

Meeting of:	<b>Cabinet</b>
Date of Meeting:	<b>Thursday, 13 April 2023</b>
Relevant Scrutiny Committee:	Corporate Performance and Resources
Report Title:	Strategic Collaborative Working Initiatives Update
Purpose of Report:	To provide an update for Cabinet on the Council's strategic collaborative working initiatives
Report Owner:	Executive Leader and Cabinet Member for Performance and Resources
Responsible Officer:	Tom Bowring, Director of Corporate Resources
Elected Member and Officer Consultation:	Due to the corporate nature of this report, no ward Member consultation has been undertaken. The development of individual initiatives is subject to appropriate consultation activity.
Policy Framework:	This is a matter for Executive decision by Cabinet.
<p>Executive Summary:</p> <ul style="list-style-type: none"> <li>• Collaborative working activity has increased at pace in response to the challenging financial climate and in recognition of the value that working in partnership to share skills, expertise and experience can have in tackling complex issues. This has been particularly accelerated in the recent past in response to the Coronavirus pandemic.</li> <li>• The Compendium of Strategic Working Initiatives (Appendix A) provides an oversight of the strategic level collaborative working activity in which the Council is involved and captures the detail of the various initiatives underway.</li> <li>• This report provides Cabinet with the six-monthly update on strategic collaborative working initiatives and captures relevant progress against initiatives.</li> </ul>	

## **Recommendation**

1. That Cabinet considers and endorses the strategic collaborative working initiatives that are in place to support the delivery and development of Council services and the Council's well-being outcomes and objectives.

## **Reason for Recommendation**

1. To provide Cabinet with an update of strategic collaborative working initiatives.

### **1. Background**

- 1.1 The Council has long recognised the value that collaborative working has in providing efficient and effective services to residents.
- 1.2 In recent years, collaborative working activity has increased at pace in response to the challenging financial climate and also in recognition of the value that working in partnership to share skills, expertise and experience can have in tackling increasingly complex issues. These activities also contribute to the Council's well-being outcomes and objectives.
- 1.3 To capture the collaborative work in which the Council is involved the Compendium of Strategic Collaborative Working Initiatives was developed and has been reported quarterly to Cabinet since April 2017. As these collaborative activities have progressed, many have transitioned from 'project' based partnership work to core Council business. Reflecting these changes, on 27th September, 2021 Cabinet agreed to remove a number of initiatives which are now part of core Council business and to move to six-monthly reports rather than quarterly updates.
- 1.4 This report provides an update on those collaborative working initiatives that have been subject to significant changes since the presentation of the last update to Cabinet in September 2022.

### **2. Key Issues for Consideration**

- 2.1 The Compendium (Appendix A) is maintained to enable oversight of the strategic level collaborative working activity the Council is involved. The Compendium illustrates how each element of collaborative working aligns with the Council's Well-being Objectives which are contained in the Corporate Plan. Cabinet will note the removal of two strategic working initiatives, the Inspire to Achieve and the Inspire to Work projects, and the addition of one initiative, the Regional Safeguarding Board Statutory Multi-agency Partnership Board for Safeguarding Children and Adults at Risk to the Compendium. The reasoning for these changes is set out in the updates section below.

## Updates

- 2.2** The Inspire to Achieve (I2A) project was focused on supporting vulnerable pupils to stay in full time education, employment, or training. I2A was a European Social Fund project working across 5 Local Authorities' areas, 3 Further Education Colleges and Careers Wales. The I2A project was active in the Vale of Glamorgan from 2016 and came to an end in November 2022. Through the project 611 young people have been supported. This support has included 182 young people gaining qualifications, 188 young people entering further education, 354 young people at a reduced risk of becoming Not in Education, Employment or Training (NEET). The Vale of Glamorgan I2A project made over 13,600 contacts with young people through 4,474 group sessions and 9,175 one-to-one sessions, delivering 13,250 hours of direct support to young people. It is estimated that through I2A, £1.35 million has been invested with an estimated saving of £25.6 million to the local economy. This figure was calculated based on academic research that concluded the cost of a young person becoming NEET can vary from £76,163 to £2.3 million in their lifetime, based on individual circumstances. Therefore, based on the lower figure of £76,000, there was potential for the young people supported, who could become NEET upon leaving school, to cost just under £46 million. Through the financial investment in I2A in the Vale of Glamorgan of £1.35 million and supporting young people to evidence outcomes, the number of those leaving with at least one outcome has created a saving of £25.6 million.
- 2.3** The Inspire to Work (I2W) project was a European Social Fund part funded project supporting young people aged 16-24 in the Vale of Glamorgan who were not in education, employment or training into education, employment, or training. The I2W project was active in the Vale of Glamorgan from 2017 and came to an end in November 2022. Through the project 366 young people have been supported. This support has included 184 young people entering employment and 173 young people gaining a qualification. The Vale of Glamorgan I2W project made over 7,000 contacts with young people through 1,727 group sessions and 5,299 one-to-one sessions, delivering 10,600 hours of direct support to young people. It is estimated that the 366 NEET young people would have cost the local economy £27.8 million, using the same measure as described above. Through an investment of £680,521 there was an estimated saving of £19.7 million to the local economy. Through the project strong partnerships have been established with Newydd, Vale Homes and the Vale Communities for Work Team, it is anticipated that this partnership work will continue enabling on-going support for young people beyond the I2W project.
- 2.4** The Regional Safeguarding Board Statutory multi-agency partnership board for safeguarding children and adults at risk has been added to Compendium of Collaborative Working Initiatives. The Regional Safeguarding Board is a multi-agency partnership comprising of statutory, independent and charitable organisations who work together to safeguard adults and children from abuse.

The role of the Board is to ensure the effective coordination of services to safeguard and promote the welfare of local adults and children who may be at risk of abuse and neglect within the Cardiff and Vale of Glamorgan area. The Board aims to promote awareness and understanding of abuse and neglect among service users, carers, professionals, care providers and the wider community and works to generate community interest and engagement to ensure that Safeguarding is “Everyone’s Business”.

The main objectives of the Board, as outlined in the Social Services & Wellbeing (Wales) Act 2014 are:

To **protect** adults and children within its area who have needs for care and support (whether or not a local authority is meeting any of those needs) and are experiencing, or are at risk of, abuse or neglect.

To **prevent** those adults and children within its area mentioned above, from becoming at risk of abuse or neglect.

### **3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?**

- 3.1** In working to deliver the strategic collaborative working initiatives set out in the Compendium, the Council will be working through the Five Ways of Working to ensure delivery in line with Sustainable Development Principle.
- 3.2** The Compendium of Strategic Collaborative Working Initiatives illustrates how each element of collaborative working aligns with the Council's Well-being Objectives as set in its Corporate Plan. The collaborative working represented in these initiatives is identified as one of the key ways of working to support the Council's work in delivering the Well-being of Future Generations (Wales) Act 2015. One of the identified initiatives in the Compendium is the Vale of Glamorgan Public Services Board (PSB) which was established through the Act and of which the Council is a statutory member. Through its Well-being Plan, the PSB is working to improve the social, cultural, economic and environmental well-being of the Vale of Glamorgan. Similarly, the Integrated Care Fund, The Regional Collaborative Group and the Welsh Community Care Information Service initiatives are assisting in meeting the requirements of the Social Services and Well-being (Wales) Act 2014.

### **4. Climate Change and Nature Implications**

- 4.1** Many of the initiatives included in the Compendium of Collaboration are aiding the authority’s high-level response to the climate and nature emergencies. Through strategic collaborations such as the Cardiff Capital City Region and the Public Services Board a number of key projects are being delivered which will help towards the delivery of a carbon neutral public sector by 2030 and protect and enhance biodiversity in the county.

## **5. Resources and Legal Considerations**

### **Financial**

5.1 There are no financial implications arising as a direct result of this report.

### **Employment**

5.2 There are no employment implications arising as a direct result of this report.

### **Legal (Including Equalities)**

5.3 There are no direct legal implications arising from this report.

## **6. Background Papers**
