

SUPPLEMENTAL INFORMATION

I wanted to take this opportunity to update you on the steps we are taking at View 62 to ensure that our venue does not become a nuisance to nearby residents.

We are committed to addressing any concerns, and to that end, we have taken several measures. We have ordered new French doors for the venue, which is currently an open aperture, the doors will help contain noise; they are set to be installed tomorrow. Additionally, we have ordered soundproof curtains to further minimize any potential noise pollution to the front elevation as it is currently heavily glazed. [SoundProof Curtains In The UK | Sound Escape UK \(sound-escape.co\)](#)

In line with our commitment, our outdoor speaker is lowered in volume or even turned off/ moved inside at a much earlier time than the current license suggests

We understand another concern of residents is parking, we have a car park directly behind the venue that holds 100's cars. It is not a costly price to park the car and have since advertised for designated drivers to use our car park rather than resident parking.

We recently held a meeting with local residents to listen to their concerns, and we have assured them that we are doing everything we can to address any issues. The residents who attended were all very happy with the measures we are putting in place. We are dedicated to being good neighbours and will continue to make adjustments as needed to maintain a positive relationship with the community.

I have attached some supporting evidence.

Thank you for your understanding and support and look forward to talking more at the hearing.

Best regards,
Chaliese Anderson Ludvigsen

Hi view 62,
Thank you for your invite. As a resident,

I can honestly say that I have never ever heard any noise from your establishment, so I'm surprised to learn of you receiving complaints. Whilst obviously I hear the fair music and all of the laughter (which I love hearing), the fair opening hours are such that I believe are respectful to residents. I do sometimes hear shouting, but I hear that from the front of my property, which I believe is coming from the park very late at night, although even that has stopped lately. I don't need to attend a meeting, though thank you for taking the complaints that you have received seriously.
Best wishes

Will the same rules apply to the fair ground because we can hear that on Jenner road but not you!

Hi mate
This is the door ordered
Viewed from outside
Upvc french doors
Black grain in and out
Black handles
Clear glazing
Low threshold
No cill
Open outwards
Master on right
Let me know if all ok
Cheers
