## Charter for the Vale of Glamorgan Council and Community and Town Councils

### Introduction

The community and town councils of the Vale of Glamorgan and the Vale of Glamorgan Council have agreed to publish a charter which sets out how we aim to work together for the benefit of local communities whilst recognising our respective responsibilities as autonomous, democratically elected statutory bodies.

The charter is designed to build on existing good practice and embrace the shared principles of openness, respect for each other's opinions, honesty and our common priority of putting citizens at the centre. This charter is based on equality of partnership and aspires not to be a top-down arrangement. It is a set of guiding principles by which we will work together. It will not compromise the autonomy of any of the councils which are signed up to it.

#### Partners to the Charter

The undersigned community and town councils and Vale of Glamorgan Council are committed to the principles and statements with the charter, for the benefit of local people:

To be added upon adoption

## Recognition

We accept the legitimacy and benefits of partnership working whilst at the same time recognising and respecting each other's roles. We aim to work together as a partnership of equals rather than tiers.

The Vale of Glamorgan Council	Community and Town Councils
Acknowledges and recognises that community and town councils are the grass roots level of local government. In their role as democratically accountable bodies, community and town councils offer a means of engaging with local people, of decentralising the provision of certain services, and of revitalising local communities.	Recognise the strategic importance of the Vale of Glamorgan Council and the economy of scale and equitable distribution of certain services they are able to achieve.
Recognises the principle of subsidiarity as a desirable goal.	Recognises the principle of subsidiarity as a desirable goal.
Recognises and respects the diversity of community and town councils and that their needs varies according to size, and the extent to which they participate varies.	Will engage appropriately with local people.

#### **Local Governance**

We will be clear about the expectations that we have of each other in order to facilitate a smooth working relationship. In this regard, we will define the way in which we interact with each other. We will be clear about the role of councillors at all levels in the relationship and in community leadership.

The Community Liaison Committee meets quarterly. One representative, or nominated substitute, attends from each town and community council and from any other organisation considered appropriate, along with thirteen unitary councillors, to discuss local government matters of mutual concern. The committee provides comments and makes recommendations to the cabinet of the Vale of Glamorgan Council.

None of the principles in this Charter would prevent other meetings being held when appropriate on any matters of mutual interest.

# Consultation

We appreciate the importance of meaningful consultation and set out a genuine commitment among all parties to consult on matters of mutual concern. We will agree clear, specific and time limited procedures and processes for consultation.

The Vale of Glamorgan Council	Community and Town Councils
Will aim to give community and town councils the opportunity to comment before making a decision that affects the local community.	Will respond to consultation opportunities in a timely manner, addressing the key issues in the consultation document.
Will make available copies of its public reports (Cabinet, scrutiny and other committees, Council, etc.); will advise clerks of the dates of its public meetings; and will make copies of its agendas available on the Council's website as soon as possible.	Will make full use of the papers available to them to inform local decision-making.
Only in exceptional circumstances will appropriate consultation not take place, in which case a written explanation will be given on request.	Acknowledge that in some circumstances the time scales set for receipt of comments on consultation documents are imposed externally and are occasionally very short. It may be that to meet deadlines, especially on major issues, it will be necessary for community and town councils to hold a special meeting.

### **Information and Communication**

We appreciate the need for timely, clear and relevant information and communication in fostering good relationships and better joint working for the benefit of local people.

# Joint working and engagement

The Charter defines 'partnership' as working together towards a common set of goals, based on equality in terms of ownership, decision-making and recognition of each organisation's distinctive contribution. An equal and effective partnership brings benefits and responsibilities to all those involved. Local government at both tiers must work together to promote the economic, social and environmental well being of

our area. If doing things differently achieves a better and more sustainable service, we will seriously examine these methods.

# **Land Use Planning**

Community and town councils know and understand their local area and must be able to comment effectively on planning matters. The Vale of Glamorgan Council is able to take an overview of the needs of the whole local area and make decisions, taking local views into account.

The Vale of Glamorgan Council	Community and Town Councils
Will uphold its statutory duty to consult community and town councils on all planning applications, appeals or non material applications in their communities	Will make appropriate responses to the Vale of Glamorgan Council recognising the parameters imposed by planning law and agreed planning policy, notwithstanding that separate applications can be made direct to the Planning Inspectorate.
Will invite representatives from a community council or town council to participate actively (including speaking) in Planning Committee site visits relating to planning applications in its area.	Will ensure that councillors receive training on planning issues and have a sound understanding of how planning law works.
Will develop or devolve the preparation of Supplementary Planning Guidance in consultation with town and community councils.	Will cooperate in the preparation of SPG as provided for by current planning legislation.
Will ensure that town & community councils receive copies of decisions made on applications relevant to their area, and make further clarification where requested.	Will progress any further clarification with the council officers concerned.

Will allow members of the public to give	Will actively participate in and give

## **Action Plan**

This Charter will be supported by the development of an action plan addressing each of the individual topics contained herein. The action plan will be developed on a joint basis and shall attribute responsibilities to each partner. Actions will be accompanied by a timescale and will be reported annually.

actions in their service plans for the year.	

# **Monitoring and Review**

The Charter will be fully reviewed every five years following local elections, or more often if there is a need to do so. The Community Liaison Committee will measure progress annually in achieving the measures set out in the Charter through the setting and reviewing of actions contained in an action plan. The Community Liaison Committee can recommend the need for a mid-term review of the Charter if appropriate.
