

THE VALE OF GLAMORGAN COUNCIL

CABINET: 20TH DECEMBER, 2021

REFERENCE FROM VOLUNTARY SECTOR JOINT LIAISON COMMITTEE:
30TH NOVEMBER, 2021

“ GLAMORGAN VOLUNTARY SERVICES (GVS) ANNUAL REPORT 2020/21
(GVS) –

The Representative for Glamorgan Voluntary Services (GVS) presented the report, which advised Committee of GVS’s work throughout the year 2020/21. It was a statutory requirement of GVS to inform the Local Authority of its progress as a result of funding received by the Local Authority and the report, in providing a review of the preceding year, also helped GVS to ensure that their aims and outcomes remained focused on their stated objectives.

The Representative set out GVS’s activities and the outcomes of their work for the period April 2020 to March 2021 and highlighted their performance and achievements in a number of areas. The report also provided information regarding GVS’s future plans, highlighting that these needed to be financially robust and subject to due diligence whilst remaining flexible in order to meet the ever-changing external environment.

Following the presentation of the report, the Representative for Barnardos expressed that the organisation would be interested in possibly using CF61 in Llantwit Major to facilitate their new school-based counselling scheme as a base in Western Vale was needed, and the Representative for GVS replied that GVS would be happy to accommodate this and the matter would be picked up following the meeting.

In response to queries raised by Councillor Cave, the Representative for GVS advised the following:

- The biggest piece of learning for GVS as a result of the pandemic had been how willing the general public were to support their neighbours and communities, however the organisation now faced a massive challenge in terms of how to maintain this momentum and interest. Many new volunteers at the beginning of the pandemic had been furloughed or not working, however with volunteers returning to work and many opportunities being in the daytime on weekdays, sectors such as domiciliary care were now crying out for additional voluntary support.
- The most recent developments regarding COVID-19 also posed a challenge, with issues around safeguarding and risk assessment needing to be taken into consideration if volunteers were entering service users’ homes.
- The Local Authority had received funding to carry out research regarding attrition to the number of volunteers after the initial uptake due to COVID, and

that research could be brought to Committee for their information at a future meeting.

- Having approached the Local Authority's Managing Director, the Representative had ensured there were signs placed on roundabouts in the Vale during the first lockdown which expressed thanks to volunteers alongside key workers. GVS also did as much as possible to show appreciation and thanks to volunteers during Volunteers' Week.
- GVS and the Council had previously hosted an awards evening specifically for recognising the work of volunteers in the Vale of Glamorgan, however this stopped due to financial implications. The Representative from GVS had been in contact with Council Officers to discuss whether it would be possible as part of staff awards to also recognise those who did voluntary work in the hope this would encourage more people to take up volunteering opportunities.
- Many of the volunteers who had come forward initially during the pandemic had created informal groups, however the majority did not wish to do adopt a formal structure despite there being possible funding available to facilitate this.

Councillor Cave emphasised that when individuals stepped forward to provide support, as so many had as a result of the pandemic, it was important to thank and appreciate those volunteers in order to make clear the value of their work and hopefully encourage more people to take up volunteering opportunities. Following further discussion Members agreed with Councillor Cave's suggestion that a volunteers' awards evening be established in order that volunteers could receive formal thanks and acknowledgment for their efforts.

With Members having fully considered the report, it was subsequently

AGREED –

(1) T H A T the contents of Glamorgan Voluntary Services' Annual Report 2020/21 be noted.

(2) T H A T Committee's comments regarding the suggestion of establishing a volunteers' awards evening in order to formally acknowledge and highlight voluntary work in the Vale of Glamorgan be forwarded to Cabinet for their consideration.

Reasons for decisions

(1) Having regard to the contents of the presentation and discussions at the meeting.

(2) To ensure that Cabinet are aware of Committee's views regarding the importance of formally thanking volunteers and acknowledging their hard work, and that the suggestion of establishing an awards evening is put forward for consideration."

2. Key Issues for Consideration

RESPONSE TO COVID-19

2.1 GVS had and continues to have an important role in responding to Covid-19 GVS is a direct deliverer of support to individuals who need help but also a convener and fulcrum for other third sector organisations in the area. GVS helps to connect people to third sector organisations and third sector organisations to the wider public sector.

2.2 Throughout the Covid-19 pandemic GVS has:

- Provided direct support to individuals – GVS has supported people with access to food and medicine but have also supported and provided a range of activities that have supported people’s emotional wellbeing.
- Supported 882 individuals into volunteering – an increase of 1178% compared to 19/20.
- Provided support to the wider sector – GVS has continued to support the wider third sector with volunteers, information and guidance, direct funding and support to access wider pots of funding.
- Co-ordinated support – GVS has helped co-ordinate support to individuals, but has also worked with the Vale of Glamorgan Council ensuring a co-ordinated response across the Vale of Glamorgan including being part of key Local Authority meetings.
- Identified and contacted all Vale based Covid-19 support groups set up on social media in response to the coronavirus outbreak.
- Maintained contact with every community council to log available support measures in each area of the Vale of Glamorgan.
- Produced and updated a directory of Covid-19 support services available in the Vale.
- Provided support for individuals aged under 65 seeking information on services available in their area.
- Promoted third sector offers of help ensuring that statutory partners are aware of these offers.
- Managed seven grants schemes with funding from the Vale of Glamorgan Council, Welsh Government, Comic Relief, Cardiff & Vale University Health Board, Cardiff & Vale Health Charity and NHS Charities Together totalling £291,000. This enabled GVS to get funding quickly and efficiently to local grassroots organisations and groups that were providing vital

frontline services to individuals and communities in the Vale of Glamorgan.

- 2.3** Further detailed information regarding our response across service areas is contained within the Achievements and Performance section below.

ACHIEVEMENTS AND PERFORMANCE

- 2.4** This review looks at what we have achieved and the outcomes of our work in the preceding twelve months. The review also helps us ensure our aims, objectives and activities remained focused on our stated objectives. We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives and in planning our future activities thus ensuring that we continue our promotion of any charitable purpose for the benefit of the communities in the County Borough of the Vale of Glamorgan and the surrounding areas and in particular, the advancement of education, the furtherance of health, the relief of poverty, distress and sickness.

- 2.5** Achievements in year

- 2.6** GVS' main achievements during the year fall into the following areas:

- 2.7** IT

- 2.8** Website

The GVS website is a major asset to the organisation and the wider Third Sector here in the Vale of Glamorgan. The website contains a range of information including the services we offer, learning opportunities and news updates that impact on the voluntary and community centre. During 2021/22 a new, more dynamic website will be launched.

- 2.9** Social Media

GVS has made a commitment to ensure that Third Sector organisations operating in the Vale of Glamorgan can gain and build on their skills to make full use of 21st century communication mechanisms. A very comprehensive programme of training courses has been developed for groups and organisations operating in the Vale of Glamorgan. This, together with our own extensive use of social media provides an effective and useful tool to share news and information with our members and the wider sector.

- 2.10** Digital Platforms

During 2020/21 GVS, in partnership with County Voluntary Councils across Wales and Wales Council for Voluntary Action, continued to use a Wales Wide Customer Relationship Management System (CRM) and a Wales Wide Volunteer Management System.

- 2.11** Development and Advice Services
Our offices in Barry (Barry Community Enterprise Centre) and Llantwit Major (CF61) were closed to the public during 2020/21 due to the Covid-19 pandemic. However, GVS quickly adjusted to providing services online. Our online provision was open to members and potential members for advice and development work. We offered information and guidance to assist organisations to operate legally and efficiently e.g. by providing information on registering as a charity, how to put together a governing document and how to develop policies and procedures.
- 2.12** GVS has provided Third Sector organisations with a range of support to develop ideas and projects. Support has been offered in a variety of ways including face to face meetings, e-mail, telephone consultations and briefing sessions. Our range of GVS branded Information Sheets have become popular and these have been invaluable in helping us deal with the more general day to day enquiries. We endeavour to make sure that all our information is available online via our website, enabling our members to access appropriate development information and advice more effectively and at a time that suits them.
- 2.13** Information Service
We act as an information agency for and about our members, maintaining a comprehensive database and ensuring the services of our members are publicised. We continue to produce information leaflets on our services in Welsh. Our information service was accessed 1500 times with members receiving additional information via e-bulletins on a weekly basis.
- 2.14** “Vista”, the GVS magazine, is published in house three times a year and is distributed to some 900 groups and individuals. “Vista” is supplemented by regular updates of newsletters on Health, Social Care and Well Being and Sustainable Funding News. Over the past year, eight updates were produced.
- 2.15** Our comprehensive range of information sheets are available in both English and Welsh for voluntary organisations to access either by hard copy, e-mail or through our website. This service is free to voluntary organisations and continues to be a resounding success.
- 2.16** Practical Services
These are a real benefit to many small voluntary organisations with little or no spare income. Low cost, reliable printing, help with desktop publishing, the loan of display equipment for exhibitions and presentations – these are some of the services that GVS offers its member groups.
- 2.17** Our reprographic services was put on hold because of the Covid-19 pandemic. However, towards the end of the reporting period, this service was used some 20 times.
- 2.18** Networks and Fora

Our Networks and Fora continue to be a popular way for voluntary and community organisations to access and share information. Networks and Fora supported by GVS were:

2.19 Vale Housing and Homelessness Forum

This Forum is the longest established of all our Networks and Fora. It has been operating ever since GVS came into existence. Its works to terms of reference and is made up of agencies (Third Sector and statutory) that have an interest in housing, homelessness and related problems and issues. The Forum now meets jointly with the Vale Supported People Housing Group. During 2020/21, the Forum met 4 times online due to the Covid-19 pandemic.

2.20 The Forum also links in with other strategic partnerships, networks, and fora, e.g. Safer Vale Partnership, Health Social Care and Well Being Network and the Domestic Abuse Forum.

2.21 Funding Service

GVS' funding and information service provided support to 145 groups throughout the year with a reported £556,000 of funding obtained as a direct result of the advice and information given by GVS.

2.22 Three editions of the Sustainable Funding Newsletter were produced containing information on a range of funders along with other useful articles to assist groups in their search for vital funds. Updates are posted two or three times a week on the funding section of the website and regular weekly e-bulletins are sent to over 700 groups.

2.23 Twelve Funding Events were held with representatives from two major funders giving valuable advice on a 1-2-1 basis with Third Sector organisations. Some 27 groups attended these sessions. Groups are finding this access to funders, ahead of applying, of great use resulting in a higher success rate.

2.24 Funding is still a major issue for many groups as the economic situation becomes harsher for those groups that receive most of their funding from statutory bodies e.g. local authorities. More groups are seeking funding from other sources, e.g. Trusts and Foundations and this is creating a more competitive environment.

2.25 Training Service

During the year, despite the pandemic, 14 group training events were delivered, all aimed at building the capacity of local organisations. Training opportunities offered included:

- How to run a virtual AGM
- Reopening your Community Facility
- How to run a Virtual Board Meeting
- Being a Trustee
- Recruitment, Selection and Management of Volunteers
- Writing a Successful Funding Application

- Zoom Essentials
- 2.26** A total of 206 delegates attended the training courses with 100% rating the training as either good or excellent.
- 2.27** GVS provides IT and social media 1-2-1 training courses. GVS held three training sessions with all attendees rating the courses as good or excellent.
- 2.28** Partnership, Consultation and Joint Working
The Third Sector is seen as an important partner in supporting the work of statutory bodies in a wide range of areas, and GVS is committed to working in partnership to develop and improve local services.
- 2.29** GVS continues to facilitate Third Sector Representation in formal joint planning in accordance with the agreed Protocol between the Local Authority and the Third Sector, via the Health, Social Care and Well Being Network, or via the full GVS membership where appropriate.
- 2.30** GVS has continued to represent the sector on the Public Service Board, Regional Partnership Board, other strategic partnerships, and appropriate sub-groups, ensuring the voice of the sector and the wider community is heard at all levels. In addition, with the Reshaping of Services agenda, GVS has been heavily involved in consultations and discussions with service providers regarding the participation of the Third Sector in the shaping and delivery of future services. GVS and other Third Sector organisations have been working with the local authority to ensure that people and communities are engaged every step of the way.

2.34 Health, Social Care and Well Being

- 2.35** The Health, Social Care and Wellbeing Network
This network provides an opportunity to bring together all voluntary organisations operating in the Vale of Glamorgan who have an interest in health and social care. It facilitates a strong, collective voice, supports the involvement of voluntary organisations in planning, development and delivery of health and social care services, influences health and social care policy to bring about change and improve services and facilitates communication between the voluntary and statutory and other sectors. The Network has increased in numbers over the year and currently has over 400 members.
- 2.36** The Network provided an effective mechanism for reaching out to the third sector during Covid-19. GVS was able to find out from Network members about changes in service delivery and utilised this information to produce third sector service directories for the use of the general public and health and social care staff. This helped people get the help they needed during the pandemic. The Network also held one virtual meeting focussed on older people's services.
- 2.37** The Network e-bulletins, due to popular demand, are now sent weekly rather than monthly. The e-bulletins include updates on health and social care services in the Vale of Glamorgan, updates from Cardiff and Vale University Health Board, the Vale of Glamorgan Council, Public Health Wales, from Third Sector organisations and general wellbeing information. The e-bulletin also provided a useful way of disseminating Covid-19 guidance and information on the vaccine roll out.
- 2.38** The Cardiff and Vale University Health Board worked closely with GVS in 20/21. This was not just in relation to Covid-19, but in also sharing information about their services and developments, eg CAV 24/7 and Shaping our Future Clinical Services. GVS supported the third sector to provide feedback and also provided feedback on behalf of the sector. During 20/21 GVS supported the key strategic principles of the Health Board.
- 2.39** GVS Health and Social Care Facilitators worked with the Cardiff and Vale Public Health Team to ensure that third sector priority frontline staff and volunteers were able to access the Covid-19 vaccine at the same time as priority health and social care staff. The scoping of third sector roles successfully included a wide range of third sector organisations, all of which were pleased to be acknowledged as priority frontline.
- 2.40** Funding schemes administered by GVS focussing on Health and Well Being:
- Intermediate Care Fund (ICF) – Supporting Older People in the Vale
 - Cardiff and Vale University Health Charity
 - ICF Third Sector Capital Investment Fund
- 2.41** Volunteering
GVS' volunteering service offers a one-stop resource for information, advice and guidance on all aspects of volunteering for both volunteers and recruiting

organisations. We aim to link the skills, experiences, time, and enthusiasm of local people looking to volunteer with organisations seeking to develop their services. This service is delivered through several venues across the Vale, as well as at our main office in Barry, to ensure that we can reach those across the county. Our centre in Llantwit Major, CF61, has also provided GVS with opportunities to further develop our volunteering outreach work.

- 2.42** Volunteering offers valuable experience which could aid study, help someone decide if they are thinking about a change in career or simply give them the opportunity to put something back into their community. The highlights of our Volunteering Development work in 2020/21 were greatly affected by the Covid-19 pandemic and subsequent lockdowns.
- i. Enquiries regarding volunteering in the Vale of Glamorgan during March to June 2020 showed an increase in enquiries of 1067% - from 84 in the same period 2019 to 981 in 2020.
 - ii. The number of people who GVS then found an opportunity to volunteer in the community showed an increase in placements of 1178% - from 69 in the same period 2019 to 882 in 2020.
 - iii. For Volunteers Week 2020 all activities were delivered on line due to the Covid lockdown. Through Social Media and other online resources GVS reached 14,222 people across the Vale, and engaged with 4172.
- 2.43** Our Youth Led Grant helped local organisations provide more youth volunteering opportunities in the Vale of Glamorgan. We were pleased to present grants to three successful youth projects with a total of £2,549 distributed.
- 2.44** Our ReBuild project, funded by the Big Lottery Fund to support people into volunteering to achieve wellbeing came to an end in March 2021. We have however been successful in securing a further 12 months for the FoodShare initiative created by the ReBuild project. ReBuild delivered a mental health volunteering project across the western part of the Vale of Glamorgan. With a focus on peer support and meaningful interaction the project introduced people into volunteering and provided them with the support needed to succeed and improve their physical and mental health.
- 2.45** Our Track 2000 Community Fund complemented the ReBuild project with a part time Volunteer Co-ordinator developing links with volunteering organisations. This project ended in March 2021.
- 2.46** The Connected Carers project, funded by the Big Lottery Fund and led by GVS, delivered in partnership with Touch Trust and Cardiff & Vale Parents Federation. Connected Carers support family carers of people with a life-long and / or life limiting condition. This project ended in March 2021. Due to lockdown restrictions, Cardiff & Vale Parents Federation arranged online social gatherings discussing issues carers faced.

GVS's volunteering service offers a huge array of volunteering roles depending on the volunteers' interests and skills. Volunteers provide invaluable help in the work of Third Sector organisations and beyond, which often enhance the range of services offered by paid staff.

2.47 GVS' Environmental Impact

2.48 GVS is committed to the welfare of the environment and endeavours to have a positive environmental impact. GVS recycles its printer cartridges, paper, tins, bottles, cardboard, plastics, and most office equipment. GVS strives to send more and more information by e-mail and sends its membership approval packs by e-mail and using electronic questionnaires and evaluation forms instead of hard copies. We are also moving more of our service delivery on line (e.g. virtual meetings) as a direct result of Covid-19.

2.49 Efficiency Savings

GVS is committed and determined to make the best use of funders' money so has made efficiency savings in several areas. GVS constantly aims to become more efficient in every area of its work. Some of the saving initiatives include: encouraging all contacts to receive GVS' Vista magazine and supplements by e-mail; introducing an e-bulletin service; restricting telephone calls made to mobile phones; turning off electrical items when not in use; using a smaller GVS room for our training courses rather than paying for room hire and encouraging our staff to only print if required. This, together with constant vigilance and hard negotiation, continues to ensure that GVS is getting the best possible deals on contracts and services.

2.50 Projects

2.51 1.14.1 ReBuild and Track 2000 (See report in Volunteering above)

2.52 Connected Carers

The Connected Carers project, funded by the Big Lottery Fund, is led by GVS, and delivered in partnership with Touch Trust and Cardiff & Vale Parents Federation. Connected Carers support family carers of people with a life-long and / or life limiting condition.

2.53 Cardiff & Vale Parents Federation arrange social gatherings in venues across Cardiff and the Vale at a range of times which best suit the carers to juggle a meeting with their difficult and demanding caring role. They can discuss their problems with like-minded people, many of whom have experienced similar problems / issues, who completely understand that problem and can offer support and solutions. Touch Trust organise Time For Me days which give carers the opportunity to relax and unwind with a head, body, or foot massage or to take part in a creative workshop.

- 2.54** Third Sector Locality Officer
The project (funded by Cardiff & Vale University Health Board) supported and promoted the development of a dynamic network focussing on the Western Vale of Glamorgan which recognised, linked up and expanded the assets in our communities to support the population’s health and wellbeing and helped foster individual and community resilience.
- 2.55** The project provided a mechanism in the Western Vale of Glamorgan area whereby key individuals and local wellbeing activities and assets could be identified, supported, developed, and promoted. Asset and activity gaps were identified, and communities supported to develop opportunities that meet their need.
- 2.56** Dewis
Funded by the Vale of Glamorgan Council, this project aims to encourage Vale based Third Sector organisations to enter their details about their services onto the DEWIS portal – www.dewis.wales
- 2.57** The project focussed on:
- i. Scoping Vale based organisations already on DEWIS and identify target organisations to encourage to enter data and/or update existing entry.
 - ii. Providing 1-2-1 and group support to identified organisations regarding data entry, updating information.
 - iii. Arranging for marketing of DEWIS through GVS and other appropriate websites, social media networks and e-bulletins.
 - iv. Attending appropriate Third Sector meetings and events to promote DEWIS
 - v. Acting as editor; receive e-mail updates when entries are going out of date (at 6 months), work with organisations which have not updated, approve updated entries and check accuracy of information.
 - vi. Attending the editorial group.
- 2.58** CF61
- 2.59** GVS has purchased a 99-year lease on the former Llantwit Major Youth Centre, Station Road, Llantwit Major, CF61 1ST. It has been refurbished as a community resource and the venue, now called “CF61”, aims to serve the local community. CF61 is a community space that is available to rent for a multitude of activities at an affordable rate. The building is fully accessible and welcoming. As a venue it is ideal for children’s parties and activities; meetings and conferences; fitness and wellbeing classes as well as many other community activities and functions. The building contains a main hall and two smaller rooms. GVS has organised two successful community fayres.
- 2.60** CF61 has quickly embedded itself in the community with regular sessions including: Wellbeing sessions; Wellbeing Café and FareShare; Volunteering Advice; Boxercise; Music and dance classes; fitness; Tai Chi; youth and children’s

activity sessions. All proceeds are re-invested into the Centre to continually improve the facility for the local community.

2.61 Achievements:

- 33 private bookings from organisations and businesses, including 14 delivering regular weekly sessions
- 10 Training sessions

2.62 Future Plans

2.63 Glamorgan Voluntary Services is well placed to serve and support the third sector and the communities of the Vale of Glamorgan and surrounding area. The sector is operating within a constrained economic environment and GVS is no different especially in the light of the Covid-19 pandemic. As funders and partners are hit by austerity and the impact of Covid-19 the knock on effect to GVS is very likely to be a reduction in core funding which we have already experienced in real terms. There will also be greater competition for the funding that is available.

2.64 It will be important that GVS continues to make efficiency savings in the successful manner of the past year, but having implemented these progressively over a sustained period of time, the opportunity to make such savings continues to reduce year on year.

2.65 Different ways of working and delivering services to our membership are constantly being explored with focus on moving more services into digital delivery in the light of the Covid-19 pandemic. It will be imperative that additional sources of funding continue to be secured in the way that we have managed throughout this past year. Above all opportunities to develop unrestricted income streams need to be pursued, whether through donations or standalone income generation as has been achieved in this past year.

2.66 We have recently obtained another building on a long lease via Community Asset Transfer (CAT) from the Local Authority. Our research has shown that the building, to be known as Illtud House, with appropriate development and management, would provide the sort of additional income that would greatly assist GVS' financial wellbeing. The building is ideally situated in Llantwit Major on the same site as CF61. GVS aims to relocate from our current premises in Barry to Illtud House, Llantwit Major.

2.67 GVS is also in the process of negotiating a long lease for another building in Penarth.

2.68 Whilst GVS is dedicated to ensuring that all these plans are successful, the Board of Trustees is mindful that its plans must be financially robust and subject to due diligence whilst remaining flexible to meet the ever-changing external environment.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** GVS aligns its work to the objectives of the Vale of Glamorgan Council

4. Resources and Legal Considerations

Financial

- 4.1** GVS receives core funding from VOGC .

Employment

- 4.2** GVS employs 14 people as of April 2021.

Legal (Including Equalities)

- 4.3** Whilst there are no direct legal implications arising from this report, maintaining good relations with GVS will benefit the community in terms of improvement to human rights. The Council's position on equality of opportunity is put into daily practice through the funding of GVS's work with the voluntary and community groups operating in the Vale of Glamorgan
