

Meeting of:	Corporate Performance and Resources Scrutiny Committee
Date of Meeting:	Thursday, 11 February 2021
Relevant Scrutiny Committee:	Corporate Performance and Resources
Report Title:	Vale of Glamorgan Council - Proposed Fees and Charges for 2021/2022
Purpose of Report:	To propose changes in service charges for functions managed by the Council in the following directorates for the financial year 2021/22: <ul style="list-style-type: none"> - Environment and Housing - Managing Director and Resources - Learning and Skills - Social Services
Report Owner:	Managing Director
Responsible Officer:	Managing Director
Elected Member and Officer Consultation:	Directorate of Environment and Housing Services Directorate of Social Services Directorate of Resources Directorate of Learning and Skills Committee Reports Finance Equalities
Policy Framework:	This is a matter for Executive decision by Cabinet.
<p>Executive Summary:</p> <ul style="list-style-type: none"> • This report seeks Scrutiny Committee (Corporate Performance & Resources) consideration of fees and charges for The Vale of Glamorgan Council for 2021/22. • The proposed fees and charges contained in this report and associated appendices reflect an inflationary increase of 0.7% (October 2020 CPI) rounded to the nearest 10p. Some fees and charges have increased higher than inflation, remained the same or decreased to reflect the take up of services and the cost of delivery and rationale for doing so is outlined in the body of this report. 	

- Scrutiny Committee (Corporate Performance & Resources) are requested to consider the content of the report and appendices and refer any comments to Cabinet to consider when deciding on the level of fees and charges for 2021-2022

Recommendations

1. That Scrutiny Committee consider the proposals for amendments to fees and charges and associated policy and process changes as set out in this report and the associated appendices.
2. That the comments of Scrutiny Committee (Corporate Performance & Resources) are referred to Cabinet to consider when making a final determination.

Reasons for Recommendations

1. To obtain Committee's views of the fees and charges proposed for 2021/2022.
2. To enable the Committee's views to be considered by Cabinet when making a decision on fees and charges for services for 2021-22.

1. Background

- 1.1 In October 2017, Cabinet approved the Income Generation and Commercial Opportunities Strategy. The Strategy sets out that as public funding becomes increasingly constrained and under more intense scrutiny, greater emphasis has to be placed upon self-generated income and developing and presenting products and services that will resonate with paying customers. The Strategy is based around a series of strategic objectives, with associated policy principles. These objectives and principles are intended to ensure the consistent consideration and implication of income generation proposals.
- 1.2 The Council delivers a number of chargeable services. These charges are set on an annual basis and this report sets out proposals for changes to fees and charges (with associated policy/process changes) for the Council's four directorates: Environment and Housing, Managing Director and Resources, Learning & Skills and Social Services.
- 1.3 As revenue budgets have become more challenging in recent years and with the effects of the Covid-19 pandemic, income from fees and charges becomes ever more important as a way of sustaining priority services. The Council has a wide range of income sources that feed into its operational budgets and these include Welsh Government grants, income from external works, fines, and a number of fees and charges that are levied to the public and the commercial sector.
- 1.4 As part of the action plan to deliver the Income Generation and Commercial Opportunities Strategy, a review of all existing fees and charges has been undertaken. At times of financial pressure, there may be a temptation to propose high fee increases. However, this would not necessarily guarantee a commensurate income increase across all areas, as patronage of certain services could reduce and/or be inconsistent with the Council's objectives.

- 1.5 This report sets out the proposed fees and charges for the range of services offered by the Council. Specific details are provided within the body of the report for Committee's consideration where there are significant changes to the fees and charges or associated policy/processes involved. The remaining fees and charges are detailed in the relevant appendices which show the current and proposed level of charges. It is recommended that unless mentioned in this report an increase of 0.7% (CPI October 2020) has been applied and rounded to the nearest 10p.
- 1.6 An Equalities Impact Assessment has been undertaken as part of the review of fees and charges and can be found in Appendix 5.

2. Key Issues for Consideration

- 2.1 The proposed charges for services for 2021/22 are set out in the appendices as follows:

Appendix 1 - Environment and Housing

- 1a Neighbourhood Services
- 1b Engineering and Transportation
- 1c Porthkerry Cemetery

Appendix 2 - Managing Director and Resources

- 2a Registrars
- 2b Land Charges
- 2c Legal Services
- 2d Property Services
- 2e Human Resources
- 2f Cosmeston Lakes
- 2g Medieval Village
- 2h Porthkerry Country Park
- 2i Glamorgan Heritage Coast
- 2j Public Rights of Way
- 2k Reptile Translocation

Appendix 3 - Learning and Skills

- Adult Community Learning

Appendix 4 - Social Services

- 4a Internal Day Services
- 4b Telecare

- 2.2 To ensure that current charges reflect inflationary pressures, it is proposed to uplift the majority of service fees by the amounts contained within the attached appendices.

- 2.3** A number of charges are also proposed to be increased to better reflect the actual costs of service provision in a move towards full cost recovery which is one of the objectives of the Income Generation & Commercial Opportunities Strategy and to generate additional revenue where this is appropriate, and the analysis of demand suggests it is possible to do so. In some instances, this requires changes to the policy/processes involved and these are detailed below.

ENVIRONMENT AND HOUSING

Neighbourhood Services (Appendix 1a)

- 2.4** The majority of charges for Neighbourhood Services are proposed to increase in line with inflation (or slightly more reflecting take up of services and the cost of delivery). A small number of the fees and charges have remained the same as they are deposits paid by the customer which are later refunded.
- 2.5** The following describes changes to fees and charges and associated policies and processes where an alternative approach has been followed.

King Square

- 2.6** The cost of using King Square for commercial purposes is proposed to remain the same as 2020/21 as the charges were raised higher than inflation last year, which will hopefully result in the continued and strong demand for these facilities. As such, in addition to the changes to charges for King Square, work will continue to explore other ways of utilising King Square to generate revenue. Further proposals will be developed for consideration in due course.

Allotments

- 2.7** Cabinet endorsed the Allotments Strategy in March 2012. This strategy sets out the aim of working towards achieving full cost recovery for operating these facilities over time. This is also a policy principle contained in the Council's Income Generation and Commercial Opportunities Strategy which states, "the Council will work towards achieving full cost recovery unless it is determined there are legal, strategic, wellbeing, or contractual reasons for not doing so". No legal, strategic or contractual reasons have been identified for not moving towards full cost recovery in this area.
- 2.8** Allotments provide an opportunity for allotment holders to improve their well-being through exercise and the production of food. To balance the well-being benefits of allotments with the costs to the Council of operating these sites, it was recommended during 2019/20 that the price for allotments should increase over time towards full cost recovery and other means of delivery will also be explored. In 2020/21 there was a higher than inflation increase, and this is also the recommendation for 2021/2022 with an increase of 20p per perch in Barry &

Rhose which equates to 3.17% increase. It's proposed that Allotments in Cowbridge are increased by 30p per perch, equating to an increase of 2.19%.

Dedications

- 2.9** Requests in relation to Dedication Benches in 2020/21 were steady and therefore it is recommended to increase bench plaques by the CPI rate rounded to the nearest 10p for 2021/22.
- 2.10** In addition, the price of Penarth Pier plaques is proposed to increase by £5 which is a rate higher than inflation to reflect the continued and strong demand for the product. This increase would equate to an 8.33% increase for a small plaque and a 5% increase for a large plaque. It is anticipated that should the proposed fee increase be agreed, demand will not be negatively impacted and result in an overall reduction in income. This is consistent with the policy principle contained within the Income Generation and Commercial Opportunities Strategy.

Bulky Waste

- 2.11** It is proposed that Bulky waste fees remain the same as 2020/2021 The Council's bulky item collection service currently costs £20 per three items. Additional items are charged at £5 each (up to a maximum of two items), and it is recommended this charge remains unchanged for 2021/22.

Commercial Waste

- 2.12** A review of the commercial waste charges was undertaken in 2018/19. For the service to remain competitive, Commercial Waste charges remained the same for 2020/21. To remain competitive, it is recommended that the CPI increase for 2021/22 is applied. The service is currently under review due to the changes from comingled recycling collections to source segregation. Therefore, any future changes will be made in line with this.

Replacement Keys

- 2.13** The Council currently levies a charge for the replacement of alley gate, allotment and slipway keys. It is proposed for these charges to remain the same in 2021/2022.

Beach Huts

- 2.14** It is proposed to increase the fees and charges in relation to the rental of beach huts at a rate higher than inflation to reflect the continued high demand for the service and the associated operational costs. Its proposed that annual huts will increase by £10 therefore an increase of 1.33% large and 1.81% small.

Advertising and Sponsorship

- 2.15** The Council's agreement with a contractor for roundabout and boundary sign sponsorship was terminated in February 2020 and as such the Council is now running its own scheme in house. The fees proposed in relation to roundabout and boundary sign sponsorship are minimum fees to reflect the anticipated demand for these services to local businesses and in March 2020 Cabinet delegated authority to the Director of Environment and Housing to vary fee levels in appropriate circumstances in respect of roundabout advertising contracts. It is proposed that these fees remain unchanged until the in-house service is established and demand for the services known.

Highways

- 2.16** The charge in relation to Crossovers is a standard fee. Highway inspectors will regularly inspect the highway, observing illegal crossovers and breaches of the Highways Act 1980.

Engineering and Transportation (Appendix 1b)

Car Parks

- 2.17** It is proposed car park charges remain as is at present due to the previously [agreed changes](#) by Cabinet associated with the Council wide review of car parking charges. It should be noted that due to COVID 19 some of the agreed fee structure hasn't yet been implemented.

Transportation

- 2.18** It's proposed that the cost of spare seats that can be purchased on school transport services remains unchanged. This will continue to encourage those of school age to use bus transport and reduce traffic congestion at the school gate.

Porthkerry Cemetery (Appendix 1c)

- 2.19** As in previous years, the charges proposed are those put forward by Barry Town Council who manage the Cemetery on the Council's behalf. The rates are in line with those charged by Barry Town Council at their cemetery in Barry.

MANAGING DIRECTOR AND RESOURCES

Registrars (Appendix 2a)

- 2.20** Details of the fixed fees charged by the Registration Service are set out in Appendix 2a. The figures for 2020/21 reflect the fixed fees which have applied, and which are charged in respect of the matters set out. The fixed fees will

continue to apply for 2021/22 with a standard 0.7% increase rounded to the nearest 10p and will continue to be reviewed on an annual basis.

Land Charges (Appendix 2b)

- 2.21** Details of the fixed fees charged in relation to Land Charges are set out in Appendix 2b. As above, the figures for 2020/21 reflect the fixed fees which have applied, and which are charged in respect of the matters set out. The fixed fees will continue to apply for 2021/22 with a standard 5p increase applied to each element of the charge, due to them being such small component amounts. This will equate to an overall increase of £3.65 when compared with last year. As the effective rate of increase is approximately 2.7% it is suggested that the increase be for 2 years to justify the departure from using the corporate rate for the land charges increase.

Legal Services (Appendix 2c)

- 2.22** Within Legal and Democratic Services there are several chargeable services. In respect of Legal Services, numerous powers exist which permit charging pursuant to section 111 of the Local Government Act 1972 and powers under section 93 and 94 of the Local Government Act 2003 to charge for discretionary services on a cost recovery basis.
- 2.23** In addition, an officer delegation has been in place since 2003 for the setting and review of the legal fees payable to the Council.
- 2.24** In respect of routine and non-urgent matters standard fixed fee charges apply and include legal work relating to conveyancing transactions, leases and licenses, amongst other matters. If a matter charged at a fixed fee becomes protracted, unduly complicated, the right is reserved to charge at an hourly rate if charging a fixed fee would not result in the Council recovering its costs.
- 2.25** Non-fixed fee work is charged at an hourly rate and usually relates to more complex or urgent work under various legislation and can include public rights of way under the application legislation, development agreements, special events, highways work, under the applicable legislation and planning and associated work.
- 2.26** In addition, Legal services are provided under Service Level and other agreements by agreement between the service and the party to the agreement. Services provided under such agreements are charged at an hourly rate, which are determined by the level of seniority and qualification of the legal officer assigned to the work.
- 2.27** Details of the fixed fees charged by Legal Services are set out in Appendix 2c. The figures for 2020/21 reflect the fixed fees which have applied and which are charged in respect of the matters set out. The fixed fees will continue to apply

for 2021/22 with a standard 0.7% increase rounded to the nearest 10p and will continue to be reviewed on an annual basis.

Property Services (Appendix 2d)

- 2.28** Details of the fixed fees charged by Property Services are set out in Appendix 2d. The figures for 2020/21 reflect the fixed fees which have applied and which are charged in respect of the matters set out. The fixed fees will continue to apply for 2021/22 with a standard 0.7% increase rounded to the nearest 10p and will continue to be reviewed on an annual basis.

Human Resources (Appendix 2e)

- 2.29** Appendix 2e outlines the fees levied in Human Resources in respect of DBS checks and payroll for external organisations.
- 2.30** For DBS checks it is proposed the fee remains at £16. The service has made no changes to this charge in previous years and the charge continues to cover the administration cost fully in relation to DBS umbrella body checks.
- 2.31** In relation to the Payroll Bureau Service for External Organisations, it is proposed that the fee is increased in line with the suggested inflationary increase of 0.7%.

Countryside Services

- 2.32** Appendices 2f to 2k relate to Countryside Services. The 20% discount previously offered to all Vale of Glamorgan Council departments (including schools), non-profit-making community uses and charitable organisations, specifically in relation to the hiring of space at all Countryside Service locations will remain unchanged ensuring that services can still be provided in a sustainable manner whilst offering continued value to these organisations. This reflects the scarcity of resources and the need to fund the costs of providing these non- statutory facilities.

Cosmeston Lakes (Appendix 2f)

- 2.33** Charges remain unchanged to reflect current market trends and to reflect the impact COVID 19 has had on user groups, whilst reflecting the take up of services and cost of delivery. This approach will reflect the true value of the unique facility and recognise the need to recover costs incurred to sustain the operation of the country parks.

Cosmeston Medieval Village (Appendix 2g)

- 2.34** Appendix 2g shows that prices have remained the same to reflect market value. The site has had to remain closed during COVID 19 restrictions, affecting bookings and future events such as weddings. Ensuing that charges remain

unchanged will help build confidence with potential user groups and organisations.

Porthkerry Country Park (Appendix 2h)

- 2.35** For Porthkerry Country Park the prices reflect those of Cosmeston. Charges remain unchanged to reflect current market trends and to alleviate the impact COVID 19 has had on user groups whilst reflecting the take up of services and cost of delivery.
- 2.36** Established car park charges are not proposed to be increased this year. Currently, car parking is only charged in peak season on weekends/bank holidays, to raise sufficient income to cover traffic management.
- 2.37** However, the Council's Car Parking Strategy has been adopted and car park charges levied at Porthkerry Country Park will be addressed accordingly when implemented.

Glamorgan Heritage Coast Project (Appendix 2i)

- 2.38** Proposed charges for the Glamorgan Heritage Coast project are set out in Appendix 2i, which are unchanged and in line with the Country Parks.

Public Rights of Way (Appendix 2j)

- 2.39** For Public Rights of Way, proposed charges are set out in Appendix 2k, which remain unchanged as set charges were recently introduced and the market is being gauged.

Translocation of protected species (Appendix 2k)

- 2.40** For translocation of protected species, the proposals set out in Appendix 2k, which remain unchanged as set charges were recently introduced and the market is still being gauged.
- 2.41** The proposals will enable the Country Parks to plan for the future management of the sites in a sustainable manner in times of reduced funding.
- 2.42** Saving targets for the Countryside Service include the generation of additional income and these proposals seek to raise income from users of services which require resources to maintain and/or deliver, in a fair and balanced way, whilst also maintaining viable competitive services and attracting visitors and tourists as appropriate.

LEARNING AND SKILLS

Adult Community Learning (Appendix 3)

- 2.43** The Council delivers a number of chargeable services through Adult Community Learning (ACL).
- 2.44** It is proposed fees remain the same this year to encourage learners to continue with online learning, support learners back to the classroom and implement the removal of the concession fee which was planned for September 2020.
- 2.45** The concession fee was removed for September 2020 however this was not noticed as many learners transferred fees from the previous term due to COVID refunds. The number of enrolments for the Vale Courses programme has been affected by the pandemic. Therefore, the rationale behind affordable fees is to encourage learners to return in September 2021.

SOCIAL SERVICES (Appendix 4)

- 2.46** The Social Services and Well-Being (Wales) Act 2014 ('the Act') came in to force on 6th April 2016. It provides the statutory framework to deliver the Welsh Government's commitment to focus on well-being, rights and responsibilities. It brought together in to a single piece of legislation local authorities' duties and functions in relation to improving the well-being of adults who need care and support and adult carers who need support.
- 2.47** The Act provides for a single legal framework for charging adults for care and support and for charging carers for support.
- 2.48** In addition, a Code of Practice (Parts 4 & 5 Charging for Financial Assessment) ('the Guidance') was issued under S145 of the Act. When carrying out their social services functions, local authorities must act in accordance with any requirements and have regard to any guidelines contained in the Guidance.
- 2.49** The Council delivers several chargeable services through the Directorate of Social Services, the majority of which fall under the requirements of the Act e.g. maximum charges for non-residential care, assessed charges for residential and nursing care, day services and telecare services.
- 2.50** The department has a wide range of income sources that feed into its operational budgets and these include ICF grant funding and Delivering Transformation grant funding. It is anticipated the proposed increase in fees will affect a small number of service users i.e. those who currently receive services that cost less than their assessed weekly charge, or those who receive only preventative services that are charged at a weekly flat rate. It will, however, increase the amount of income that can be recharged for joint funded packages of care i.e. those funded by both Social Services and the Health Board.

- 2.51** The Act cautions against the imposition of charges that may deter people from agreeing to the provision of services. In addition, the Act seeks to encourage the use of preventative services, and any charges would need to take this consideration into account.
- 2.52** In reviewing the fees and charges for Social Services, the following objectives and policy principles contained within the Income Generation and Commercial Opportunities Strategy have been considered and the following principles relate to the proposals contained in this report:
- 2.53** The Council will ensure that charging is considered where a legal power exists (or no legal barrier preventing it) to do so.
- 2.54** The Council will ensure that debt recovery procedures are followed in line with the Social Services Debt Recovery Policy.
- 2.55** The Council will ensure that any impact on demand is used to consider the level at which fees and charges are set when introducing or modifying fees and charges.
- 2.56** The Council will ensure that actions taken with regards to income generation and commercial opportunities are consistent with corporate strategies. These include the well-being outcomes, objectives and overall vision and values of the Council as set out in the Corporate Plan, the Council's Medium-Term Financial Plan and in the delivery of the Reshaping Services Programme, as well as other corporate planning documents.
- 2.57** To ensure that current costs reflect inflation (0.7% (CPI) for October 20), it is proposed to uplift most service fees by the amounts shown on the attached appendices.
- 2.58** The proposed charges for services for 2021/22 are set out in the appendices as follows:

Appendix 4a: Internal Day Services

Appendix 4b: Telecare

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** It is necessary to review fees on an annual basis to ensure the continuation of services in light of increasing costs. It is particularly important this year, with the Council and communities feeling the impact of the Covid-19 pandemic. This is undertaken in the context of the Wellbeing of Future Generations Act which

requires the Council to consider five ways of working when making decisions. Thinking to the longer-term is a key consideration when setting fees and charges, to minimise the impact on the Council's ability to provide services in the future that the current budgetary pressures present. The proposals also seek to further the Council's Well-being Outcomes contained within the Corporate Plan. Fees and charges have been proposed to further these objectives, within the context of the financial cost of doing so. There are no specific climate change implications arising from the fee increases proposed.

4. Resources and Legal Considerations

Financial

- 4.1** The fee increases outlined in this report assist in reducing to the budgetary pressures within the Directorates.

Employment

- 4.2** There are no employment implications arising from the proposals in this report.

Legal (Including Equalities)

- 4.3** Under relevant legislation the Council is permitted to charge for certain services it provides. Full details of the relevant legislation on fees and charges is contained in the Income Generation and Commercial Opportunities Strategy.
- 4.4** An equal opportunity scoping assessment has been undertaken and shows that there are no unacceptable adverse effects on the protected characteristics identified by the assessment. It is also considered that the charges proposed will not preclude any sectors of the community from accessing the services provided.

Appendix 1a
NEIGHBOURHOOD SERVICES - SERVICE CHARGES

Where applicable, VAT will be charged at the current rate

Description	Comments	2020 / 2021	2021 / 2022
FOOTBALL AND RUGBY			
Senior			
Hire of pitch and changing facilities	Per match	£55.60	£56.00
Hire of pitch	Per match	£42.00	£42.30
Hire of pitch and changing facilities (coaching day)	Per day	£81.90	£82.50
For games organised through the Vale of Glamorgan League		£49.40 (Maximum charge to club)	£50.09 (Maximum charge to club)
		£45.20	£45.84

PLANNING AND BUILDING REGULATIONS

1.1. Decisions and Pending Applications

Which of the following relating to the property have been granted, issued or refused or (where applicable) are the subject of pending applications:

- (a) a planning permission
- (b) a listed building consent)
- (c) a conservation area consent
- (d) a certificate of lawfulness of existing use or development
- (e) a certificate of lawfulness of proposed use or development

- (f) a certificate of lawfulness of proposed works for listed buildings

- (g) a heritage partnership agreement

- (h) a listed building consent order

(i) a local listed building consent order

- (j) building regulations approval
- (k) a building regulation completion certificate and
- (l) any building regulations certificate or notice issued in respect of work carried out under a competent person self-certificate scheme?

1.2. Planning Designations and Proposals

What designations of land use for the property or the area, and what specific proposals for the property, are contained in any existing or proposed development plan ?

2. ROADS AND PUBLIC RIGHTS OF WAY

2.1 Which of the roads, footways and footpaths named in the application for this search (via boxes B and C) are:

- (a) highways maintainable at public expense;
- (b) subject to adoption and, supported by a bond or bond waiver

- (c) to be made up by a local authority who will reclaim the cost from the frontagers;

Fees 2020/21	Proposed Fees 2021/22
£3.70	£3.75
£3.70	£3.75
£3.70	£3.75
£3.70	£3.75
£3.70	£3.75
N/A – English Legislation

£4.00	£4.05
£2.00	£2.05
£2.00	£2.05
£2.00	£2.05

(d) to be adopted by a local authority without reclaiming the cost from the frontagers ?

PUBLIC RIGHTS OF WAY

2.2 Is any public right of way which abuts on, or crosses the property, shown on a definitive map or revised definitive map?

2.3 Are there any pending applications to record a public right of way that abuts, or crosses the property, on a definitive map or revised definitive map?

2.4 Are there any legal orders to stop us, divert, alter or create a public right of way which abuts, or crosses the property not yet implemented or shown on a definitive map?

2.5 If so, please attach a plan showing the approximate route.

OTHER MATTERS

Apart from matters entered on the registers of local land charges, do any of the following matters apply to the property? If so, how can copies of relevant documents be obtained?

3.1. Land Required for Public Purposes

Is the property included in land required for public purposes?

3.2. Land to be Acquired for Road Works

Is the property included in land required for road works?

3.3. Drainage Matters

(a) Is the property served by a sustainable urban drainage system (SuDs)?

(b) Are there SuDs features within the boundary of the property? If yes is the owner responsible for maintenance?

(c) If the property benefits from a SuDs for which there is a charge, who bills the property for the surface water drainage charge?

3.4 Nearby Road Schemes

Is the property (or will it be) within 200 metres of any of the following:-

(a) the centre line of a new trunk road or special road specified in any order, draft order or scheme;

(b) the centre line of a proposed alteration or improvement to an existing road involving construction of a subway, underpass, flyover, footbridge, elevated road or dual carriageway,

(c) the outer limits of construction works for a proposed alteration or improvement to an existing road, involving (i) construction of a roundabout (other than a mini roundabout); or (ii) widening by construction of one or more additional traffic lanes;

£2.00	£2.05

Equality Impact Assessment

Please click on headings to find [general guidance](#) or section guidance with an example.

You will find supporting information in appendices at the end of the guidance.

When you start to assess your proposal, arrange to meet Tim Greaves, Equality Co-ordinator, for specific guidance. Send the completed form to him for a final check and so that he can publish it on our Vale of Glamorgan equality web pages.

Please also contact Tim Greaves if you need this equality impact assessment form in a different format.

1. [What are you assessing?](#)

Vale of Glamorgan Council Fees and Charges for 2021/22
--

2. [Who is responsible?](#)

Name	Rob Thomas	Job Title	Managing Director
Team		Directorate	

3. [When is the assessment being carried out?](#)

Date of start of assessment	November 2020
------------------------------------	---------------

4. [Describe the proposal?](#)

What is the purpose of the proposal?

This report sets out the proposed fees and charges for the range of services offered by the Council. Specific details are provided within the body of the report for consideration where there are significant changes to the fees and charges or associated

Equality Impact Assessment

policy/processes involved. The remaining fees and charges are detailed in the relevant appendices which show the current and proposed level of charges. It is recommended that unless mentioned in this report an increase of 0.7% (CPI September 2020) has been applied and rounded to the nearest 10p.

Particular attention should be given to the following where it is proposed fees and charges are increased at a higher rate than above, decreased or to remain the same.

- Allotments – in line with the allotment strategy to work towards full cost recovery for this service it is proposed to increase this cost at a higher rate than inflation
- For Penarth Pier plaques it is proposed that the charge is increased at a rate higher than inflation to reflect the continued and strong demand for the product.
- It is proposed for Bulky waste, fees should remain the same as 2020/2021
- It is proposed that Commercial Waste charges remain the same as last year, but that as part of a current review of the service fees are considered and brought to Cabinet separately if required
- The Council currently levies a charge for the replacement of alley gate, allotment and slipway keys. It is proposed for these charges to remain the same in 2021/2022.
- It is proposed to increase the fees and charges in relation to the rental of beach huts at a rate higher than inflation to reflect the continued high demand for the service and the associated operational costs.
- It is proposed that roundabout sponsorship fees remain unchanged as the in-house service is embedded.
- It is proposed car park charges remain as is at present due to the previously agreed changes by Cabinet associated with the Council wide review of car parking charges.
- Land Charges – it is proposed that a standard 5p increase is applied to each element of the charge, due to them being such small component amounts. This will equate to an overall increase of £3.65 when compared with last year. As the effective rate of increase is approximately 2.7% it is suggested that the increase be for 2 years to justify the departure from using the corporate rate for the land charges increase.
- For DBS checks it is proposed the fee remains at £16. The service has made no changes to this charge in previous years and the charge continues to cover the administration cost fully in relation to DBS umbrella body checks.
- The fees for Countryside Services all remain unchanged
- For ACL all fees remain unchanged

Why do you need to put it in place?

As part of the action plan to deliver the Income Generation and Commercial Opportunities Strategy, a review of all existing fees and charges is underway throughout the Authority. At times of financial pressure, particularly this year with the impacts of Covid-19, there may be a temptation to propose high fee increases. However, this would not necessarily guarantee a commensurate income increase across all areas, as patronage of certain services could reduce.

Equality Impact Assessment

These considerations are consistent with the Income Strategy and have informed the proposals contained in this report.

Do we need to commit significant resources to it (such as money or staff time)?

No

What are the intended outcomes of the proposal?

The proposals contained in the report are approved. This is to ensure that consideration has been given to all fees/charges across the Council to ensure they are consistent with the principles contained within the Income Generation and Commercial Opportunities Strategy.

Who does the proposal affect?

Note: If the proposal affects lesbian, gay, homosexual, or transgender people, ensure you explicitly include same-sex couples and use gender neutral language.

Currently no impact on protected characteristic groups has been identified

Will the proposal affect how other organisations work?

No

Will the proposal affect how you deliver services?

Demand may be impacted due to changes in fees and resources allocated to particular functions. This will be monitored following implementation of the fees.

Will the proposal impact on other policies or practices?

The proposal is in line with the Income Generation and Commercial Opportunities strategy. The Strategy sets out that as public funding becomes increasingly constrained and under more intense scrutiny, greater emphasis has to be placed upon self-generated income and developing and presenting products and services that will resonate with paying customers. The Strategy is based around a series of strategic objectives, with associated policy principles. These objectives and principles are intended to ensure the consistent consideration and implication of income generation proposals.

Equality Impact Assessment

Can you change the proposal so that it further promotes equality of opportunity and fosters good relations?

The report proposes that the majority of fees and charges either remain the same or increase very marginally in line with the suggested 0.7% inflationary increase. For those services where it is proposed charges are increased at a higher rate, this is simply to achieve full cost recovery, or safe in the knowledge that demand won't be impacted. All fees and charges have been reviewed carefully in line with the impacts of the current situation and the Covid-19 pandemic.

How will you achieve the proposed changes?

Through Cabinet approval

Who will deliver the proposal?

Council Staff

How will you know whether you have achieved the proposal's purpose?

By the amount of income received and the number of users using the services. Charges can be altered in future years should there be a need to following a reassessment of demand or change in costs of providing the service.

The impact on all service users will be monitored to ensure any impact on users with protected characteristics can be identified

5. What evidence are you using?

Engagement (with internal and external stakeholders)

The proposals contained in the report have been considered internally by those delivering the services and via the consultation process for sign off of Committee Reports.

Consultation (with internal and external stakeholders)

The proposals contained in the report have been considered internally by those delivering the services and via the consultation process for sign off of Committee Reports.

National data and research

Equality Impact Assessment

Key pieces of legislation relating to charging and trading are:

- Local Government Act 2003 Section 93 – This allows the Council to charge for discretionary services, provided the recipient of the service has agreed to its provision, provided that there exists no other power to charge for a particular service elsewhere in other legislation, and/or provided that other legislation expressly excludes an authority from charging. In calculating the charge there is a limitation on the charging power which allows an authority only to recover the cost of provision. It is permissible for the authority to rely on s.93 where it is providing an enhancement to a mandatory service, resulting in a higher standard of service. The charge levied is for the enhanced element of the service.
- Local Government Act 2003 Section 95 – This permits a local authority to undertake commercial activities in relation to their ordinary functions. The power in s.95 cannot be utilised to authorise commercial trading in relation to a function that an authority is under a statutory duty to provide, and/or where an alternative commercial trading power already exists. The activity can only be carried out by a company within the meaning of the Local Government and Housing Act 1989.
- Local Authorities (Goods and Services) Act 1970 – This enables the Council to provide services to other Council's and to other public bodies but not to the private sector or the public in general.
- Social Services and Well-being (Wales) Act 2014 – This covers the financial aspects of Social Services support by highlighting how services will be paid for, why certain services will cost and who will be liable for covering that cost. Other Social Services specific regulation which has implications in this area includes: The Care and Support (Financial Assessment) (Wales) Regulations 2015; The Care and Support (Charging) (Wales) Regulations 2015; The Care and Support (Review of Charging Decisions and Determinations) (Wales) Regulations 2015; and The Care and Support (Deferred Payments) (Wales) Regulations 2015.
- There are other powers to charge available to the Council, including the power under s.145 of the Local Government Act 1972 in relation to the provision of entertainments. In acting under this power would not permit the Council to charge for any such activities using the charging power under s.93.
- The express power to charge for computer related services under section 38 of the Local Government (Miscellaneous Provisions) Act 1976.
- Section 111 of the Local Government Act 1972 – the Council may rely on the subsidiary powers under s.111 to permit the provision of services to allow for the discharge of a specific function. Where this occurs, the Council can charge under s.93 of the LGA 1972.

In addition, it is necessary to review fees on an annual basis to ensure the continuation of services in light of increasing costs. This is undertaken in the context of the Well-being of Future Generations Act which requires the Council to consider five ways of working when making decisions. Thinking to the longer-term is a key consideration when setting fees

Equality Impact Assessment

and charges, to minimise the impact on the Council's ability to provide services in the future that the current budgetary pressures present.

Local data and research

In drafting the Cabinet Report outlining the proposed changes and considering changes to fees and charges, desktop research on charging policies adopted by other neighbouring Councils have been reviewed to ensure where possible our fees and charges are in line. For example, when proposing the charge remains as is for Bulky Waste collections this year, a comparison was undertaken of charges for these services in all Welsh Local Authorities, which has led to the proposals.

6. How robust is the evidence?

Does it show what the impact will be (positive and negative)?

The evidence shows that there are no unacceptable adverse effects on the protected characteristics identified by the assessment. It is also considered that the charges proposed will not preclude any sectors of the community from accessing the services provided.

What are the gaps?

There are no obvious gaps as a result of the proposals as the evidence shows there are no unacceptable adverse effects on the protected characteristics identified by the assessment. Members should however be aware of this EIA when reaching a decision on the proposals.

What will you do about this?

The implementation of any new or increased charges will continue to be monitored in line with Budget Monitoring practices to ensure the changes do not have a negative impact. Feedback from customers will be monitored via the usual channels e.g. Social Media, Complaints etc.

What monitoring data will you collect?

See above

Equality Impact Assessment

How often will you analyse and report on this?

Ongoing as part of Budget Monitoring processes

Where will you publish monitoring data and reports?

7. [Impact](#)

Is there an impact?

No impact on protected characteristic groups. Fees and charges are primarily increasing by inflation so should have a neutral impact on protected characteristic groups.

If there is no impact, what is the justification for thinking this? Provide evidence.

No impact on protected characteristic groups. Fees and charges are primarily increasing by inflation so should have a neutral impact on protected characteristic groups.

If there is likely to be an impact, what is it?

N/A
