Appendix 2 provides a summary of the position of the Capital Programme by directorate from approval at Council on 6th March, 2023 through to 31st March 2024, including any changes requested within this report.

Several schemes totalling £5.395M were required to be added late in the programme and the report notes the current adjusted programme of £103.829M and capital expenditure during the year of £88.620M.

Despite capital schemes facing continued challenges due to a number of issues, including significant cost increases and shortages of resources, it is pleasing to note that the 2023/24 Capital Programme out turned at £88.620M and 85.35% of the programme was spent before the end of the financial year.

Due to the dedication, commitment and hard work across all directorates, the report notes the current adjusted programme of £103.829M and net slippage of £15.013M which required approval by Emergency Powers into the 2024/25 Capital Programme. A summary table detailing slippage is provided below:

Table 2 – Detail of Slippage into 2024/25 Capital Programme by Directorate

| Total | 103,829 | 88,620 | 15,209 | 15,013 | 196 |

For this Scrutiny Committee, the position regarding the budget was a variance of £4.278M against an adjusted programme of £18.577M. Outturn for this Scrutiny Committee was recorded at £14.299M and slippage, £4.096M.

Recommendations

- 1. Committee note the year end capital position for financial year 2023/24.
- 2. Committee note the additional scheme budgets as set out in Appendix 1.
- **3.** Committee note the summary position of the changes in the Capital Programme by directorate from approval at Council on 6th March, 2023 to 31st March, 2024, as set out in Appendix 2.
- **4.** Committee note the Emergency Power approved in respect of the slippage as set out in Appendix 3.

Reasons for Recommendations

- 1. To inform Committee of the year end capital position for financial year 2023/24.
- **2.** To inform Committee of the additional schemes added to the approved programme for 2023/24.
- **3.** To inform Committee of the changes to the Approved Capital Programme set on 6th March 2023.
- **4.** To advise Committee of the approved slippage in the Emergency Powers in the 2023/24 Capital Programme.

1. Background

- **1.1** Council on 6th March, 2023 (Minute Reference 777) approved the Capital Programme for 2023/24.
- 1.2 Following the end of the financial year, Cabinet is provided with provisional outturn figures for the Council. It is anticipated that the Statement of Accounts will be approved by Council during November 2024, which will follow the audit by Audit Wales.

2. Key Issues for Consideration

- 2.1 Appendix 1 details the outturn figures for this Scrutiny Committee on the Capital Programme as at 31st March, 2024. The overall position on the revised 2023/24 Capital Programme was a variance of £15.209M against an adjusted programme of £103.829M. The position regarding this committee budget was a variance of £4.278M against an adjusted programme of £18.577M.
- 2.2 Despite capital schemes facing continued challenges due to significant cost increases, resulting in delays to projects, and major shortage of resources in many areas, it is pleasing to note that the 2023/24 Capital Programme outturn is £88.620M as set out in the summary table below. Outturn for this Scrutiny Committee was recorded at £14.299M

Table 3 – Summary of 2023/24 Capital Programme

- 2.3 From the approved programme to the revised outturn at the end of March 2024, several schemes have required to be added late in the year to provide an adjusted approved programme. Amongst these additions is revenue expenditure that required capitalisation and several late grants.
- 2.4 The summary position of all changes in the Capital Programme by directorate from approval at Council on 6th March 2023 to 31st March 2024, is set out in Appendix 2.
- 2.5 There was net slippage of £15.013M against programmes of work during the year. The slippage for this committee was £4.096M and Appendix 3 provides the detail of the slippage and resulting schemes.
- 2.6 The following table shows how the capital programme has been financed in 2023/24:

Table 4 – Summary of the financing of the 2023/24 Capital Programme

| Source of Funding | Outturn (£'000) |

- 2.7 General Capital Funding Capital expenditure in the year was sufficient to cover the full allocation of the supported borrowing allocation from Welsh Government. £1.327M of the 2023/24 General Capital grant has been spent during 2023/24. In some instances where schemes were originally planned to be financed from General Capital Funding the schemes have underspent at outturn, other schemes, planned to be funded from capital receipts, revenue contributions to capital or reserves, have been substituted in their place.
- **2.8** Capital Receipts The movement of the capital receipt accounts for 2023/24 are set out in the table below:

Capital Programme 2023/24

2.9 It is important to recognise the work undertaken to deliver the Capital Programme and detailed below is one scheme that has been delivered in the 2023/24 Capital Programme, under the remit of this Scrutiny Committee.

Place - Local Nature Partnership Grant

- 2.10 An allocation of £821k has been granted to the Council for the Local Places for Nature Grant 2023/25. Final spend for 2023/24 has been accounted at £391K.
- Places for Nature Scheme to reconnect people from across the county with nature. The aim of the scheme is to help all aspects of society to take part in practical action for nature. The partnership has over sixty members including individuals and businesses. A steering group of representatives from local organisations guides the work. The vision is a Vale that is richer in wildlife, where people respect and enjoy the nature around them.

- 2.12 A number of schemes have been delivered by the team this financial year including the part funding of Restore the Thaw Landscape project and The Orchard Project. The Orchard Project maps orchards and delivers online and in person training courses.
- **2.13** Rhws Primary School with LPfN funded orchard sign.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- **3.1** The Capital Programme focuses capital investment to deliver the outcomes identified as part of the Corporate Plan. Some examples are:-
 - To work with and for our communities Consultations are carried out with the community on capital projects. Participate Vale allows the community to have their say and get involved with Council decisions and local issues in the Vale of Glamorgan.
 - To support learning, employment and sustainable economic growth Further investment in schools through the School Investment Programme. Contributing as a partner in the Cardiff Capital Region City Deal will bring economic prosperity to the area.
 - To support people at home and in their community Investment in housing through the Housing Improvement Programme will maintain the Welsh Housing Quality Standard, consideration of alternative heating measures and new developments. Other schemes include Disabled Facility Grant, Enable schemes, Investment in leisure centres and playgrounds.
 - To respect, enhance and enjoy our environment The Council supports
 decarbonisation as part the Sustainable Communities for Learning Programme,
 which has seen the first Net Zero Carbon Primary School in Wales. There is a
 decarbonisation scheme on the Capital Programme totalling £1.538k from 202425 to 2028/29, and this budget has been allocated across 10 schemes for
 installation of LED lighting, PV Panels, air source heat pumps and interface
 upgrade.

- **3.2** The setting and the monitoring of the Capital programme follows the Five Ways of Working.
 - Looking to the long term The development of the capital programme is a
 means of planning for the future and takes a strategic approach to ensure
 services are sustainable and that investments are affordable over the longer
 term and that future need and demand for services is understood.
 - Taking an integrated approach In setting the capital programme, working with partners is encouraged, as it allows the utilisation of funding from various sources, such as Welsh and UK Government and S106 contributions, to deliver schemes.
 - Involving the population in decisions As part of the annual budget setting process there is engagement with residents, customers and partners. Prior to the implementation of certain capital schemes, consultation may also take place with the public which may in some cases be statutory.
 - Working in a collaborative way It is recognised that more can be achieved, and better services can be provided by collaboration, and it encourages this as a way of working in the future which includes providing funding to work with local communities.
 - Understanding the root cause of issues and preventing them The process for setting and monitoring the capital programme is proactive and allows an understanding of the financial and operational issues to be considered together so that issues can be tackled at the source.

4. Climate Change and Nature Implications

4.1 The Council understands the importance of decarbonisation to help protect and sustain the environment over the long term and in line with its Climate emergency declaration is working and investing in measures to reduce its CO2 emissions. Several projects were included in the 2023/24 Capital Programme which will assist the work the Council is undertaking as part of Project Zero and commitments in the Council's Climate Challenge Plan. More detail can be found in the Section 6 of the Capital Strategy. All schemes progressed as part of the Capital Programme proposals set out the decarbonisation considerations that will be considered as part of progressing the bids.

5. Resources and Legal Considerations

Financial

5.1 As detailed in the body of the report.

Employment

5.2 Some of the work included in the capital programme will be undertaken by Council staff and the relevant costs will be recharged to the capital scheme.

Legal (Including Equalities)

- 5.3 The provisional outturn figures for the Council have been used in the preparation of the Statements of Accounts. Regulation 10(1) of the Accounts and Audit (Wales) Regulations 2014 (as amended) requires the Responsible Financial Officer to sign and date the Statement of Accounts and certify that they present a true and fair view of the financial position at the end of the year. This means that for 2023/24 the Statement of Accounts should be certified by the Section 151 Officer by 31st May 2024.
- 5.4 If it is not possible to meet this deadline the Council must advertise that this has not happened and the reason why. As it was not possible to produce the Statement of Accounts by 31st May 2024, the appropriate advert was placed outlining the reason that in line with the agreed timescales for the previous year, as agreed with Governance & Audit Committee, for preparing the accounts and recognising changes in ongoing processes and risks still in place because of the Covid-19 pandemic. The Statement of Accounts was signed by the S151 Officer by 30th June 2024.
