

Name of Committee:	Healthy Living and Social Care Scrutiny Committee
Date of Meeting:	15/07/2019
Relevant Scrutiny Committee:	Healthy Living and Social Care
Report Title:	Revenue and Capital Monitoring for the Period 1st April to 31st May 2019
Purpose of Report:	To advise Scrutiny Committee of the Progress relating to revenue and capital expenditure for the period 1st April to 31st May 2019
Report Owner:	Report of the Director of Social Services
Responsible Officer:	Carys Lord Head of Finance/ Section 151 Officer
Elected Member and Officer Consultation:	Each Scrutiny Committee will receive a monitoring report on their respective areas. This report does not require Ward Member consultation
Policy Framework:	This report is for Executive decision by the Cabinet

Executive Summary:

- The revenue position for 2019/20 is challenging with a savings target for the year being set at £545k.
- The capital budget has been set at £5.031m.

Recommendation

1. That Scrutiny Committee consider the position with regard to the 2019/20 revenue and capital budgets.

Reason for Recommendation

2. That Members are aware of the projected revenue outturn for 2019/20.

1. Background

1.1 On 8th March 2019, Council approved the Revenue Budget for 2019/20, minute no 835 and Council on 27th February 2019 (minute no C582) approved the Capital Programme for 2019/20 onwards.

2. Key Issues for Consideration

Revenue

2.1 The forecast for Social Services is shown as a balanced budget however this is after a potential unplanned transfer from reserves of £1.5m.

	2019/20	2019/20	Variance
Directorate/Service	Original Budget	Projected	(+)Favourable (-) Adverse
	£000	£000	£000
Children and Young People	16,098	17,598	-1,500
Unplanned use of reserves to fund overspend	0	(1,500)	+1,500
Adult Services	47,957	47,957	0
Resource Management & Safeguarding	272	272	0
Leisure Services	1,349	1,349	0
Total	65,676	65,676	0

Agenda Item: 6

- 2.2 Children and Young People Services The major concern for this service is the continuing pressure on the children's placements budget given the complexities of the children currently being supported and the high cost placements some of these children require to meet their needs. Work continues to ensure that children are placed in the most appropriate and cost effective placements, however in the context of the complexity of need and the national challenges in identifying placements, it is projected that this budget could overspend by around £1.5m this year. It should be noted that due to the potential high cost of each placement, the outturn position could fluctuate with a change in the number of children looked after and/or the complexity of need. In previous year's Welsh Government have provided additional funding which has assisted the year end position however this cannot be guaranteed and relied upon at this early stage of the financial year. The service holds a reserve that could be accessed at year end to fund high cost placements if required.
- 2.3 Adult Services This service is currently projecting a breakeven position, however, the major issue concerning this service for the coming year will continue to be the pressure on the Community Care Packages budget. This budget is extremely volatile and is influenced by legislative changes such as the National Living Wage. The outturn position is difficult to predict. The service also continues to be affected by the pressures of continued demographic growth, an increase in the cost of service provision and the Community Care Packages budget will have to achieve further savings this year. The service will strive to manage growing demand and will develop savings initiatives which may be funded via regional grants. Welsh Government has continued to provide Intermediate Care Fund (ICF) grant to Cardiff and Vale University Health Board to allow collaborative working between Health and Cardiff and the Vale Councils however the level of grant funding is not guaranteed on an ongoing basis.
- 2.4 Leisure Services The Parks element of the revenue budget can no longer be reported separately, as operationally it is an integrated part of the new Neighbourhood Services. It is therefore only possible to report the Leisure and Play element under this heading. As Parks capital schemes are separately identifiable they will continue to be reported to this Committee.

2019/20 Savings Targets

- **2.5** As part of the Final Revenue Budget Proposals for 2019/20, a savings target of £545k was set for the Committee. Attached at Appendix 1 is a statement detailing all savings targets for 2019/20. It is anticipated that all savings will be achieved this year.
- **2.6** Appendix 2 provides further detail of the savings within the Social Services Budget Programme. The corporate programme board and project teams

overseeing the plan will continue to monitor and ensure its delivery. As in previous years, ongoing progress updates will to be reported to Committee as part of the overall financial monitoring report for the Directorate.

Capital

- **2.7** Appendix 3 details financial progress on the Capital Programme as at 31st May 2019.
- **2.8** Members should be aware that Appendix 3 includes requests for unspent committed expenditure to be slipped from the 2018/19 Capital Programme into 2019/20 as approved by emergency powers on 20th June 2019.
- 2.9 Residential Home Refurbishment For ease of procuring and delivering the required upgrade works in the residential homes, it has been requested that the following budgets are transferred to the Residential Home Refurbishment budget to create one budget of £72k in 2019/20. The transfers will be £5k from Cartref Internal Refurbishment, £20k from Asset Renewal, £16k from Fire Precaution works and £15k from Hen Goleg Works.
- 2.10 ICT Infrastructure It is proposed that part of this budget is used to upgrade the ICT infrastructure in the Vale's residential facilities which will accommodate the implementation of a digital medication system. Digital medication administration systems rely on good connection speed which are currently not available in Southway, Ty Dyfan or Ty Dewi Sant. Cartref Porthceri currently uses the private broadband circuit which is shared with the Youth Offending Building so will not need an upgrade. In addition, new hardware, new cabling and new network cabinets are needed at Ty Dewi Sant and Southway as Cartref Porthceri and Ty Dyfan already have these in situ and staff in each home will need a new desk top PC to accommodate access to the on line medication records. The improved infrastructure will have the added benefit of access to digital activities with residents. It has been proposed that £25k of this budget is allocated to a new scheme for ICT Development in Residential Homes.
- 2.11 Cowbridge Leisure Centre Roofing In order to include the installation of Photovoltaic Panels (PV) into the roof at Cowbridge Leisure Centre an additional £21k funding will be required. It has been proposed that this funding is made available from the Neighbourhood Services reserve. The electricity generated will be sold to Legacy, the leisure operators at the site

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- **3.1** The revenue budget has been set in order to support services in the delivery of the Council's Well-being objectives. It is therefore important for expenditure to be monitored to ensure that these objectives are being delivered.
- **3.2** The revenue budget has been set and is monitored to reflect the 5 ways of working.
- **3.3** Looking to the long term The setting of the revenue budget requires planning for the future and takes a strategic approach to ensure services are sustainable and that future need and demand for services is understood.
- **3.4** Taking an integrated approach The revenue budgets include services which work with partners to deliver services e.g. Health via ICF.
- **3.5** Involving the population in decisions As part of the revenue budget setting process there has been engagement with residents, customers and partners.
- **3.6** Working in a collaborative way The revenue budgets include services which operate on a collaborative basis e.g. Shared Regulatory Service, Vale Valleys and Cardiff Adoption Service.
- **3.7** Understanding the root cause of issues and preventing them Monitoring the revenue budget is a proactive way of understanding the financial position of services in order to tackle issue at the source as soon as they arise.

4. Resources and Legal Considerations

Financial

4.1 As detailed in the body of the report.

Legal (Including Equalities)

4.2 There are no legal implications.

5. Background Papers

0TNone

Service	Title & Description	2019/20

APPENDIX 2

Vale of Glamorgan Council

Social Services Budget Programme

All Projects Summary Highlight Report

June 2019

An Introduction to the Social Services Budget Programme

The Social Services Budget programme was established several years ago to ensure a focus was maintained on managing the budgetary savings and pressures facing the directorate.

The Budget Programme Board comprises:

- The Leader of the Council
- Cabinet Member for Social Services
- Managing Director
- Director of Social Services
- Head of Service (Adults)
- Head of Children & Young Peoples Services
- Head of Resource Management & Safeguarding
- Operational Manager Commissioning and Information
- Head of Finance
- Operational Manager, Accountancy
- Operational Manager, Policy & Performance
- Business Improvement Partner

The Social Services Budget Programme reports to the Reshaping Services Programme Board due to the synergies which exist between the two programmes. The All Projects Summary Highlight Report is updated for each Social Services Budget Programme meeting and is regularly reported to the Healthy Living & Social Care Scrutiny Committee to ensure oversight of the delivery of savings.

All Projects Summary Highlight Report

This All Projects Summary Highlight Report gives an overview of the Social Services Budget Programme and is used by the Programme Board to manage and monitor the programme's delivery. This report comprises the following sections:

- 1 Financial Savings Summary
- 2 Financial Savings Projects Report

For each savings project, an overall status indicator is set each month by the Programme Board. The status indicator is expressed as red, amber or green. These savings projects are complex and are their achievability is potentially impacted by a range of issues and risks. The status indicator shows the Board's holistic assessment of the project in terms of overall achievability and as such they are essentially an indicator of risk. The Board consider the project as a whole and form a view of the status

Page 2 of 6

considering such things as the timing for the delivery of savings, the scale of savings to be delivered and any risks which have been identified by the project (examples including those relating to potential reputational risk and the extent of change required).

The All Projects Summary Highlight Report also contains details of the cost pressures being experienced by the Directorate, in order to enable the visibility, management and monitoring of mitigating actions alongside the savings to be delivered.
