

THE VALE OF GLAMORGAN COUNCIL

CORPORATE PERFORMANCE AND RESOURCES SCRUTINY COMMITTEE:
22ND DECEMBER, 2021

REFERENCE FROM CABINET: 22ND NOVEMBER, 2021

**“C738 INITIAL CAPITAL PROGRAMME PROPOSALS 2022/23 TO 2026/27
(EL/PR) (SCRUTINY – CORPORATE PERFORMANCE AND RESOURCES) –**

The purpose of the report was to obtain approval for the Initial Capital Programme Proposals for 2022/23 to 2026/27 so that they may be submitted to Scrutiny Committees for consultation.

The Provisional General Capital Funding for 2022/23 had not been announced by Welsh Government as yet but was expected on the 21st December 2021 with the final settlement to be announced on the 1st March 2022.

The level of capital funding included in this report had therefore assumed the Council would receive the same amount of General Capital Funding in 2022/23 as in 2021/22 and will then remain constant for the remainder of the period of this programme.

Assumptions had also been made on the Major Repairs Allowance (MRA), which had not yet been announced by the Welsh Government for 2022/23, that the grant would continue at the same level as in the current year, which was £2.770m in 2021/22 and throughout the period of the Capital Programme.

As in previous years, all services had been asked to identify new schemes and to submit these new capital bids, which had been appropriately reviewed. The value of capital bids received totalled a gross amount of £16.583m in 2022/23 and £30.791m over the 5-year period. Due to the settlement for 2022/23 having not yet been confirmed, it was proposed that at this point, due to the uncertainty in the level of funding that will be provided, no schemes will be approved for inclusion in the Capital Programme and further assessment will be carried out by the Budget Working Group once the level of funding was known and consultation has taken place.

The Leader also referred to the funding for the 21st Century Schools Band B Programme and the Housing Improvement Programme, also detailed within the report.

The Deputy emphasised the successes of the 21st Century Schools, such as 3 Secondary schools and 2 Primary schools being completed as part of the programme and the wider benefits to the local community i.e., the creation of 1,100 local jobs over the last two years and 50% of expenditure being procured within the local community. However, there were challenges ahead, such as the massive increase in the cost of building materials.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein

RESOLVED -

(1) T H A T the Initial Capital Programme Proposals for 2022/23 to 2026/27 be approved for consultation with the relevant Scrutiny Committees.

(2) T H A T any recommendations of Scrutiny Committees are passed to Corporate Performance and Resources Scrutiny Committee as the lead Scrutiny Committee in order for their views to be forwarded to Cabinet.

Reasons for decisions

(1) In order to gain the view of Scrutiny Committees.

(2) In order that Cabinet be informed of the comments of Scrutiny Committees before making a final proposal on the 2022/23 Capital Programme.”

Attached as Appendix – Report to Cabinet: 22nd November, 2021

Meeting of:	Cabinet
Date of Meeting:	Monday, 22 November 2021
Relevant Scrutiny Committee:	Corporate Performance and Resources
Report Title:	Initial Capital Programme Proposals 2022/23 to 2026/27
Purpose of Report:	To gain approval for the Initial Capital Programme Proposals for 2022/23 to 2026/27 so that they may be submitted to Scrutiny Committees for consultation.
Report Owner:	Report of the Executive Leader and Cabinet Member for Performance and Resources
Responsible Officer:	Carys Lord, Head of Finance / Section 151 Officer
Elected Member and Officer Consultation:	All Scrutiny Committees will be consulted on the proposals.
Policy Framework:	This report follows the procedure laid down in the constitution for the making of the budget. The final 2022/23 budget proposals will require the approval of Council.
Executive Summary:	<ul style="list-style-type: none"> This report is to gain approval for the Initial Capital Programme Proposals for the 2022/23 to 2026/27 so that they may be submitted to Scrutiny Committees for consultation.

Recommendations

It is recommended :-

1. That the Initial Capital Programme Proposals for 2022/23 to 2026/27 be approved for consultation with the relevant Scrutiny Committees.
2. That any recommendations of Scrutiny Committees are passed to Corporate Performance and Resources Scrutiny Committee as the lead Scrutiny Committee in order for their views to be forwarded to Cabinet.

Reasons for Recommendations

1. In order to gain the view of Scrutiny Committees.
2. In order that Cabinet be informed of the comments of Scrutiny Committees before making a final proposal on the 2022/23 Capital Programme.

1. Background

- 1.1 Council on 10th March 2021 (minute no 471) approved the Capital Programme for 2021/22 onwards.

2. Key Issues for Consideration

- 2.1 Any changes made to 2022/23 onwards that have been requested in the April to September 2021 Capital Monitoring report, which is on the same agenda as this report, have been reflected in Appendix 1.

2022/23 to 2026/27 Capital Programme

- 2.2 The Provisional General Capital Funding for 2022/23 has not yet been announced by Welsh Government (WG) and is expected on 21st December 2021 with the Final Settlement due on 1st March 2022.
- 2.3 The level of capital funding included in this report has assumed the Council will receive the same amount of General Capital Funding in 2022/23 as in 2021/22 and will then remain constant for the remainder of the period of this programme. General Capital Funding has therefore been assumed as £6.867m for 2022/23 which is made up of £3.438m General Capital Grant and £3.429m Supported Borrowing.
- 2.4 Appendix 1 sets out the Initial Proposals for the Capital Programme between 2022/23 and 2026/27 as approved on 10th March 2021, including any subsequent approvals as outlined in para. 2.1 above.

- 2.5** The Major Repairs Allowance (MRA), which is the grant that provides capital funding to the Housing Revenue Account (HRA), has not yet been announced by the Welsh Government for 2022/23. Cabinet will be advised once the announcement is made. An assumption has been made in Appendix 1 that the grant will continue at the same level as in the current year, which is £2.770m in 2021/22 and throughout the period of the Capital Programme.
- 2.6** In addition to external funding, the Council will finance part of the Capital Programme from its own resources, e.g. capital receipts and reserves.
- 2.7** The Social Services Older Persons Accommodation scheme (budget £1.339m) was profiled in the Capital Programme in 2022/23. The timeframe and scope of this scheme is unknown and will therefore not be carried out in 2022/23 so has been removed from the Capital Programme. The Capital receipts will remain ring-fenced in the Social Services capital receipt account and the scheme will be requested to be built back into the Capital Programme when a timeframe and scheme is formulated. This change has been reflected in Appendix 1.
- 2.8** The table below details the General Capital Funding and internal resources required to fund the proposed schemes which are detailed in Appendix 1.

Capital Bids 2022/23 to 2026/27

- 2.9 New capital bids were invited for return by 24th September 2021 and the number of bids received were 40 (2 from Learning and Skills, 25 from Neighbourhood and Transport Services, 9 from Regeneration and Planning, 2 from Social Services and 2 from Managing Director and Resources). Departments were requested to rank and assess their own bids in order of importance before submission and bids from each Department were forwarded to the Insight Board for evaluation.

2.10 A number of criteria are used to assess the Capital Bids. The first criterion used is to classify the nature of the bids.

2.11 Where bids are rated an A or B on the criteria listed below there would clearly be a legal obligation to ensure that works are progressed in a timely manner within the confines of the funding available. Schemes that represent an invest to save opportunity or support the achievement of corporate priorities should also be prioritised. The criteria used is set out below:-

Priority Level	Criteria
A	Health and Safety legislation
B	Other Legislation/Statutory Requirement
Ci	Economic Sense/Invest to Save
Cii	Corporate Plan
Ciii	Sufficiency
D	Condition/Suitability
E	Welsh Government Requirements
F	Low Priority

2.12 In addition, in accordance with the criteria set out in the Budget Strategy, the bids were prioritised in terms of their corporate priority and the risk they pose to the Council if they are not pursued. The risk assessment element was undertaken in line with the Council's Corporate Risk Management Strategy as follows;

Possible Impact or Magnitude of Risk	Catastrophic	MEDIUM	MEDIUM/HIGH	HIGH	VERY HIGH
	High	MEDIUM/LOW	MEDIUM	MEDIUM/HIGH	HIGH
	Medium	LOW	MEDIUM	MEDIUM	MEDIUM/HIGH
	Low	VERY LOW	LOW	MEDIUM/LOW	MEDIUM
Risk Matrix		Very Unlikely	Possible	Probable	Almost Certain
		Likelihood/Probability of Risk Occurring			

2.13 Taking into account the nature of capital schemes, the following criteria were applied to assess corporate priority:

Corporate Priority	Score
Commitments and areas where the Council has no control over the expenditure, e.g. contractual and legal commitments, absolute minimum statutory service, taxes, etc.	3
Very high priority (publicly announced commitment e.g. items included in the Community Strategy, Corporate Plan etc.)	2
“Invest to Save” and preventative expenditure	2
Statutory expenditure above the absolute minimum and other priorities	1
Low Priority	0

2.14 The bids are also reviewed for the contribution that they make to the Wellbeing and Future Generations criteria as set out below;

- Long Term
- Integration
- Collaboration
- Prevention
- Involvement

2.15 Each scheme is awarded one point for every one of the outcomes that it meets to a maximum of 5.

2.16 In previous years, only those schemes assessed as corporate priority 1 or higher and medium risk or higher were included in the capital programme. In addition, successful bids had also contributed to at least three Wellbeing and Future Generations outcomes and should have had a scheme priority factor of either A/B/Ci/Cii/Ciii. Usually bids that did not meet these criteria were excluded from consideration.

2.17 This year's bids have been considered by the Insight Board where it was agreed that, when agreeing the final programme, consideration should also be given to those schemes that meet the requirements of the Coronavirus Recovery Strategy.

2.18 The value of capital bids received totalled a gross amount of £16.583m in 2022/23 and £30.791m over the 5-year period. While the evaluation process has been carried out this year for all capital bids in the normal manner, the settlement for 2022/23 has not been confirmed. It is therefore proposed that at this point, due to the uncertainty in the level of funding that will be provided, no schemes will be approved for inclusion in the Capital Programme and further assessment will be carried out by the Budget Working Group once the level of funding is known and consultation has taken place. A list of all the capital bids received is shown in Appendix 2.

2.19 Various allocations for Asset Renewal have currently been included in Appendix 1 over the 5 year period of the programme. Asset Renewal budgets for each Directorate will be reviewed and schemes will be identified prior to the approval of the Final Capital proposals for 2022/23 to ensure that funding is allocated to priority schemes.

2.20 There have been a number of changes approved by Cabinet since the final budget proposals 2021/22 to 2025/26 were approved in March 2021. These changes including capital sums carried forward have been included in Appendix 1.

21st Century Schools Band B Programme

2.23 The reprofiled expenditure requested at Cabinet on the 22nd November 2021 as part of the April to September 2021 Capital Monitoring Cabinet report is reflected above and in Appendix 1. The total cost for Band B schemes is projected to be £137.2m (2018/19 - 2024/25). In total £81.6m is being funded by WG.

Housing Improvement Plan

2.24 The 2021/22 Housing Improvement Programme budget currently totals £31.4m. The funding of the 2021/22 programme has been amended as set out in the table below, along with the funding for the proposed 2022/23 programme: -

Funding	Current 2021/22	Amended 2021/22	2022/23
	£'000	£'000	£'000

Total	31,443	31,443	43,431

Next Steps

2.25 The next stage is for the capital bids and programme to be submitted to Scrutiny Committees for consultation. Each Scrutiny Committee will be asked to first consider the Initial Capital Programme proposals as shown in Appendix 1 and to make any recommendations for changes and to consider the capital bids shown in Appendix 2. If changes are requested or particular bids are supported, then the reasons need to be recorded in order to assist the Cabinet and the Budget

Working Group in drawing up the final proposals. Corporate Performance and Resources Scrutiny Committee is the lead Scrutiny Committee and will consider both the Initial Capital Budget Proposals and any recommendations that other Scrutiny Committees have made. The responses of Scrutiny Committees must be made no later than the 22nd December 2021.

- 2.26** Managers will be asked to revisit the recommended schemes contained in the final proposals prior to presentation to Cabinet and to confirm final costs and spend profiles.
- 2.27** Currently, the approved timetable requires Cabinet to approve the final budget proposals by no later than the 14th February 2022 and that Cabinet's final Capital Programme proposals will be considered by Council at a meeting to be held on 7th March 2022 to enable the Council Tax to be set by 11th March 2022.
- 2.28** Due to the late announcement of the final settlement it is proposed that the draft final budget will be considered by Cabinet on 14th February 2022, referred to Corporate Performance and Resources on 17th February and then finally considered by Cabinet on 28th February 2022 with a recommended budget to be considered by Council on 7th March 2022.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** The Capital Programme focuses capital investment to deliver the outcomes identified as part of the Corporate Plan. Some examples are :-
- **To work with and for our communities** - Consultations are carried out with the community on capital projects e.g. Band B and park schemes. Building Stronger Communities capital grants are being issued to support projects being carried out by members of the community.
 - **To support learning, employment and sustainable economic growth** - Further investment in schools through the School Investment Programme with Band A complete and development under Band B which commenced in 2019/20. Contributing as a partner in the Cardiff Capital Region City Deal will bring economic prosperity to the area. There will be continued investment in environment and regeneration programmes to support economic growth.
 - **To support people at home and in their community** - Investment in housing through the Housing Improvement Programme will maintain the Welsh Housing Quality Standard and there is a new build programme. Disabled Facility Grants are also issued to residents. Investment in leisure centres and playgrounds will encourage more use and activity. The core active travel fund allocation grant from Welsh Government is used to implement active travel schemes.

- **To respect, enhance and enjoy our environment** - In response to the climate emergency, the Council launched a project to explore how construction practices could be adapted to support decarbonisation as part the 21st Century Schools Programme. St David's CIW Primary School was designed to be low (in-use) carbon through improved building fabric, maximising renewables and its only energy source is electric. This model was further developed to deliver net-zero (in-use) carbon school buildings for South Point Primary School and St Nicholas CIW Primary School. The South Point Primary School scheme is due to be completed early 2022 which will make it the first net-zero carbon primary school building in Wales. Investing in the introduction of LED street lighting will bring environmental benefits. Funding has been made available for the installation of vehicle charging infrastructure and for the purchase of electric pool cars. The school decarbonisation programme consists of a variety of energy reduction measures and renewable energy installations have been identified across a number of assets within the school portfolio. Recycling is now to be sorted into separate containers, the change is aimed at improving the quality of the materials that are collected for recycling which is better for the environment and will help the Council to recycle more.
- 3.2** The setting and the monitoring of the Capital programme follows the Five Ways of Working.
 - 3.3 Looking to the long term** - The development of the capital programme is a means of planning for the future and takes a strategic approach to ensure services are sustainable and that investments are affordable over the longer term and that future need and demand for services is understood.
 - 3.4 Taking an integrated approach** – In setting the capital programme, working with partners is encouraged, as it allows the utilisation of funding from various sources, such as Welsh Government and S106 contributions, to deliver schemes.
 - 3.5 Involving the population in decisions** – As part of the annual budget setting process there is engagement with residents, customers and partners. Prior to the implementation of certain capital schemes, consultation may also take place with the public which may in some cases be statutory.
 - 3.6 Working in a collaborative way** – It recognises that more can be achieved and better services can be provided by collaboration and it encourages this as a way of working in the future which includes providing funding to work with local communities.
 - 3.7 Understanding the root cause of issues and preventing them** – The process for setting and monitoring the capital programme is proactive and allows an understanding of the financial and operational issues to be considered together so that issues can be tackled at the source.

4. Resources and Legal Considerations

Financial

- 4.1** The total net capital expenditure of the proposed programme in Appendix 1, over the 5 years, is £168.472m.
- 4.2** If the schemes shown in Appendix 1 are approved, the effect on General Fund useable capital receipts will be as shown in the following table.

Capital Receipts	General	Ring fenced Social Services	Ring fenced Education
	£'000	£'000	£'000
Anticipated Balance as at 1st April 2022	3,540	1,339	1,427

Anticipated Receipts – 2026/27	0	0	0
Balance as at 31st March 2027	2,606	1,339	0

- 4.3** The Education Capital Programme utilises general capital receipts in addition to capital receipts ring fenced for Education.
- 4.4** The capital receipt balance for Social Services has been ring fenced for Social Services capital expenditure for Older Persons Accommodation.
- 4.5** In line with the overall strategy and specific suggestions proposed by the Budget Working Group, in order to resource the Capital Programme, reserves will be utilised over the period of the Capital Programme 2022/23 to 2026/27.

- 4.6** The Commercial Opportunities and Invest to save reserve could be used for invest to save schemes where robust business cases have been brought forward for consideration and in certain circumstances business critical schemes may also be funded from this reserve with the prior approval of the Head of Finance. The Council is currently considering utilising this reserve to support a non-treasury service investment programme to support regeneration and recovery through economic development and green infrastructure schemes.

Employment

- 4.7** Some of the work included in the capital programme will be undertaken by Council staff and the relevant costs will be recharged to the capital scheme.

Legal (Including Equalities)

- 4.8** There are no legal implications.

ECN (Education Core Network) Upgrade - Following an upgrade to the Corporate Core Network (CCN) in 2020 as a part of the Council’s Covid-19 response, it has been highlighted that the Education Core Network (ECN) would benefit from a similar infrastructure upgrade to increase existing network capacity for all maintained schools and libraries in the Vale from 1Gbps to 10Gbps	25	25	-	-	-	-	-	-	-	-	25	A	M	0	3
Alps Core Switch replacement/upgrade - Following an upgrade to the Corporate Core Network (CCN) in 2020 as a part of the Council’s Covid-19 response, it has been highlighted that the core network switches in the Alps are over 10 years old and are now superseded and end of life technology. Due to their age, they are also incredibly uneconomical in terms of green credentials due to the power required to run them, relative to the much lower power requirements of modern network switches.	10	10	-	-	-	-	-	-	-	-	10	A	M	0	3
