1.2 The Purpose of Our Service Plan

This plan identifies how we will contribute towards achieving the Council's vision – **'Strong Communities with a bright future'**.

Our service plan outlines our key priorities for the next four years and how we will manage our resources to deliver these. The plan gives an overview of our service, what we aim to achieve, why this is important, how we will achieve it, how we will monitor progress and what success will look like.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

- **Ambitious:** Forward thinking, embracing new styles of working and investing in our future.
- **Open:** Open to different ideas and being accountable for the decisions we take.
- **Together:** Working together as a team that engages with our customers and partners, respects diversity and is committed to quality services.
- **Proud:** Proud of the Vale of Glamorgan: proud to service our communities and to be part of the Vale of Glamorgan Council.

Our Council's priorities are contained in the Corporate Plan 2016-20 and are expressed as well-being outcomes and objectives. These have been decided upon following consultation with key

stakeholders including citizens of the Vale of Glamorgan. Our well-being outcomes and objectives are:

Well-Being Outcome	An Inclusive and Safe Vale	An Environmentally Responsible and Prosperous Vale	An Aspirational and Culturally Vibrant Vale	An Active and Healthy Vale
Well-Being Objective	Reducing poverty and social exclusion	Promoting regeneration, economic growth and employment.	Raising overall standards of achievement.	Encouraging and promoting active and healthy lifestyles.
Well-Being Objective	Providing decent homes and safe communities	Promoting sustainable development and protecting our environment.	Valuing culture and diversity	Safeguarding those who are vulnerable and promoting independent living.

The well-being objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The Act is intended to make public bodies think more about the long-term, work better with people and communities and each other, look to prevent problems and take a more joined-up approach. The contribution our service will make to the well-being goals is highlighted throughout our service plan.

1.3 Developing Our Plan

Our service plan is set for one financial year and is informed by and reflects the environment within which our service operates. As well as contributing to the well-being outcomes and objectives from our Corporate Plan, our service has taken the following into consideration when drafting our plan:

- The Annual Service Self-Assessment which provides an overall position statement for the year based on specific issues relating to performance, customer experience, and the use of resources (workforce, financial, ICT and assets);
- Our budget including planned service savings and efficiencies and the implementation of the Council's Reshaping Services Change Programme;
- Taking into account implications for the service arising from new legislative developments such as: the Well-being of Future Generations (Wales) Act 2015, Social Services and Wellbeing (Wales) Act 2014, Renting Homes (Wales) Act 2016, the Regulation and Inspection of Social Care (Wales) Act 2016, the Additional Learning Needs and Education Tribunal (Wales) Act 2018 and the proposed Local Government Bill.
- Taking into account the new Corporate Safeguarding Policy.

1.4 How We Work - Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a 'sustainable development principle' which tells organisations how to go about meeting their duty under the Act:

“You must act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs, by taking account of the sustainable development principle”.

The sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response our Corporate Plan 2016-20 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver the Council's priorities.

3.2. Managing Our Resources to Deliver Our Priorities

The following sets out how we will manage our resources to achieve the actions in our Service Plan and support our service.

Integrated Planning

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet people's needs. For 2018-19, we have identified a series of 'enabling actions' that will support us to deliver our priorities for Year 3 of the Corporate Plan and contribute towards the Corporate Plan Well-being Outcomes.

This section provides a summary of these actions, outlining how we will use our resources (including our workforce, ICT, finance, assets and customer insight) and manage identified risks in order to deliver planned improvement.

Workforce Development

Key Service Statistics (2016/17)						
Average headcount 2016/17	FTE 2016/17	Average days sick		Average days sickness per FTE	Turnover (no of leavers)	#itsaboutme completion rate (%)
		Long term	Short term			
31	28.73	0.21	1.58	1.79	2 (6.45%)	100

During 2017/18 100% of staff appraisals for the service have been completed mirroring our performance last year.

Managing sickness absence rates continues to be an area of focus within the service area however, based on current data at Q2, 2017, just 1.04 days per FTE have been lost to sickness absence which is an improvement when compared to the same period last year (2.46 FTE). This figure exceeds the directorate target of 5.8 FTE and is also better than the Council's target of 8.9 FTE.

The Legal Services workforce has remained fairly static, with low levels of turnover. As at September 2017, the service had an establishment of 30 FTEs compared to 29 FTEs at the same time period in 2016. Through continuing to focus our efforts on succession planning and encouraging the cross-skilling across teams we can continue to ensure there is resilience within the workforce.

As at September 2017 the age profile of the service was as follows: [0% (65+); 28% (55-64); 34% (45-54); 24% (35-44); 14% (25-34) and 0% (16-24)]. In order to address this disparity in part Legal Services has had a programme which has been in place for 10+ years for appointing trainee solicitors and for the last 6 years this has been funded from the income generated within Legal Services. We also recruited in January 2018 an FMA/Apprentice.

There continues to be a need to focus on developing skillsets within the division that enables us to effectively support the change management process of the Reshaping Services agenda.

It is important that we continue to maintain and develop the workforce necessary to meet future service needs both in terms of the numbers employed and the skills and competency required of those employees. It remains a priority for Legal Services to continue to support staff development and succession planning despite the pressures of budget and staffing reductions. Our key workforce development priorities for the coming year are:

ICT

In line with corporate direction we continue to use ICT to work smarter and more flexibly through exploring new ways of working digitally and investing in new technologies. Our ICT priorities for 2018/19 outlined below reflect our continuing commitment to working smarter and more flexibly in line with the Council's Digital Strategy.

- To continue to review and reduce printing in line with the Corporate Print Strategy;
- Continue to review AIM software (contract expires May 2018) with other software being considered including that used by other Authorities;
- Develop the Legal Portal in liaison with the Courts regarding use of electronic court bundles;
- Implementation of new electoral registration software commencing in May 2018;
- Rolling out replacement laptops and upgrade to Windows 10 across Legal Services.

Finance

The estimated budget for Legal Services (including Electoral Registration) for 2018/19 is £1.159m (excluding overheads) and the planned improvement activities for 2018/19 focus on delivering the in-year savings identified for the service. However, over the following two years, we are also required to deliver further savings which are outlined below.

Scheme	2018/19 (£000)	2019/20 (£000)	Total (£000)
<i>Review of Resources Directorate</i>	700	0	700
Total	700	0	700

Italicised figures indicate savings targets that have been set for the whole directorate in which this service area is based.

In addition, the Legal Service will also be contributing to the delivery of general policy and council-wide savings. For 2018/19 these are:

- Review of the Procurement (Reshaping Tranche 3)- £1m
- Income and Commercial Opportunities (Reshaping Tranche 3)- £550k
- Digital Strategy (Reshaping Tranche 3) – £250k
- Establishment Review (Reshaping Tranche 3) – £250k
- Minimum Revenue Provision – £1.5m

Assets

In line with the Corporate Strategy, we are focussing on ensuring the suitability and sufficiency of our assets to meet service and corporate objectives by targeting any underperforming assets; reducing the amount of accommodation used to deliver services; and identifying opportunities to provide multiple service delivery from an asset (co-location). Our key areas of focus for 2018/19 are:

- Review and reduce use of printers in line with the digital strategy; and
- Roll out replacement laptops and upgrade to Windows 10.

Procurement

In line with corporate guidance we are committed to promoting effective procurement using innovative, sustainable and modern practices to deliver value for money and contribute to the achievement of corporate well-being outcomes. Our significant projects for 2018/19 are:

- Procurement associated with purchasing software in respect of the court bundling (if necessary) and electoral registration software.
