QUESTION PURSUANT TO COUNCIL PROCEDURE RULE 8:2

FROM COUNCILLOR MRS. J.M. NORMAN

TO THE CABINET MEMBER FOR SOCIAL CARE, HEALTH AND LEISURE

LLANTWIT MAJOR LEISURE CENTRE

Can the Cabinet Member explain why Llantwit Major Leisure Centre, despite serving an ever-growing population of the third largest town in the Vale, is in such a disgusting state of repair?

This is one of the most frequent complaints we are receiving from residents. This Council advocates Wellbeing, yet the Leisure Centre facility in Llantwit Major continues to be overlooked when it comes to any money being spent on it. We have, at this moment, two major housing developments in the area, yet the infrastructure of the Town is not being invested in to support the increase in population.

It does seem that once again Llantwit Major is being side-lined when any funding for leisure facilities has been available.

**EIA FOR INCINERATOR ON BARRY DOCKS**

When the Vale became aware of the Minister's 'minded to' letter dated 14<sup>th</sup> February, 2018 regarding the need for an EIA for the incinerator on Barry Docks, were officers asked to reconsider their decisions on this subject, as the officers had previously decided an EIA was not needed? If reconsideration was requested, then what was the outcome? If there was no request to officers to reconsider at the time, then can this now be done, and Councillors informed of the outcome?

QUESTION PURSUANT TO COUNCIL PROCEDURE RULE 8:2

FROM COUNCILLOR N.P. HODGES

TO THE DEPUTY LEADER AND CABINET MEMBER FOR REGULATORY AND  
LEGAL SERVICES

**INCINERATOR PERMIT**

Were the Vale of Glamorgan Council advised by Natural Resources Wales, or others, of the breaches of the incinerator Permit in March 2018 during pre-commissioning? If not, then when were they informed? Vale Council Officers, like most of Barry, will have witnessed the black plume from the incinerator and realised something was wrong. What action did the Vale take on the breaches as they were occurring? Does the Vale of Glamorgan Council agree with the assessment by Natural Resources Wales that nobody should be prosecuted over these breaches? Can the Vale Council now investigate the breaches for itself and consider whether to take prosecution action themselves?
