## **Social Services**

- 2.4** Flying Start Gibbonsdown Children Centre Soft Play - The Council has been awarded a grant from Welsh Government of £25k to replace the softplay matting covers in the playground at Gibbonsdown Children's Centre. It has been requested that this scheme is included in the 2019/20 Capital Programme.

## **Environment & Housing**

- 2.5** Ashpath Footpath Improvements - Land issues have prevented progress on this scheme and it has been requested to remove this scheme from the 2019/20 capital programme.
- 2.6** HRA Internal Works - Works to heating systems in Sheltered Housing will not be undertaken in 2019/20 due to resources. It has been requested that £200k is carried forward into the 2020/21 Capital Programme for the works to be carried out.
- 2.7** HRA External Works - The Contract has been let for Aireys Non Traditional properties of which £400k of works will be completed in 2020/21. The contract is due to be let for windows and doors of which £180k of the works will be completed in 2020/21. It has therefore been requested to carry forward £580k into the 2020/21 Capital Programme.
- 2.8** Housing Improvement Programme Common Parts - Work is ongoing in relation to the communal area upgrades, however, a combination of delays has slowed delivery of the various schemes and £446k of works will be completed in 2020/21. The fire risk safety contract has been let but £157k of works will be completed in 2020/21. It has therefore been requested to carry forward £603k into the 2020/21 Capital Programme.
- 2.9** Housing Improvement Programme Environmental Works - Work is ongoing on the Buttrills scheme and other environmental priorities will be identified following the preparation of the 2020/21 Housing Business Plan. It has therefore been requested that £213k is carried forward into the 2020/21 Capital Programme.
- 2.10** Housing Improvement Programme New Build - The Holm View new build scheme is due to complete in June 2020. It has therefore been requested that £600k is carried forward into the 2020/21 Capital Programme.
- 2.11** Bus Stop Upgrades - It has been requested to vire this £10k budget to the A48 Strategic Corridor and Other Primary Bus Stops scheme for a more streamlined procurement process.
- 2.12** Improvement works to the footpath infrastructure on Old Port Road, Wenvoe - Delegated Authority has been used to increase the 2019/20 Capital Programme

by £138k. The scheme seeks to improve the footpath infrastructure outside of Gwenfo Primary School, and to provide an appropriate access into the park opposite the school. The scheme will be funded by S106 monies.

- 2.13** Replacement Jenner Park Stadium Roof - This scheme is anticipated to overspend by £12k and this will be funded from a revenue contribution to capital.

### **Managing Director and Resources**

- 2.14** Penarth Heights Public Art - Works at Cogan Skate Park that were originally part of this budget are now being carried out as part of the North Penarth Open Space Improvements scheme. It has therefore been requested to vire £40k from this scheme to the North Penarth Open Space Improvements Scheme in the 2019/20 Capital Programme. It has also been requested to carry forward £309k of the Penarth Heights Public Art scheme into the 2020/21 capital programme to reflect the revised timescales for the makerspace project.

- 2.15** Skills Training Centre, Property Conversion and Car Park - Grant monies are being prioritised this financial year to ensure full spend by the end of March 2020. It has been requested that £118k is carried forward to allow this scheme to continue into next financial year.

- 2.16** City Deal - The Cardiff Capital Region City Deal brings together ten local authorities and financial support from Welsh and UK Governments to generate significant economic growth and to improve transport and other infrastructure within the Cardiff Capital Region over the next 20 years. It has been requested that the 2019/20 and 2020/21 budgets are amended to £544k and £769k respectively in accordance with the annual business plan that was reported to Regional Cabinet on the 18th February 2019.

- 2.17** Disabled Facilities Grant - A number of recent referrals/applications have seen an increase in full means tests, which has resulted in a rise in applicant's self-funded adaptations. This has been coupled with a reduction of referrals being received. This possible trend may be due to the time of year, the effect of means testing or a combination of factors. The team will continue to monitor the situation to establish if this is a trend and what the causes may be. In 2018/19 there was a considerable rise in applications towards the end of the year. It has been requested to carry forward £152k into the 2020/21 Capital Programme.

### **2020/21 to 2024/25 Capital Programme**

- 2.18** The Provisional General Capital Funding for 2020/21 has not yet been announced by Welsh Government (WG) and is expected in mid-December 2019.
- 2.19** The Cabinet Secretary for Finance announced on 20 November 2018 in the Draft Budget for 2019/20, proposals for an extra £100m of capital funding to be made

available for local authorities over 3 years. For the Council, this represents £1.9m in 2018/19, £1.1m in 2019/20 and could be around £700k in 2020/21, with confirmation due to be received as part of the provisional settlement. The first instalment of £50m was paid in 2018/19, with £30m being paid in 2019/20 and £20m in 2020/21. This additional funding has been factored into projections going forward, however as no further indication has been received from Welsh Government, it has been assumed that from 2021/22 onwards, the level of capital funding will revert back to the same level as set out in the 2018/19 Provisional Settlement and will then remain constant for the remainder of the period of this programme. General Capital Funding has therefore been assumed as £6.259m for 2020/21 which is made up of £2.846m General Capital Grant and £3.413m Supported Borrowing. The General Capital Funding for 2019/20 was £6.643m therefore there is an assumed reduction of £384k between years.

- 2.20** Appendix 2 sets out the Initial Proposals for the Capital Programme between 2020/21 and 2024/25.
- 2.21** The Council will look to progress only those schemes which are deemed to be a key Corporate Priority and make a clear impact to the Wellbeing and Future Generation priorities. The Council will seek assurances that schemes included in the capital programme can be delivered on time and within budget.
- 2.22** The Major Repairs Allowance (MRA), which is the grant that provides capital funding to the Housing Revenue Account (HRA), has not yet been announced by the Welsh Government for 2020/21. Cabinet will be advised once the announcement is made. An assumption has been made in Appendix 2 that the grant will continue at the same level as in the current year, which is £2.760m, in 2019/20 and throughout the period of the Capital Programme.
- 2.23** In addition to external funding, the Council will finance part of the Capital Programme from its own resources, e.g. capital receipts and reserves.
- 2.24** The table below details the General Capital Funding and internal resources required to fund the proposed schemes which are detailed in Appendix 2.

**Total HRA Resources** **18,116**

**Total Net Capital Resources** **34,268**

**Capital Bids 2020/21 to 2024/25**

**2.25** New capital bids were invited for return by 27th September 2019 and the number of bids received were 41 (3 from Learning and Skills, 21 from Neighbourhood and Transport Services, 4 from Managing Director and Resources, 12 from Regeneration and Planning and 1 from Social Services). Departments were requested to rank and assess their own bids in order of importance before submission and bids from each Department were forwarded to the Insight Board for evaluation.

**2.26** A number of criteria are used to assess the Capital Bids. The first criterion used is to classify the nature of the bids.

**2.27** Where bids are rated an A or B on the criteria listed below there would clearly be a legal obligation to ensure that works are progressed in a timely manner within the confines of the funding available. Schemes that represent an invest to save opportunity or support the achievement of corporate priorities should also be prioritised. The criteria used is set out below:-

Priority Level	Criteria
A	Health and Safety legislation
B	Other Legislation/Statutory Requirement
Ci	Economic Sense/Invest to Save
Cii	Corporate Plan
Ciii	Sufficiency
D	Condition/Suitability
E	Welsh Government Requirements
F	Low Priority

**2.28** In addition, in accordance with the criteria set out in the Budget Strategy, the bids were prioritised in terms of their corporate priority and the risk they pose to the Council if they are not pursued. The risk assessment element was undertaken in line with the Council's Corporate Risk Management Strategy as follows;

Possible Impact or Magnitude of Risk	Catastrophic	MEDIUM	MEDIUM/HIGH	HIGH	VERY HIGH
	High	MEDIUM/LOW	MEDIUM	MEDIUM/HIGH	HIGH
	Medium	LOW	MEDIUM	MEDIUM	MEDIUM/HIGH
	Low	VERY LOW	LOW	MEDIUM/LOW	MEDIUM
Risk Matrix	Very Unlikely	Possible	Probable	Almost Certain	
	Likelihood/Probability of Risk Occurring				

**2.29** Taking into account the nature of capital schemes, the following criteria were applied to assess corporate priority:

<b>Corporate Priority</b>	<b>Score</b>
Commitments and areas where the Council has no control over the expenditure, e.g. contractual and legal commitments, absolute minimum statutory service, taxes, etc.	3
Very high priority (publicly announced commitment e.g. items included in the Community Strategy, Corporate Plan etc.)	2
“Invest to Save” and preventative expenditure	2
Statutory expenditure above the absolute minimum and other priorities	1
Low Priority	0

**2.30** The bids are also reviewed for the contribution that they make to the Wellbeing and Future Generations criteria as set out below;

- Long Term
- Integration
- Collaboration
- Prevention
- Involvement

**2.31** Each scheme is awarded one point for every one of the outcomes that it meets to a maximum of 5.

**2.32** In previous years, only those schemes assessed as corporate priority 1 or higher and medium risk or higher were included in the capital programme. In addition, successful bids had also contributed to at least three Wellbeing and Future Generations outcomes and should have had a scheme priority factor of either A/B/Ci/Cii/Ciii. Usually bids that did not meet these criteria were excluded from consideration.

**2.33** These bids have been considered by the Insight Board where it was agreed that, when agreeing the final programme, consideration should also be given to those schemes that meet the following criteria :

- Invest to save / Invest to earn;
- Address a reputational issue for the Council, and
- Support the Reshaping agenda for the Council.

**2.34** The value of capital bids received totalled £6.973m in 2020/21 and £20.473m over the 5 year period. While the evaluation process has been carried out this year for all capital bids in the normal manner, the settlement for 2020/21 has not been confirmed. It is therefore proposed that at this point, due to the

uncertainty in the level of funding that will be provided, no schemes will be approved for inclusion in the Capital Programme and further assessment will be carried out by the Budget Working Group once the level of funding is known and consultation has taken place. A list of all the capital bids received is shown in Appendix 3.

**2.35** Various allocations for Asset Renewal have currently been included in Appendix 2 over the 5 year period of the programme. Asset Renewal budgets for each directorate will be reviewed and schemes will be identified prior to the approval of the Final Capital proposals for 2020/21 to ensure that funding is allocated to priority schemes.

**2.36** There have been a number of changes approved by Cabinet since the final budget proposals 2019/20 to 2023/24 were approved in February 2019. These changes including capital sums carried forward have been included in Appendix 2.

#### **Housing Improvement Plan**

**2.40** The 2019/20 Housing Improvement Programme budget currently totals £21.295m. It has been requested earlier in the report that the budget is reduced by a net figure of £2.196m which is to be carried forward into 2020/21. The funding of the 2019/20 programme has been amended as set out in the table below: -

<b>Funding</b>	<b>Current 2019/20</b>	<b>Amended 2019/20</b>

## Next Steps

- 2.41** The next stage is for the estimates to be submitted to Scrutiny Committees for consultation. Each Scrutiny Committee will be asked to first consider the Initial Capital Programme proposals as shown in Appendix 2 and to make any recommendations for changes and to consider the capital bids shown in Appendix 3. If changes are requested or particular bids are supported, then the reasons need to be recorded in order to assist the Cabinet and the Budget Working Group in drawing up the final proposals. Corporate Performance and Resources Scrutiny Committee is the lead Scrutiny Committee and will consider both the Initial Capital Budget Proposals and any recommendations that other Scrutiny Committees have made. The responses of Scrutiny Committees must be made no later than the 19th December 2019.
- 2.42** Managers will be asked to revisit the recommended schemes contained in the final proposals prior to presentation to Cabinet and to confirm final costs and spend profiles.
- 2.43** Currently, the approved timetable requires Cabinet to approve the final budget proposals by no later than the 3rd February 2020 and that Cabinet's final Capital Programme proposals will be considered by Council at a meeting to be held on 24th February 2020 to enable the Council Tax to be set by 11th March 2020.

## **3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?**

- 3.1** The Capital Programme focuses capital investment to deliver the outcomes identified as part of the Corporate Plan. Some examples are :-
- **An Inclusive and Safe Vale** - Continued investment in housing through the Housing Improvement Programme to maintain the Welsh Housing Quality Standard and plans for new build and environment and regeneration programmes.
  - **An Environmentally Responsible and Prosperous Vale** - Investing in the introduction of LED street lighting will bring environmental benefits and contributing as a partner in the Cardiff Capital Region City Deal will bring economic prosperity to the area.
  - **An Aspirational and Culturally Vibrant Vale** - Further investment in schools through the School Investment Programme with Band A complete and development under Band B commencing in 2019/20.
  - **An Active and Health Vale** - Investment in Leisure Centres and playgrounds will encourage more use and activity.
- 3.2** The setting and the monitoring of the Capital programme follows the Five Ways of Working.

- 3.3 Looking to the long term** - The development of the capital programme is a means of planning for the future and takes a strategic approach to ensure services are sustainable and that investments are affordable over the longer term and that future need and demand for services is understood.
- 3.4 Taking an integrated approach** – In setting the capital programme, working with partners is encouraged, as it allows the utilisation of funding from various sources, such as Welsh Government and S106 contributions, to deliver schemes.
- 3.5 Involving the population in decisions** – As part of the annual budget setting process there is engagement with residents, customers and partners. Prior to the implementation of certain capital schemes, consultation may also take place with the public which may in some cases be statutory.
- 3.6 Working in a collaborative way** – It recognises that more can be achieved and better services can be provided by collaboration and it encourages this as a way of working in the future which includes providing funding to work with local communities.
- 3.7 Understanding the root cause of issues and preventing them** – The process for setting and monitoring the capital programme is proactive and allows an understanding of the financial and operational issues to be considered together so that issues can be tackled at the source.

## 4. Resources and Legal Considerations

### Financial

- 4.1** The total net capital expenditure of the proposed programme in Appendix 2, over the 5 years, is £132.7m.
- 4.2** If the schemes shown in Appendix 2 are approved, the effect on General Fund useable capital receipts will be as shown in the following table.

- 4.3** The Education Capital Programme utilises general capital receipts in addition to capital receipts ring fenced for Education.
- 4.4** The capital receipt balance for Social Services has been ring fenced for Social Services capital expenditure. Whilst options are being explored by the Council, it has been assumed that the full capital receipt of £1.339m will be utilised for older person's accommodation in 2021/22.
- 4.5** In line with the overall strategy and specific suggestions proposed by the Budget Working Group, in order to resource the Capital Programme, reserves will be utilised over the period of the Capital Programme 2020/21 to 2024/25.
- 4.6** The Project Fund will be used to fund schemes assessed on an invest to save basis, and in certain circumstances business critical schemes may also be funded from this reserve with the prior approval of the Head of Finance.

### **Employment**

- 4.7** Some of the work included in the capital programme will be undertaken by Council staff and the relevant costs will be recharged to the capital scheme.

### **Legal (Including Equalities)**

- 4.8** There are no legal implications.
