

THE VALE OF GLAMORGAN COUNCIL

EXTRAORDINARY ENVIRONMENT AND REGENERATION SCRUTINY
COMMITTEE: 13TH FEBRUARY, 2024

REFERENCE FROM CABINET: 18TH JANUARY, 2024

**“C207 DRAFT CAPITAL PROGRAMME PROPOSALS 2024/25 TO 2028/29
(EL/PR) (SCRUTINY – ALL) –**

The Leader presented the report, the purpose of which was to gain approval for the Draft Capital Programme Proposals for 2024/25 to 2028/29 so that they may be submitted to Scrutiny Committees for consultation, prior to the final Capital Proposals being presented to Members in February 2024.

The Leader said it was vital to balance what the Council wanted to achieve in terms of capital as if there were to be borrowing costs of £709k a year, that would mean an extra 1% on Council Tax every year to pay for those costs.

Scrutiny would be asked to review the draft capital programme and make any comments to Cabinet by 29th February, 2024, with a community consultation ending in mid-February, the final settlement announced from Welsh Government in late February/early March and the final proposals would be considered by Council at a meeting to be held on 6th March, 2024 to enable the Council Tax to be set by 11th March, 2024.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein

RESOLVED –

- (1) T H A T the draft Capital Programme for 2024/25 to 2028/29 be submitted for consultation with all of the Scrutiny Committees.
- (2) T H A T any recommendations of Scrutiny Committees are passed to Corporate Performance and Resources Scrutiny Committee as the lead Scrutiny Committee in order for their views to be forwarded to Cabinet.
- (3) T H A T subject to recommendations 1 and 2 the increase in budget and reprofiling of Band B Iolo Morgannwg as set out in Table 12 of the report be approved.
- (4) T H A T subject to recommendations 1 and 2 the reprofiling of the Housing Improvement Programme in line with the Housing Business Plan as set out in Table 16 of the report be approved.

(5) T H A T the use of the urgency procedure as set out at section 15.14 of the Council's constitution be agreed to refer the report to as described in Resolution (2) for consideration as soon as possible.

Reasons for decisions

(1) In order to consult Members on the Capital Programme for 2024/25 to 2028/29.

(2) In order that Cabinet be informed of the comments of Scrutiny Committees before making a proposal on the Capital Programme.

(3) To reflect the work programme for the Sustainable Communities for Learning Programme.

(4) To reflect the Housing Business Plan.

(5) To ensure that the Draft Capital Programme Proposals 2024/25 to 2028/29 report could be presented to a Special Cabinet on 29th February, 2024 for consideration and approval.”

Attached as Appendix – Report to Cabinet: 18th January, 2024

Meeting of:	Cabinet
Date of Meeting:	Thursday, 18 January 2024
Relevant Scrutiny Committee:	All Scrutiny Committees
Report Title:	Draft Capital Programme Proposals 2024/25 to 2028/29
Purpose of Report:	To gain approval for the Draft Capital Programme Proposals for 2024/25 to 2028/29 so that they may be submitted to Scrutiny Committees for consultation, prior to the final Capital Proposals being presented to Members in February 2024.
Report Owner:	Executive Leader and Cabinet Member for Performance and Resources
Responsible Officer:	Matt Bowmer, Head of Finance/S151 Officer
Elected Member and Officer Consultation:	Senior Leadership Team have been consulted on the draft Capital budget proposals. This report will be submitted to Scrutiny Committees for consultation.
Policy Framework:	This report follows the procedure laid down in the constitution for the making of the budget. The final 2024/25 budget proposals will require the approval of Full Council.
<p>Executive Summary:</p> <ul style="list-style-type: none"> • This report sets out for Members the current 5 year Capital Programme for the period 2024/25 to 2028/29 and the Capital Bids that have been submitted for the period in Appendix 1 and Appendix 2 for review by Cabinet and to be referred to Scrutiny Committees for consultation. • The Council is facing significant pressures in relation to price inflation and the cost of living crisis which has seen increases in the costs of materials and labour. This has had an impact on the current schemes within the Capital Programme and also the funding available to fund new schemes within the Capital Programme. • The total value of capital schemes over the next 5 years is £376.618m and this is summarised in the Table below. This includes £22.349m for the Band B Sustainable Communities for Learning Programme, £78.565m for Education pipeline schemes and £205.775m for the Housing Improvement Programme. 	

Table 1 – Summary of schemes in the 5-year Capital Programme

Directorate	2024/25	2025/26	2026/27	2027/28	2028/29
	£000	£000	£000	£000	£000
Learning and Skills	21,360	2,360	3,750	4,435	2,000
Social Services	1,297	975	100	100	100
Environment	9,519	5,662	3,685	3,685	3,685
Housing	38,745	38,209	41,970	39,634	47,217
Place	3,643	1,605	1,305	1,305	1,150
Corporate Resources	704	250	569	862	862
City Deal	1,069	1,117	844	0	930
Pipeline Schemes	28,108	43,750	17,057	3,000	0
Total	104,445	93,928	69,280	53,021	55,944

Table 2 – Summary of funding of the schemes in the Capital Programme

Funding	2024/25	2025/26	2026/27	2027/28	2028/29
	£000	£000	£000	£000	£000
General Capital Funding	6,986	6,986	6,986	6,986	6,986
Capital Receipts	3,259	2,044	1,166	2,346	2,191
Reserves	13,713	10,749	8,362	7,960	7,262
Unsupported Borrowing	32,473	35,633	31,082	27,624	33,935
Grants and Contributions (Including S106)	48,015	38,516	21,684	8,105	5,570
Total	104,446	93,928	69,280	53,021	55,944

- Since the initial Capital Programme proposals, other pressures have emerged, and some additional schemes have been included in Appendix 1. A list of bids and additional pressures that have been included in the 2024/25 to 2028/29 Capital Programme are detailed in Appendix 3. New schemes funded over the five year programme include over £5.5m of Education bids to support the school estate, £480k to improve Social Services Residential Homes, an additional £6.5m to contribute towards highway improvements and £875k for tree planting and cyclical maintenance of trees.

Recommendations

1. That Cabinet reviews the draft Capital Programme for 2024/25 to 2028/29 and submits the programme for consultation to all of the Scrutiny Committees.
2. That any recommendations of Scrutiny Committees are passed to Corporate Performance and Resources Scrutiny Committee as the lead Scrutiny Committee in order for their views to be forwarded to Cabinet.
3. That subject to recommendations 1 and 2 the increase in budget and reprofiling of Band B Iolo Morgannwg as set out in Table 12 of this report be approved.
4. That subject to recommendations 1 and 2, the reprofiling of the Housing Improvement Programme in line with the Housing Business Plan as set out in Table 16 of this report be approved.
5. That the use of the urgency procedure as set out at section 15.14 of the Council's constitution be agreed to refer the report to as described in Recommendation (2) for consideration as soon as possible.

Reasons for Recommendations

1. In order to consult Members on the Capital Programme for 2024/25 to 2028/29.
2. In order that Cabinet be informed of the comments of Scrutiny Committees before making a proposal on the Capital Programme.
3. To reflect the work programme for the Sustainable Communities for Learning Programme.
4. To reflect the Housing Business Plan.
5. To ensure that the Draft Capital Programme Proposals 2024/25 to 2028/29 report could be presented to a Special Cabinet on 29th February, 2024 for consideration and approval.

1. Background

- 1.1 The Council has produced a detailed five year Capital Programme, with the proposed programme for 2024/25 to 2028/29 being included in Appendix 1.
- 1.2 Directorates were asked to submit Capital bids by 20th October, 2023. Capital bids submitted for 2024/25 totalled a net £18.899M and are detailed in Appendix 2.
- 1.3 The capital bids were taken to Insight Board on 8th November, 2023. The bids had previously been prioritised by directorates and a representative from each directorate attended the meeting. The bids were discussed by the Board and priority bids were highlighted to be put forward for funding on the grounds of Health and Safety and corporate priority.
- 1.4 Similar to last year's process, this year's budget setting process has been the most collaborative and forensic the Council have ever undertaken. The budget is

a regular item for update and discussion at Strategic Leadership Team, workshop sessions have been held with elected Members and senior managers, and Directors have led their own directorate level planning sessions.

- 1.5** As the provisional capital settlement from Welsh Government has now been received, the Budget Working Group and Strategic Leadership Team have been in a position to receive recommendations regarding which of the Capital Bids should be included within the capital programme 2024/25 to 2028/29 and these are detailed in Appendix 3 and included within Appendix 1.

2. Key Issues for Consideration

Capital Funding

- 2.1** On 19th December, 2023, the Welsh Government (WG) announced the provisional 2024/25 General Capital Funding (GCF) settlement which was £6.986m, being made up of £3.540m grant and £3.446m of supported borrowing. This is £11k less than the general capital funding of £6.997m that was allocated for 2023/24.

- 2.2** The provisional settlement advised:

“With next to no increase in overall capital funding and the Welsh Government capital budget 6% lower in real terms than the current year, I have maintained the general capital funding for local authorities at £180m, the indicative level that was set last year. With soaring inflationary costs in the construction sector, I know this will mean that your authorities will have to look carefully at and prioritise your capital programmes to continue to invest to best effect in the provision of public services. I have also continued to provide £20 million capital in each year to enable authorities to respond to our joint priority of decarbonisation, to continue the focus on contributing to the Net Zero Wales plan.”

- 2.3** As no further indication has been received from Welsh Government, it has been assumed that from 2025/26 onwards, the level of capital funding will be flatlined at £6.986m and will then remain constant for the remainder of the period of this programme.

- 2.4** On this basis, the following Table represents the capital funding from the Welsh Government assumed as part of the 5-year programme:

Table 3 – Assumption of Five-Year Funding from Welsh Government

WG Funding	2024/25	2025/26	2026/27	2027/28	2028/29
	£000	£000	£000	£000	£000
Supported Borrowing	3,446	3,446	3,446	3,446	3,446
General Fund					
General Capital Grant	3,540	3,540	3,540	3,540	3,540
TOTAL	6,986	6,986	6,986	6,986	6,986

- 2.5** Another means of financing capital expenditure is through capital receipts resulting from the sale of assets. Capital receipts are difficult to predict albeit the Council will strive to maximise receipts where possible. The uncertainty in the current economic climate could have an impact on projections and therefore the Council needs to be prudent when allocating capital receipts to be used a capital funding.
- 2.6** Receipts from the sale of Housing Revenue Account (HRA) assets can only be spent in the HRA and cannot be used to finance General Fund capital schemes.
- 2.7** The Council has taken the decision to ringfence vehicle capital receipts for the vehicle replacement programme. Capital receipts would be utilised in the year that they are received to reduce the requirement to use reserves or unsupported borrowing.
- 2.8** Projected use and income generated from the sale of assets for the next 5 years is shown in the following Table.

Table 4 – The use of capital receipts in the 5-year Capital Programme

Capital Receipts	General	Ring-fenced Social Services	Ring- fenced Education
	£000	£000	£000
Projected Balance as at 31st March 2024	5,909	1,339	0
Anticipated Requirements – 2024/25	-3,237	0	-22
Anticipated Receipts – 2024/25	0	0	300
Balance as at 31st March 2025	2,672	1,339	278
Anticipated Requirements – 2025/26	-1,166	0	-278
Anticipated Receipts – 2025/26	0	0	0
Balance as at 31st March 2026	1,506	1,339	0
Anticipated Requirements – 2026/27	-166	0	0
Anticipated Receipts – 2026/27	0	0	0
Balance as at 31st March 2027	1,340	1,339	0
Anticipated Requirements – 2027/28	-166	0	0
Anticipated Receipts – 2027/28	1,000	0	-1,000
Balance as at 31st March 2028	2,174	1,339	1,000
Anticipated Requirements – 2028/29	-11	0	0
Anticipated Receipts – 2028/29	0	0	0
Balance as at 31st March 2029	2,1638	1,339	0

- 2.9** Capital expenditure can also be funded by revenue contributions or the utilisation of existing reserves.

2.10 Due to the current financial situation, there is an increasing pressure upon all internal sources of funding which is resulting in a significant use of reserves within year and over the next five years. The Council needs to safeguard the remaining reserves to be able to mitigate risks should unforeseen expenditure occur. Projected reserve balances can be found in the Table below.

Table 5 – Use of Reserves

As at	Estimated Balance 31/03/24	Estimated Balance 31/03/25	Estimated Balance 31/03/26	Estimated Balance 31/03/27	Estimated Balance 31/03/28	Estimated Balance 31/03/29
	£'000	£'000	£'000	£'000	£'000	£'000
General Fund	10,856	10,856	10,856	10,856	10,856	10,856
Insurance	4,878	4,878	4,878	4,878	4,878	4,878
Service Reserves	8,392	8,528	6,429	6,340	6,340	6,340
Risk and Smoothing Reserves	24,818	20,400	18,306	17,186	16,576	16,576
Capital	5,504	2,083	2,103	2,076	2,076	2,076
Schools	754	754	754	754	754	754
Housing Revenue Account	949	1,026	1,102	1,137	1,171	1,206
Total	56,151	48,525	44,429	43,227	42,651	42,686

2.11 Schemes are also included in the programme that have funding under S106 planning obligations.

2.12 Outside of the above, the Council is heavily dependent on specific grant funding to supplement its own resources if certain capital schemes are to be progressed. It is estimated that over the next five years, the level of specific grant funding for General Fund capital schemes is approximately £86.47m which is around £51.54m more than the level of General Capital Funding for the same period (£34.938m). The grants include the Sustainable Communities for Learning programme (previously called 21st Century Schools), Community Focused Schools, Low Carbon Heat Grant, Dinas Powys Flood Resilience, Local Places for Nature and the Restore the Thaw grant.

2.13 The Major Repairs Allowance (MRA), which is the grant that provides capital funding to the Housing Revenue Account (HRA) was set at £2.770m for 2023/24. As no further indication has been received for 2024/25 or future years it has been assumed within the strategy and the draft proposals that the grant remains at £2.770m throughout the period.

2.14 The Council is also able to borrow to finance capital expenditure. This can be supported where funding is received from Welsh Government to fund the cost of borrowing or unsupported where the Council has to finance the full cost of the

debt. When considering options for capital financing, the ability of the Council to finance the repayment of any loan it raises for the funding of capital schemes must be evaluated.

- 2.15** In order to be able to fund high priority bids that have been submitted a further review of the Capital Programme has been undertaken. The risks associated with not progressing some of these high priority bids is significant and there will be some opportunity cost associated with identifying this level of funding. It is considered that the risk associated with not identifying this funding could be more significant than the risk associated with some high cost schemes within the programme and these are set out below:

Table 6 – Schemes proposed to be removed from the Capital Programme to fund bids

Schemes Removed	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	Total
	£'000	£'000	£'000	£'000	£'000	£'000	£000
Bridge Structures	0	1,425	0	0	0	0	1,425
New household Waste Recycling Centre	750	1,205	0	0	0	0	1,955
Fleet Parking	0	2,569	0	0	0	0	2,569
Social Services Residual Schemes	15	0	0	0	0	0	15
Social Services Asset Renewal	15	0	0	0	0	0	15
Llanmaes Construction	518	0	0	0	0	0	518
Unallocated All Services Asset Renewal	0	366	1,369	1,257	1,257	1,257	5,506
Total	1,298	5,565	1,369	1,257	1,257	1,257	12,003

- 2.16** It is not thought that removing these schemes is an easy decision to make, however, in the context of the risk associated with not providing additional funding for the high priority bid schemes and the significant pressures in the revenue budget it is felt that this is the most prudent approach for the Council at this time. If this were to be approved the revised budget for 2023/24 is detailed in Appendix 4.

- 2.17** In addition to the above the below funding had also been identified towards funding the capital bids:

Table 7 – Additional Funding Identified

Funding Identified	£000
Neighbourhood Services Reserve	1,232
Corporate Landlord Reserve	270
Unsupported Borrowing	286
Unallocated Grant Funding	44
Capital Receipts	230
Additional General Capital Funding	4,640
Total	6,702
Add funding from bids removed above	12,003
Funding Available for Capital Bids	18,705

2.18 The funding available of £18.705m is split £6.469m in 2024/25 and £4.961m in 2025/26 and £2.425m per annum 2026/27 to 2028/29. The detail on how this has been allocated can be found in Table 9.

2.19 The gross total of bids for 2024/25 is £19.199m, after deducting s106 and specific grant that could potentially be available for these bids the net value is £18.899m. If all of the available funding for 2024/25 is used of £6.469m as detailed above the shortfall is £12.430m. If the Council borrowed to fund this shortfall, then the revenue cost associated with this borrowing would be £709k per annum over 40 years. This would mean every £1m of borrowing would have an impact of circa £57k on the revenue budget.

Capital Bids 2024/25 to 2028/29

2.20 New capital bids were invited for return by 20th October, 2023. In total 47 bids were received - 8 from Learning and Skills, 6 from Social Services, 22 from Environment & Housing, 4 from Place, and 7 from Resources. Departments were requested to assess and rank their own bids in order of importance before submission and bids from each Directorate were forwarded to the Strategic Insight Board for evaluation on 8th November, 2023. The value of capital bids received totalled a gross amount of £19.199m (£18.899m net) in 2024/25 and £56.803m (£56.503m net) over the 5 year period. A summary of the Capital Bids is set out in the table below and are detailed in full in Appendix 2.

Table 8 – Summary of Capital Bids

Directorate	2024/25 £000	2025/26 £000	2026/27 £000	2027/28 £000	2028/29 £000
Learning and Skills	4,323	3,494	2,700	2,800	2,900
Social Services	385	555	0	0	0
Environment and Housing	11,771	6,570	5,245	5,245	4,500
Place	2,054	1,900	1,695	0	0
Corporate Resources	666	0	0	0	0
Total Gross Capital Bids	19,199	12,519	9,640	8,045	7,400
Less Available s106	0	0	0	0	0
Less Specific Grant	300	0	0	0	0
Total Net Capital Bids	18,899	12,519	9,640	8,045	7,400

- 2.21** Funding of £44k for the bid in relation to the Dock Offices External Stonework Repair has been found and approved within the 2023/24 Capital Programme due to the health and safety nature of this bid.
- 2.22** As set out in paragraphs 1.2 to 1.4 the allocation of Capital Bids has been considered by Insight Board and Senior Leadership Team. Given the severe limitations of funding available to progress new Capital Bids and the high level of risk for the Council associated with some of the schemes submitted the approach necessitated has been that only those schemes of highest corporate priority and/or risk could be pursued.
- 2.23** The process for analysing capital bids is detailed in section 4 of the [Draft Capital Strategy](#). The 2024/25 to 2028/29 Capital Proposals have been made in accordance with the principles of the Capital Strategy as outlined briefly below.
- 2.24** A risk assessment is undertaken for each bid, in line with the Council's Corporate Risk Management Strategy. The bids are then reviewed to assess corporate priority, schemes that are required on a statutory or health and safety basis are prioritised alongside any invest to save schemes. All bids are also assessed for the contribution they make towards the 5 ways of working to demonstrate commitment to the Well-being of Future Generations Act. The Sustainability of the scheme proposals are also self assessed as part of the capital bid process and reviewed by Insight board.
- 2.25** As the provisional capital settlement from Welsh Government has now been received, it is proposed that new schemes are included in the capital programme 2024/25 to 2028/29. The bids and additional pressures that have been put forward for funding are included in Appendix 1 and detailed in Appendix 3, however these are summarised in the table below: -

Table 9 – Capital Bids and additional pressures that are proposed to be funded

Directorate	2024/25	2025/26	2026/27	2027/28	2028/29
	£000	£000	£000	£000	£000
Learning and Skills

Corporate Resources					
Civic Offices Replacement of Devices on Existing Fire Alarm System	33	0	0	0	0
Alps Offices Fire Alarm replacement - Block A	31	0	0	0	0
Total	6,469	4,961	2,425	2,425	2,425

- 2.26** Within Place the top ranked scheme related to the new independent living policy and additional funding for take up on the Disabled Adaptations Grants (DAG). The additional funding request related to the projected increase in costs as a result of removing means testing against elements of the grant. Strategic Insight Board was informed that for every £1 spent on DAG it has been demonstrated that £7 can be saved in Social Care. The complexity with funding this additional cost is that spend on the schemes is currently impacted by the ability to secure contractors and therefore it may be appropriate to fund this forecast potential need from reserve. Therefore, it is proposed that £1m is ringfenced in reserves to progress the Independent Living Policy DAG top up as required due to the significant impact this is projected to have on Social Care spend.
- 2.27** Since the Capital Bids have been submitted, the Council has been made aware of an additional pressure of £200k in relation to Windsor Road Retaining Wall. This scheme has already been approved within the Capital Programme with a budget of £210k in 2023/24 and £200k in 2024/25. A further £200k is required as it is necessary to progress essential ground investigation works to enable suitable and cost effective design of remedial works which have proved significantly more expensive due to the site extensive constraints and accessibility issues. This additional £200k has been included in Appendix 1 and detailed in Appendix 3.
- 2.28** An additional pressure of £100k is also proposed to be awarded for site improvements to Llandow HWRC, a site review will be undertaken, and essential work will be prioritised as necessary.
- 2.29** Currently Band B Ysgol Iolo Morgannwg is approved within the Capital Programme with a budget of £14.523M over the five year programme. The cost managers and project managers have since reviewed the costs for delivering the scheme and the scheme is now anticipated to cost £18.054M. The Council has been provided with a cost comparison against other projects being delivered by other Local Authorities and the same impact is seen across the board. The price increase is due to current market conditions and inflation.

Table 10 – Band B Ysgol Iolo Morgannwg Funding

	Council Funding	Welsh Government Funding	Total Capital Funding
	£'000	£'000	£'000
Ysgol Iolo Morgannwg approved by Cabinet 7 th September 2023	4,357	10,166	14,523
Ysgol Iolo Morgannwg Revised	5,535	12,519	18,054

2.30 The Council has received a Welsh Government Welsh Medium grant of £889k to deliver the immersion centre as part of the Ysgol Iolo Morgannwg Sustainable Communities for Learning scheme. It is assumed that Welsh Government will provide 65% grant funding against the remainder of the project and 100% to deliver net carbon zero costs. The proposed funding costs are shown below.

Table 11 – Band B Ysgol Iolo Morgannwg Proposed Funding Split

Proposed Funding Split

2.31 The Council has seen an increase of £1.178M to its contribution, this is proposed to be funded by a S106 Education Contribution of £892k and the remaining £286k funding gap has been submitted as a capital bid and this has been put forward for approval and inclusion in the programme.

2.32 It is requested to increase this scheme budget to £18.054M within the Capital Programme as set out in the profile below. This has been included within Appendix 1.

Table 12 – Band B Ysgol Iolo Morgannwg Reprofiling

	2023/24	2024/25	2025/26	2026/27	Total
	£'000	£'000	£'000	£'000	£'000
Approved Programme	490	8,331	5,500	202	14,523
Revised Programme	490	8,331	9,031	202	18,054

2.33 Between 2023/24 and 2028/29 there is £1.9m funding available for Decarbonisation schemes. This is profiled £650k in 2034/24 and then £250k per year between 2024/25 to 2028/29. A programme of works is currently being planned which will incorporate schemes including LED lighting, PV solar panels and Air Source Heat Pumps across the Council's asset base and this will be detailed in the final proposals report which is being brought to Cabinet late February 2024.

2.34 Vehicles will be purchased throughout the five year Capital Programme using the Vehicle Reserve. This will be replenished yearly through vehicle capital receipts and revenue provision for the replacement of vehicles as part of the scheme.

2.35 Various allocations for Asset Renewal have currently been included in Appendix 1 over the five year period of the programme. Asset Renewal budgets for each Directorate will be reviewed and schemes will be identified prior to the approval of the Final Capital proposals for 2024/25 to ensure that funding is allocated to priority schemes.

2.36 A Summary of the 2024/25 to 2028/29 Capital Programme and how it is funded is included in the Tables below:

Table 13 – Summary of the 5 Year Capital Programme with funding

Directorate	2024/25	2025/26	2026/27	2027/28	2028/29
	£000	£000	£000	£000	£000

Total Capital Programme	104,445	93,928	69,280	53,021	55,944

2.37 Since the Initial Capital Proposals report, that went to Cabinet on 20th July, 2023 several amendments have been made to the five year Capital Programme including capital sums carried forward, reprofiling and the recent capital programme review and are included in Appendix 1.

2.38 Some new schemes have been approved within the programme and these are outlined in the paragraphs below and are included in Appendix 1.

2.39 The Council has been awarded a Low Carbon Heat Grant from the Welsh Government Energy Services to retrofit an air source heat pump at Ysgol Bro Morgannwg (primary school). The air source heat pump (ASHP) will replace gas boilers and provide both heat for both the existing heating and domestic hot water services. The overall cost of the project is £304k spread over two years (2023/24 and 2024/25). The Council contribution required is 10% and this has been funded from the Project Zero reserve.

2.40 A number of schemes have been approved under the UK Government Shared Prosperity Fund via Delegated Authority and these are summarised in the Table below.

Table 14 – Schemes added for Shared Prosperity Fund

Capital Scheme	2024/25
	£'000
Communities and Place	
Public Rights of Way	233
Reuse Shop Community Space	350
OVO Bike Barry	158
SWAM Accessibility	35
Cadoc's Corner	14
Supporting Local Business	
VZTA Smart Towns	33
TOTAL	823

2.41 An allocation of funding has been awarded by Welsh Government for an allotment support grant for the period 1st April, 2023 to 31st March, 2025. The primary purpose of the funding is to increase the availability of good quality allotment plots but may be used for other activities such as improving

accessibility and increasing biodiversity. This scheme has been included in the 2024/25 Capital Programme with a budget of £29k.

- 2.42** The Council has been awarded a grant from Welsh Government to undertake improvement works to Porthkerry Country Park’s main hub. Works have been ongoing in this financial year and a budget of £230k has been included in the 2024/25 Capital Programme, of which £184k is funded by grant and £46k by internal funds.
- 2.43** The National Lottery Heritage fund has provided a grant for a three year programme of work from 2023/24 to 2025/26 for the Restore the Thaw Scheme the profile of this scheme is set out in the table below.

Table 15 – Restore the Thaw Profile

	Grant	Match	Total
Year	£’000	£’000	£’000
2023/24	119	31	150
2024/25	181	31	212
2025/26	269	31	300
Total	569	93	662

- 2.44** Potential funding for 2024/25 onwards which has not been allocated to specific schemes is shown under the All Services Asset Renewal heading. When allocating this in future years the first priority will be to establish whether the funding can reduce any unsupported borrowing, which in turn will reduce the revenue burden on the Council for the cost of that borrowing.

Housing Improvement Programme

- 2.45** The Council achieved Welsh Housing Quality Standard (WHQS) at the end of March 2018. The five year Capital Programme therefore reflects the level of works required to maintain WHQS and the Council's aspirations as part of the Housing Asset Management Plan, which includes the building of new houses. This is further detailed in the 30 year Housing Improvement Plan, the revised version of which was brought to Cabinet in January 2024. The Housing Improvement Programme is reviewed annually and as part of this process the expenditure will be re-profiled in line with the revised work programme. Further details are contained in section 2 of the Capital Strategy.
- 2.46** It has been approved via delegated authority to reprofile the Housing Improvement Programme as set out in the Table below. This is in line with the Business Plan that has been by Council on 15th January, 2024.

Table 16 - Revised Housing Improvement Programme

Revised Programme	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29
	£'000	£'000	£'000	£'000	£'000	£'000
Revenue/Reserves	23,031	8,197	7,484	7,062	6,660	6,462
MRA Grant	2,770	2,770	2,770	2,770	2,770	2,770
Capital Receipts	140	0	600	1,000	2,180	2,180
Unsupported Borrowing	11,043	24,307	23,955	27,738	25,124	33,005
S106	0	600	600	600	100	0
Other Grant	8,013	2,871	2,800	2,800	2,800	2,800
Total Budget	44,997	38,745	38,209	41,970	39,634	47,217

2.47 The Table below shows the projected balances on HRA reserves over the next 5 years:

Table 17 Housing Improvement Programme projected reserves

As at:	Year	Closing HRA Working Balance
		£000
31/03/24	Current	949
31/03/25	1	1,026
31/03/26	2	1,102
31/03/27	3	1,137
31/03/28	4	1,171
31/03/29	5	1,206

Next Steps

- 2.48** Scrutiny will be asked to review the draft capital programme and make any comments to Cabinet by 29th February 2024.
- 2.49** Managers will be asked to revisit the recommended schemes contained in the draft final proposals prior to presentation to Cabinet and Council to confirm final costs and spend profiles.
- 2.50** A consultation is due to be carried out with the community which ends mid-February and the results of this will help to inform the Final Capital Proposals which will be brought to Cabinet in February.
- 2.51** The final settlement is due to be announced from Welsh Government late February/early March which will inform the Final Capital Proposals report.

- 2.52 Currently, the approved timetable requires Cabinet to approve the final budget proposals by no later than 29th February, 2024 and that Cabinet's final Capital Programme proposals will be considered by Council at a meeting to be held on 6th March, 2024 to enable the Council Tax to be set by 11th March, 2024.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

3.1 The Capital Strategy and Capital Programme focuses capital investment to deliver the outcomes identified as part of the Corporate Plan. Some examples are:

- **To work with and for our communities** - Consultations are carried out with the community on capital projects. Participate Vale allows the community to have their say and get involved with Council decisions and local issues in the Vale of Glamorgan
- **To support learning, employment and sustainable economic growth** - Further investment in schools through the School Investment Programme. Contributing as a partner in the Cardiff Capital Region City Deal will bring economic prosperity to the area. There will be continued investment in environment and regeneration programmes to support economic growth and further investments supported as part of the proposed Non-Treasury Service Investment Strategy - Investment and Growth Fund.
- **To support people at home and in their community** - Investment in housing through the Housing Improvement Programme will maintain the Welsh Housing Quality Standard, consideration of alternative heating measures and new developments. Disabled Facility Grant and Enable schemes that support Vale of Glamorgan residents in their homes. Investment in leisure centres and playgrounds will encourage more use and activity.
- **To respect, enhance and enjoy our environment** - St David's CIW Primary School was designed to be low (in-use) carbon through improved building fabric, maximising renewables and its only energy source is electric. The design has been utilised for the new build for South Point Primary School which is the first net-zero carbon primary school in Wales. The Council has also successfully applied for additional Welsh Government funding to support further decarbonisation across the Sustainable Learning Communities Programme. Investing in the introduction of LED street lighting will bring environmental benefits. vehicle charging infrastructure has been installed at the Alps Depot and the Civic Offices. The school decarbonisation programme consists of a variety of energy reduction measures and renewable energy installations have been identified across several assets within the school portfolio. Recycling is now to be sorted into separate containers, the change is aimed at improving the quality of the materials that are collected for recycling which is better for the environment and will help the Council to recycle more.

3.2 The Capital Strategy considers the Five Ways of Working.

- **Looking to the long term** - The development of the capital programme is a means of planning for the future and takes a strategic approach to ensure services are sustainable and that investments are affordable over the longer term and that future need and demand for services is understood.
- **Taking an integrated approach** – The Capital Strategy recognises that in setting the capital programme, working with partners is encouraged, as it allows the utilisation of funding from various sources, such as Welsh Government and S106 contributions, to deliver schemes.
- **Involving the population in decisions** – As part of the annual budget setting process there is engagement with residents, customers and partners. Prior to the implementation of certain capital schemes, consultation may also take place with the public which may in some cases be statutory.
- **Working in a collaborative way** – The Capital Strategy recognises that more can be achieved, and better services can be provided by collaboration, and it encourages this as a way of working in the future which includes providing funding to work with local communities.
- **Understanding the root cause of issues and preventing them** – The Capital Strategy and the process for setting and monitoring the capital programme is proactive and allows an understanding of the financial and operational issues to be considered together so that issues can be tackled at the source.

4. Climate Change and Nature Implications

- 4.1 The Council understands the importance of decarbonisation to help protect and sustain the environment over the long term and in line with its Climate emergency declaration is working and investing in measures to reduce its CO2 emissions. Several projects are included in the Capital Programme which will assist the work the Council is undertaking as part of Project Zero and commitments in the Council's Climate Challenge Plan. Specifically, funding has been set aside for a programme of decarbonisation works and to support the delivery of the Tree Strategy. More detail can be found in the Section 6 of the Capital Strategy. All schemes progressed as part of the Capital Programme proposals set out the decarbonisation considerations that will be considered as part of progressing the bids.

5. Resources and Legal Considerations

Financial

- 5.1 The total net capital expenditure of the proposed programme in Appendix 1, over the 5 years, is £254.7m. The total gross capital expenditure is £376.6m.

- 5.2** In line with the overall Financial Strategy, in order to resource the Capital Programme, £12.181m of general fund reserves will be utilised over the period of the Capital Programme 2024/25 to 2028/29, however this should be balanced with the need to utilise reserves to support the revenue budget in the context of the current cost of living and revenue pressures.
- 5.3** Capital receipts are also utilised to fund the Capital Programme. The Education Capital Programme utilises general capital receipts in addition to capital receipts ring fenced for Education. The capital receipt balance for Social Services has been ring fenced for Social Services capital expenditure for Older Persons Accommodation.

Employment

- 5.4** Some of the work included in the capital programme will be undertaken by Council staff and the relevant costs will be recharged to the capital scheme.

Legal (Including Equalities)

- 5.1** The Council is required to show that capital expenditure is covered by identified resources when developing its Final Capital Programme proposals.

Nell's Point Car Park - Retaining Wall -This structure has been certified as structurally unsafe and therefore the adjacent pedestrian footway has been closed for some 12 months in order to protect the public from any further failure of the wall. It has been identified that the trees should be felled as the root system is creating heave pressure against the wall structure and that the wall should be taken down and reconstructed.	50	50	0	0	0	0	0	0	0	0	50	50	H	A	2	2
Howe Mill Bridge Deck Strengthening / Replacement - Strengthening / Replacement of existing deck with a 3T weight limit with a deck capable of carrying normal traffic loading.	1,022	1,022	0	0	0	0	0	0	0	0	1,022	1,022	M	A,BCi & Cii	3	5
Alley gate Replacement Scheme - Replacement and repair of alley gates located throughout the Vale of Glamorgan to allow the alley gates to continue to serve their purpose of reducing crime, antisocial behaviour fly tipping and litter.	25	25	25	25	0	0	0	0	0	0	50	50	M	B	2	5
Porthkerry Cemetery Extension - Two burial remain at Porthkerry Cemetery as of 1st October 2023 (there were approximately 20 this time last year). This project will extend the cemetery into a new field adjoining the existing site that was always planned to be used for this purpose.	150	150	0	0	0	0	0	0	0	0	150	150	M	B or Ciii	2	5
Upgrading of 3 No.Weather / Ice Stations at various locations in The Vale of Glamorgan - The council has a statutory obligation to provide Winter Services in accordance with Section 41 of the Highways Act 1980. The existing 6 No. weather / ice stations were installed some 18 years ago and have exceeded their life expectancy of 8 to 10 years. The current stations will be obsolete by the end of 2023 and will no longer be supported.	100	100	0	0	0	0	0	0	0	0	100	100	H	B	3	2
Skatepark Replacement Programme - Vale of Glamorgan Council owned Skateparks need replacement, replacing the current Steel / Wooden framed prefabricated skateparks to a concrete based design / build.	250	250	250	250	250	250	250	250	0	0	1,000	1,000	L	A, Ci, D	2	3
Demolition of Southerndown Public Convenience - The public convenience has not been open to the public since before 1996 and as a result of this the building structure has slowly become dilapidated.	20	20	0	0	0	0	0	0	0	0	20	20	M/H	B	1	-
Place											-		H/M/L	A-F	0-3	
Independent Living Policy DAG Top up - This capital bid relates to a new Discretionary Adaptations Grant that will be open to anyone who wishes to apply for an adaptation and have a charge placed upon their property. This new loan product will result in an increased demand for funding and additional capital is being requested.	1,694	1,694	1,695	1,695	1,695	1,695	0	0	0	0	5,084	5,084	H	B	2	5
Porthkerry Country Park - Road Improvements - To undertake essential resurfacing works to the main access road into Porthkerry Country Park and the access road into the main overflow car park, comprising of over 7,000m2 of surface. The access roads are not designated as highways and as such do not come under any formal maintenance schedule.	233	233	0	0	0	0	0	0	0	0	233	233	H	A, Ci	2	4
Cosmeston Lakes Country Park - Overflow car park - The Country park has hard standing parking with 265 spaces based around the main entrance to the Country park. Due to the sites continued popularity the site is continually at full capacity, with the overflow car parking fields being required throughout the year. The overflow fields are unusable after a short period of rain making it impossible to park cars within the area, this results in visitors being turned away.	127	127	0	0	0	0	0	0	0	0	127	127	H	A, Ci	2	4
Cosmeston Lakes - East Lake Access Improvement Project - Due to the sites success, there is a need to provide a tarmac surface to the footpath leading from the main entrance and joining the main throughfare which has a tarmac surface. The proposal will also link with the active travel route to the south of the site	0	0	205	205	0	0	0	0	0	0	205	205	M/H	A, Ci	2	4
Resources													H/M/L	A-F	0-3	
Data Centre Cooling Refresh Renewal - The servers and network hardware requires cooling to prevent the hardware inside the room from overheating. In the event of the hardware overheating, they will either shut down or sustain hardware failure. In either scenario a loss to service will be encountered and severe disruption would occur to IT services. Over heating of the Data Centre would also significantly raise the risk of fire at the Civic Offices.	300	300	0	0	0	0	0	0	0	0	300	300	Probable	Ci, Cii	2	5
