

THE VALE OF GLAMORGAN COUNCIL

QUESTION IN ACCORDANCE WITH THE PROTOCOL AGREED BY COUNCIL ON
5TH MAY, 2010

QUESTION FROM: MR. L. MACK

TO: THE DEPUTY LEADER AND CABINET MEMBER OF SUSTAINABLE PLACES

REDUCING CO₂ EMISSIONS

Several hundred people within Bro Morgannwg serve as school governors and collectively travel thousands of miles by car on an annual basis to attend their governing board and various sub-committee meetings. With reference to its previously declared Climate and Nature emergencies and the Project Zero Challenge Plan, could the Council outline what steps it will take to encourage school governing boards to reduce their collective CO₂ emissions as well car exhaust and tyre particulate pollution by holding as many of these meetings as possible online.
