

THE VALE OF GLAMORGAN COUNCIL

EXTRAORDINARY CORPORATE PERFORMANCE AND RESOURCES
SCRUTINY COMMITTEE: 15TH FEBRUARY, 2024

REFERENCE FROM CABINET: 18TH JANUARY, 2024

“C206 INITIAL BUDGET 2024/25 AND MEDIUM TERM FINANCIAL PLAN 2024/25 TO 2028/29 PROPOSALS FOR CONSULTATION (EL/PR) (SCRUTINY – ALL) –

The Leader presented the report, the purpose of which was to put forward the Council's budget proposals for consultation with residents, other stakeholders and the Council's Scrutiny Committees.

Paragraph 1.2 listed the underlying principles which were unchanged and underpinned the budget proposals described in the report. Focus remained on supporting social care and education to support the most vulnerable residents in the Vale of Glamorgan. Fees and Charges would continue to be subsidised where matters aligned with corporate objectives but in terms of non-statutory services, full cost recovery would be sought. It was important that there was collective responsibility to managing the finances, and that those finances be accessible and transparent.

Despite the overall challenging economic conditions there had been significant wage growth which was a challenge for a large employer. Although Welsh Government had given more to Local Government than was received, it was still a real terms reduction in expenditure compared to inflation.

The Table on Page 6 of the report described the net expenditure for 2023/24 which showed that almost three quarters of the Council's budget was spent on Schools and Social Care, therefore any proposed cost savings when discussing the budget had to come from the remaining twenty five percent if education and social care were to be protected.

The Table on Paragraph 2.24 of the report listed the Tactical and Transformational Themes, many of which looked to address smarter ways of delivery to best effect for residents of the Vale of Glamorgan Council, including better and more effective use of Council properties and its workforce. Paragraph 2.29 of the report referred to the potential reduction of £0.470M to support non-commercial bus routes which was considered unacceptable as vital services for residents of the Vale of Glamorgan, and had an impact on the proposed level of Council Tax being consulted on with retention of the support provided on non-commercial routes contributing to 0.5% of the proposed 6.7% increase and the Leader looked forward to the debate on that matter with Scrutiny Committees.

Table 2.62 of the report illustrated the Summary of Reserves over the next 5 years, showing that they were projected to reduce by £14m over that period, going down £8m over the current year.

The timetable and key dates for the consultation and decisions concerning the budget were set out in paragraph 2.70 of the report with final determination at Full Council on 6th March, 2024 and it was hoped that in the intervening period that people would take the opportunity to have full input into the report.

Councillor Brooks emphasised the importance of funding for supported bus services that supported many residents in the Vale of Glamorgan. The Council faced some difficult budgetary choices when looking to maintain services after ten years of savings through austerity and the decision was taken to propose that £470k would be put forward by the Council along with associated Welsh Government support to maintain those vital services. The proposed ring-fenced half a percent rise to Council Tax would ensure the continuation and the Council's commitment to those supported bus services. Officers continued to work to secure the necessary funding to keep bus services operating across the Vale of Glamorgan. The Leader expressed her thanks to the Transport Team as negotiations continued with Welsh Government.

Councillor Wilson emphasised that the Council had received 3.1% from Welsh Government, however the UK Government only sent Welsh Government a 2.1% increase. The budgetary process was long and difficult and took months of negotiation. Table 1.12 of the report showed that Waste and Recycling only made up 3% of the total budget for 2023/24, with Highways making up only 2%, however all aspects of the budget had to be addressed to address savings potential whilst protecting education and social services. Councillor Wilson also thanked Officers in his Portfolio and across the Council for their work as part of the budget negotiations as it had not been an easy task.

Councillor John agreed that the budget proposals had been a huge challenge this year and had not faced a challenge like it in his 25 years of being a Councillor. He gave credit to the Finance Team, and all concerned, who had been part of budget discussions for 6 months to arrive at the proposals. He was pleased that supported bus services would be protected as they were a vital link for residents in the rural Vale of Glamorgan. He emphasised that the coming year would be difficult, and that the Council would be there to help. The financial situation affected the whole of Wales and some Councils were looking at much higher proposed Council Tax increases, but it would be interesting to see the responses to the consultation.

The Leader agreed that she looked forward to seeing the results of the consultation and the discussions to come in order to achieve a balanced budget as was the Council's legal requirement.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein

RESOLVED –

- (1) T H A T the Council's updated financial position as set out in the report be noted.
- (2) T H A T the revised funding and spend assumptions, along with the draft saving proposals be approved and the report and appendices referred to Scrutiny Committees for their consideration and debate, with all Committee views being referred for scrutiny at the Corporate Performance and Resources Scrutiny Committee and for a composite response to be developed and referred back to a Special Cabinet on 29th February, 2024.
- (3) T H A T the savings proposals as described in the body of the report and appendix be approved to be published for consultation with Vale of Glamorgan residents and other groups impacted by the Council's budget as described in the body of the report.
- (4) T H A T the underlying level of financial pressures not included in the proposals, most notably fully funding pay awards and meeting the demands of providers in their annual uplifts be noted.
- (5) T H A T the use of the urgency procedure as set out at section 15.14 of the Council's constitution be agreed to refer the report to as described in Resolution (2) for consideration as soon as possible.

Reasons for decisions

- (1) It was important for Cabinet to be regularly appraised of the Council's medium term financial position.
- (2) Scrutiny was an essential part of the budget setting process and it was important that the funding and savings assumptions were validated and the savings proposals were realistic and deliverable and would not have any unintended impacts.
- (3) To ensure the savings proposals were consulted upon widely.
- (4) To ensure Cabinet was aware that work was in place to manage and mitigate those pressures but do nevertheless represent significant financial risk.
- (5) To ensure that the Initial Budget 2024/25 and Medium Term Financial Plan 2024/25 to 2028/29 Proposals for Consultation report could be presented to a Special Cabinet on 29th February, 2024 for consideration and approval."

Attached as Appendix – Report to Cabinet: 18th January, 2024

Meeting of:	Cabinet
Date of Meeting:	Thursday, 18 January 2024
Relevant Scrutiny Committee:	All Scrutiny Committees
Report Title:	Initial Budget 2024/25 and Medium Term Financial Plan 2024/25 to 2028/29 Proposals for Consultation
Purpose of Report:	To put forward the Council's budget proposals for consultation with residents, other stakeholders and the Council's Scrutiny Committees
Report Owner:	Executive Leader and Cabinet Member for Performance and Resources
Responsible Officer:	Director of Corporate Resources
Elected Member and Officer Consultation:	Cabinet Members and Strategic Leadership Team
Policy Framework:	Approving the 2024/25 Budget is a Council function
<p>Executive Summary:</p> <ul style="list-style-type: none"> • The report provides Elected Members with an updated financial position for the Council following the UK Government Autumn Statement and Welsh Government Budget. The report sets out the Council's proposed budget for 2024/25, including initial savings proposals and use of reserves to deliver a balanced budget for 2024/25. For context the report contains a summary of the principles set out in the Financial Strategy that have helped shape these proposals. • The purpose of the report is to provide Members with the opportunity to oversee and scrutinise the proposals and includes details of future transformation and reshaping proposals to support the Council's finances in the medium term. • The report also describes the approach taken to developing the budget proposals, and of the process for consultation ahead of formal consideration of final budget proposals by Cabinet and Council in the coming weeks. • The report emphasizes the challenge the Council has in maintaining sustainable finances and services in an environment of greatly rationed funding alongside ever increasing social care pressures as highlighted in the table below, which is replicated in a full form in the main body of the report. Delivering Social Services potentially takes up 31% of the Council's resources, up from 29% in 2023/24 and 25% in 2015/16. 	

	Learning & Skills	Schools	Social Services	Others	Total Pressures
	£000	£000	£000	£000	£000
Adjusted Original Budget	14,050	114,239	85,260	80,873	294,422

Net Budget 2024/25	13,927	119,898	96,363	77,787	307,974

Recommendations

1. That Cabinet notes the Council's updated financial position as set out in this report.
2. That Cabinet considers and approves the revised funding and spend assumptions, along with the draft saving proposals and refers this report and appendices to Scrutiny Committees for their consideration and debate, with all Committee views being referred for scrutiny at the Corporate Performance and Resources Scrutiny Committee and for a composite response to be developed and referred back to a Special Cabinet on 29th February 2024.
3. That Cabinet approves the savings proposals as described in the body of this report and appendix to be published for consultation with Vale of Glamorgan residents and other groups impacted by the Council's budget as described in the body of this report.
4. That Cabinet notes the underlying level of financial pressures not included in the proposals, most notably fully funding pay awards and meeting the demands of providers in their annual uplifts.
5. That the use of the urgency procedure as set out at section 15.14 of the Council's constitution be agreed to refer the report to as described in Recommendation (2) for consideration as soon as possible.

Reasons for Recommendations

1. It is important for Cabinet to be regularly appraised of the Council's medium term financial position.
2. Scrutiny is an essential part of the budget setting process and it is important that the funding and savings assumptions are validated and the savings proposals are realistic and deliverable and will not have any unintended impacts.
3. To ensure the savings proposals are consulted upon widely.
4. To ensure Cabinet is aware that work is in place to manage and mitigate these pressures but do nevertheless represent significant financial risk.
5. To ensure that the Initial Budget 2024/25 and Medium Term Financial Plan 2024/25 to 2028/29 Proposals for Consultation report could be presented to a Special Cabinet on 29th February, 2024 for consideration and approval.

1. Background

Financial Strategy

- 1.1 Cabinet agreed the Financial Strategy for the 2024/2025 Budget and 2024/25 to 2028/29 Medium Term Financial Plan in July 2023. It set out the principles underlying the development of the financial plans along with initial financial projects (which were revised in November) along with the approach and timetable for setting the budget in March 2024.

- 1.2** The underlying principles are unchanged and underpin the budget proposals described in this report:
- i. **Delivering the Corporate Plan** - aligning resources to Council objectives
 - ii. **Focus on Supporting the Most Vulnerable** – these are continuing challenging times with the cost of living crisis impacting on many residents. It is more important than ever within financial restraints to target resources at those services supporting the most vulnerable.
 - iii. **Sustainable Finances** – finances need to be sustainable over the medium term.
 - iv. **Appropriate Level of Reserves** – reserves need to be at an appropriate level and aligned with the Council’s key risks.
 - v. **Generating Local Tax Revenue** – key controllable revenue stream subject to a policy decision.
 - vi. **Fees & Charges** – the Council should look to recover all costs in its approach to fees and charges other than where it consciously offers concessions.
 - vii. **Collective Responsibility to Manage the Finances** - a key element of excellent track record in managing its finances is the collective ownership of the finances throughout the Council.
 - viii. **Accessible and Transparent Finances** - the best decisions are based on having the best information available and the Council will strive to continue to present its finances in a way that makes them accessible and readily understandable.
 - ix. **Deliver Best Value** – the Council must utilise its finite resources as efficiently as possible.
- 1.3** The Full Strategy is available at:
[Financial Strategy 2024/25](#)
[Autumn Statement](#)
- 1.4** The UK economy provided a challenging backdrop to the Chancellor’s Autumn Statement on 22nd November. There has been persistent inflation, rising interest rates and no growth. Inflation peaked at 11.1% in October 2022 and was widely anticipated to ease across the spring and summer coming more into line with the Bank of England’s target rate of 2% towards the end of 2024. However, it proved difficult to address, with its decline stalling in the early part of the year before easing back to 6.7% in September and 4.8% in October. The Bank of England has had a singly focussed strategy to reducing inflation – increasing interest rates and raised the rate continuously over an eighteen month period to 5.25% in August. Whilst inflation has subsequently moved in the right direction it has had the additional impact of suppressing growth in the economy, year on year to October 2023 UK growth has been nil %.
- 1.5** Despite the overall challenging economic conditions there has been significant wage growth which provided the Chancellor with better than forecast revenues and some headroom going into the Autumn Statement. Disappointingly for the Council, this was not directed to the public sector, neither Health nor Local Government, but instead was used to fund a 2% reduction in National Insurance Contributions from 1st January 2024.

Welsh Government Settlement

- 1.6** The Welsh Settlement was published Tuesday 19th December 2023 with Local Authority level detail available the following day. The timing of this is very late in the Council's Budget Setting cycle and given the UK level constraints came with low expectations of being able to meet the demands of Welsh Local Authorities.
- 1.7** The Welsh Government's budget will increase by £401M (2.1%) to £19.775bn for 2024/25. The budget included the much-anticipated increase for Local Government of 3.1% overall, with the increase in Aggregate External Funding (AEF) being £169.8M. This is significantly less than the financial demands of councils across Wales with the Welsh Local Government Association (WLGA) highlighting pressures many times in excess of this.
- 1.8** Overall, the Standard Spending Assessment (SSA) increased by £301.365M (4.08%), funded by the 3.1% increase in AEF and an increase in the Council Tax base across Wales. The increases in the individual blocks are set out below.
- 1.9** Table 1 - SSA by Block for Wales

Block	2023/24	2024/25	Change
	£000	£000	%
School Services	2,863,796	2,968,909	3.67
Other Education	43,402	41,928	-3.40
Personal Social Services	2,190,592	2,355,584	7.53
Roads and transport	221,380	232,466	5.01
Fire	174,997	187,251	7.00
Other services	1,300,814	1,337,638	2.83
Deprivation Grant	22,000	22,000	0.00
Council Tax Reduction Scheme	244,000	244,000	0.00
Debt financing	323,175	295,743	-8.49
Total	7,384,155	7,685,520	4.08

Council Spending/Funding

- 1.10** For 2023/24 the Council had a net expenditure budget of £294.422M funded by £202.497M Aggregate External Grant/Welsh Government Grant (Revenue Support Grant and Non Domestic Rates), Council Tax £91.9M and this was augmented through use of Reserves £3.296M.
- 1.11** The key areas of spend are set out in Table 2 below.
- 1.12** Table 2 – Net Expenditure 2023/24

Service	Description	Net Spend 2023/24	% of Base Budget
		£000	%
Schools	Delegated spend for primary, secondary and Special schools including Additional Learning Needs Provision	114,239	39%
Social Care	Support services for vulnerable Adults and Children and Young People in our Community.	85,260	29%
Corporate Services and Policy	HR and Payroll; Finance including Council Tax, Rates and Benefits; Legal and Democratic Services; and also ICT and Office Accommodation costs total £5M.	16,080	5%
Learning & Skills	Central support for schools and arts and cultural provision.	14,050	5%
Council Tax Reduction Scheme		11,460	4%
Waste and Recycling	The cost of Waste and Recycling Services	9,897	3%
Borrowing Costs	Capital financing costs and investment income	8,672	3%
Fire Levy	Payment of the levy to South Wales Fire & Rescue Service	7,778	3%
Highways	The cost of Highways and Engineering including Flood, Drainage and road maintenance	6,800	2%
Other Neighbourhood Services	Leisure, Parks, Street Cleansing and Supported Bus Services	5,794	2%
School Transport	Transporting Children and Young People to Mainstream and Special sector schools	5,715	2%
Regeneration and Planning	Includes management of the Planning function including development of the LDP, Regeneration, Country Parks and Tourism services.	3,401	1%
General Fund Housing	Community Safety and Homelessness provision	1,934	1%
Members Costs	Cost of Members Expenses and	1,674	1%
Regulatory Service	Food safety, animal welfare	1,668	1%

Total		294,422	100%
--------------	--	----------------	------

- 1.13** 74% of the Council’s net spend is on Schools and Social Services (including Central Education and School Transport costs) which highlights the lack of flexibility there is when the Council is faced with difficult resourcing decisions when setting its budget. This is heightened when Council Tax Reduction, Borrowing Costs and Fire Levy are also taken into the mix accounting for a further 10% which is effectively fixed.

Life in the Vale

- 1.14** The Council’s Financial Strategy set out a commitment to continuous consultation on the budget.
- 1.15** The Council launched its Let’s Talk about Life in the Vale Survey in August 2023. It is being run on behalf of the Council by independent researchers at Data Cymru. This survey is different to other Vale wide surveys that the Council has run in the past. It doesn’t simply ask how satisfied people are with Council services. Instead, there is a genuine attempt to understand what life is like for people living in the Vale and how public services affect this.
- 1.16** This approach is being taken to enable (wherever possible, within funding constraints) services to be developed in a way that means they will improve people’s quality of life, and wherever possible address the issues that matter to those who live in the Vale.
- 1.17** The survey asked about people’s experience of trying to influence decisions in their community. This is to help to give as many people as possible the opportunity to participate and become involved in the decision-making process, shape what the Council does and how it does it.
- 1.18** The survey has concluded and there is a wealth of data and much of this feeds into deliberations on setting the budget for 2024/25 and the finances across the medium term. A full report on the survey will be presented to Cabinet in the first quarter of 2024.
- 1.19** 1,892 residents responded to the survey across the Vale, 65% from Barry and a broadly equal proportion of the remainder from the eastern and western Vale. The largest section of responders (23.8%) was in the 55 to 64 age group and 23.8.% live in the most deprived wards.
- 1.20** Cost of Living is a significant issue for residents. Over 60% had purposely not put their heating on in the last six months and only 44% said they could pay an unexpected but necessary payment of £850.
- 1.21** Residents were asked about their priorities and to rank their importance. The top priority for 42% of the population was ‘Easily accessible care and health care services when I or my family need them’ and 78.1% ranked this in their top three priorities. Second at 26.6% was ‘buy or rent a good quality home’ and 47.6% ranked this in their top three. It is reassuring that these are areas that the Council is focussing resources on through its Financial Strategy.

2. Key Issues for Consideration

Overview of Current Financial Position and Funding Gap

2.1 Table 3 below sets out the current funding and spending assumptions for the Council, the key changes to the November position being updates to funding – both Government Grant and Welsh Government Funding.

2.2 Table 3 – Overall Summary

	2024/25	2025/26	2026/27	2027/28	2028/29
	£K	£K	£K	£K	£K
Additional Funding					
Government Grant	6,099	2,089	2,110	2,131	2,152
Council Tax	7,454	3,937	4,090	4,250	4,416
Reversal of 2022/23 use of reserves	-496	0	0	0	0
Use of smoothing Reserves	-56	-1,799	-500	-445	0
Total Additional Funding	13,001	4,227	5,700	5,936	6,568
Investment	318	1,262	1,000	0	0
Demography	5,064	2,635	2,543	2,543	2,543
Inflation Pay	6,150	3,658	3,731	3,805	3,882
Inflation Non Pay	5,193	5,110	5,075	5,075	5,075
Capital Financing	50	285	496	187	0
Other Pressures	4,073	702	365	252	623
Total Pressures	20,848	13,652	13,210	11,862	12,123
Overall Gap	7,846	9,425	7,510	5,926	5,555

2.3 Growth in additional funding is significantly exceeded by a range of expenditure pressures giving rise to an overall gap of £7.846M.

Review of Funding Assumptions

2.4 Grant

2.5 The Vale of Glamorgan has received a draft grant settlement of £208.901M for 2024/25, a 3.1% uplift on grant of £6.104M for 2024/25. There was a £166K adjustment to the Council Tax Base of 2023/24 reducing it from £202.797m to £202.631M so the effective increase is only 3.0%. This is only marginally better than anticipated in November.

2.6 As stated above, overall SSA for Welsh counties increased by 4.1% and Aggregate External Finance by 3.1%. For the Vale of Glamorgan, the SSA increase was a

4.38% increase to £309.899M a little above the average. The major blocks of Education and Social Services increased by 4.06% and 7.67% respectively. Full details are set out in the table below.

2.7 Table 4 – SSA by Block for Vale of Glamorgan

Block	2023/24	2024/25	Change
	£000	£000	%
School Services	126,764	132,043	4.16
Other Education	1,637	1,566	-4.38
Personal Social Services	81,615	87,792	7.57
Roads and transport	8,433	8,873	5.22
Fire	7,471	7,987	6.91
Other services	51,138	52,696	3.05
Deprivation Grant	167	167	0.00
Council Tax Reduction Scheme	9,230	9,284	0.59
Debt financing	10,450	9,486	-9.22
Total	296,904	309,895	4.38

- 2.8** The AEF calculation takes the Council's Tax base into account assuming 100% collection as well as the underlying need through the total SSA. The grant calculation assumes that there is a standard rate of Council Tax of £1,565.35 across Wales and applies this to the Tax Base of 65,421 (approved by Cabinet in December) to generate an assumed level of Tax Revenue of £100.999M for the Vale of Glamorgan. The difference between Need £309.895M and revenue £100.999M is the Grant of £208.896M.
- 2.9** There are a number of revised assumptions for Council Tax revenues in 2024/25. Cabinet approved the 2024/25 Tax Base at its meeting on 14th December 2023. There was an overall increase of 1,063 band D properties taking the overall tax base to 63,397 (which includes empty properties and second homes but a 97.1% collection rate which is why this is different to the 65,421 in the earlier paragraph) of which 301 was general growth in properties, 475 premiums on long term empty properties and 287 premiums on second homes. The premium on long term empty properties equates to £696K of which £322K was already included in the base budget in 2023/24.
- 2.10** The report also models a 6.7% increase in Council Tax for 2024/25 and then 3.9% for future years of the Medium Term Financial Plan (MTFP). The 6.7% increase would generate a total of £99.080M in revenue from Council Tax but is still subject to a policy decision at Council on 6 March 2024. For 2023/24 the Vale of Glamorgan Council Band D Council Tax was £1,464.75 and £65 below the median for Wales. At this point, it is worth referencing that given pressures experienced by Councils across Wales, the Vale of Glamorgan would almost certainly remain

below the median for 2024/25. A 6.7% increase would take a Band D charge to £1,562.85 which is an increase of £98.10 or £1.89 per week.

Reserves

2.11 There has been a continuation of the measures introduced in 2023/24 to use reserves as a temporary measure to smooth transitory pressures. For two areas, energy and cost of living, the use of reserves is being stepped down as planned. However, for Homelessness there is further support being provided with a drawdown of £1.460M in 2024/25. There has been progress in delivery of the Council’s Homelessness Strategy but there is significant upward pressure on the service. The Homelessness budget and the accompanying use of reserves are under permanent review, and if this level of support is seen to continue these pressures will need to be fully reflected in the Council’s base budget thereby increasing the funding gap in year two of the MTFP. The full detail is set out in Table 5 below.

2.12 Table 5 - Use of Smoothing Reserves

	2023/24	2024/25	2025/26	2026/27	2027/28
	£000	£000	£000	£000	£000
Corporate Energy	1,200	700	0		
School Energy	1,200	400	0		
Homelessness	200	1,460	945	445	0
Cost of Living	200	100	0		
Risk, Reshaping and Investment	0	84	0		
Total Use of Smoothing Reserves	2,800	2,744	945	445	0
Movement in Use of Reserves		-56	-1,799	-500	-445

Review of Pressures

2.13 The Council has £37.6M of underlying pressures and has had to undertake a comprehensive exercise to determine which can be included in the 2024/25 Budget. Those cost pressures taken forward are set out in detail in Appendix A1. Appendix A2 is a high level analysis of those that have not been taken forward which is an update on the analysis in the November MTFP Refresh Report. This is a high risk approach and officers have been working hard to put in place mitigations and management actions to ensure that those pressures that it has not been possible to fund do not come forward as overspends in 2024/25.

Investment

2.14 There has been limited opportunity for investment in the 2024/25 budget proposals and it only totals £318K. It is confined to new resources for Autism provision at two sites and also further Welsh Immersion Provision at Ysgol Gwaun Y Nant, albeit the investment in the Welsh Immersion site is less than that initially sought and desired.

Demography

- 2.15** Demography is one of the key drivers of financial pressure for the Council. The underlying demographic pressure is £5.890M with £5.064M built into the Council's budget proposals. It has not been possible to fund demography in mainstream schools and whilst £0.896M is set aside for additional special education provision this does not fully meet demand. There is also £0.152M to meet the transport needs of these children. There was a surge in demand for Children's Social Care placement and Adult Social Care provision in 2023/24 and £4.015M is included in 2024/25 to address this demand.

Inflation – Pay

- 2.16** Inflationary pressures on pay are in excess of £8M driven by the persistent inflation in the UK economy across 2023/24. However, it has only been possible to take £6.15M of this forward which effectively builds in an efficiency target across all services including schools. A flat rate increase of £1,200 is assumed for the Local Government pay award in April and 4% for the Teachers pay award in September. For future years of the plan 2% pay awards have been assumed as inflation returns to the Bank of England target rate.

Inflation – Prices

- 2.17** There are further inflationary pressures of £5.193M across the Council and is an area of concern with the underlying pressure somewhat greater at £8.910M. These pressures are predominantly in Social Care – both Children's and Adults. The Council acknowledges that external care providers are experiencing many of the same inflationary pressures, both pay and non-pay, as the Council. However, the Council's funding position will make it impossible to meet these in full. In Children's £0.490M has been set aside for increase provider fees and £3.000M in Adult Social Care. In Social Care there is also £2.000M step up to meet the 2023/24 increase in domiciliary care volumes generated by improved pay rates and travel times funded on a one off basis through reserves.

Capital Financing

- 2.18** A small sum of £50K has been included in 2024/25 to meet the capital financing costs of principal and interest repayments from the existing Capital Programme, and more significant sums across the medium term. The Capital Programme is being tightly managed to keep external borrowing to a minimum to avoid increasing the pressure on the revenue budget and the potential need for additional savings and efficiencies as a consequence.

Other Pressures

- 2.19** Other pressures amount to £4.073M and the amount brought into the proposed budget is less than half of the underlying pressures coming through. Additional Learning Needs is a continued area of pressure and £0.337M is included for three further resource bases across the county.
- 2.20** The pressure on the numbers of children looked after means that extra resources are required in the Council's service teams and associated support such as legal costs and transport. £0.940M has been included in the proposals. Given all of the

pressures across social care it has been necessary to rebase the social services budget programme, and this comes at a cost of £1.168M.

2.21 Finally, despite much progress with the Council’s Housing Strategy, homelessness continues to present a challenge and exiting the nightly hotel accommodation has not been possible at this time. The Budget contains £1.460M to meet the continued costs which for 2024/25 is met from an earmarked reserve. This approach is not sustainable in the long term and if it is not possible to exit the hotel provision in the next twelve months this will become a pressure on the Council’s base budget. It is for this reason, that there will be a significant focus on the Council’s housebuilding programme over the next 12 months.

2.22 Savings

2.23 The Financial Strategy set out the framework for developing to deliver savings to balance the 2024/25 as well as area of focus to transform and reshape services over the medium term as set out below.

2.24 Table 6 – Tactical and Transformational Themes

Tactical Savings Framework	Transformational Themes
Demand Management & Early Intervention	Target operating model
Generating Income	Strengthening communities
Service Review & Redesign	Service transformation
Wider Community	Digital innovation
Digital Strategy	Economic growth
Corporate Asset Management	
Workforce	
Contract Review/Procurement	

2.25 For 2024/25 savings of £7.847M have been identified to address the Council’s funding gap and the detailed proposals are included in Appendix B along with Equality Impact Assessment requirements and Human Resources impact. These are predominantly tactical in nature, £6.487M of the £8.847M required. The balance of £1.360M is from early transformational work.

Tactical Savings

2.26 The tactical savings are in the main through service redesign, rationalisation of service delivery levels, and generating additional income. There are also some technical savings such as recovery of historical Council Tax arrears.

2.27 Table 7 – Tactical Savings Summary

	2024/25	2025/26	2026/27
	£000	£000	£000
Demand Management & Early Intervention	0	0	0

Generating Income	1,553	-160	-550
Service Review & Redesign	3,557	416	-200
Workforce	0	0	0
Wider Community	0	0	0
Digital Strategy	25	0	0
Corporate Asset Management	173	70	0
Contract Review/Procurement	80	0	0
Technical	1,100	0	0
Total Tactical Savings Proposals	6,487	-106	-750

- 2.28** Almost 80% of the tactical savings are through Generating Income and Service Review & Redesign. The latter does have a workforce impact which is detailed in the Appendix, the Workforce theme being a cross organisational theme which is picked up as Target Operating Model in the medium term themes below. Development of the savings programme has been a genuine challenge and subject to much time and discussion. Service Review and Redesign proposals set out in the Appendix which are both internally and externally focussed.
- 2.29** The Tactical Savings proposals considered did initially total in excess of £7M but a number have not been taken forward in these proposals. Most notable was the potential reduction of £0.470M which currently supports non commercial bus routes. Savings suggestions such as this clearly reflect the extremely challenging decisions that are necessary and are taking place in setting the budget for 2024/25. However, it is important to stress that the removal of funding to support bus services was felt to be unacceptable, given the reliance of many residents and communities on supported buses and for this reason, and the need to support residents in more rural and deprived communities, who rely on such services, this specific saving proposal is not included in the final suite of savings proposed. This has had an impact on the proposed level of Council Tax being consulted on with retention of the support provided on non commercial routes contributing to 0.5% of the proposed 6.7% increase.
- 2.30** Technical was not one of the themes in the Financial Strategy. There are two such changes: firstly, recognition is given that as well as collecting 97.1% of 2024/25 Council Tax in year the Council will continue to collect Council Tax outstanding from previous years; and secondly, the Minimum Revenue Provision Policy has been reviewed with asset lives being reassessed.
- 2.31** Transformation
- 2.32** Given the pressures on Council services as described earlier in this report, the changing distribution of funding which is concentrating spend on education and social care services, and in response to expectations and demands of the residents of the Vale of Glamorgan, balancing the budget through tactical savings alone will not be sustainable in the medium term. As set out in the previous report to Cabinet, work has commenced on the next iteration of the Council's transformation programme.
- 2.33** Work is underway to develop transformation and reshaping ideas for the medium term against the framework of five interrelated themes above. For

2024/25, a number of savings schemes align with elements of the framework as illustrated in the following table.

2.34 Table 8 – Transformation Savings Summary

	2024/25	2025/26	2026/27
	£000	£000	£000
Target Operating Model	698	428	0
Strengthening Communities	0	0	0
Service Transformation	482	65	50
Digital Innovation	180	0	0
Economic Growth	0	0	0
Total Transformational Savings Proposals	1,360	493	50

Target Operating Model

2.35 This theme considers issues around the Council’s processes, people, structure, governance and technology and how the organisation should look and function to deliver our priorities and core activity.

2.36 Included within the draft budget proposals for 2024/25 are some early examples of this theme developing in terms of a focus on new income generation activities, including commercial waste, the operation of Council owned property with proposals for asset transfer and rationalisation, and the simplification of service structures by reducing duplicate functions across the organisation.

Strengthening Communities

2.37 The strengthening communities element of the transformation programme will see the Council evolve increasingly as an enabler and facilitator rather than direct provider of some services as well as how the organisation interacts with partners and what does this mean for the relationships with partners.

2.38 No specific savings schemes have been identified for 2024/25, however, work to develop this theme is underway with a commissioned piece of work looking at the Council’s relationship with third sector, Town and Community Councils, social enterprise and community groups scheduled to start this month. This theme will be developed further in the coming months.

Service Transformation

2.39 A key component of the transformation programme will be in considering how individual services can be transformed to make them more sustainable in the medium to longer term.

2.40 Some examples of service transformation to deliver financial savings and sustainability have been included within the proposals for the 2024/25 budget and these include a new approach to the operation of the pest control service, day services operation in social care, and the offer of additional concessions by the Neighbourhood Services and Transport Service.

Digital Innovation

- 2.41** The digital innovation theme will involve the Council seeking to ensure that digital innovation is at the heart of what we do and secures efficiency across the board.
- 2.42** Work to progress the Council’s newly adopted Digital Strategy has commenced with a pipeline of projects being identified. Some early schemes have been included within the budget proposals for 2024/25 relating to the use of digital technology to drive further energy efficiency within schools and the use of vehicle tracking information to assist with fleet utilisation.

Economic Growth

- 2.43** The theme of economic growth is centred around the Council’s role in supporting economic resilience in how to ‘level up’ and ensure that a place based approach is effective in the creation of sustainable communities with good employment.
- 2.44** Work is advancing on the Council’s approach to the significant place based funding that will be forthcoming, including via Transforming Towns and Levelling Up funding and in due course will complement the development of the approach to Council owned assets work that is being progressed as part of the Target Operating Model theme.
- 2.45** These transformation themes will be worked through in greater detail during the last quarter of 2023/24, with an emphasis on the ideas which are being prioritised for 2024/25 which are also being assessed for support from the Invest to Save Reserve and project management support requirements. Once the Council’s budget is approved in March, work will progress to deliver both the tactical savings for the forthcoming year in parallel with the transformation themes in order that these have greater prominence, and financial contribution, towards the 2025/26 budget.
- 2.46 Service Analysis**
- 2.47** The Council is committed to its overriding Financial Strategy principles of delivering the Corporate Plan and ensuring that services supporting the most vulnerable in the community are protected wherever possible. It has also sought to direct additional resources in line with the SSA increases in the Welsh Government Settlement.

- 2.48** Table Ten – Cost Pressures and Savings by Service

	Learning & Skills	Schools	Social Services	Others	Total Pressures
	£000	£000	£000	£000	£000
Original Budget	16,439	114,239	88,891	74,853	294,422
Centralisation Recharges	-2,389	0	-3,631	6,020	0
Adjusted Original Budget	14,050	114,239	85,260	80,873	294,422

Pressures					
Investment	-	318	-	-	318
Demography	-	897	4,015	152	5,064
Inflation	231	4,192	6,077	843	11,342
Other Pressures	-	-469	2,767	1,775	4,073
Capital Financing	-	-	-	50	50
Total Pressures	231	4,939	12,858	2,820	20,848
Use of Reserves	-	900	-	-348	552
Savings	-354	-180	-1,755	-5,558	-7,847
Net Funding Increase	-123	5,659	11,103	-3,086	13,552
% Increase / (Decrease)	-0.88%	4.95%	13.02%	-3.82%	4.60%
Net Budget 2024/25	13,927	119,898	96,363	77,787	307,974

- 2.49** There has been quite a shift in proposed Council spending. The budgets for Schools and Social Services have the greatest growth, and for both Council services exceed the Welsh Government notional increases set out earlier in the report. Spend on schools is proposed to increase by 4.95%, marginally above the 4.16% in the Settlement. Spend on Social Services would see a 13.02% increase which is significantly more than the 7.57% in the Settlement and reflects the pressures in volume, complexity and cost being experienced by the Directorate. This approach inevitably places considerable pressure on other key and front line services.
- 2.50** Despite the significant resources which have gone into Social Care and Schools in particular, they are considerably less than required. For Social Services there is going to be pressure from providers for price increases at a greater level than those included in the budget proposals. For schools, it has not been possible to fully resource the forecast pay awards and demographic growth in mainstream schools and the special schools as well as providing all of the additional resources required for Additional Learning Needs. This is naturally concerning given the financial challenges in schools in the current financial year, 2023/24 and the forecast run down of school reserves.

2.51 Fees and Charges

- 2.52** Services have been directed to increase discretionary fees and charges in line with CPI or to ensure costs are fully recovered, unless a Council policy decision has been taken to subsidise a service. In common with the general approach across Government, the September CPI of 6.7% is being applied.
- 2.53** The proposed fees and charges are set out in detail in Appendix C. In addition to the proposed increases the Council is also strengthening its debt recovery and reviewing its income arrangements to ensure payment can be made up front wherever possible. Some key changes to the Council's Fees and Charges for 2024/25 are set out below by Directorate.
- 2.54** Place – Some increase in fees in respect of hire of sites for filming etc. to ensure return is maximised for the Council. Some charges for the Country Parks have been held at 2023/24 levels where demand for these services is down such as School visits etc. The charges also include a new schedule of charges for Development Management Pre Application Advice and other Development Management Services which is linked to a saving in respect of income generation in this area. The proposed overnight charges for the Country parks will only be implemented following a full and thorough pilot scheme which will only happen after the implementation of ANPR at the parks. This will be required to assess the overall feasibility and viability of the proposed charges.
- 2.55** Social Services – Some significant increases in the per day rate across Internal Day Services to ensure better recovery of the costs of operating the services. In addition, the charging schedule includes the inclusion of an administration charge for Property cases including the deferred payment scheme, which will allow for the recovery of costs associated with setting up these arrangements. This new charge is linked to a saving included in the Savings proposals for 2024/25.
- 2.56** Learning and Skills – Charges are broadly in line with 6.7% increase with some increases in excess of this and at a lower rate to refine the charges for hire of rooms etc. The Library charges were increased using delegated powers during 2023/24 and therefore have not been further increased for 2024/25.
- 2.57** Corporate Resources – The charges for marriage and civil partnership ceremonies have been approved in advance via delegated authority to allow bookings to be taken in advance for 2024/25. All other charges have been increased broadly in line with the 6.7% indicative figure and some minor refinement of the charging schedule for property services.
- 2.58** Environment and Transport - In respect of Neighbourhood Services and Transport generally inflation of 6.7 % has been added to existing charges. Some charges have received an above inflation rise to move towards cost recovery or to align charges more to the market. There are a new set of charges for waste due to changes in the waste regulations from April. There are also new charges for highway development advice to recover costs incurred in providing professional services. Coastal car parking charges have also been amended to

provide new categories and to give the customer more options of what fee they pay depending on how long they stay.

2.59 An overarching Equality Impact Assessment has been completed for the fees and charges increase at 6.7% however where there are increases significantly above this sum other than allowing for changes for consistency dedicated Equality Impact Assessments should be considered by Service Departments.

2.60 Reserves

2.61 A review of reserves is currently being undertaken. This was always going to be part of the 2024/25 budget setting process but takes on great importance due to the unplanned run down of some service reserves in 2023/24, especially in Social Services. There is significant demand for social care at present and this remains a high risk area for the Council and the reserve will need to be replenished as part of the review. There will be further detail on this in the Final Budget report at the end of February.

2.62 The table below summarises the current reserves forecast, with further detail set out in Appendix D. Reserves are forecast to reduce by £14.180M to £42.662M over the next five years. The General Fund will continue to be held at its policy level, the Homelessness reserve is planned to reduce to support the Housing Strategy and there is also the planned use of Capital Reserves to support the Capital Programme. School Balances are forecast to be constant, but this is unlikely in light of the continued financial pressures they are facing.

2.63 Table Eleven – Summary of Reserves

As at	Estimated Balance 31/03/24	Estimated Balance 31/03/25	Estimated Balance 31/03/26	Estimated Balance 31/03/27	Estimated Balance 31/03/28	Estimated Balance 31/03/29

2.64 Next Steps & Consultation

2.65 This is the draft budget for consultation and its publication will enable three broad areas of consultation to commence which will span across the next four to six weeks ahead of the draft budget going forward to a Special Cabinet meeting on 29th February 2024.

2.66 Of significant importance is public consultation with the residents of the Vale of Glamorgan. There will be a four week consultation period and starting on 19th January, 2024 and running through to Friday 16th February, 2024. This will be a largely electronic exercise through the Council's website but there will be opportunity for written responses and through C1V by phone by Wednesday 14th February 2024 to enable consolidation of all of the responses.

2.67 Review by the Council's Scrutiny committees will take place across early/mid February, the first Scrutiny Committee will be Health Living & Social Care on 6th February, 2024 and the last is Corporate Performance & Resources which meets on 21st February, 2024 and which will also bring together the comments from all of the Scrutiny Committees to refer back to Cabinet.

2.68 The Council will also seek opportunities to canvas the views of other stakeholders to across this period. This will include the Schools Budget Forum,

Trades Unions, Equalities Consultative Forum, Public Services Board, Vale 50+ Strategy Forum and the Youth Council. The Council will widely promote the consultation via social media and the contacts and networks of the Participate network of Council staff involved in consultation work.

2.69 Timetable

2.70 The table below sets out the key dates through to Council approving the Council’s budget on 6th March, 2024.

Date	Body	Activity
19 January 2024	Community & Partners, including Trade Unions and Public Service Board	Consultation on budget proposals
February 2024	Scrutiny	Review estimates and savings proposals. First meeting 6 February Healthy Living & Social Care to last 21 February Corporate Performance & Resources.
16 February 2024	Community & Partners, including Trade Unions and Public Services Board	Consultation on the budget proposals closes
29 February 2024	Cabinet	Draft Budget
Late February/Early March 2024	Welsh Government	Final Grant Settlement
6 March 2024	Council	Agree Budget

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1 The delivery of the Council’s Corporate Plan and wellbeing objectives is significantly influenced by the available finance to deliver services. This report provides the context in which the Council will be operating in the immediate and medium term.
- 3.2 This report provides an immediate and medium-term projection of the Council’s financial position, however the decisions to be taken on the Financial Strategy in the coming months will be influenced by the need to think about the longer term

implications of decisions, including the continued lobbying of Welsh Government for genuine multi-year financial settlements to enable better forecasting and projection of budgets. It is challenging to plan ahead with a single year settlement albeit there has been an indication of real terms reductions in future years.

- 3.3** The approach to setting a balanced budget described in the body of this report includes reference to collaboration and the value of this approach has been well evidenced in recent years, most notably in the response to the pandemic, where the pooling of resources (whether financial, capacity or expertise) has resulted in improved outcomes and better value for money. The Financial Strategy places emphasis on supporting the most vulnerable, and the proposals in this budget demonstrate how the Council is continuing to resource preventative services.
- 3.4** The report sets out proposals for consulting widely on the Council's budget, demonstrating the importance being placed on involving people in decision making and these proposals have been informed by the use of insight gained through engaging on the Council's Annual Self Assessment and in the production of the Annual Delivery Plan for 2024/25. In understanding the views of others through this process, decisions will be taken in an integrated way – both internally and externally.

4. Climate Change and Nature Implications

- 4.1** The Council's response to the declaration of Climate and Nature Emergencies (in 2019 and 2021 respectively) involves significant council wide activity to deliver. The ability to respond to these plans will be impacted by the availability of financial resources to deliver them. The Council has established this area of work as a priority through the current and draft Annual Delivery Plan 2024/25 and therefore will continue to resource activity as far as possible, in conjunction with other priorities.

5. Resources and Legal Considerations

Financial

- 5.1** The financial considerations are set out in the body of the report.

Employment

- 5.2** Salaries and wages are a major element of the Council's overall spend and the inflationary impact of the pressures represents a significant proportion of growth set out as part of these draft proposals.
- 5.3** There has only been a modest settlement from Welsh Government and the detailed review of pressures presents a challenging savings and efficiencies target of £7.847M for 2024/25 as a consequence of which there is likely to be an employment impact associated with these savings.

- 5.4 The attached savings schedules indicate service reviews taking place which may have an impact on FTEs.
- 5.5 Where there are such potential impacts, the Council will follow its existing policies and procedures and ensure that there is full engagement with staff and the Trades Unions. Further, some of the potential impact will reduce through turnover or redeployment.

Legal (Including Equalities)

- 5.6 The Council is required under statute to fix its Council Tax for the financial year 2024/25 by 11th March 2024 and to do so will have to agree a balanced revenue budget by the same date.
- 5.7 The Financial Strategy and process for approving the 2024/25 Budget and MTFP at Council in March 2024 is aligned to the Council's agreed Corporate Plan – 'Working Together for a Brighter Future' 2020 and the 2024/25 Annual Development Plan which is currently being developed.
- 5.8 The budget proposals as set out in the report has due regard to the requirements of the Council's Strategic Equality Plan including the Equalities Act 2010 and Public Sector Equality Duty for Wales. The subsequent development of specific proposals and strategies set out in the report will require the completion of Equality Impact Assessments. This involves systematically assessing the likely (or actual) effects of policies on individuals who have a range of protected characteristics under the Act.

(iv) Is the Local Authority reviewing or proposing to review the listing? (v) Are there any subsisting appeals against the listing?				n/a	
(b) If the property is listed:				n/a	
(i) Has the local authority decided to apply to the Land Registry for an entry or cancellation of a restriction in respect of listed land				n/a	
(ii) Has the local authority received a notice of disposal?				n/a	
(iii) Has the community interest group requested to be treated as a bidder?				n/a	
1. References to the provisions of particular Acts of Parliament or Regulations include any provisions which they have replaced and also include existing or future amendments or re-enactments;					
2. The replies will be given in the belief that they are in accordance with information presently available to the officers of the replying local authority, but none of the local authorities or their officers accepts legal responsibility for an incorrect reply, except for negligence. Any legal responsibility for negligence will be owed to the person who raised the enquiries and the person on whose behalf they were raised. It will also be owed to any other person who has knowledge (personally or through an agent) of the replies before the time when he purchases, takes a tenancy of, or lends money on the security of the property or (if earlier) the time when he becomes contractually bound to do so.					
3. This form should be read in conjunction with the guidance notes available separately.					
4. Area means any area in which the property is located.					
5. References to the Local Authority include any predecessor Local Authority and also any Local Authority committee, sub-committee or other body or person exercising powers delegated by the Local Authority and their approval includes their decision to proceed. The replies given to certain enquiries cover knowledge and actions of both the District Local Authority and County Local Authority.					
6. Where relevant, the source department for copy documents should be provided.

HIGHWAYS / ENGINEERING

Connection to Highway Surface Drainage (Re-Cover all Costs)

2023/2024

2024/2025

From £1,000 to permit connection from private
(i) each individual property
(ii) per 100m2 of roof and yard from commercial /
industrial sites

Section 278 / 38 review and technical approval of details prior to agreement be

A minimum Fee of £1,200 is charged to approve a set of drawings for sites, where the bond value is greater than £15,000. A minimum fee of £600 is charged to approve a set of drawings for sites, where the value of the bond figure is up to a value of £15,000. A minimum fee of £300 is charged to approve a set of drawings for sites, where the value of the bond figure is up to a value of £7,000. A charge of on cost for inspection fees for each month the sites are continued to be inspected beyond the time limit within the legal agreement to be charged at an hourly rate of £65 / hr.

Section 38 Inspections

A minimum fee of £1,125 is charged for inspecting works with a value of up to £15,000. Where works have a value greater than £15,000 a fee of 7.5% (Engineering Fees only) is charged for any Section 38 or 228 agreement under the Highways Act 1980 or any other agreement for the adoption of a road.

Review of Extinguishment of Highways

Section 38/278 or 278 - A minimum fee of £1,125 is charged for inspecting works with a value of up to £15,000. Where works have a value greater than £15,000 a fee of 10% is requested for any Section 38 / 278 or 278 Agreement under the Highways Act 1980.

Recover all costs associated with enquiries associated with extinguishment of the highway. A charge of non-refundable charge of £250 to provide advice on the process and a decision in principle whether a highway extinguishment would likely be granted. Thereafter hourly rate of £65 / Per Hour
