synergies across teams, foster greater joint working and increase flexibility.	Much of this work will depend on the resources needed to develop and deliver new UK government programmes. The Council is working with consultants to identify these gaps in capacity. Work will take place in Q2 to prioritise resources.
<b>CR6: Information Security</b>	ISR/SRS001	Undertake a review of information security against GDPR regulations.	This activity has not yet started. Progress to be reported in next quarter.
<b>CR7: Environmental Sustainability</b>	ESR/NS015 (NS/A050)	Revise the Local Flood Risk Management Strategy in response to the updating of the National Flood and Coastal Erosion Risk Management Strategy	Update on hold pending guidance from Welsh Government.
<b>CR11: Integrated Health and Social Care</b>	IHSR/AS004 (AS/A014)	Implement actions arising from Vale Community Resource Service review.	This has paused in the first quarter whilst we concentrated on a move of the team back to base at Barry Hospital. In addition, we have seen a dramatic increase in the number of care and support hours delivered in the first quarter, despite staffing shortages. We are about to put an advert out for a Business Improvement Manager position to give additional capacity to the leadership team to assist with maintaining momentum on this review.
<b>CR14: Brexit</b>	BXR/LS002 (LS/A002)	Provide support to officers in relation to the review of procurement practices and policies to ensure our procurement activities contribute to the national well-being goals and support work around climate change.	Approach to procurement review has not yet been progressed by the Procurement Team for Legal Services to feed into. Resources have been made available by Legal Services when review is ready to be progressed.

## SECTION 7: Risk Scoring Definitions

### Inherent and Residual Risk Scoring

The Inherent Risk defines the risk score in a pre-control environment i.e. what the risk would look like (score) without any controls in place to manage the risk. The Residual Risk can be defined as the subsequent risk score as a consequence of applying controls to mitigate this risk.

Both inherent and residual risks are defined by two variables the Likelihood of the risk occurring and the Possible impact of that risk occurring. The higher the score allocated for the risk the higher the overall risk status.

See matrix below:

Possible Impact or Magnitude of Risk	Catastrophic	4 <i>MEDIUM</i>	8 MEDIUM/HIGH	12 HIGH	16 VERY HIGH
	High	3 <i>MEDIUM/LOW</i>	6 <i>MEDIUM</i>	9 MEDIUM/HIGH	12 HIGH
	Medium	2 LOW	4 <i>MEDIUM</i>	6 <i>MEDIUM</i>	8 MEDIUM/HIGH
	Low	1 VERY LOW	2 LOW	3 <i>MEDIUM/LOW</i>	4 <i>MEDIUM</i>
Low 1-2 Low/Medium 3 Medium 4-6 Medium/High 8-10 High 12-16		Very Unlikely	Possible	Probable	Almost Certain
<b>Likelihood/Probability of Risk Occurring</b>					

### Effectiveness of Controls Score

Controls can be scored 0-4 in terms of their effectiveness at controlling risk in terms of likelihood and impact. Zero implies poor control of the risk whereas a four would suggest controls in place are highly effective. This is based on scoring how effective the controls are at reducing a) the likelihood of and b) the impact of the risk. See table below

Score	Effectiveness of control
0	Very Low control of the risk
1	Low control of the risk
2	Medium control of the risk
3	High control of the risk
4	Very high control of the risk

<b>CR16: COVID-19</b>	<b>Appendix 16</b>

1 – Risk Overview						
1.1 Risk Description		<b>Failure to deliver the Reshaping Services Programme</b>				
<p>There is a risk that the Council fails to deliver the Reshaping Services Programme and therefore does not utilise alternative methods of service delivery and other approaches to mitigate the impact of financial pressures and demand challenges, thereby resulting in reductions to services significantly impacting their availability and quality.</p> <p>In December 2019, the Welsh Government announced its provisional financial settlement for local government for 2020/21 which outlined provisional budgets for councils across Wales. In the context of previous settlement, the announcement was better than expected with figures indicating a 4.9% increase in Revenue Support Grant funding for the Vale of Glamorgan and that was considered as part of our budget setting process for in 2020/21. The Council has chosen a strategy for the year to make relatively modest levels of savings and as such, the year is to be used to identify transformational change projects reflecting the ambitions within the new Corporate Plan as well as in addressing the financial pressures associated with increasing demands and expectations for services.</p> <p>There is the risk associated with pursuing the Reshaping Services agenda, namely the new skills and capacity required to manage significant change at a time of diminishing resources and using approaches that are relatively new concepts to the Council and its partners.</p> <p>There is also the risk of a judicial review particularly in relation to Reshaping Services agenda where new models of service delivery are developed. This could have both financial and reputational consequences if a judicial review finds our actions to be unlawful.</p> <p>COVID has put council services under enormous pressure which has significantly challenged how we deliver our services and fulfil our statutory roles and functions. Although the pandemic has in part disrupted the delivery of the Reshaping Services agenda, it has fundamentally challenged our outlook on the way in which services are delivered. This has provided us with an opportunity to reflect on the way in which we operate and deliver services to our citizens as we move towards recovery. Critical to this will be the Council’s response to these opportunities and challenges and how the Reshaping Services programme can evolve and adapt to a rapidly changing landscape.</p>						
1.2 Risk Owner		<b>Head of Policy and Business Transformation (TB)</b>				
1.3 Impact on our contribution to the Wellbeing Goals						
A Globally Responsible Wales	A Prosperous Wales	A Resilient Wales	A Healthier Wales	A More Equal Wales	A Wales of Cohesive Communities	A Wales of Vibrant Culture and Thriving Welsh Language
No	Yes	Yes	No	No	Yes	No

1.4 Risk Categories		
Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	Failure to continue to provide priority services. Failure to develop new approaches to service delivery which can be sustained in the long term and which are accessible and meet local needs, with clear and cohesive links made with the Wellbeing of Future Generations Act and the developing Local Government Reform agenda.
<b>Resources</b>	Yes	<p>Projects fail to develop and deliver business cases which meet the Reshaping Services financial savings targets as outlined in the Council's medium-term financial plan.</p> <p>Fail to develop and mobilise sufficient skills and capacity to develop and deliver the Programme and manage new ways of working.</p> <p>Failure to maximise the use of our existing assets and technology to deliver services in a cost effective and efficient way.</p> <p>The pandemic disrupts the Reshaping Services programme delivery and the ability to secure in-year efficiencies and income.</p> <p>Loss of income and the inability to explore further income generation opportunities due to impact of the pandemic.</p>
<b>Service Delivery and Wellbeing</b>	Yes	<p>Fail to maximise opportunities to improve service delivery and mitigate the impact of budget reductions via alternative methods of service delivery.</p> <p>Failure to safeguard the well-being of individuals and communities and provide services which meet the diverse needs of the local community. Failure to continue to provide priority services and engage with customers in the provision of services.</p> <p>The programme fails to communicate and engage effectively with service users and partners to identify and deliver the alternative ways of working.</p> <p>The risk that the pandemic significantly disrupts delivery of Reshaping projects.</p> <p>Impact of the coronavirus on demand for services. Failure to respond effectively to the changing policy landscape may impact on our ability to meet the changing needs of our communities and our capacity to deliver services by alternative means.</p>
<b>Reputation</b>	Yes	Failure to deliver the programme's aim and objectives impact on its reputation with citizens and regulators for the delivery of priority services.

2 – Risk Evaluation			
2.1 Inherent Risk Scoring			
Category	Likelihood	Impact	Total Inherent Risk Score
<b>Political &amp; Legislative</b>	3 (Probable)	3 (High)	<b>9 (Medium/High)</b>
<b>Resources</b>	3 (Probable)	3 (High)	<b>9 (Medium/High)</b>
<b>Service Delivery &amp; Well-being</b>	3 (Probable)	3 (High)	<b>9 (Medium/High)</b>
<b>Reputation</b>	3 (Probable)	3 (High)	<b>9 (Medium/High)</b>
<b>Overall Inherent Risk Score</b>	<b>3 (Probable)</b>	<b>3 (High)</b>	<b>9 (Medium/High)</b>

2.2 Controlling Inherent Risk				
Category	Current Controls	Effectiveness of controls		
		Likelihood Score	Impact score	Total Score
<b>Political &amp; Legislative</b>	<ul style="list-style-type: none"> <li>Challenge process in place to identify projects.</li> <li>Mixed economy model approach to Reshaping approved.</li> <li>Mix of service specific and corporate projects that lessen impact on front line services.</li> <li>Risk management processes embedded in project management to identify and mitigate impacts on service users.</li> <li>Programme documentation makes linkages with Well-being of Future Generations Act.</li> </ul>	2	2	4
<b>Resources</b>	<ul style="list-style-type: none"> <li>Regular monitoring of savings by Cabinet, Programme Board and Scrutiny Committees.</li> <li>Programme board and manager in place, with project team resources considered for each project.</li> </ul>	3	2	6

2.2 Controlling Inherent Risk				
Category	Current Controls	Effectiveness of controls		
		Likelihood Score	Impact score	Total Score
	<ul style="list-style-type: none"> <li>• Council's Financial Resilience considered good by WAO.</li> <li>• Business cases developed for projects and guidance in place.</li> <li>• The management development programme has concentrated on the introduction of the core competency and management competency frameworks.</li> <li>• Tranche 5 projects have been identified, with savings included in the revenue proposals for the budgets of 2020/21.</li> <li>• The Digital Strategy 2017-2020 sets out the strategic direction for the development of services to embrace new digital technologies to improve services whilst reducing costs.</li> <li>• Website refreshed Office 365 - roll out across the organisation.</li> <li>• A broader review to improve online processes from a customer view has been started. This involves hosting of dedicated digital days with services to identify improvements and potential efficiencies.</li> <li>• As part of the Procurement project, Third Party Spend targets have been established for service areas. Guidance has been provided and monitoring arrangements are being put in place.</li> <li>• The income generation and commercial opportunities project team and project board continue to identify opportunities for income generation.</li> <li>• Delivery of Space project New fee structures and reporting processes are in place for income generating services.</li> <li>• Integrated the Contact Centre with their Microsoft Teams environment and Connecting Wales was able to respond to this, developing a Teams integration solution which is currently being delivered as a proof of concept to Shared Resource Services Wales. A multi-channel marketing and promotional plan was launched during the year, the highlight of which was the formal virtual launch of the platform.</li> <li>• Reshaping Services Programme project portfolio has been agreed in line with the revenue budget.</li> </ul>

<b>ACTION UPDATE:</b>	Following Cabinet's approval for the new Reshaping programme in March 2022, work has commenced on developing the focus of the Reshaping Board, including project monitoring arrangements, resources and any additional governance arrangements. The Programme's projects have made progress including the consultation on the Climate Change Challenge Plan and work on the Llantwit Major Food Poverty project. All service areas continue to work to support reshaping, organisational change and transformation particularly which will continue to be developed over the next 3 quarters.

<b>ACTION UPDATE:</b>	<p>Work has commenced during the quarter to build the Council's 'Insight' function, drawing together public perception (consultation, engagement, involvement information), performance and data/research forms of insight. A series of discussions have been held at the Insight Board to discuss the public engagement database and a calendar of public engagement activities has been developed. This has been populated with key aspects of the Council's forthcoming engagement/consultation work, including the Well-being Survey to support the Well-being Plan and the work on Project Zero. A revised section on the intranet has been completed to provide access to this information for other colleagues. This work will inform the development of the Public Participation strategy which is required in 2022.</p> <p>During Q2, the 'Insight' function will be further developed to draw together the above sources of insight to provide a strengthened evidence base for the Council and to support the development of impact assessments, such as those required under Equalities legislation."</p>

<b>ACTION UPDATE:</b>	<p>During the quarter, Policy and Business Transformation has contributed to key projects associated with the Council's assets. Interim guidance for the safe use of Council office accommodation was developed and communicated to colleagues and work started on developing a future approach to the use of office accommodation. The Pier Pavilion at Penarth was a key project for Policy &amp; Business Transformation to support, following the surrender of the lease by PACL and a consultation exercise was undertaken to identify potential future uses for the building, receiving over 1000 responses. Work has also commenced on developing proposals for the future use of the Kymin, following the Penarth Esplanade Board's decision not to award the lease to those who submitted tender responses.</p> <p>In relation to Neighbourhood Services, a number of bus shelters throughout the VOG have been upgraded and now include digital bus information boards. Next bike is being rolled out into Sully and Dinas Powys following on from WG Active Travel grant. Electric charging points are being installed at car park and on street for e-taxis. Officers are working with the CCR office and Transport for Wales to look at problems and solutions for the decarbonisation programme - submitting an Expression of Interest to run passenger transport vehicles on bio-gas.</p> <p>Within Finance and Property Division, commercial concessions have been developed, and marketed at The Clifftops (Penarth) Cosmeston (food x2), Cosmeston Water Sports, Barry Island Eastern Promenade, Romilly Park and Former Train shed BSC2. In additional Interim arrangements have been put in place to assist service areas to return to the workplace where safe and appropriate to do so. Work is ongoing to support an agile workforce going forward.</p>												
RSR/PB005 (PB/A010)	Work with Social Services to review Telecare services.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	T Bowring	March 2022	<b>Green (On Track)</b>
<b>ACTION UPDATE:</b>	<p>Staff surveys and interviews have been undertaken to identify key service issues and gather ideas for developing service to ensure it meets the requirements of residents and other stakeholders. Steering Group has been established to oversee the review and operational groups created to move work forward. During Q2 work will commence to exploit functional opportunities offered by the Granicus Firm step product (CRM replacement) to improve customer engagement and online application process.</p>

Return to Risk Summary Report

<b>1 – Risk Overview</b>	
<b>1.1 Risk Description</b>	<p>This risk focuses on how we respond to new and emerging legislative requirements, particularly where the nature of the legislation is cross-cutting in terms of the impact it has on a variety of service areas. There is the risk that there is a failure to be able to effectively co-ordinate the implementation of significant legislative change across the breadth of Council services/functions. This applies to key pieces of legislation such as the Local Government &amp; Elections (Wales) Act 2021.</p> <p>The <a href="#">Local Government and Elections (Wales) Act 2021</a>, in terms of reforming Local Government sets out a series of provisions, including:</p> <ul style="list-style-type: none"> <li>• The reforming of electoral arrangements for local government</li> <li>• A general power of competence for principal councils and eligible community councils</li> <li>• Reforming public participation in local democracy</li> <li>• The leadership of principal councils, including to encourage greater diversity amongst executive members and establishing a statutory position of chief executive</li> <li>• The development of a framework and powers to facilitate more consistent and coherent regional working mechanisms through the establishment of Corporate Joint Committees (instigated either by two principal councils or by Welsh Ministers)</li> <li>• A new system for performance management and governance based on self-assessment and peer review, including the consolidation of the Welsh Ministers’ support and intervention powers</li> <li>• Powers to facilitate voluntary mergers of principal councils and restructuring a principal area</li> <li>• Local government finance including non-domestic rating and council tax</li> </ul> <p>As a result of the pandemic, scrutiny of the Local Government and Elections (Wales) Act was delayed. Stages 2 and 3 of the scrutiny process resumed at the latter end of 2020 before the Bill was agreed in Plenary by the Senedd on 18<sup>th</sup> November 2020. The Bill became an Act when it received royal assent on the 20<sup>th</sup> January 2021. In preparation for this legislation gaining royal assent, the Council has developed an action plan through which key requirements of the Act are addressed. This action plan has been referenced in the Risk Management Plan through the extraction of some high-level actions that contribute to mitigating risks associated with implementing new requirements of the Act.</p>
<b>1.2 Risk Owner</b>	<b>Senior Leadership Team</b>

1.3 Impact on our contribution to the Wellbeing Goals						
A Globally Responsible Wales	A Prosperous Wales	A Resilient Wales	A Healthier Wales	A More Equal Wales	A Wales of Cohesive Communities	A Wales of Vibrant Culture and Thriving Welsh Language
Yes	Yes	Yes	Yes	Yes	Yes	Yes

1.4 Risk Categories		
Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	<p>Political and legislative repercussions of failing to meet the requirements of the Local Government and Elections (Wales) (LG&amp;E) Act 2021 could lead to litigation, fines and/or political instability.</p> <p>Failure to respond appropriately to the changes required by the LG&amp;E Act 2021 regarding public participation, performance management and leadership of Councils.</p> <p>Failure to use the General Power of Competency introduced by the LG&amp;E Act 2021 appropriately and/or to make use of opportunities arising from this provision.</p> <p>The pandemic brings with it an increased risk of challenge (from Welsh Government and/or regulatory perspective) and the potential for litigation if there is a failure to implement/meet new requirements of the LG&amp;E Act.</p>
<b>Resources</b>	Yes	<p>Insufficient funding to ensure that we can meet our legislative requirements associated with the LG&amp;E Act.</p> <p>Failure to effectively engage and mobilise our resources to effectively meet and deliver requirements associated with LG&amp;E Act. This is applicable in light of COVID, which has impacted on both our function and capacity.</p> <p>At a time when our resources have been diverted and repurposed to business-critical areas in response to coronavirus, there is a risk that this could impact on our ability to have capacity to put in place appropriate preparations for new legislative requirements. eg. LG&amp;E Act.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
<b>Service Delivery and Wellbeing</b>	Yes	Failure to deliver on our wellbeing objectives and contribute to the national wellbeing goals in keeping with the new requirements of the LG&E Act. Particularly in terms of how we engage with our citizens and how we can evidence base delivery of our wellbeing objectives and demonstrate effective governance.
<b>Reputation</b>	Yes	<p>Failure to communicate effectively could undermine the trust of employees, external stakeholders and our customers and poorly orchestrated delivery of organisational changes associated with legislative change.</p> <p>Loss of confidence and trust by the public as a consequence of a failing to meet our constitutional and legislative obligations and the associated negative publicity. Lack of credibility and potential criticism from our external regulators.</p>

Return to Risk Summary Report

1 – Risk Overview	
1.1 Risk Description	<p>This risk encompasses funding key priorities set out in the 21<sup>st</sup> Century Schools Investment Programme as well as smaller scale asset renewal schemes. It also includes school reorganisation as the reduction of surplus places and condition of school buildings are the primary criteria for securing 21<sup>st</sup> Century Schools grant funding. We anticipate further demand for school places emerging as a result of new and expanding housing developments. Whilst the requirement for increased capacity in certain areas has been identified, in many cases there will be insufficient s106 funding to cover costs placing increased pressure on available funding.</p> <p>There is a risk associated with securing the necessary capital required to fund major investment projects as well as addressing building conditions across all Vale schools. The lack of available funding to address all requirements will result in buildings deteriorating further giving rise to risks associated with health and safety, DDA, business continuity and sustainability.</p> <p>Failure to establish sufficient Welsh medium places in both the primary and secondary sector would impact on the Vale’s ability in contributing to the Welsh Governments plan of one million Welsh speakers by 2050, and commitments required as part of the Council’s Welsh in Education Strategic Plan and could directly impact on the Vale’s ability to secure 21<sup>st</sup> century schools funding in the future.</p> <p>The COVID-19 pandemic has significantly disrupted education and learning at all levels. In turn it has the potential to impact/delay our ability to deliver some aspects of the 21<sup>st</sup> Century Schools Investment Programme into the short term if lockdown restrictions need to be reinstated in response to any potential future waves of the pandemic.</p>

1.2 Risk Owner	<b>Head of Strategy, Community Learning and Resources (TB)</b>
----------------	--

1.3 Impact on our contribution to the Wellbeing Goals						
A Globally Responsible Wales	A Prosperous Wales	A Resilient Wales	A Healthier Wales	A More Equal Wales	A Wales of Cohesive Communities	A Wales of Vibrant Culture and Thriving Welsh Language
No	Yes	No	No	Yes	No	Yes

1.4 Risk Categories		
Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	Inability to meet Welsh Government guidance by failing to retain no more than 10% surplus places. Failure to improve the quality of buildings to make them safer and more accessible, resulting in

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>a breach of our duties under the Health and Safety Act Disability Discrimination Act.</p> <p>The Council could fail to meet the statutory requirement to meet the demand for Welsh medium school places and the need to meet the Welsh Government commitment for one million Welsh speakers by 2050.</p>
<b>Resources</b>	Yes	<p>Failure to deliver the programme in line with plans approved by Welsh Government could impact on the Council's success in securing grant funding in future bands of the 21<sup>st</sup> Century Schools Programme. There is the concern that COVID-19 could further compound this risk, if lockdown restrictions need to be reinstated in the short to medium-term in response to any potential future resurgence of the disease. This could impact on the ability to secure funding and jeopardise delivery of the School Investment Programme.</p> <p>There is the risk that insufficient s106 money will impact on our ability to secure sufficient places in schools where there is the highest demand for places.</p> <p>The Council's success in securing capital receipts is critical to the delivery of the programme. Failure to generate capital receipts would result in increased prudential borrowing, the cost of which would fall to be met from the education revenue account at a time when services will be required to identify substantial savings as a result of reductions to the Council's aggregate external financing.</p> <p>Failing to reduce surplus places through investment impacts on effective resource management in schools.</p> <p>Insufficient funds to carry out prioritised asset renewal schemes impacts on health and safety.</p> <p>A requirement of 21<sup>st</sup> Century Schools is that all grant funded schemes should meet BREEAM Excellent which addresses wide-ranging environmental and sustainability issues. Failure to deliver schemes would impact adversely on a range of factors including energy efficiency, carbon emissions, minimising waste and improvements to community involvement and social inclusion.</p>
<b>Service Delivery and Wellbeing</b>	Yes	<p>Failure to implement an appropriate school reorganisation programme as a result of not achieving our surplus place target. Impact of new housing developments is likely to place a significant pressure on school place planning. Insufficient capital funding for building works could lead to further deterioration</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>resulting in implications for health and safety. Funding for adaptations to schools under Disability Discrimination Act is limited and could result in a pupil not being able to attend the school of choice or not being able to access facilities used by other pupils.</p> <p>Failure to meet demand for Welsh medium education.</p> <p>Impact of a poor learning environment on a pupil's learning experience if we fail to meet the 21<sup>st</sup> Century Schools standard.</p> <p>COVID-19 has the potential to impact/delay our ability to deliver some aspects of the 21<sup>st</sup> Century Schools Investment Programme into the short term if lockdown restrictions need to be reinstated in response to any potential future waves of the pandemic.</p>
<b>Reputation</b>	Yes	<p>Failing to provide the right type and number of school places in the right areas could result in the Council being in breach of statutory requirements which would impact on its reputation. Similarly, closure of schools as a result of building failure would attract negative publicity and criticism from the community and regulators.</p>

2 – Risk Evaluation

		Political & Legl	Resources	Service & Well-being	Reputation	Integration	Collaboration	Involvement	Prevention	Long-Term			
<b>ACTION UPDATE:</b>	Low and net zero carbon projects on track. Working with Cardiff University's k2n project to set up carbon monitoring once buildings are operational.												

<b>1 – Risk Overview</b>	
<b>1.1 Risk Description</b>	<p>This risk relates to the effectiveness of diversionary activities and initiatives in place to meet the requirements of the European Landfill Directive. There is a Statutory Target for Recycling based on the Welsh Government’s ‘Towards Zero Waste’ Waste Strategy. Aligned to this are national statutory landfill reduction/ diversionary targets. Failure to meet the national waste agenda and meet its associated targets increases the likelihood of incurring significant fines and could have detrimental impact on the Council’s reputation.</p> <p>The biggest shift change has been in relation to reducing the volume of residual waste. The Council secured capital funding from the Welsh Government’s Collaborative Change programme as part of the Waste Strategy to implement a restriction of residual waste. From September 2018, all households across the Vale of Glamorgan were restricted to putting out two bags per fortnight (with exemptions for those with six or more residents, pet waste/bedding, ash from household fires/log burners and adult hygiene products). To oversee this roll out and enforcement, waste wardens have been appointed. This shows that this service changes have resulted in over a 30% reduction in residual waste.</p> <p>In progressing our Waste Strategy, we continue to look at ways of further increasing our recycling rates across the Vale of Glamorgan. Although the Vale of Glamorgan Council continues to be one of the top performing authorities for meeting its recycling targets, more recently we have experienced a growing problem with contamination. This has been due to non-recyclable items such as soiled nappies, food waste and cat litter being mixed with recycling. To combat this problem and to reduce our use of single use plastic, the use of single use plastic bags for placing out recycling has been removed. Recyclable waste will only be collected if it is placed in Council-issued bags/boxes.</p> <p>The roll out of the Waste Blueprint has commenced. This is seeing us make the transition from the collection of co-mingled recyclables to source-segregation of recycled materials. As this is a significant shift change for how we operate our services and our residents. These changes are being introduced as part of a phased roll out that initially commenced in the rural Vale before it progressed in Barry (October 2020) and is planned for Penarth in 2021/22.</p> <p>The planned roll out to Barry was delayed by 4 months, due to COVID-19. Penarth will be rolled out during 2021/ 2022 as it is dependent on the construction of the permanent Waste Transfer Station at the Atlantic Trading Estate which was submitted for planning permission in quarter 3.</p>
<b>1.2 Risk Owner</b>	<b>Head of Neighbourhood Services and Transport (ER)</b>

1.3 Impact on our contribution to the Wellbeing Goals						
A Globally Responsible Wales	A Prosperous Wales	A Resilient Wales	A Healthier Wales	A More Equal Wales	A Wales of Cohesive Communities	A Wales of Vibrant Culture and Thriving Welsh Language
Yes	Yes	No	Yes	No	No	No

1.4 Risk Categories		
Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	Failure of contract agreements associated with our waste collaborations. Failure to comply with statutory waste targets and the associated Welsh Government guidance.
<b>Resources</b>	Yes	<p>Inability to streamline our approach to optimise productivity as consequence of budgetary cuts and/or staff shortages that will impact on our performance against waste reduction targets.</p> <p>Inability to effectively monitor and manage our contract agreements resulting in poor contractual compliance and performance. This risk is pertinent in light of COVID.</p> <p>Council incurs fines as a result of failing to meet statutory waste reduction targets.</p> <p>National Welsh Government grants are withdrawn as a result of failing to meet statutory waste reduction targets.</p> <p>Diversion of resources in response to COVID-19 impacts on our resource capacity to progress key waste projects e.g. waste transfer station and roll out of the Blueprint.</p>
<b>Service Delivery and Wellbeing</b>	Yes	<p>Failure to increase recycling rates and reduce landfill waste to an acceptable level (zero waste by 2050). This risk has multiple potential environmental impacts including:</p> <ul style="list-style-type: none"> <li>i.e. climate change implications (waste currently contributes around 4.7% of direct greenhouse gas emissions in Wales);</li> <li>ii. pollution of the local environment (e.g. contamination of groundwater; soil contamination).</li> </ul> <p>Failure to effectively communicate and engage with residents regarding the importance of recycling and composting resulting in poor buy in and reduction in recycling rates.</p> <p>Poor engagement with the hard to reach section of our community resulting in lower recycling and composting take up rates.</p> <p>Poor communication following any change in collection methodology resulting in poor take up of recycling and composting services.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>Increasing waste budget pressures as a result of new developments and an inability to deliver savings in waste management services.</p> <p>Inability to implement the Waste Blue Print consistently across the Vale in a timely way, as result of disruption to project timetable arising from COVID-19 and the need to obtain planning permission for the transfer station in Barry.</p>
<b>Reputation</b>	Yes	Failure to meet the statutory waste targets and comply with the Welsh Government's waste strategy would have a detrimental impact on the resident's perception of Council services and would attract criticism from our external regulators and Welsh Government.

	Recovery Centre and the development of a Household Waste Recycling Centre in the Western Vale.												
<b>ACTION UPDATE:</b>	The re-use shop is in development and subject to planning, it will be operational by the end of this calendar year. The Resource Recovery Facility has obtained planning permission to proceed, and construction commences 19th July 2022 on a phased approach. The development of a new western Vale HWRC is progressing, and land options identified. Once a preferred site is selected, due diligence will be undertaken and a Cabinet report prepared for consideration.												
WMR/NS0 13 (NS/A044)	Roll out new recycling arrangements in Penarth to complete the introduction of the source separated recycling system for the Vale.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	CS/ER	March 2022	<b>GREEN (On Track)</b>
<b>ACTION UPDATE:</b>	It is intended to roll out the remaining collection blueprint in 2022 but this will depend on the construction progress of the Resource Recovery Facility which has been delayed due to Covid-19 and the site drainage requirements.												
WMR/NS0 14 (NS/A045)	Engage with residents, Housing Associations and other land owners to roll out source separated collections to flats and apartments across the Vale.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	CS/ER	March 2022	<b>GREEN (On Track)</b>
<b>ACTION UPDATE:</b>	All the vehicles and bins have been ordered and the roll out is expected to commence in quarter 3.												

Return to Risk Summary Report

1 – Risk Overview	
<p>1.1 Risk Description</p>	<p>As the Council continues to go through significant change over the next few years it is imperative that we are able to anticipate the human resources implications of such change and ensure that we have a number of people with the right skills and experience to deliver the services of the future. In managing the risk it is important to consider the particular challenges presented by the current financial pressures within the public sector, the need to ensure the engagement of staff throughout the change process and the need to plan for and respond to issues of anticipated skills shortages. We continue to experience difficulties in recruiting and retaining staff in some key service areas across the Council e.g. namely health and social care (residential care, domiciliary care and social workers). Skill shortages exist in some areas like Social Work, Legal Services, Planning, and ICT where market forces have impacted on our ability to recruit and retain skilled/qualified staff.</p> <p>This risk needs to be considered alongside the Council’s Reshaping programme agenda could have on our workforce. Therefore, the innate risk is the inability to anticipate and plan for the workforce needs of the future in order to meet the changing service requirements.</p> <p>The risks surrounding workforce needs have been further compounded by COVID-19 pandemic. The pandemic significantly disrupted all aspects of service delivery, which in turn has put our workforce under an enormous amount of pressure as our workforce needed to quickly adapt and respond to the changing circumstances surrounding COVID.</p> <p>Human Resources, ICT and Senior Management had to react quickly to the emerging crisis to enable the workforce to work more remotely in an agile way with minimal disruption to core service delivery.</p> <p>Hand in hand with this was the need to look at repurposing and redeploying staff to business-critical areas to respond to the growing demand on staffing e.g. within our residential and domiciliary care roles, waste collection teams and to enhance capacity within our Contact Centre to support vulnerable individuals shielding in their own homes. In addition, working in partnership with Cardiff Council and the Health Board staff have been redeployed to support the regional approach to Track, Trace and Protect and the vaccination programme.</p> <p>Associated with the pandemic, the Council has noted some emerging trends in areas such as turnover, absence and capacity which will continue to be monitored and kept under ongoing review. Given that both the virus and its effects are likely to be experienced for many months/years to come, a series of workforce mitigations will focus on ensuring that operational plans are refreshed and succession planning continues. This will be done in tandem with building capacity and resilience into our workforce. However, Covid has also presented us with new opportunities that we anticipate will lead to new ways of working that will require the cultivation of new skills sets within the workforce. Therefore, the challenge post recovery, will be on how we can maximise these opportunities shape our workforce so that it is fit for the future.</p>

<b>1.3 Impact on our contribution to the Wellbeing Goals</b>						
<b>A Globally Responsible Wales</b>	<b>A Prosperous Wales</b>	<b>A Resilient Wales</b>	<b>A Healthier Wales</b>	<b>A More Equal Wales</b>	<b>A Wales of Cohesive Communities</b>	<b>A Wales of Vibrant Culture and Thriving Welsh Language</b>
No	Yes	Yes	Yes	Yes	Yes	Yes

<b>1.4 Risk Categories</b>		
<b>Categories</b>	<b>Yes/No</b>	<b>Definition</b>
<b><i>Political &amp; Legislative</i></b>	Yes	<p>Political and legislative repercussions of failing to implement the agreed actions set out in the Council's Workforce Plan would impact adversely on the Council's ability to ensure the workforce needs of the future are met.</p> <p>The COVID pandemic brings with it an increased risk of challenge and the potential for litigation. This could impact on the council if poor judgement is exercised regarding workforce related decisions.</p>
<b><i>Resources</i></b>	Yes	<p>A failure to implement the agreed actions set out in the Council's Workforce Plan would impact adversely on a range of factors including the commitments to increase the number of apprenticeships within the Council (and wider community), the increase of younger employees (as a percentage of the wider workforce) and the aims within the Council's Equalities Strategy.</p> <p>A failure to implement the agreed actions set out in the Council's Workforce Plan would impact adversely on the Council's ability to ensure the workforce needs of the future are met.</p> <p>A failure to implement the agreed actions set out in the Council's Workforce Plan (and specifically in relation to change management) would impact adversely on the Council's ability to respond to financial challenges over the next four years. Whilst our workforce and resources have been reprioritised to manage our emergency response to COVID-19, there is an increased risk that this will hinder our ability to progress key strategic workforce projects.</p> <p>The realisation of the risk would lead to an inability to recruit and retain suitably qualified staff with appropriate skills in the right areas to deliver services effectively. E.g. Inability to recruit and retain staff in business-critical posts due to the impact of market forces and/or skill shortages. This is already impacting on key areas of Social Services such as qualified Social Worker roles in Children and Young People Services.</p> <p>COVID, has the potential to further add to the issues associated with business-critical posts where recruitment and retention difficulties already exist. Added to this is the complexity of overcoming recruitment practices that rely on face to face contact. This is currently being experienced in relation to the</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>shortage in HGV drivers and domiciliary care, which also has the potential to impact on service performance.</p> <p>It would also lead to an inability of leadership to respond to the changing policy landscape and the challenges this presents, impacting on our ability to deliver good quality services to meet the needs of our citizens. Loss of leadership impacting on our ability to continue to drive forward organisational change. There is the risk that momentum on implementing organisational change may be lost as a consequence of COVID. This could be due to higher sickness/infection rates amongst senior management and or insufficient capacity within the service to drive forward change at a time when efforts are focused on reprioritising resources on our emergency response and recovery.</p> <p>Potential failure to effectively engage and mobilise our resources to deliver our workforce priorities and have the appropriate skills in place, in the right areas to deliver services effectively. This is applicable in light of COVID-19, where the functions of our workforce have been disrupted and where the focus is on providing an emergency response to ensure business critical services can be sustained.</p> <p>Although COVID presents opportunities for new and more effective ways of working, with this comes the risk that the existing workforce lacks the skills required to transform services that are fit for the future. For example, any further expansion of the digital agenda will require whole scale upskilling of the workforce and the development of a new set of skills that may not already be present in the workforce. Any emerging skills gaps could impede our progress in improving the quality and efficiency of our services and jeopardise the viability of our services in the future.</p> <p>We also continue to review staff wellbeing, with the continued and sustained support our staff provide as the pandemic progresses to mitigate any future impact in terms of absence, resilience, and burnout.</p>
<b>Service Delivery and Wellbeing</b>	Yes	<p>Failure to properly anticipate and respond to future workforce needs could pose a threat to the effectiveness and viability of sustainable service delivery and its ability to meet achieve the outcomes and priorities set out in our Corporate Plan. This is applicable to the context of COVID. As the Council reflects on its priorities going forward this will in turn impact on our workforce needs and planning processes. A failure to effectively mobilise our workforce effectively to respond to the changing workforce needs could not only impact significantly on our recovery but also on our achievement of our well-being objectives in our Corporate Plan.</p> <p>There would be a potential inability to anticipate and plan for workforce needs of the future in order to meet changing service requirements. This is applicable to the context of COVID, as the Council adapts to new ways of working the workforce needs of the</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>business are also likely to change. Any shift change in workforce needs is likely to remain with us for some time as we adapt to new working practices.</p> <p>There would also be an inability to manage and support organisational change impacting on our ability to deliver sustainable services both now and in the future.</p> <p>Any rise in staff turnover rates has the potential to compound existing workforce pressures in terms of our capacity and any existing recruitment/retention challenges across the Council.</p> <p>Any significant rise in staff absence rates as a either a direct or indirect consequence of the pandemic, could impact on our capacity to deliver services and business continuity.</p> <p>COVID swiftly shifted our operations to remote and agile style of working. Given that COVID will continue to require such mitigations into the longer term the risk going forward will be the sustainability of current arrangements particularly for those service areas that are reliant on some face to face contact. The other risk this presents to managers is the lack experience/skills to manage a remote workforce. This will require us to effectively equip managers for agile people management where there will be more focus on ensuring staff feel connected and engaged.</p> <p>COVID has presented us with new challenges associated with how we support continuity of service delivery whilst ensuring the health, wellbeing and safety of our remote workforce. As the organisation adapts to new ways of working, there is the risk we fail to effectively identify manage and meet the variety of well-being and safety concerns that may arise as a result of home working.</p>
<b>Reputation</b>	Yes	<p>Negative perception of the Council amongst citizens as an employer impacting on recruitment and retention rates across the organisation. This is particularly applicable in light of COVID, where some front-line positions are lower paid e.g. care home staff and waste operatives, these posts may be perceived as particularly high-risk areas for contracting the infection. As a consequence, these posts maybe seen as less desirable which in turn may compound recruitment difficulties.</p> <p>Failure to put in place succession pathways in place to address our ageing workforce in specific service areas.</p> <p>A key aspect of the workforce plan (section 6/theme viii) is the need to ensure the Council have a workforce that reflects the wider community. Within this are specific aspects to ensure that measures are taken to ensure representation from protected groups under the Equalities Act 2010. A particular feature of this includes strategies to deal with occupational segregation and address the gender pay gap that exists nationally and locally. A</p>

	<ul style="list-style-type: none"> <li>• The HR team has been restructured in recent years to increase the information, planning and performance capacity of the team and to increase the focus on business and organisational development issues. We are now moving this forward to review the successes and drive greater efficiencies, particularly within the business partner team and OD and learning team, this may lead to minor structural changes and improved operational ways of working</li> <li>• The Leadership Café is an effective mechanism to support succession planning and leadership development across the Council. The Café has been rebranded during the first quarter of 2019/20 to the 'Learning Café' to broaden its focus and appeal to a wider section of the workforce.</li> <li>• The Management Competency Framework continues to be used to enhance skills and expertise at our Team Manager level. The competency frameworks are now complete and integrated into both iDev and the #itsaboutme process.</li> <li>• Management Competency Framework is live and is used with the #itsaboutme process. 'Staff Charter' is fully embedded within the organisation and is now progressing to the launch of our new 'Culture Book' in September 2021. Some commitments within the Staff Charter relate to celebrating success and staff recognition. The establishment of the 'Going the Extra Mile' scheme (GEM), provides an opportunity to put forward members of staff in recognition for their work. These stories are then celebrated and shared with staff on the internal Staffnet. In addition to this the Council has established a Team Awards event to recognise the good work of both individuals and team across the Council. Whilst the pandemic has paused this for 2020 plans are held in abeyance for an awards ceremony at the end of 2021</li> <li>• Employee Core Competency has been launched to help identify and address skill gaps across the Council.</li> </ul>

WFR/AS001 (AS/A008) WFR/CS001 (CS/A009)	Contribute to the development of a new HR Strategy that reflects the new ways of working within Adult Services and to develop an appropriately agile offer within Children's Services that enhances and supports staff wellbeing.										SC/RE		
<b>ACTION UPDATE:</b>	<p>The new HR Strategy is under consultation with all DMT groups currently and it has been presented to the diversity networks in Q1. A final draft is planned to be ready within quarter 2.</p> <p>Within Adult Services, our teams our teams have recently started to return to bases, we have become accustomed in supporting wellbeing whilst we have been away from the office environment and peers/colleagues via digital means - we now need to revise our plans and implement recovery and wellbeing plans for each team in recognition of individual and team differences that supports staff and managers to remain well, productive and in touch with colleagues and partners while working from both home and the office throughout the week in a blended manner. We have always worked closely with HR business partner and Trade Union colleagues regarding policies and processes to support our workforce, we will continue to work in this way to address the changing needs of our workforce.</p> <p>We are mindful of our individual and combined impact upon the climate, and our need to reduce our travel. We have continued to ensure that we minimise our travel requirements and also our presence in accommodation. We have significantly reduced our use of printing and paper during the pandemic, and our presence in office accommodation - we will seek to embed this as we shape our reset and recovery of services.</p>

WFR/NS005	Further develop agile working within the service area and contribute to the renewal of the Corporate CRM.		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>				<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	ER	March 2022	Green (On Track)
<b>ACTION UPDATE:</b>	First phase of asset management system currently being implemented. Supply of data has been submitted, localisation training has been completed in Quarter 1, this has involved staff from the front line and back office. Linking to the Corporate CRM is currently in discussion. Training for Train the Trainer will be commencing end of August. Testing of the system will commence from 13th July 2021. This will involve key members of staff from the front line and back office. Also implemented issuing of Residential Parking Permits via online application. Also introduced new Countryside and Coastal Parking Permits, implemented new online payment process. This will be implemented in Quarter 2. Part of the first phase for street lighting will involve linkage into the corporate CRM system, meetings are in the process of being arranged for the implementation.												
WFR/PB004 (PB/A023)	Establish effective internal communications campaign to embed the well-being agenda and the Council's values.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	TB	March 2022	GREEN (On Track)
<b>ACTION UPDATE:</b>	The Communications Team is currently working closely with colleagues in OD & Training on a campaign to launch the Vale Culture Book. This will be a significant campaign that showcases colleagues who through their work demonstrate a commitment to the organisation's values. It will include staff wellbeing as a key theme. The campaign is planned to launch in September 2021.												

## Appendix 6 Corporate Risk 6: Information Security

### Return to Risk Summary Report

1 – Risk Overview	
1.1 Risk Description	<p>Information Security involves the practice of preventing the unauthorised use, access, disclosure, disruption, modification, inspection, recording or destruction of information. This definition applies regardless of the form data/information may take i.e. electronic or physical.</p> <p>Local authorities have a duty to safeguard the data/information in line with requirements of legislation such as Data Protection Act 1998 and Computer Misuse Act 1990. In addition to legislative requirements there are also identified standards that public bodies can work towards to further enhance and strengthen their approach to information security such as compliance with the Public Services Network Connection Certificate requirements, Payment Card Industry Data Security Standard and ISO27001 that governs information security management.</p> <p>The General Data Protection Regulation is a regulation that has been made by the European Parliament, The Council of the European Union and European Commission which is intended to strengthen and further unify the approach to data protection across the EU. This new regulation has applied in the UK since 25<sup>th</sup> May 2018. The principles of the GDPR are similar to the those set out in the Data Protection Act, but with additional details regarding accountability and governance requirements and specifically requires organisations to show how they comply with the principles by documenting decisions the organisation takes in relation to processing activities. The Regulations have been designed to further minimise the risk of data breaches and uphold the protection of personal data, which is likely to result ensuring robust policies and procedures to ensure good governance measures are in place. The key risk associated with this is that we fail to meet the requirements of this regulation and safeguard our information and data.</p> <p>The threat from cyber-attacks and their potential impact has increased very significantly over the last 12-18 months and whilst the Council has controls in place to address cyber threats, these need to keep up with changing external threats, and our controls need to be reviewed in light of this.</p> <p>Additionally, with the introduction of 365 we now have a number of threat areas that need addressing as the benefits also bring governance risks and additional exposure from the external facing internet. This will require further investment in Advanced Threat Protection systems to strengthen our existing controls. For example, we are seeing a large increase in attempts to break into Vale user 365 accounts from all over the globe and targeted, sophisticated attempts to trick users into opening infected email attachments or webpages which contain ransomware or other malicious software. Our focus going forward will be on strengthening our controls and reinforcing policy with staff, backed up by further technical controls and not just paper policy.</p> <p>The key risk associated with this is the failure to implement adequate information security management systems across the Council. This risk has been further intensified by COVID. In response to COVID our workforce quickly adapted to new ways of working where the emphasis has been on remote/home working. Although significant Information Security safeguards</p>

are in place to enable staff to safely and securely operate from home, there has been a steep rise targeted attack which have been increasingly identified and reported which has led to the need to further strengthen existing controls. Now that the business is increasing operating using 365, there has been further investment in the purchasing of Advanced Threat Protection to enhance our mitigation against this aspect of risk. Despite putting this control in place, we are continuing to witness a rise in phishing email campaigns from compromised third party partner accounts and a rise globally in ransomware attacks.

**1.2 Risk Owner**      **Head of Finance (CL) (SIRO)**

**1.3 Impact on our contribution to the Wellbeing Goals**

A Globally Responsible Wales	A Prosperous Wales	A Resilient Wales	A Healthier Wales	A More Equal Wales	A Wales of Cohesive Communities	A Wales of Vibrant Culture and Thriving Welsh Language
No	No	Yes	No	No	No	No

**1.4 Risk Categories**

Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	<p>Political and legislative repercussions of failing to meet the requirements of key legislation including Data Protection Act 1998, Computer Misuse Act 1990, and the new General Data Protection Regulations (GDPR). could lead to litigation and/or political instability.</p> <p>Failure to put effective information security safeguards in place resulting in personal/sensitive and confidential information being leaked/revealed in the public domain could cause political instability and loss of credibility.</p>
<b>Resources</b>	Yes	<p>Council incurs fines as a result of failing to comply with legislative and Information Commissioner requirements associated with the GDPR.</p> <p>Financial impact of correcting/resolving data breaches and/or cyber-attacks.</p> <p>Failure to implement adequate ICT management systems across the Council.</p> <p>COVID-19 presented additional threats to our ICT infrastructure. During the crisis, threats have been increasingly targeted at those working from home with more sophisticated attacks being identified and reported more frequently. This not only undermines the integrity of our systems, but places increased pressure on our resources to keep a step ahead of cyber threats and fraudulent activity.</p> <p>Budgetary pressures impacting on our ability to invest in software products/tools to effectively mitigate risks to information security.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
<b>Service Delivery and Wellbeing</b>	Yes	Loss of data could impact of the delivery of key services and projects across the Council.  Impact on service users due to a loss of personal data and a breach of confidentiality and the effect this has on being able to access services readily.
<b>Reputation</b>	Yes	Loss of confidence and trust by the public as a consequence of a data breach and the associated negative publicity.  Lack of credibility and potential criticism from our external regulators and the Information Commissioner.

1 – Risk Overview

1.1 Risk Description

Action on climate change covers two areas: mitigation and adaptation. Mitigation relates to action taken to tackle the causes of climate change i.e. by reducing greenhouse gas emissions. Adaptation relates to action taken to adapt to the unavoidable effects of climate change caused by increased concentrations of greenhouse gases from human activities. Locally the immediate impact of climate change include hotter temperatures, warmer, wetter winters, hotter, drier summers, increased summer time thunder storms and intense rainfall and the reduction of some animal and plant species, more severe flooding of coastal and river areas and also flash flooding throughout the authority. The key risk relates to our failure to mitigate against the impact of climate change.

The Vale of Glamorgan must act as a responsible authority and in 2006 signed the “Welsh Commitment to Address Climate Change”. The commitment outlines the council’s contribution to the delivery of the national climate change programme, working with the local community to address the causes and effects of climate change, reduce the council’s own emissions, encourage all sectors of the local community to reduce their own emissions, work with key providers to adapt to changes, and provide opportunities for renewable energy generation within the area.

Following the publication of the Inter-governmental Panel on Climate Change’s (IPCC) Special Report on Global Warming of 1.5°C, the Welsh Government declared a Climate Emergency in Wales in April 2019. In response to this, the Leader and Deputy Leader submitted a motion to full Cabinet stating that the Council should also seek to declare a climate emergency in the Vale of Glamorgan. This motion was upheld by Full Council on 29<sup>th</sup> July 2019.

As part of this commitment the Council resolved it will:

- Reduce its own carbon emission to net zero before the Welsh Government’s target of 2030 and will support the implementation of the Welsh Government’s new Low Carbon Delivery Plan, to help achieve the Welsh Government’s ambition for the public sector in Wales to be carbon neutral.
- Make representations to the Welsh and UK Government’s, as appropriate, to provide the necessary powers, resources, and technical support to local authorities in Wales to help them successfully meet the 2030 target.
- Continue to work with partners across the region to develop and implement best practice methods that can deliver carbon reductions and help limit global warming.
- Work with local stakeholders including Councillors, residents, young people, businesses and other relevant parties to develop a strategy in

	<p>line with a target of net zero emissions by 2030 and explore ways to maximise local benefits of these actions in other sectors such as employment, health, agriculture, transport and the economy.</p> <p>In response to the Climate Change Emergency Declaration, the Insight Board has undertaken work to identify key areas of activity across the Council that are contributing to this declaration. It is proposed that the development of a Charter will encapsulate our response to the climate change emergency and is a key action depicted in the Council's Annual Delivery Plan for 2020/21 aligned to the Corporate Plan 2020-25. Our Tree, Energy and Electric Vehicle Strategies will also have a key role to play in contributing to delivering this Charter.</p> <p>COVID-19 has impacted on our capacity to progress a number of climate change initiatives including the development of a Charter. The Council remains dedicated to Climate Emergency Declaration and is committed to reducing carbon emissions. As the Council transitions from its response to recovery, we will resume work on development of these initiatives and the Charter.</p>

<b>1.2 Risk Owner</b>	<b>Head of Neighbourhood Services and Transport (ER)</b>
-----------------------	--

<b>1.3 Impact on our contribution to the Wellbeing Goals</b>
--

A Globally Responsible Wales	A Prosperous Wales	A Resilient Wales	A Healthier Wales	A More Equal Wales	A Wales of Cohesive Communities	A Wales of Vibrant Culture and Thriving Welsh Language
Yes	Yes	Yes	Yes	No	Yes	No

<b>1.4 Risk Categories</b>
----------------------------

Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	<p>Failure to meet legal duties in relation to the Flood and Water Management Act.</p> <p>Inability to meet Welsh Government requirements for Statutory Transport Guidance as it relates the Active Travel and Learner Travel Wales.</p> <p>Failure to define our vision, ownership, and responsibility for addressing climate change issues.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>Inability and capacity of the Council and its key partners to work effectively together to meet its climate change commitment by 2030 and contribute to the climate change agenda locally.</p> <p>Failure to fully utilise our land use planning framework and other policy levers to become more resilient to climate change and its effects.</p> <p>Impact of COVID-19 on our ability to sustain momentum and buy in from key partners to address climate change issues collaboratively.</p>
<b>Resources</b>	Yes	<p>Limited asset renewal funding could result in the Council not being able to meet its CO<sub>2</sub> reduction target set out in the Carbon Management Strategy and Implementation Plan.</p> <p>Increased pressure on limited resources as a consequence of increased areas of maintenance.</p> <p>Insufficient funding availability to fully implement programmes/initiatives to reduce our carbon footprint.</p> <p>Annually shrinking budgets will impact negatively on consistently achieving high standards of cleanliness of the local environment.</p> <p>Impact of our failure to meet our commitments under the CRC Energy Efficiency Scheme and its associated financial benefits.</p> <p>Council incurs fines as a result of failing to meet statutory waste reduction targets.</p> <p>Impact of COVID-19 puts additional strain on our resources and effects our ability to progress commitments outlined in the Council's Climate Change Emergency Declaration E.g. Charter.</p>
<b>Service Delivery and Wellbeing</b>	Yes	<p>Failure to deliver key flood alleviation schemes across the Vale and exposing flood prone areas to a greater risk of flooding.</p> <p>Failure to implement the Shoreline Management Plan impacting on our ability to monitor and manage coastal erosion.</p> <p>Failure to reduce our carbon footprint by not reducing our CO<sub>2</sub> emissions and improving our energy efficiency.</p> <p>Disruption and financial cost of flooding to homes and businesses.</p> <p>Failure to engage and encourage residents to participate in Active Travel (use alternative forms of transport to the car).</p> <p>Failure to effectively communicate and engage with residents regarding the importance of recycling and composting resulting in poor buy in and reduction in recycling rates.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>The impact new developments places on putting in place a sufficient public transport infrastructure.</p> <p>Failure to fully deliver the Carbon Management Plan.</p> <p>Failure to increase recycling rates and reduce landfill waste to an acceptable level (zero waste by 2050). This risk has multiple potential environmental impacts including: i.e. climate change implications (waste currently contributes around 4.7% of direct greenhouse gas emissions in Wales) and pollution of the local environment (e.g. contamination of groundwater; soil contamination).</p>
<b>Reputation</b>	Yes	Failure comply with the legal duties and it associated targets would have a detrimental impact on resident's perception of Council ability to tackle climate change and would attract criticism from our external regulators and Welsh Government.

<b>ACTION UPDATE:</b>	<p>Consultation was undertaken on the Climate Challenge Plan as part of Project Zero. This included a survey, twitter polls and online discussion groups and scrutiny. The revised plan will be considered by Cabinet and Council in July. Project zero activity involves services across the Council and includes work on green infrastructure, food, transport etc. Engagement has been undertaken with schools and community groups to raise awareness about the issues and to continue the conversation on climate change which will shape our work e.g., in Wenvoe and with Barry Island Primary School. PSB partners have combined the Asset Management Group and Climate Change group and as part of the PSB Climate Emergency Charter will develop joint work including awareness raising. Partners recently met with Town and Community Council representatives to discuss joint work and a specific meeting on climate change will be arranged. New guidance on monitoring carbon across the public sector has been issued by Welsh Govt and officers from across the Council are working together to develop our approach to data collection and reporting.</p>

Risk Action Ref.	Action	Risk Categories				Demonstration of 5 Ways of Working					Officer	Completion Date	Status
		Political & Legl	Resources	Service & Well-being	Reputation	Integration	Collaboration	Involvement	Prevention	Long-Term			
	<p>390 planning applications have been determined, 365 of these applications were approved (93.6% of decisions). Out of the approved applications, 9 related to Listed Building Consents (LBCs). A further 42 Tree applications were also determined; 28 TCA's (Work to trees in a conservation area) and 14 TPO's (Work to trees covered by a Tree Preservation Order). No new Tree Preservation Order have been confirmed. 165 planning enforcement cases were resolved during the quarter.</p> <p>Out of the 365 approved planning applications the following decisions related to decisions within planning designations: 43 were approved in a Special Landscape Area (SLA) but it was considered that none of the proposed development would have a detrimental impact upon the SLAs by nature of their design and scale; 6 applications were approved in Green Wedges but neither approval impacted upon the openness of the green wedge or the other reasons for their designation; 17 applications were approved within the Glamorgan Heritage Coast. The majority of approvals within the Heritage Coast related to householder or minor developments, however, all approvals were considered to not detract from the character of the Heritage Coast, the remaining approvals related to discharge of conditions and variation of conditions applications which did not impact upon the Heritage Coast; No applications were approved in a SSSI; 5 applications were approved within a SINC, however, these related to a householder application, discharge of condition and a proposal for a new cycle track and car park. All applications were considered to not detract from the qualities of the SINC.</p> <p>During this Quarter, no applications have been received which increases the amount of open space within the Authority. It is also noted that no applications have resulted in the loss of open space during this Quarter either. The remaining applications were approved outside of designations important to protecting and enhancing the historic, built and natural environment of the Vale of Glamorgan. Additionally, the Council has previously adopted the following SPGs to ensure development proposals respect the built and natural environment: Residential and Householder Development SPG; Conversion and Renovation of Rural Buildings SPG; Public Art SPG and; Trees, Hedgerows, Woodlands and Development SPG. The Council also</p>

ESR/AS001 (AS/A008)	Contribute to the development of a new HR Strategy that reflects the new ways of working within Adult Services.									SC			
<b>ACTION UPDATE:</b>	Within Social Services continue to be provided from home, with the exception of weekly payments and some administrative tasks that are required to be completed in the office. The Financial FABAs continue to offer virtual meetings where appropriate and only visiting in person if no other option is available. New working arrangements across the Council have contributed to reducing travel and lessen our reliance on buildings.												

### 3. Risk Management Plan – Mitigating Actions

Risk Action Ref.	Action	Risk Categories				Demonstration of 5 Ways of Working					Officer	Completion Date	Status
		Political & Legl	Resources	Service & Well-being	Reputation	Integration	Collaboration	Involvement	Prevention	Long-Term			
	<p>Our teams have recently started to return to bases, we have become accustomed in supporting wellbeing whilst we have been away from the office environment and peers/colleagues via digital means - we now need to revise our plans and implement recovery and wellbeing plans for each team in recognition of individual and team differences that supports staff and managers to remain well, productive and in touch with colleagues and partners while working from both home and the office throughout the week in a blended manner. We have always worked closely with HR business partner and Trade Union colleagues regarding policies and processes to support our workforce, we will continue to work in this way to address the changing needs of our workforce.</p> <p>We are mindful of our individual and combined impact upon the climate, and our need to reduce our travel. We continue to ensure that we minimise our travel requirements and also our presence in accommodation. We have significantly reduced our use of printing and paper during the pandemic, and our presence in office accommodation - we will seek to embed this as we shape our reset and recovery of services.</p>												
ERS/AS002 (AS/A003)	Undertake a review of our assets to enable the service to respond to our changing accommodation requirements in order to meet future service needs.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	SC	March 2022	<b>GREEN (On Track)</b>
<b>ACTION UPDATE:</b>	<p>This quarter saw our social care teams enabled to return to office bases, adhering to social distancing measures and all WG guidelines reworking safely. This has now commenced a programme of blended working, which we will continue to monitor and assess. Our services work in an integrated way and we have continued to use the assets within the Vale locality portfolio flexibly, accommodating UHB staff in Council premises and vice versa where this is prudent to do so. This will continue to inform our accommodation needs moving forward. In addition, once the Service Development Manager is in post we hope to recommence the accommodation needs of our day services through working with our attendees to shape the model and consider the accommodation requirements to deliver the agreed service model.</p>												
ESR/SRS001 (SRS/A015)	Engage and respond to the Welsh Government White Paper on Clean Air (Wales) Bill and the consultation on	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	DH	March 2022	<b>GREEN (Completed)</b>

1 – Risk Overview	
<p data-bbox="86 293 368 322">1.1 Risk Description</p>	<p data-bbox="448 293 1428 488">The UK Government’s Welfare Reform has introduced the greatest change in the administration of welfare benefits for a generation. In addition to a significant change in the way in which the council will run the housing and council tax benefits service, the changes also affect Social Services and Housing Services and ultimately have an impact on the overall finances of the authority.</p> <p data-bbox="448 528 1428 689">The changes associated with Welfare Reform relate to the Housing Benefit scheme and the introduction of the Council Tax Reduction Scheme to replace Council Tax Benefit. The Welsh Government implemented the Discretionary Assistance Fund from April 2013 and the DWP started the roll out of the Personal Independence Payment in Wales from July 2013.</p> <p data-bbox="448 730 1428 925">Universal Credit which has replaced Housing Benefit, Job Seeker’s Allowance (Income Based), Employment and Support Allowance (Income Related), Income Support, Working Tax Credit and Child Tax Credit was initially introduced in the Vale of Glamorgan in February 2016. However, full implementation in the Vale of Glamorgan did not commence until October 2018.</p> <p data-bbox="448 965 1428 1227">Originally the key facet of this risk concentrated on how we would manage our response to the Welfare Reform changes in terms of their impact on our services. Initially these challenges focused on the impact these changes would have on our ways of working (systems/processes), our workforce and our finances. Since the administration/processing of the Universal Credit claims is now undertaken by the local Job Centre Plus and the ‘Universal Support’ aspect is now provided by the Citizens Advice Bureau the administrative pressures associated with this risk have now diminished.</p> <p data-bbox="448 1267 1428 1697">As a result, the nature of this risk has shifted more towards the detrimental financial and social impact these changes are having and likely to have on the Council and on our residents. This can be evidenced through the significant rise that has been seen in rent arrears amongst Universal Credit claimants. The ongoing risk this poses to the Council is one of a financial risk to our resources if rent arrears continue to rise and the increased demand it places on our housing and in particular homelessness services if preventative measures are not successful. Failure to get to grips with managing debt prevention and recovery could ultimately lead to an increase in possession and impact more widely no homelessness across the County. Therefore, the focus going forward is maximising opportunities to proactively support and engage tenants to effectively manage their budgets, prevent rent arrears and any potential homelessness.</p> <p data-bbox="448 1738 1428 2002">In relation to the private rented sector, there are a number of reasons why a tenant may lose their accommodation, one of which includes rent arrears. It is difficult to establish the true reason for the loss of private rented accommodation, as both tenants and landlords are often reluctant to share this information. As a result, the Housing Solutions Team will record the homelessness presentation as a generic loss of rented accommodation. However, with the roll out of Universal Credit, it is anticipated that rent arrears in the Public Rented Sector will rise. The impact of this is likely to be</p>

magnified, as private landlords are unlikely to tolerate rent arrears, and as a result offer less flexibility in terms of repayment options.

The Council uses the Private Rented Sector to discharge its statutory duties in preventing homelessness. There is a risk that private sector landlords may be reluctant to accept Universal Credit nominees due to rent arrear concerns. This in-turn puts further pressure on our homeless services and in particular our temporary accommodation options. A lack of temporary accommodation capacity may result in us having to utilise B&B option, increasing our numbers in homeless leasing schemes or utilising more of our permanent stock.

The advent of COVID-19 has seen a growth in the numbers of people claiming Universal Credit in all areas of the Vale of Glamorgan with around 8,842 claimants representing 6.6% of the population. The largest proportionate increase in individuals claiming Universal Credit has been seen in our most deprived areas as measured by the Wales Index for Multiple Deprivation. Although government measures have been put in place to protect private renters from eviction and many banks have offered some financial relief in the form of mortgage holidays, these arrangements are not indefinite. There is the danger that COVID-19 may further compound the issues around rent arrears and see an increasing number of private homeowners in mortgage payment arrears (who are now reliant on Universal Credit). These factors have the potential to further drive up the risk of a break down in tenancy/repossessions and homelessness. The challenge facing our housing services is how can we proactively work together to respond effectively to this crisis and support our citizens to maintain their homes/tenancies and prevent homelessness.

<b>1.2 Risk Owner</b>		<b>Head of Finance (CL)</b>				
<b>1.3 Impact on our contribution to the Wellbeing Goals</b>						
<b>A Globally Responsible Wales</b>	<b>A Prosperous Wales</b>	<b>A Resilient Wales</b>	<b>A Healthier Wales</b>	<b>A More Equal Wales</b>	<b>A Wales of Cohesive Communities</b>	<b>A Wales of Vibrant Culture and Thriving Welsh Language</b>
No	Yes	Yes	Yes	Yes	Yes	No

<b>1.4 Risk Categories</b>		
<b>Categories</b>	<b>Yes/No</b>	<b>Definition</b>
<b>Political &amp; Legislative</b>	Yes	Failure to ensure service continuity during the transitional period due to poor project planning resulting in political and legislative repercussions.
<b>Resources</b>	Yes	Failure to mobilise our resources effectively and work collaboratively across Council departments and our partners in order to implement welfare reform in a seamless manner.  Changes in welfare reform are likely to impact on the resourcing and workforce needs/requirements for delivery of the programme.

1.4 Risk Categories		
Categories	Yes/No	Definition
<b>Service Delivery and Wellbeing</b>	Yes	<p>Failure to safeguard principles of social inclusion as a result of welfare reform.</p> <p>Welfare reform could have a detrimental impact on service user's finances and affect their ability to sustain tenancies and pay bills.</p> <p>Social impact of welfare reform could impact on tenant's health, their ability to heat their homes, live in good quality housing and feed themselves.</p> <p>Poor communication of the welfare reform changes to clients could result in them getting into debt.</p> <p>Increased number of citizens unemployed due to COVID crisis pushes more people into debt and poverty. Any detrimental impact to their finances could impact on their ability to pay their mortgages/ sustain tenancies, pay bills and afford food. This in turn puts our benefits and housing and homelessness services under increased pressure to source solutions that will enable them to continue to live in their homes, prevent homelessness and access food.</p>
<b>Reputation</b>	Yes	<p>Poor implementation of welfare reform measures having an adverse impact on equalities commitments and our reputation as a Council.</p> <p>Failure to effectively communicate and manage delivery of welfare reform changes could damage the client's relationship and trust of the Council and ultimately its reputation.</p>

	housebuilding programme, Supporting People Scheme 21 <sup>st</sup> Century Schools and training opportunities.												
<b>ACTION UPDATE:</b>	Community benefit clauses are included in large building contracts and are used to create apprenticeships, training and volunteering opportunities for local people. Of particular note were the two recent new build Council housing estates at Brecon Court and Holm View, Barry. This approach continues to evolve and develop and will be adopted for future schemes.												
WRR/HSO 06 (HS/A010)	Implement the Community Investment Strategy to improve our tenants' quality of life and wellbeing through the development of a single gateway for employability advice and support expansion of Timebanking and review social value clauses.	✓	✓	✓	✓	✓	✓	✓	✓	✓	MI	March 2022	<b>GREEN (On Track)</b>
<b>ACTION UPDATE:</b>	Following a pause in face to face contact for community investment projects, it has been possible to restart several initiatives, including the employability training sessions and digital engagement. The new Digital Engagement and Volunteering Officer is now in post and is developing an action plan to expand volunteering initiatives and address inequality. Two related projects have been developed in conjunction with GVS and also Benthg Cymru, which is a social enterprise supporting people to recycling, reuse and loan items.												

Return to Risk Summary Report

<b>1 – Risk Overview</b>	
<b>1.1 Risk Description</b>	<p>Public Buildings Compliance relates to our responsibilities and duties as a public organisation for ensuring that all our assets are satisfactorily compliant with all current legislative building requirements. The primary risk associated with public buildings compliance is that we fail to comply with our statutory responsibilities for ensuring the health, safety and welfare of both staff and the public when using our premises.</p> <p>The Health and Safety at Work Act 1974 places specific duties on managers in the control of buildings to ensure; employees, building users and other members of the general public do not come into harm whilst using the building. Over the years, this act has been supplemented by a number of supporting regulations to ensure the safe management of, electricity, gas, asbestos, legionella, fire, lifts, etc. These duties cannot be discharged to third parties and it is the premises manager/duty-holder that is ultimately responsible for managing the risks and discharging the requirements of all the regulations associated with the building.</p> <p>Whilst the legal duty to manage a building's compliance does not in all cases sit directly with the Council's Client Teams, for example: for Schools where the duty holder would be the Head teacher, the Council has a vicarious responsibility to ensure the protection of all users of its corporate buildings. There will also be cases whereas a Council we externally commission services to be delivered by a Third Party. Although we are not the responsible Premises Manager/Owner of these sites, we do hold a reputational stake in ensuring that our reputation is protected. Therefore, we need to assure that there are suitable processes and procedures in place to both establish the extent of the risks that the Council is exposed to and how those risks are being effectively managed. Equally issues around leasehold and service agreements also need to be considered in terms of any potential risk implications this has the Council where we have a vested interest in the building where services are being operated from. E.g. Community Libraries.</p> <p>During September 2017 a report was tabled at the Council's Corporate Management Team and it was agreed a major review would be undertaken of the Council's current management of compliance arrangements, led by the Director of Environment and Housing.</p> <p>The arrangements for the management of compliance and specifically the 'compliance data' for the Council's Corporate Building Stock has significantly improved and work continues to control identified gaps in compliance. Data on compliance of our corporate buildings was not previously held centrally, and this has been a matter of concern raised by the Wales Audit Office in a recent review and was subsequently identified as a proposal for improvement in the Council's Corporate Assessment. In response to these concerns it was agreed to manage corporate compliance through a central team.</p>
<b>1.2 Risk Owner</b>	<b>Director of Environment and Housing (MP)</b>

Yes	No	Yes	Yes	No	No	No

1.3 Risk Categories		
Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	Political and legislative repercussions of failing to ensure the Council owned corporate buildings are not compliant with current duties/requirements as part of the Health and Safety at Work Act 1974.
<b>Resources</b>	Yes	<p>Limited availability of accurate and up to date compliance data in relation to both Council-owned assets and Third-Party provision results in the Council not being able to meet its building compliance obligations.</p> <p>Budgetary pressures impacting on the availability of asset renewal funding will impact on how the Council prioritises and meets its building compliance obligations.</p> <p>Failure to adopt a strategic approach to the management of building compliance in relation to our existing Council-owned assets.</p> <p>Insufficient resources available to effectively, monitor, prioritise and project manage completion of building compliance work.</p>
<b>Service Delivery and Wellbeing</b>	Yes	<p>Failure to fully deliver our building compliance responsibilities. This is pertinent in the context of COVID-19 when contact and access to buildings has been problematic which in turn has made the monitoring compliance more difficult.</p> <p>Failure to put in place adequate quality assurance mechanisms to assure the Council the Third-Party providers and Schools are effectively managing any building compliance issues and associated risks. This is relevant in the context of COVID-19, as contact with sites has become more difficult due to school closures.</p> <p>Failure to safeguard the wellbeing of our service users/residents/pupils in Council-owned assets and other associated public buildings as a result of an incident arising from non-compliance.</p> <p>Inability to sustain service delivery/business continuity from premises as a result of an incident associated with non-compliance.</p>
<b>Reputation</b>	Yes	Erosion of public confidence and trust in the Council as a result of a compliance failure which would damage its reputation and attract negative criticism from Welsh Government our regulators.

1.3 Risk Categories		
Categories	Yes/No	Definition
		Reputational risk of failing to address/monitor compliance in any buildings where the Council has a vested interest/stake in the premises and/or the services that are being delivered.

1 – Risk Overview	
1.1 Risk Description	<p>The Council has produced a Corporate Safeguarding policy including the Safer Recruitment Policy, the Staff Supervision Policy and the Referral of Safeguarding Concerns procedure. These policies and procedures are in place to ensure the Council meets its safeguarding responsibilities in relation to the protection of children, young people and adults at risk by ensuring that recruiting managers comply with pre-employment DBS and reference checks and once in post, employees are supervised in terms of their practice with people considered to be ‘at risk’. The Council will also have a responsibility to comply with the Wales Safeguarding procedures when they are launched in November 2019.</p> <p>The Provider Performance Protocol provides a framework for escalating concerns about safeguarding issues and the impact on vulnerable people arising within care homes and other relevant commissioned services.</p> <p>Should these procedures not be followed there could a risk of injury or harm to individuals. Injury or harm could also lead to financial loss to the council in terms of compensation claims and reputational damage to the council, leading to a loss of public confidence in key services. The likelihood of this risk occurring increases if policies and procedures are not frequently reviewed and updated, or if compliance with these policies is not fully implemented across the council. Therefore, the overarching risk is that corporate safeguarding procedures may not be sufficient, followed, or are ineffective.</p> <p>Of huge concern is the impact that the pandemic will have on children and young people at risk of abuse and or child sexual exploitation. During the pandemic, children may be at a higher risk as traditional face to face contacts with statutory services such as teachers, health care professionals, which help mitigate and respond to any emerging risks have been reduced. Although, services have adapted their processes to operate digitally, it does not replace the benefit of regular face to face contact when it comes to safeguarding matters. The pandemic has heightened our awareness of the ‘Duty to Report’ and we have undertaken a Facebook campaign to enhance the public’s awareness of Social Services and the ‘101 telephone number’ to report any concerns about the safety/welfare of children, young people and adults. The concern is that the impact of COVID-19 and the associated restrictions will contribute to a surge in demand for our children and young people services.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>Insufficient operational staff capacity to ensure timely assessments and risk management plans are completed.</p> <p>Increase in numbers and complexity of care proceedings in the context of reduced court timescales impacting on court costs, Social Worker caseloads and ensuring that other cases receive the attention they require.</p> <p>Availability of other partners to support the preventative services agenda.</p> <p>Ability to fully operate preventative/early family help services e.g. Families First/Flying Start services may be undermined by impact of COVID-19 and the strain this puts on our resources. This in turn could detrimentally impact on our opportunities to engage with children and their families at an early stage.</p> <p>Failure to effectively support and safeguard the most vulnerable in society who have been advised to isolate within their own homes for 12 weeks as per government guidance. Poorly coordinated support networks could result in our most vulnerable citizens unable to access essential supplies and medicines if they have little or no social networks they can rely on.</p>
<b><i>Service Delivery and Wellbeing</i></b>	Yes	<p>Care homes may be embargoed or closed down due to concerns which have not been resolved through the Provider Performance process, resulting in disruption to the living arrangements of adults.</p> <p>Domiciliary care providers are unable to provide a high-quality standard of service to our residents.</p> <p>Failure to put in place appropriate safeguards and follow the Wales Safeguarding Procedures for children, young people and adults at risk resulting in potential harm/injury.</p> <p>Increased incidences of family abuse, neglect and domestic violence, places increased pressure on our safeguarding services. This combined with the social distancing measures challenges how we operate our services and safeguard children, young people, and adults at risk.</p>
<b><i>Reputation</i></b>	Yes	<p>The erosion of public confidence and trust in the Council as a result of a safeguarding incident would damage the reputation of the Council and attract negative criticism from our regulators.</p>

Return to Risk Summary Report

<b>1 – Risk Overview</b>	
<b>1.1 Risk Description</b>	<p>Adult Services are becoming increasingly integrated with health services in order to provide service users and patients with seamless care arrangements. There is also an emphasis as part of the Social Services Wellbeing Act to focus on looking at integrated ways of working through collaboration. The recommendations arising from the recent Parliamentary Review of Health and Social Care has further cemented the need for further developing our approach to integrating health and social care services. The Parliamentary review identified that the focus needs to be on ‘empowering individuals to take decisions, tailoring care to the individual’s expressed needs, whilst being more proactive and preventative. The review also emphasised the need for care provision to be ‘seamless’, of high quality and as close to home as possible.</p> <p>Existing HR and IT arrangements may need to be reviewed as organisations work more closely together. The extent and success of the integrated arrangements remain dependent upon partner organisations. The Vale of Glamorgan works predominantly with one health board (C&amp;V UHB) but many service users from the Western Vale receive hospital services outside of the county provided by Cwm Taf Morgannwg. Integration with C&amp;V UHB will be influenced by the extent to which integration is also achieved with Cardiff social care services. The focus continues to be on accessing funding such as Integrated Care Fund and Transformation Fund in order to further expand and develop our integrated service models.</p> <p>Although, significant strides have been made by the Vale of Glamorgan in relation to integrated health and social care services, there continue to be risks and challenges associated with its delivery. For example, developing a more integrated approach to service provision is likely to propose further challenges with technology, information sharing, staffing structures and governance re policies and financial management. Financial scrutiny will be required to ensure that any risks associated with mandated pooled funding are properly considered. There are also risks associated with the overall sustainability of these new ways of working, given that a significant amount of investment in new ways of working is via Grant funding and therefore short term and finite.</p> <p>These challenges and associated risks have been compounded by the COVID-19 pandemic, but also provided some opportunities where change has been accelerated. Despite our progressive approach of working with our partners, collaboration in relation to developing alternative models of service delivery is likely to remain an ongoing challenge especially in light of COVID-19 as partner organisations seek to put in place their recovery strategies from the Pandemic. Equally, managing customer expectations for accessing health and social care at a time when there continues to be demand for our services will continue to be an ongoing challenge as we manoeuvre our way through the COVID-19 crisis and seek to change how we deliver services in the future.</p>
<b>1.2 Risk Owner</b>	<b>Head of Adult Services (SC)</b>
<b>1.3 Impact on our contribution to the Wellbeing Goals</b>	

A Globally Responsible Wales	A Prosperous Wales	A Resilient Wales	A Healthier Wales	A More Equal Wales	A Wales of Cohesive Communities	A Wales of Vibrant Culture and Thriving Welsh Language
No	No	No	Yes	Yes	Yes	No

1.4 Risk Categories		
Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	<p>Inability and capacity of key partners to work effectively together to deliver integrated health and social care services across the region. This is particularly pertinent in the context of COVID, as our resources and the resources of our health partners have been reprioritised and redirected to address pressures related to COVID.</p> <p>Failure to put in place effective governance structures to ensure accountability and transparency in decision making which could have a detrimental impact on the ability to integrate health and social care services.</p>
<b>Resources</b>	Yes	<p>Failure to effectively project plan, manage and communicate changes to models of service delivery resulting in delays and/or compromising the quality and delivery of integrated health and social care services.</p> <p>Inability of staff to work effectively across organisational boundaries to deliver the integrated health and social care programme, as a result of capacity of key team members whilst managing operational issues, and lack of experience in managing projects. Collaboration by partners could become increasingly more challenging in light of COVID-19, as we along with our partner organisation seek to focus our resources on our recovery from the pandemic, if we work in silos this may compromise identification of opportunities to deliver services differently and not effectively use resources in a collaborative way. In addition, differences in ability to work in a more agile manner causes issues as health staff remain in buildings whereas Council staff are effectively able to work from home. This furthers the potential for silo working and undermines the partnership/integration if the access to effective IT/digital solutions is not equitable.</p> <p>Failure of partners to implement the statutorily required integrated IT information system that is accessible to staff across the health and social care organisational boundaries.</p> <p>Failure to agree further pooled funding of integrated health and care services in line with legal frameworks and potential for ineffective scrutiny.</p> <p>Ineffective scrutiny of the utilisation and expenditure of properly pooled budgets.</p> <p>The volatility of grant funding streams impacts on our ability to develop, commission and sustain integrated health and social</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>care services into the longer term due to the short-term and time-limited nature of funding e.g. ICF and Transformation funding. This volatility will be further compounded in the advent of COVID, as it became necessary to redeploy staff to support COVID related work and the Welsh Government redirected earmarked transformation monies into COVID-specific recovery efforts. In addition, some existing grant funded posts were redirected to support critical functions to respond to the pandemic, which has impacted on some progress made by ICF and Transformation projects. ICF and Transformation monies have been extended until March 2022 and hence we endeavour to make meaningful progression in this financial year to benefit from this additional investment. The latter part of quarter 1 has seen redeployed staff starting to return to projects and services to enable some progression to resume on projects.</p> <p>Capacity to deliver fully integrated service models with existing assets and infrastructure and in line with the University Health Board's 'Shaping our Future Well-being' agenda that will see the development of Well-being Hubs/Health Centres. This is applicable in the context of COVID, when our resources and those of our health partners have been diverted to the frontline. This could potentially impact on our capacity to progress transformation projects including service developments such as implementing the 'Shaping our Future Well-being' Agenda particularly in relation to timelines.</p>
<b>Service Delivery and Wellbeing</b>	Yes	<p>Failure to maintain business continuity and strengthen service resilience as a result of changes made to service delivery models during the transitional period.</p> <p>Risk that developing and implementing new models of service delivery could have a detrimental impact on any group with protected characteristics.</p> <p>Failure to put in place appropriate information sharing protocols to support delivery of integrated health and social care services.</p> <p>Disproportionate funding split in relation to partners spending/commissioning of care arrangements impacting on the ability to deliver integrated health and social care services that meet the diverse needs of the community.</p> <p>Poor communication with staff and service users regarding changes to how services will be delivered could impact on the quality and consistency of service delivery and on the awareness/take up of services.</p> <p>Failure to adequately resource the Customer Contact Centre for dealing with health and social care queries impacting on access to services and waiting times.</p>
<b>Reputation</b>	Yes	<p>Failure to manage expectations of service delivery as part of the new delivery models impacting on the Council's reputation.</p>

IHSR/AS001 (AS/A011)	Recommence engagement plan in relation to 'Wellbeing Matters' project and develop implementation plan dependent on outcomes.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	SC	March 2022	<b>GREEN (On Track)</b>
<b>ACTION UPDATE:</b>	The 'wellbeing matters' project has been reinstated and incorporates the work under the previous GP Triage pilot project. There has also been alignment with the @home locality based workstreams under the Access element, which is being progressed. In addition, we continue to develop the former SPOA which is being relaunched and expanded under Wellbeing Matters Service, but there are risks given that a significant proportion of the funding for this core service is short term grant funding within ICF and Transformation Schemes. The team have been working to understand the HR and financial implications if funding ceases and also the service risks if this project was to cease as a consequence of no replacement funding past the current financial year.												
IHSR/AS002 (AS/A013)	Evidence the effectiveness of projects delivered through the provision of short term grant funding - Integrated Care Fund (ICF) and Transformation funding and determine future options for sustainability of funding for those deemed effective, and identify the risks associated with ceasing these projects.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	SC	March 2022	<b>GREEN (On Track)</b>

### 3. Risk Management Plan – Mitigating Actions

		Political & Legl	Resources	Service & Well-being	Reputation	Integration	Collaboration	Involvement	Prevention	Long-Term			
<b>ACTION UPDATE:</b>	<p>There are many projects that are funded through ICF and Transformation funding - due to cease March 2022. (Reference to AS/A010 and AS/A011) In addition, we have other sources of temporary funding including recovery monies and winter planning. The Older Person's Projects - Residential reablement, Discharge to Assess (D2RA), VCRS enhanced capacity and bridging, Get me Home Plus (GMH+), Single Point of Access (SPoA) and GP triage, now Wellbeing matters service and the projects under the @home locality model - including Vale Alliance, Access, Intermediate care and accelerated clusters, have all been explored for exit strategies to understand the financial, HR and service risks. The LD Revenue Projects have also conducted the same exercise. The ICF Capital programmes - Castle Avenue Smart Transition house funded through ICF capital monies is a joint partnership between LA/Health and Innovate Trust, is now complete. People with an LD will be moving in throughout August to develop their digital and independent living skills for up to two years before moving on into longer-term accommodation. Complex Needs LD Day Service have two young people transitioning from Ysgol Y Deri into the service in July 2021. The money spent from ICF on digital/sensory and manual handling equipment and the revenue funded post has enabled families and individuals to see there is a positive in county offer for them, rather than out of county residential colleges. Development and growth of this service will need to be planned for over the next 2-3 years. ICF capital money secured this quarter for 21/22 Smart bungalow for two people with profound disability with attached self-contained studio flat for a person with LD to develop independent living skills. This will be completed by March 2022. Risk registers have been completed for all LD ICF funded projects and these will be reviewed in Quarter 3.</p>												
IHSR/AS003 (AS/A010)	Progress the work of the Alliance Model through the extension of Transformation funding by 12 months.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	SC	March 2022	<b>GREEN (On Track)</b>
<b>ACTION UPDATE:</b>	<p>Significant progress has been made in scoping the Alliance projects during Qtr 1 under the overarching @Home locality-based model of the Transformation funding. Close alignment of the various funding streams, project resources and work programmes for each of the key pillars that underpin the @home programme have been determined. A meeting is planned for July for the organisational leads to meet to seek their permission to pursue the Alliance model with its own governance and partnership agreement to be drafted for consideration late Qtr 2.</p>

Risk Action Ref.	Action	Risk Categories				Demonstration of 5 Ways of Working					Officer	Completion Date	Status
		Political & Legl	Resources	Service & Well-being	Reputation	Integration	Collaboration	Involvement	Prevention	Long-Term			
IHSR/AS004 (AS/A014)	Develop new models of joint working with the Health Board with a particular focus on sustainable integrated services.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	SC	March 2022	GREEN (On Track)
<b>ACTION UPDATE:</b>	Many of our services are integrated and the @home locality programme means that we will be encouraged and supported to do this further. There are no current plans to integrate teams at this time, we continue to integrate our services where it is appropriate to do so and beneficial to the citizen. For example, during the pandemic we operated a joint team across our integrated Discharge Service (hospital social work) and our VCRS teams - this enabled better patient flow upon discharge and improved resilience for the team. The anticipated progression that will be brought about as we develop the Vale Alliance will further cement our integrated services and plans and this is the area we will be focusing on in this financial year.												
IHSR/AS005 (AS/A012)	Implement actions arising from Vale Community Resource Service review.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	SC	March 2022	RED (Slipped)
<b>ACTION UPDATE:</b>	This has paused in the first quarter whilst we concentrated on a move of the team back to base at Barry Hospital. In addition, we have seen a dramatic increase in the number of care and support hours delivered in the first quarter, despite staffing shortages. We are about to put an advert out for a Business Improvement Manager position to give additional capacity to the leadership team to assist with maintaining momentum on this review.												
IHSR/AS006 (AS/A015)	Create a sustainable and integrated model for single point of access to Well-being Matters services (via the Contact Centre).	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	SC	March 2022	GREEN (On Track)

Return to Risk Summary Report

1 – Risk Overview	
1.1 Risk Description	<p><b>Deprivation of Liberty Safeguards</b></p> <p>The Deprivation of Liberty Safeguards (DoLS) (2009) introduced a legal mechanism to protect people who do not have the mental capacity to consent to their care and support in registered care homes and hospital wards. Specifically, the DoLS safeguards aim to prevent breaches of Article 5 of European Convention of Human Rights – <i>The Right to Liberty and Security</i>. They acknowledge that care and support arrangements sometimes are required to deprive a person of their liberty to ensure the person’s best interests and safety, but that any deprivation of liberty must be in accordance with a prescribed legal procedure (Art 5(1)) and shall entitle the deprived person to take legal proceedings to determine lawfulness of the deprivation ((Art 5 (4)).</p> <p>The Safeguards place a duty on the local authority to perform to a prescribed legal procedure when informed by a Care Home (described as Managing Authorities under the Safeguards) that a resident may be being deprived of their liberty in the care home. The local authority (known in the Safeguards as the Supervisory Body) has 7 days for Urgent Authorisation requests and 21 days for Standard Authorisation requests to coordinate a suite of 8 assessments to determine if the care arrangement is in the persons best interest and to legally ‘Authorise’ the deprivation of liberty. In March 2014, the Supreme Court (P v Cheshire West and Chester Council and P &amp; Q v Surrey County Council) made a ruling, effectively setting a new and much lower threshold for determining a deprivation of liberty which has led to a substantial increase in the number of requests for DoLS Authorisations. In the Vale of Glamorgan, this has meant an increase from 6 requests in 2013/14 to an average of over 500 in each of the last three years.</p> <p>Adult Services have invested into the DoLS team to go some way to meet this increased demand, but the team is not able to coordinate DoLS assessments and Authorisation within the statutory timescales which places the local authority at risk of legal challenge in the Court of Protection.</p> <p><b>Deprivation of Liberty in ‘Domestic Settings’</b></p> <p>The Cheshire West Supreme Court ruling in March 2014 made it clear that the local authority must seek Authorisation from the Court of Protection whenever it knows or ought to know that a person who does not have mental capacity to consent is living with care and support that deprives them of their liberty within their own home. It is difficult to be certain but current estimates would indicate that between 50 and 100 people living in the Vale of Glamorgan potentially fall into this category which includes people with learning disabilities or mental health problems and older people with mental health problems.</p> <p>Without Court of Protection Authorisation, the local authority is at risk of legal challenge for care and support that potentially breaches a person Article 5 right to liberty and security.</p> <p>Adhering to the Deprivation of Liberty (DoLS) continues to place significant pressure on Social Services in terms of officer workload/capacity and</p>

	budgets. This has continued to be an ongoing risk that has been further compounded by the COVID-19 pandemic. Unlike other areas within Social Services, there a greater likelihood of us defaulting on our statutory responsibilities in relation to DoLs. This has continued to be a concern during the Pandemic as health and social care resources needed to be reprioritised and redirected to the frontline to deal with COVID-related issues.

<b>1.4 Risk Categories</b>		
<b>Categories</b>	<b>Yes/No</b>	<b>Definition</b>
<b><i>Political &amp; Legislative</i></b>	Yes	<p>Risk of legal challenge as a result of a failure to adhere to the Deprivation of Liberty Safeguards for relevant care home residents or for those living in their own homes (where authorisation from the Court of Protection has not been sought) and for young people lacking capacity.</p> <p>Political repercussions as a consequence of failing to adhere to the Deprivation of Liberty Safeguards.</p>
<b><i>Resources</i></b>	Yes	<p>Inability and capacity of key partners to effectively work together to safeguard adults who are at risk of deprivation of liberty. This is particularly pertinent in the context of COVID-19, when the much of our workforce and resources as well as those of our health colleagues have been reprioritised and redirected to address COVID issues.</p> <p>Financial repercussions as a result of court proceedings where there has been a failure to safeguard clients and there has been an unauthorised deprivation of liberty.</p> <p>Lack of suitably qualified staff to undertake best interest assessments within designated timescales.</p> <p>Increased demand for best interest assessments as a result of changes in law impacting on staff capacity and putting pressure on budget thresholds.</p>
<b><i>Service Delivery and Wellbeing</i></b>	Yes	<p>Failure to undertake assessments resulting in unauthorised deprivation of liberty that could have detrimental impact on the health and wellbeing of the individual. This is applicable in the</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>context of COVID-19, where there are challenges associated with assessing a person's capacity when conducted remotely by telephone or video link rather than face to face.</p> <p>The Council is unable to meet statutory responsibilities for responding effectively to situations where people are at risk of neglect or abuse.</p> <p>Implications arising from the Court of Protection associated with Deprivation of Liberty of people living in domestic settings.</p> <p>Failure to appropriately identify individuals living in domestic settings where authorisation from the Court of Protection should be sought. There is the concern that COVID-19 further compounds this risk, as inability to identify individuals in domestic settings is applicable in the context</p> <p>Excessive waiting times for an assessment impacting on unlawful deprivation of liberty. This is particularly applicable in the context of COVID-19, as our resources and the resources of our health colleagues were diverted to the frontline to address COVID issues which could impact on timeliness of assessments.</p>
<b>Reputation</b>	Yes	A failure to adhere to the Deprivation of Liberty Safeguards for relevant people living in a care home or to seek authorisation from the Court of Protection for relevant people living in their own homes is unlawful and unequal. This would have a detrimental impact on reputation of the Council and would draw criticism by our regulators.

<b>ACTION UPDATE:</b>	Plan in place to work this through, whilst we also plan for the change in legislation to LPS from DoLS. Continue to hold significant risk, especially in LD and Older Persons. Ongoing staff shortages in LD services which will compound progress.												

Return to Risk Summary Report

1 – Risk Overview	
1.1 Risk Description	<p>The Social Services &amp; Wellbeing (Wales) Act 2014 has integration of health and social care at its core. The effective sharing of information is a fundamental foundation of integrated working and should be applied on a “once for Wales” basis. Welsh Government has significantly invested in the capital programme to support the development and implementation of an integrated information system across health and social care services. This system is known as Welsh Community Care Information System (WCCIS) and is the replacement to the social care information system known as SWIFT.</p> <p>The new system will provide an integrated electronic record system for social care, primary and community health services, mental health services across both adult and children and young people services. This will be a national system intended to be used across all Welsh local authorities and Health Boards. It is essential that we implement a fully integrated electronic record system to ensure information is shared appropriately and that residents of the Cardiff and Vale are safeguarded.</p> <p>The WCCIS procurement process ended in 2015. All 22 local authorities and health boards are enabled to procure WCCIS, as a replacement for their existing information system.</p> <p>The Cardiff and Vale region have agreed in principle to collectively contract with WCCIS to enable integrated working to become a reality. However, to date Vale of Glamorgan Council is the only partner to have signed a deployment order with the supplier, Careworks. Cardiff and Vale UHB and Cardiff Council have completed their determination processes and will not be adopting WCCIS as their management information system.</p> <p>Initially there were some delays with the implementation of the system, which have since been addressed. And although WCCIS went live during November 2017, there were a series of obstacles to overcome in order to ensure full transition to the new system so that all aspects of the system are fully utilised and embedded. The risk previously was in relation to the inability to interface with the legacy system (SWIFT), and to fully embed and utilise the system to its full potential in integrated health and social care, which has since been resolved. There were previously issues problems associated with performance reporting, but this has since been resolved as a significant amount of data cleansing work has been undertaken to verify the accuracy of the data. We have also upskilled our staff to create and design data and dashboard style reporting. The emphasis of the risk has now shifted onto a more regional focus where the risk is the ‘Inability to safeguard our citizens across Cardiff and the Vale as result of not implementing an integrated case recording system over a regional foot print which will impact on our ability to share information effectively across organisational boundaries’.</p> <p>The next phase of development will focus on exploring the financial functionality of WCCIS to ensure all our social care charging and invoicing is one place, but this requires further work and additional consultancy costs to</p>

	explore and implement. The arrival of COVID-19 will to of some extent delayed progress in developing the new financial module and the system's functionality. But once the Council's emphasis shifts towards recovery, we will have capacity to resume and progress its development.					
<b>1.2 Risk Owner</b>	<b>Head of Resource Management and Safeguarding (AP)</b>					
<b>1.3 Alignment with Well-being Goals</b>						
<b>A Globally Responsible Wales</b>	<b>A Prosperous Wales</b>	<b>A Resilient Wales</b>	<b>A Healthier Wales</b>	<b>A More Equal Wales</b>	<b>A Wales of Cohesive Communities</b>	<b>A Wales of Vibrant Culture and Thriving Welsh Language</b>
No	No	Yes	Yes	Yes	Yes	No

<b>1.3 Risk Categories</b>		
<b>Categories</b>	<b>Yes/No</b>	<b>Definition</b>
<b><i>Political &amp; Legislative</i></b>	Yes	<p>Political and legislative repercussions of failing to fully implement WCCIS across the Directorate fully within required timescales. Delays in developing key aspects of the system as a consequence of COVID-19 are likely to add to the likelihood of this aspect of risk.</p> <p>Failure to put effective information security safeguards in place resulting in personal/sensitive and confidential information being leaked/revealed in the public domain could cause political instability and loss of credibility.</p> <p>Failure of other regional partners to implement the system, thus not maximising the benefits of the systems particularly in relation to integrated teams.</p>
<b><i>Resources</i></b>	Yes	<p>Failure to fully maximise and mobilise our existing resources to ensure full implementation/development of WCCIS across the Directorate. Delays in developing key aspects of the system as a consequence of COVID-19 are likely to add to the likelihood of this aspect of risk.</p> <p>Increased risk of data protection breaches following transition to new WCCIS system due to the large volume of users and the financial impact of these breaches.</p> <p>Limited skill resilience to extract and report relevant data from the system.</p>
<b><i>Service Delivery and Wellbeing</i></b>	Yes	<p>Failure to fully develop WCCIS and its potential could impact the ability of service users to access services readily. Delays in developing key aspects of the system as a consequence of COVID-19 are likely to add to the likelihood of this aspect of risk.</p>

1.3 Risk Categories		
Categories	Yes/No	Definition
		<p>Loss of data could impact of the delivery of key services as well as the impact this has on service users.</p> <p>Failure to safeguard our citizens across Cardiff and the Vale as result of not implementing an integrated case recording system over a regional footprint which will impact on our ability to share information effectively across organisational boundaries.</p>
<b>Reputation</b>	Yes	Reputational impact arising from findings from Adult Practice and Child Practice Reviews as a result of failing to record/share information effectively using WCCIS. This could result in a loss of confidence and trust in our ability to safeguard our citizens resulting in negative publicity. And ultimately have a detrimental impact on our credibility and leaves us open to potential criticism from our external regulator CIW, the Welsh Government and the Ombudsman.

Appendix 14 Corporate Risk 14: Brexit

Return to Risk Summary Report

1 – Risk Overview	
<p>1.1 Risk Description</p>	<p>This risk focuses on how we respond to uncertainty and emerging issues surrounding Brexit that has the potential to impact on how we deliver services to our citizens. There is a risk that we fail to effectively identify and respond to the changing policy and legislative landscape as a result of the 'Brexit' process. This could also impact significantly on our ability to deliver our Well-being Outcomes and strategic objectives of our Corporate Plan. By developing a better understanding of the potential pressures Brexit places on specific services this will enable us to better prepare and respond to the changing climate and minimise disruption to service delivery.</p> <p>The uncertainty and implications associated with Brexit have been the subject of much discussion across the Council. The Council has maintained a watching brief as the process has continued and this has been documented to date as part of the legislative Change risk on the Register. However, at Audit Committee in February 2019 a suggestion was made that Brexit should now be identified as a risk in its own right on the Register.</p> <p>CMT have adopted a proportionate approach for planning for Brexit and service areas have undertaken an impact assessment in the context of overall business continuity planning.</p> <p>The WLGA have provided grant funding to all Local Authorities to support the preparatory work associated with Brexit. The Local Resilience Forum have also committed resources to support coordination and communications across the region.</p> <p>A response was submitted to the Wales Audit Office in terms of our readiness work, which included a series of discussions at Insight to formulate an Impact Assessment and a presentation to CMT/Cabinet by the WLGA. It is this preparatory work that has helped to inform how we define and understand this risk. As a result of this impact assessment work, an Action Plan has been developed to mitigate against the potential risks associated with Brexit (and in particular a no-deal scenario). Progress against this action plan is monitored by the Strategic Leadership Team (SLT) and feeds into regional reporting we provide to the WLGA as part of EU Preparedness Advisory Panel.</p> <p>Grant Thornton have been commissioned by the WLGA to explore the impact of Brexit on trade in Wales. The findings from this work will be published during the quarter 3 period. The findings from this work along with the current Brexit position will be used to inform a risk analysis and a refresh of the Brexit Action Plan (aligned to the Risk Management Plan attached to this risk).</p> <p>We recognise that residents and businesses will look to us a community leader for advice, support and assistance whilst the negotiations remain ongoing. Therefore, since the referendum, our focus has been on ensuring that we participate in opportunities to feed into discussions at both the national and local level regarding the potential impact of Brexit on Council services. For example, the Council is represented by the Director of Environment and Housing Services on the Local Resilience Forum, a regional emergency</p>

	<p>planning group Brexit remains a regular agenda item at both SLT and Insight Board which prompts our wider mitigating activity as an authority.</p> <p>The Pandemic struck at a time when the UK was still negotiating with the European Union a Brexit trade deal. These talks stalled whilst the UK and the rest of Europe, shifted their attention towards tackling the Pandemic. Although talks between the UK and EU have now resumed it is still uncertain as to whether a trade deal will be secured in time before the end of the transition period (December 2020). There is a risk that whilst our attention and resources are drawn to immediately address the priorities arising from the pandemic, compromises our capacity to prepare and adapt to the uncertainty associated with Brexit and any future policy and legislative changes that arise as a result of either deal or no trade deal.</p>

Yes	Yes	Yes	Yes	Yes	Yes	Yes

1.4 Risk Categories		
Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	<p>Significant political uncertainty associated with Brexit and the impact this has on our ability to forward plan.</p> <p>Failure to comply with any legislative changes arising from the UK leaving the EU and impact this has at the local level. This risk is of particular relevance at a time when the Council is beginning its work to recover from the pandemic.</p> <p>Failure to fully embrace and participate in discussions/collaborative opportunities associated with Brexit could be detrimental to the profile and status of the Council.</p> <p>Failure to represent the Council's position in relation to the policy developments/changes associated with Brexit, which could impact on our ability to maximise opportunities for future investment and to deliver our strategic objectives outlined in the Corporate Plan.</p> <p>Failure to effectively lobby for and secure access to funding previously sourced from the EU programmes post-Brexit (including any successor programmes).</p> <p>Changes to consumer protection requirements across the EU affecting residents and local businesses.</p> <p>Potential changes to the regulatory procurement regime/framework that we operate by could have a negative</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		impact on how we tender for and access products/services from EU markets.
<b>Resources</b>	Yes	<p>Financial impact of leaving the European Union on the Council's European funded projects/initiatives (regeneration). Leaving the EU could impact our ability to secure funding to further progress the development/investment in regeneration projects e.g. Creative Rural Communities.</p> <p>Uncertainty post-Brexit impacts on our ability to attract private sector investment to improve our connectivity (transport/infrastructure and technology), skills investment, innovation, regeneration, housing investment and energy related projects) and in particular projects/programmes associated with the City Deal. A potential longer-term downturn in the economy as a result of coronavirus, has the potential to further exacerbate this risk and affect our ability to attract inward investment.</p> <p>Rising costs associated with importing supplies and services e.g. Fuel, Food products from EU countries due to higher trade tariffs and payment of customs duties which places further pressure on our budgets.</p> <p>Loss of staff from EU countries impacting not just on the council's operational capacity but also on the wider business community e.g. health and social care, construction, tourism etc. A reduction in labour supply could have a detrimental impact on the local economy. COVID has highlighted the value and significance of health and social care sector during the crisis, which is also a sector that employs a greater proportion of EU nationals. There is the risk that the impact of COVID combined with Brexit could exacerbate labour supply issues which is currently being seen in relation to domiciliary care and availability of HGV drivers.</p> <p>Difficulties in recruiting staff (or commissioning from the market) in 'hard to recruit' areas and where skill shortages exist and the impact this has on our capacity to deliver services/projects/schemes.</p> <p>Inability to put in place effective civil contingency plans (emergency planning) to take account of the potential impact of Brexit.</p> <p>Market volatility, inflation and financial uncertainty could impact on council revenue budgets and borrowing costs for capital schemes.</p> <p>Inability to effectively manage demand and sustain service delivery post Brexit.</p> <p>Risk that grant funding allocated by Welsh Government for Brexit is repurposed to support local authorities' emergency response to COVID, impacting on preparedness for Brexit.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		Risk that whilst resources are immediately drawn to addressing the priorities arising from the pandemic, that our capacity to prepare and adapt to forthcoming policy and legislative changes as a result of Brexit could be compromised.
<b>Service Delivery and Wellbeing</b>	Yes	<p>Uncertainty in the economic/financial climate as a result of the Brexit process impacts on our ability to attract inward private investment and lever fewer jobs in the area.</p> <p>Impact of Brexit on the supply chain, disrupting access supplies and services from EU. This has the potential to significantly disrupt service delivery particularly in relation to vulnerable groups.</p> <p>Disruption in food supply could impact on our ability to provide cooked meals to children in schools, adults in residential care settings and our Tourist attractions/Country Parks. Increased risk of food contamination due to changes in food inspection regimes at ports.</p> <p>Disruption to fuel supply could impact on our ability to deliver services such as waste collections and the ability of staff to get to work.</p> <p>Shortages in medical supplies/specialist equipment could have a detrimental impact on discharge from hospital and ultimately on the health and well-being of our citizens. Issues experienced around the availability of key medical supplies such as PPE during COVID could further aggravate the supply chain concerns post-Brexit.</p> <p>Increased risk of counterfeit/fraud of goods/supplies such as pharmaceutical products, materials (building materials, electronic parts, vehicle parts), food and supplies such as cleaning products, sanitary products impacts not only on quality but also on overall service provision.</p> <p>Failure to appropriately support children in the local authority care who are EU nationals through applying on their behalf for the right to remain through the EU Settled Status Scheme.</p> <p>Inability to support citizens who are impacted by the changes resulting from Brexit and its uncertainty. Increased demand for support / advice services due to an economic downturn as a result of withdrawal from the EU. Any loss of jobs to the area will impact on the local communities and could result in a greater number of citizens and families living in poverty with higher rent arrears and a potential increase in homelessness presentations. As a consequence of COVID there has been a rise in the number of Universal Credit claimants as a result of a downturn in the economy.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>Delays/disruption to distribution of goods/supplies through the supply chain due to increased regulation at ports/airports. Increased pressure on the capacity of the SRS Service (Environmental Health Officers) for the inspection of food at ports/airports.</p> <p>Contract/provider failure by delivery partners/contractors to deliver services on our behalf due to pressures from Brexit on their operational capacity. This risk is further exacerbated by the impact of COVID that has put the care sector under strain both from a capacity and financial perspective which in turn has significantly threatened the future viability of some service providers during the crisis.</p> <p>Lack of resilience amongst our partner organisations and the Third Sector in terms of their preparedness for Brexit and issues arising from it. This risk may be further compounded by the impact of COVID on the finances of the sector and their capacity to recover the crisis and their ability to prepare for the impact of Brexit.</p> <p>Risk that the needs of vulnerable people are not met due to the uncertainty regarding our statutory responsibilities in relation to EU nationals for homelessness, housing, and social care services.</p> <p>COVID pandemic impairs our capacity to effectively prepare and make necessary changes to how we deliver and operate key services and functions. Combined impact of COVID and Brexit exacerbating issues and challenging business continuity. For example, the recent HGV driver shortage has affected our ability to recruit and retain our workforce in key areas such as waste and highways leading to some disruption in service delivery.</p>
<b>Reputation</b>	Yes	<p>Reputational repercussions and loss of credibility as a result of failing in our Community Leader role to effectively communicate clear messages associated with the Brexit process.</p> <p>Reputational damage associated with failing to effectively support vulnerable groups/individuals through applying for EU Settled Status. This risk has been further compounded by COVID, as it has limited our ability to engage with hard to reach EU nationals to promote the EUSS scheme.</p> <p>Risk of civil unrest associated with Brexit as a result of poor communication, preparation, planning and liaison with key partners e.g. health, Police, Welsh Government impacts on the reputation of the Council.</p> <p>Loss of public confidence in our ability to deliver services effectively and sustainably post-Brexit.</p> <p>Loss of credibility as a result of handing back any unspent funding due to a lack of capacity to deliver EU grant funded schemes up until Brexit.</p>

<b>ACTION UPDATE:</b>	Work has continued during the quarter ahead of the deadline for EU citizens being required to register for settled status by 30th June. This has taken the form of a series of awareness raising sessions for key Council and partner service staff, arranged by the Council and delivered by the Citizens Advice Bureau. The Council has continued to use its social media channels to share information. A wider review of the implications of Brexit will be undertaken across the summer to identify any issues associated with Brexit post-transition (for example, the supply of materials or labour). This will be reported following the summer recess. Work is ongoing to monitor the impact of Brexit on the capital programme in relation to deliverability and cost. Within Housing and Building Services, we are continuing to review cost price increases for building materials and have recently sought appropriate guidance to inform cost uplift for Housing repairs and new build.

	<i>poverty pilot in Llantwit Major. Utilise lessons learnt from pilot to further develop the model, so that it can be applied to other areas post transition.</i>												
<b>ACTION UPDATE:</b>	<p>Work is progressing well to develop the pilot food poverty project in Llantwit Major. The Food Poverty Network group have developed an engagement matrix outlining potential engagement methods that will be explored to engage with each of the 4 target groups to explore their experiences of food poverty in Llantwit Major. A short public survey on access to food has been drafted and will shortly be launched to develop a greater understanding of people experience of food poverty in Llantwit Major, helping identify areas of future focus. A weeklong Bro Radio media campaign is being developed to promote the project, local food poverty support services and encourage participation in the projects survey. A draft webpage has also been developed with partners that will be hosted on the Food Vale website to outline the project, signpost residents to method of engagement e.g., survey and promote the food poverty related support services that are available in the Vale. The network continues to meet on a regular basis to share examples of good practise and explore opportunities for collaboration.</p>

## 1 – Risk Overview

### 1.1 Risk Description

Welsh Government is committed to transforming the expectations, experiences and outcomes for children and young people with ALN and has created an ambitious and wide-ranging Additional Learning Needs Transformation Programme. This revolutionises the separate systems in schools and further education, to create a unified system for supporting learners from 0-25 with ALN.

The Additional Learning Needs and Education Tribunal (Wales) Act 2018 aims to create:

- a unified legislative framework to support all children of compulsory school age or below with additional learning needs (ALN) and to support young people with ALN who are in school or further education (FE)
- an integrated, collaborative process of assessment, planning and monitoring which facilitates early, timely and effective interventions; and
- a fair and transparent system for providing information and advice, and for resolving concerns and appeals.

It is expected that the ALN system set out in the Act will be fully implemented over a three-year period. The implementation period is expected to run from September 2021 to August 2024.

#### Core aims of the new ALN system

- **Introduce the term Additional Learning Needs (ALN)** – to replace the terms Special Educational Needs (SEN) and Learning Difficulties and/or Disabilities (LDD).
- **0-25 age range** – all children and young people will have the same rights to receive the provision they require, as well as improving transition between school and post-16 education.
- **A single statutory plan** – the Individual Development Plan (IDP). This will replace the variety of statutory and non-statutory plans for learners in schools and FE.
- **Increased participation of children and young people** – learners' opinions, along with those of their parents, should always be considered
- **High aspirations and improving outcomes** – delivering tangible outcomes that contribute to the learner's achievement of their full potential.
- **A bilingual system** - services must consider whether a child or young person needs additional learning provision in Welsh. If they do, this must be documented in the IDP and 'all reasonable steps' must be taken to secure the provision in Welsh.
- **Increased collaboration** – improved multi-agency working and information sharing
- **Simpler and less adversarial** – a simpler process to provide and revise an IDP to ensure it continually meets the needs of the learner.

- **Earlier disagreement resolution** – where disagreements occur the matter should be considered and resolved at the most local level possible.
- **Clear and consistent rights of appeal** – all children, their parents and young people will have a right to appeal to the Tribunal where disagreements cannot be resolved at a local level.
- **A mandatory Code** – to provide mandatory requirements and statutory guidance.

Some key aspects of the Act are outlined below:

The Additional Needs and Education Tribunal (Wales) Act 2018 (ALNET) places a statutory duty on all educational settings to maintain an Individual Development Plan (IDP) based on the principles of person-centred planning (PCP) for all pupils identified as having additional learning need (ALN).

- This significantly increases the expectations on all schools to have appropriate provision to meet need.
- If schools are unable to meet the need this could lead to increased litigation and reputational damage for the school and local authority.

The ALNET Act aim is to establish a unified system for supporting learners from 0-25. Local Authority Outreach teams are currently set up to provide services largely to local authority educational settings from 3-18. Expanding the duty on local authorities to meet need from 0-25 this will clearly extend the need to provide support to preschool and post 16 settings potentially up to the age of 25.

According to the ALNET Act the ultimate duty to meet the ALN of children and young people falls on the local authority to meet need.

The ALNET Act also states that where a school or FEI cannot meet the needs of pupils with ALN, they can request that the local authority administers the IDP. It is possible that this will lead to a dispute between schools, FEIs and LAs about who is responsible for funding provision.

An area of risk relates to further education institutions (FEIs). The Act places a duty on FEI's to use "best endeavours" to meet need but if they are unable to meet need the duty falls to the local authority. This could have significant financial implications for local authorities in future. It is crucial that clear process is created in order to manage this effectively and establish joint expectations around responsibilities and funding.

Currently, a small group of young people from the Vale of Glamorgan with complex ALN access college placements on leaving statutory education. Currently these high cost placements are funded by Welsh Government. From 2022, Welsh Government will pass on the funding and responsibility for these placements to local authorities. This exposes the local authority to increased risk as the number of young people requesting college placements is likely to increase. The ALN Act places a much greater focus on working collaboratively, particularly in relation to health bodies. The Act also allows for greater involvement and participation amongst children and young people and gives parents/carers and young people the right to appeal against decisions made regarding their ALN and/or IDP. Local Authorities will also be required to provide access to independent advocacy services.

There is also an expectation that the new ALN system will be truly bilingual and that there will be parity of provision in English and Welsh. This

expectation will be difficult to achieve at a local level and a regional approach will be needed to ensure that this aspiration is deliverable and cost effective.

Alongside the challenges faced in implementing the new duties associated with the Act, the local authority is increasingly faced with growing demand for ALN provision, particularly in relation to three key areas. These relate to children and young people with complex autism, physical and medical difficulties and those experiencing social and emotional health difficulties. Developing sufficient provision to meet demand in these growth areas will present an ongoing challenge for the service.

The COVID-19 pandemic has significantly disrupted education and learning at all levels. It has seen our schools repurposed for a period of time to care for the children of key workers and the most vulnerable. It has also seen a departure from classroom teaching to home-based learning, where children have been enabled to continue with their learning remotely. Although this has been positive, this learning approach will not replace the learning time lost from school and there is the real danger that in the longer-term educational inequalities will emerge amongst our most vulnerable learners and in particular those with Additional Learning Needs. The hurdle going forward is how to best address the growing demand for ALN provision which is exacerbated by the emerging issues and inequalities as a result of COVID.

The disruption to education due to COVID has also had a significant impact on preparations for the implementation of reform from September 2020.

Access to school staff for training purposes has been limited and many working groups both locally and regionally were suspended. These groups are now operational but significant time has been lost which will impact negatively on the preparations for implementation of the reform in September 21.

As a result of this disruption the Welsh Government have softened the expectations around implementation for September 2021. While the Act does come into force in September 2021 the new system will only apply to a very small number of children and young people who have not been identified as having ALN previously. In January, the Act will apply to a larger group of children and young people but this will still be a minority of children and will not apply to young people over the age of 16. There is no known timetable set as yet by Welsh Government as to when the expectations set out by the Act will be extended to the post -16 age group.

As a consequence the risks associated with the Act still apply but as yet the impact of the majority of these have not been realised.

**1.2 Risk Owner** **David Davies (Head of Additional Learning Needs & Well-being)**

**1.3 Impact on our contribution to the Wellbeing Goals**

Categories	Yes/No	Definition
<b>Political &amp; Legislative</b>	Yes	Political and legislative repercussions of failing to meet the requirements of the <i>Additional Learning Needs and Education Tribunal Act 2018</i> could lead to litigation, fines and/or political instability.
<b>Resources</b>	Yes	<p>Extending the duty of care to a wider age range of children and young people (0-25), impacts on our workforce capacity and our ability to widen our service provision to bring in more specialist skills/support. The legislation will require a significant amount of additional provision to be created without sufficient additional financial resources.</p> <p>Insufficient knowledge and expertise in the workforce to fully meet the new requirements of the Additional Learning Needs Education Tribunal Act. This could have significant training and development implications for the local authority staff as well as school-based staff.</p> <p>Insufficient funding to deliver our additional duties under the Additional Learning Needs Educational Tribunal Act. The discharge of new responsibilities/duties under the Act could present a significant financial risk to the Council where there is already a growing need for ALN provision.</p> <p>Demographic changes are having a significant impact on our capacity to meet rising demand for our services. There are rising numbers of children and young people presenting with more complex needs which is affecting our ability to meet those needs in the current financial climate in line with the Act.</p> <p>Inability to undertake/progress preparatory work in readiness for the legislative changes due to serious disruption to education services resulting in widespread school closures and the diversion of resources in response to major business continuity issue e.g. pandemic.</p>
<b>Service Delivery and Wellbeing</b>	Yes	<p>There is a risk that the local authority will fail to meet its statutory duties in delivering the requirements of the Additional Learning Needs and Education Tribunal Act 2018.</p> <p>Inability to deliver a fully bilingual service as set out in the Act in terms of Additional Learning Needs, creating a lack of parity of</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>provision across the service and a failure to meet both the requirements of the legislation and the needs of our learners.</p> <p>Risk that this legislation could lead to a dilution in support services for those who have the most complex needs (i.e. those who previously had statements) especially if all learners will now require the same type of statutory plan. This could impact on the wellbeing of children and young people and their parents/carers if our services are unable to meet their basic needs.</p> <p>Lack of sufficient provision to meet the increasing numbers of children and young people across the three key growth areas of children and young people with complex autism, physical and medical difficulties and those experiencing social and emotional health difficulties. There is the concern that COVID-19 could further compound this risk, as a consequence of school closures there is an increased likelihood of a rise in social and emotional health needs of children and young people.</p> <p>There is a financial risk associated with providing ongoing bespoke transport solutions to a growing number of children and young people with complex needs in order to access education.</p>
<b>Reputation</b>	Yes	Reputational damage associated with non-compliance with the Additional Learning Needs Education Tribunal Act and the negative criticism this could attract from our Regulators (Estyn).

		Political & Legl	Resources	Service & Well-being	Reputation	Integration	Collaboration	Involvement	Prevention	Long-Term			
	<ul style="list-style-type: none"> <li>The lack of appropriate assessment materials available in Welsh was highlighted. As a consequence, Cardiff University was commissioned to develop a Welsh language reading test. The reading test has now been developed which is a ground-breaking development which will have a positive impact across Wales. Currently the test is being piloted in a number of Welsh medium schools prior to wider implementation.</li> <li>The lack of Welsh medium resources for ALN was also highlighted as a concern. In order to ensure that staff are aware of the range of resources available and to facilitate consistency in practice a central document which details all of the different Welsh medium resources currently in use across the region has been created.</li> <li>The lack of training opportunities for staff working in Welsh medium settings was also identified as problematic. As a consequence, a directory listing all of the different professional development offered by specialist practitioners through the medium of Welsh has been created. The Central South Consortium (CSC) training directory has been a regional development and has enabled schools throughout the consortium to access a very wide range of training opportunities covering all aspects of ALN.</li> </ul>												
ALNR/AL N008 (ALN/A00 2)	Develop the role of outreach services to further support the inclusion of children and young people with social, emotional and mental health difficulties in all educational settings, including working with the Health Board to develop a range of services to support learners with these additional needs. (ALN/A002)	✓	✓	✓	✓	✓	✓	✓	✓	✓	DD	March 2022	GREEN (On Track)

### 3. Risk Management Plan – Mitigating Actions

Risk Action Ref.	Action	Risk Categories				Demonstration of 5 Ways of Working					Officer	Completion Date	Status
		Political & Legl	Resources	Service & Well-being	Reputation	Integration	Collaboration	Involvement	Prevention	Long-Term			
<b>ACTION UPDATE:</b>	The Engagement Service continues to develop skills and knowledge and is now a highly skilled team who are able to support mainstream schools to meet the needs of complex and vulnerable learners within an evidence based, psychologically informed framework that incorporates an understanding of Developmental Trauma, ACEs, attachment and the neuroscience of mental health and ill health. Schools are guided to adjust their expectations and practice around vulnerable children to correspond with their developmental capabilities and experiences. Pupils have access to specialist assessments, interventions and therapies within their mainstream schools via the service.												
ALNR/SPO 04 (SP/A005)	Work in partnership with the CSCJES to address issues arising from the impact of COVID-19 on schools and pupils, ensuring continuity of learning and that the specific needs of vulnerable learners are addressed, using the WG's Accelerated Learning Programme grant to target those cohorts of pupils identified as most at risk. (SP/005)	✓	✓	✓	✓	✓		✓	✓	✓	MH	March 2022	<b>GREEN (On Track)</b>
<b>ACTION UPDATE:</b>	<ul style="list-style-type: none"> <li>Discussions ongoing between improvement partners (IPs) and school leaders on the use and impact of the Accelerated Learning Programme grant. IPs working alongside leaders to support in monitoring the impact of the grant.</li> <li>Initial discussions underway between improvement partners and schools on the use of the PDG grant for 2021-22.</li> <li>Planning for professional learning for new academic year ongoing with a strong focus on oracy and reading.</li> <li>Successful relaunch of Welsh Language Charter in May 2021 with very good engagement by Vale schools.</li> <li>Resource to support immersion of pupils who transfer from English medium school has been developed and shared with all Vale Welsh medium primaries. Resource also suitable to use with pupils who have been impacted due to Covid.</li> </ul>												

1 – Risk Overview

1.1 Risk Description

COVID-19 is an infectious disease caused by a newly discovered coronavirus. The first case of the disease was first reported in China during December 2019, but very quickly spread throughout the rest of the world. Consequently, the World Health Organisation declared Coronavirus (COVID-19) to be a global pandemic that required a consistent and collaborative response.

The first cases were first seen in the UK in February 2020 but by the middle of March 2020 the cases and associated deaths began to rise significantly, and it has been described as the ‘worst public health crisis in a generation’.

Most people infected with the corona virus will experience a mild to moderate respiratory illness and recover without requiring special treatment. However, older people, and those with underlying medical problems like cardiovascular disease, diabetes, chronic respiratory disease, and cancer are more likely to develop serious illness. During March 2020 ONS data shows that, of the deaths involving COVID-19, 91% of these deaths were amongst people who had at least one pre-existing condition. This places significant strain on the NHS and social care sector in terms of their capacity to meet demand for care. In order to not overwhelm our Health Service at this most critical time, the Government introduced a series of unprecedented ‘lockdown’ measures at the end of March in order to manage and slow its spread.

Lockdown and social distancing measures have had a positive impact on slowing the spread of the virus, however, in turn has also had a huge impact on every aspect of daily life as well as the economy. The social and economic cost of the crisis will be significant over the longer term and is likely to further exacerbate existing health inequalities in society. For instance, the pandemic has further magnified health inequalities by disproportionately impacting on those living in deprivation and those from Black and Asian Minority Ethnic Groups. The reasons for this are still not fully understood, but the pandemic has exposed how disadvantage and discrimination fuel such inequalities. Given the widespread impact the coronavirus has had on people’s lives, it is anticipated this will not only impact on how local authorities fulfil their role and key statutory functions but will have a lasting effect on how we operate services in the future.

The demands on our workforce and financial resources are significant features of this risk. Our workforce is our greatest asset, so a key element of managing this risk also needs to be safeguarding our workforce so we can keep them well and can maintain continuity of service. This risk also challenges us in terms of how we utilise our assets and how we operate our services by maximising technology to do this, where possible. How we respond to this risk will be critical to how we work through this crisis. This will require difficult decisions to be made by balancing demand for services versus continuity of critical services to our most vulnerable citizens in our communities. How we respond to these emerging challenges will be critical to how we work through the crisis.

	<p>There are two key aspects to the COVID-19 risk as outlined in this Register focuses firstly on our response in terms of how as a local authority the Council will prioritise the use of our resources (our assets, finance, technology and our workforce) at this volatile time to ensure that we are in the best position to respond to the constantly changing landscape. The emphasis here is on our capacity to maintain service continuity of business-critical services so that we can protect the organisation against legislative, financial, and reputational repercussions/consequences. As this risk evolves over time, and our focus moves more towards our recovery phase the risk going forward is the local authority's capacity to address the longer-term impacts of the pandemic on our services, citizens, and communities.</p> <p>Given the evolving nature of this risk, the Council's recovery from this will not be linear, instead it will most likely be influenced by various challenges that at times may impede our recovery and at other times present us with opportunities. Regular review and updating of this risk will enable the Council to ensure this risk remains current and will enable us undertake horizon scanning in relation to potential threats and additional emerging issues as this risk evolves whilst shaping our strategic response. Despite the uncertainty that lies ahead, the crisis has provided local authorities with an opportunity to reflect on how services are operated and delivered to our citizens. Seizing opportunities to improve the efficiency and effectiveness of our services will enable us to emerge from the crisis a stronger and more resilient organisation.</p>
--	---

<b>1.2 Risk Owner</b>	<b>Corporate Management Team</b>
-----------------------	----------------------------------

<b>1.3 Impact on our contribution to the Wellbeing Goals</b>						
--	--	--	--	--	--	--

A Globally Responsible Wales	A Prosperous Wales	A Resilient Wales	A Healthier Wales	A More Equal Wales	A Wales of Cohesive Communities	A Wales of Vibrant Culture and Thriving Welsh Language
Yes	Yes	Yes	Yes	Yes	Yes	Yes

<b>1.4 Risk Categories</b>		
----------------------------	--	--

Categories	Yes/No	Definition
<b><i>Political &amp; Legislative</i></b>	Yes	<p>Political and legislative repercussions of failing to discharge our statutory functions and comply with statutory requirements of service delivery.</p> <p>Political and legislative repercussions of not fulfilling our requirements as outlined in the Constitution.</p> <p>Failure to provide a consistent and timely leadership in response to the pandemic that is out of step with national policy.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>Failure to utilise our expert knowledge of our communities to make timely decisions in how we deliver services to meet the needs of our most vulnerable communities.</p> <p>The pandemic brings with it an increased risk of challenge and the potential for litigation.</p> <p>Inability to adapt our democratic/governance processes quickly and effectively to ensure timely decision-making and effective business continuity. Any adaptations to decision making/governance processes as a result of lock down restrictions would need to be robust and in keeping with our constitutional requirements, ensuring openness and transparency.</p>
<b>Resources</b>	Yes	<p>Insufficient funding available that can be used to meet unprecedented demand in our most critical services e.g. social care services. Effective financial management will be essential to respond monitor and prioritise the resourcing of a breadth of services where there are competing demands.</p> <p>Uncertainty regarding the ongoing funding support from Welsh Government. Welsh Government has continued to financially support Local Authorities through grant funding. To date payments have been made in relation to increased costs and lost income to the end of September 2020. Whilst it is assumed that there will be funding for the remainder of this financial, the only confirmation of that is currently in relation to social care and homelessness costs.</p> <p>Collection of income for the Authority maybe a considerable risk as</p> <ul style="list-style-type: none"> <li>• households may find the payment of their Council Tax a significant financial burden If their employment status has changed as a result of the pandemic.</li> <li>• Businesses may struggle to pay business rates due to financial pressure.</li> </ul> <p>Rising costs associated with sourcing supplies via our supply chain (e.g. Personal Protective Equipment (PPE) etc.) and services (contracted out services/agency staff costs) will place further pressure on budgets.</p> <p>Financial viability of some of our key service delivery partners as we move from response to recovery.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>Failure to mobilise our assets, technology and workforce resources across our council departments and organisational boundaries to respond effectively to the crisis.</p> <p>Inability to manage demand and sustain critical services due to a loss of staff from the front line due to illness/shielding. e.g. Social Care staff, teachers etc. There is also the potential for increased insurance risks arising from claims due to failure to manage demand and sustain delivery of key services or due to transmission of the virus.</p> <p>Workforce shortages of specialist key staff impacting on our ability to deliver statutory service functions where redeployment from other areas is not possible. e.g. Social Workers.</p> <p>Inability to execute contingency plans consistently across service areas due to a lack of available resources.</p> <p>Inability to source from our supply chains appropriate levels of PPE to be distributed to our frontline workers and other providers.</p> <p>Financial impact of the crisis on the voluntary sectors impacting on their capacity and ability to provide support to citizens and communities in this crisis.</p> <p>Failure to maximise the use of our existing assets and technology to deliver services in a cost effective and efficient way.</p> <p>Lack of capacity to seize opportunities to explore and develop new ways of working to transform services that are fit for the future. Financial, asset and workforce challenges could impede our progress in improving the quality and efficiency of our services and jeopardise the viability of our services in the future.</p> <p>Although COVID presents opportunities for new and more effective ways of working, with this comes the risk that the existing workforce lacks the skills required to transform services that are fit for the future. For example, any further expansion of the digital agenda will require whole scale upskilling of the workforce and the development of a new set of skills that may not already be present in the workforce. Any emerging skills gaps could impede our progress in improving the quality and efficiency of our services and jeopardise the viability of our services in the future.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>COVID-19 presents an increased risk of cyber-attacks and the potential for fraud. During the crisis, threats have been increasingly targeted at those working from home with more sophisticated attacks being identified and reported more frequently. This not only undermines the integrity of our systems, but places increased pressure on our resources to keep a step ahead of cyber threats and fraudulent activity.</p>
<b>Service Delivery and Wellbeing</b>	Yes	<p>Failure in our duty to ensure the safety and well-being of our most vulnerable citizens and an inability to meet their basic needs.</p> <p>Failure to provide education to school pupils, via distance learning and in-school learning.</p> <p>Failure to maintain/oversee quality assurance mechanisms associated with managing and monitoring service delivery by Third Parties to citizens in our communities.</p> <p>Failure to safeguard the principles of social inclusion as a result of the crisis and effectively support the most vulnerable groups on the edge of society.</p> <p>Detrimental financial impact of the crisis on the sustainability of the local economy placing increased demand on our finance/benefits teams to enable businesses to survive and financially recover from this crisis.</p> <p>Increased incidences of family abuse, neglect and domestic violence, places increased pressure on our safeguarding services. This combined with the social distancing measures challenges how we can safeguard children, young people and adults at risk.</p> <p>Increased number of citizens unemployed due to the pandemic which pushes more people into debt and poverty. Any detrimental impact to their finances could impact on their ability to pay their mortgages/ sustain tenancies, pay bills and afford food. This in turn puts our benefits and housing and homelessness services under increased pressure to source solutions that will enable them to continue to live in their homes, prevent homelessness and access food.</p> <p>Failure to effectively support and safeguard the most vulnerable in society who have been advised to shield.</p> <p>Increased pressure and lack of capacity of reablement services in the community to support the step down from critical care in</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		<p>hospitals which will ultimately impact on an individual's ability to recover and regain their independence.</p> <p>Inability to maintain new and innovative services and ways of working that have developed during the pandemic, which have proved essential for certain groups of individuals but for which future funding is not available to continue at the current time (e.g. homelessness).</p> <p>Failure to take advantage of the opportunities to transform services as a result of lessons learnt from the Council's response to COVID-19.</p> <p>Risk of contractual delay to key capital projects/construction projects due to COVID. For example, Labour and supply chain issues could cause construction projects to be delayed or contractual obligations not be met.</p> <p>Failure of a contractor to perform their contractual obligations in light of COVID-19. Non-performance could be caused by labour shortages, reduced productivity, disruption to the supply chain, closed factories/plants, travel restrictions/quarantine and or be workforce related.</p> <p>Economic impact of COVID-19 on contractors/providers could threaten their viability and ability to fulfil contractual obligations and potentially result in contractual failure.</p> <p>Impact of Pandemic on the delivery of sports and leisure activities that are in an accessible format to all our citizens. Lock down restrictions led to a closure of leisure facilities, which has had a detrimental impact on the most vulnerable and in particular those who were reliant on exercise referral programmes to support their health and wellbeing and recovery from illness/injury.</p> <p>The pandemic threatens the viability of community-based sports groups/clubs. Small scale sports clubs/groups may lack capacity and economic resilience to recover from the crisis and operate their sports/leisure activities in a COVID-safe way.</p> <p>The pandemic has shifted our focus towards maximising our use of technology to deliver services, which increases the risk of digital exclusion. This could potentially disadvantage our most vulnerable and deprived citizens who do not have access to online services.</p>
<b>Reputation</b>	Yes	<p>Failure to communicate effective, clear and consistent messages to our key partners and other stakeholders could undermine the effectiveness of our collaborative response to the crisis and result in a poorly orchestrated delivery of services at a critical time.</p>

1.4 Risk Categories		
Categories	Yes/No	Definition
		Loss of confidence and trust by the public as a consequence of lack of clarity and transparency of key measures being taken by the local authority to safeguard the health and well-being of our citizens.

<b>ACTION UPDATE:</b>	<p>Directorate Recovery Plans have been developed and key recovery priorities have been aligned to the Annual Delivery Plan. The recovery priorities as outlined in the Annual Delivery Plan are being implemented through Service Plans and are monitored quarterly through the Corporate Performance Framework. Good progress has been made in delivering recovery priorities to date. For example, young people at the risk of being NEET (not in employment, education or training) is excellent and the work of the I2A and I2W teams has been hugely successful, resulting in us drawing down additional funding from ESF project. EOTAS provision has continued to be implemented as quickly as possible although we are seeing an increasing number of referrals linked to children and young people's wellbeing which are clearly as a result of the pandemic. There have been a number of WG grants which have been awarded with very little notice, but we are using them effectively to support those most in need. This includes support for EHE children and families where numbers are increasing rapidly.</p>

<b>ACTION UPDATE:</b>	Work is progressing well to develop the pilot food poverty project in Llantwit Major. The Food Poverty Network group have developed an engagement matrix outlining potential engagement methods that will be explored to engage with each of the 4 target groups to explore their experiences of food poverty in Llantwit Major. A short public survey on access to food has been drafted and will shortly be launched to develop a greater understanding of people experience of food poverty in Llantwit Major, helping identify areas of future focus. A weeklong Bro Radio media campaign is being developed to promote the project, local food poverty support services and encourage participation in the projects survey. A draft webpage has also been developed with partners that will be hosted on the Food Vale website to outline the project, signpost residents to method of engagement e.g., survey and promote the food poverty related support services that are available in the Vale. The network continues to meet on a regular basis to share examples of good practise and explore opportunities for collaboration.
