

Meeting of:	Healthy Living and Social Care Scrutiny Committee
Date of Meeting:	Tuesday, 08 March 2022
Relevant Scrutiny Committee:	Healthy Living and Social Care
Report Title:	Service Plans & Target Setting to Deliver the Vale of Glamorgan Council's Annual Delivery Plan 2022/2023
Purpose of Report:	To seek Members' endorsement of the priority actions as reflected in Service Plans and proposed service improvement targets for the period 2022/2023 that will deliver the Council's Annual Delivery Plan within the remit of the Committee.
Report Owner:	Lance Carver, Director of Social Services
Responsible Officer:	Lance Carver, Director of Social Services
Elected Member and Officer Consultation:	The Council's Annual Delivery Plan 2022/2023 is relevant to all wards. In line with the requirement to consult on our Well-being Objectives each year, we have sought input from Members via scrutiny committees, key partners, residents and staff on the development of the Annual Delivery Plan and our Well-being Objectives. This report provides an opportunity for scrutinising the Service Plans and targets to deliver the Annual Delivery Plan.
Policy Framework:	This is a matter for Executive decision by Cabinet.
Executive Summary:	<ul style="list-style-type: none"> The report presents the service plans and targets within the remit of this Scrutiny Committee. These set out the specific areas of focus associated with the delivery of the Council's Annual Delivery Plan for 2022/2023 as aligned to our four Corporate Plan Well-being Objectives. Progressing the Annual Delivery Plan will help meet our statutory obligations under the Local Government & Elections (Wales) Act 2021 and the Well-being of Future Generations (Wales) Act 2015 (WBFGE). Both pieces of legislation place specific duties on the Council in relation to reviewing and setting objectives, keeping performance under review and reporting on performance, with a focus on improving the social, economic, environmental and cultural well-being of Vale citizens. In line with our statutory duties we continually review the relevance of our Well-being Objectives. As a result, going forward into 2022/2023, we are assured that our Corporate Plan Well-being Objectives and the associated commitments outlined in the Annual Delivery Plan 2022/2023 (contained in the background papers appended to this report) are relevant in

delivering improved outcomes for Vale of Glamorgan citizens and contribute to the national Well-being Goals.

- All Scrutiny Committees considered a draft Annual Delivery Plan in December 2021 and their views alongside that of other key stakeholders have informed the final Plan, set for approval by Cabinet on 28th February 2022 and Council in March 2022 **(contained in the background papers appended to this report)**.
- The Annual Delivery Plan and Service Plans also detail the activities that will be undertaken in 2022/23 to deliver our Well-being Objectives within the context of the Council's Recovery Strategy.
- The commitments in the Annual Delivery Plan are reflected in the Service Plans ([Appendix A](#)) together with proposed service improvement targets ([Appendix B](#)) to show how individual service areas will contribute to their achievement and overall delivery of our four Well-being Objectives.
- Upon review, Members are also asked to recommend to Cabinet the Service Plans and service improvement targets (as relevant to this Committee's remit) as the primary documents against which performance for the Annual Delivery Plan 2022/23 will be monitored, measured and reported quarterly.
- Following approval by Cabinet and Council, publication of the Annual Delivery Plan 2022/2023 will take place via a variety of media (including social media) which will ensure the Council is complying with its statutory duties.

Recommendations

1. That Members review and endorse via recommendation to Cabinet the Service Plans ([Appendix A](#)) and all planned activities as they relate to the remit of this Committee (**as illustrated in [Appendix C](#)**).
2. That Members review and endorse via recommendation to Cabinet, the proposed service improvement targets for 2022/2023 ([Appendix B](#)) relating to the remit of this Committee.

Reasons for Recommendations

1. To ensure that the Service Plans aligned to this Committee's remit are accurate, up to date and relevant and become the main document through which performance against the Corporate Plan's Annual Delivery Plan is monitored and measured during 2022/2023.
2. To ensure the Council's Corporate Plan Performance Measurement Framework identifies a relevant set of performance measures and targets against which the Annual Delivery Plan can be monitored and measured during 2022/2023.

1. Background

Vale of Glamorgan Council Annual Delivery Plan 2022/2023

- 1.1 The Annual Delivery Plan (ADP) (**contained in the background papers to this report**) is published in the Spring of each year after approval by Council and sets out the actions to be taken in the year ahead to deliver the Well-being Objectives and the overarching five-year Corporate Plan.
- 1.2 The ADP is a key means of meeting our statutory obligations under the Local Government & Elections (Wales) Act 2021, the Well-being of Future Generations (Wales) Act 2015 and directly informs individual Service Plans, our corporate framework of performance measures and service improvement targets which are also produced annually. The ADP for 2022/23 will be considered by Cabinet on (28th February 2022) and Council (7th March 2022).

Service Plans 2022/2023

- 1.3 Service Plans are the primary planning documents of the Council and a key building block in its Performance Management Framework. The Plans outline how each service will contribute towards achieving our Corporate Plan Well-being Objectives and are the key means by which performance for the Corporate Plan is monitored and measured. Consequently, an annual review of planning arrangements is undertaken to ensure that the Council's plans continue to meet statutory requirements and to continuously improve our approach to performance planning and monitoring. Each year, Service Plans are further

streamlined to reflect our integrated approach to corporate planning cognisant of new statutory requirements. Progress is, and will continue to be, regularly scrutinised by all five of the Council's scrutiny committees and Cabinet.

- 1.4 Through our regulatory work programme, Audit Wales undertakes work throughout the year to ensure that the Council is delivering on the commitments within the Corporate Plan and effectively monitoring and reporting progress. The ADP is an essential part of this work.

Service Improvement Targets (Corporate Performance Measures Framework) 2022/2023

- 1.5 The Council's Performance Management Framework is the mechanism through which our key priorities and targets are monitored and realised.
- 1.6 All Scrutiny Committees receive performance information aligned with the Council's Well-being Objectives and the terms of reference of each respective Committee. This has enabled Members to focus on scrutinising the progress being made towards achieving each of the Council's Well-being Objectives in an integrated way.
- 1.7 Each year we review our Corporate Performance Measures Framework to ensure the framework provides the best representation of the wide range of activities being undertaken by the Council and reflects the Well-being Objectives and our commitments in the Corporate Plan. This work has involved officers and members and the proposed framework for 2022/23 ([Appendix B](#)) includes all relevant performance indicators which will enable the Council to demonstrate progress towards achieving its Well-being Objectives. Service improvement targets will be set for existing performance indicators that are continuing into 2022/2023 where appropriate to do so.

2. Key Issues for Consideration

Vale of Glamorgan Annual Delivery Plan 2022/2023

- 2.1 In line with our statutory duties we continually review the relevance of our Well-being Objectives. The current objectives agreed in 2020 as part of the development of the Corporate Plan 2020-25 have been reviewed as part of end of year performance work to produce the Council's self-assessment and annual review of performance (Part 2 Improvement Plan 2020/21). We have also consulted on our Well-being Objectives as part of the engagement work on developing our Annual Delivery Plan for 2022/23 and overall, a majority of respondents agreed with our Well-being Objectives. As a result, going forward into 2022/2023, we are assured that our Corporate Plan Well-being Objectives and the associated commitments outlined in the Annual Delivery Plan 2022/2023 **(contained in the background papers appended to this report)** are relevant in delivering improved outcomes for Vale of Glamorgan citizens and contribute to the national Well-being Goals
- 2.2 The draft Annual Delivery plan 2022/23 which has incorporated the views of residents, partners and staff is to be presented for approval by Cabinet on 28th February 2022 and Full Council on 7th March 2022.

- 2.3** In order to ensure the Council continues to discharge its duties to publish and regularly review its Well-being Objectives, keep performance under review and report on performance, Scrutiny Committees will receive quarterly reports on progress against the delivery of the ADP throughout 2022/23.
- 2.4** Due to the integrated nature of the ADP (i.e. services contribute to a variety of different ADP commitments across all four well-being objectives), Scrutiny Committees are provided presentations which summarise overall progress against the ADP's delivery, but importantly also use the terms of reference for different committees as a lens through which performance can be scrutinised against the cross-cutting plan.

Service Plans 2022/2023

- 2.5** The Service Plans include service level activities that will contribute to both the ADP and our five-year Corporate Plan commitments. The activities in each Service Plan will also contribute to multiple commitments and objectives reflecting the cross-cutting and integrated nature of our Corporate Plan Well-being Objectives. Using this more integrated approach recognises that an ADP action can contribute to multiple aspects of Corporate Plan delivery. By embedding a more interactive relationship between ADP and Service Plan activity, this also enables the Council to demonstrate how Service Plan actions from a range of services can contribute to Annual Delivery Plan actions.
- 2.6** Our Service Plans for 2022/2023 specifically identify how each Head of Service will contribute towards achievement of our commitments and Well-being Objectives as outlined in the Annual Delivery Plan by asking two questions:
- "Which Well-being Objectives does the service contribute to and what actions will we be taking this year to achieve these?"
 - "How will we manage our resources to achieve these actions and support our service?"
- 2.7** [Appendix A](#) contains the Service Plans for all Council services and outlines how each will contribute to our Well-being Objectives. The main Service Plans relevant to this Committee are [Adult Services](#), [Children & Young People Services](#) and [Resource Management and Safeguarding](#).
- 2.8** However, to further assist Scrutiny Committee Members consider the Service Plans, [Appendix C](#) contains all service plan contributions to our Corporate Plan commitments as aligned to the remit of this Committee, reflecting the cross-cutting and integrated nature of our Corporate Plan Well-being Objectives.
- 2.9** In addition, informed by a service self-assessment undertaken through the service planning process, the plans identify a series of mitigating actions that reflect the key challenges facing the service in the coming year including risks, resources, workforce, finance, ICT and assets.
- 2.10** Progress against Service Plan actions will be reported via a single quarterly performance report presented to all Scrutiny Committees with each also receiving an overview (in the form of a presentation) of progress made in the period as aligned to their respective terms of reference. Cabinet will receive an

overview of progress informed by the outputs of the Scrutiny Committees when considering quarterly performance.

- 2.11** All 14 service areas will now develop Team Plans for 2022/2023 to underpin and deliver their Service Plan priorities. The actions contained in the service and team plans will then be translated to individual staff actions via the #itsaboutme staff appraisal process.
- 2.12** Draft service priorities for 2022/2023 for the Shared Regulatory Services have been appended, however, members will note that these will be finalised as part of the joint business planning process for the Shared Regulatory Services in conjunction with our partners in Cardiff and Bridgend Councils. The final Business Plan for the Shared Regulatory Services will be reported to the Regulatory Services Joint Committee and relevant Scrutiny Committee(s) and Cabinet by at the end of June 2022 in line with the delegations set out in the Joint Working Agreement.
- 2.13** Members are being asked to consider and review the contents of the Service Plans for 2022/2023 relevant to this Committee's remit (**detailed in Appendix A and C**) in terms of their contributions to our Corporate Plan commitments and Well-being Objectives and recommend their endorsement to Cabinet. These will act as the primary documents against which performance for the Annual Delivery Plan 2022/23 will be monitored and measured.

Service Improvement Targets (Corporate Performance Measures Framework) 2022/2023

- 2.14** The Council has a long-standing commitment to continuously improve the services it provides to citizens of the Vale of Glamorgan and despite ongoing resource challenges, continues to establish challenging but realistic service improvement targets that are commensurate with the available level of resource.
- 2.15** The Council's challenging approach to target setting emphasises this by ensuring that there is an assessment of performance trend data, our performance against previous targets and making best use of external benchmarking data (where this available). This is balanced against how much of a priority the indicator is to the Council and whether there is capacity to improve performance. All proposed targets must have an accompanying rationale that clearly explains the reasons for setting the targets at that level.
- 2.16** Each year, a review is undertaken of the existing Corporate Performance Measures Framework as aligned to the Corporate Plan Well-being Objectives and commitments. The Council's Framework of Corporate Performance Measures comprises local Performance Indicators (PIs) and Public Accountability Measures (PAMs). This ensures that the measures in place provide the best representation of the activities/outcomes required and that data will be available on either a quarterly or annual basis for a set of key measures for each of the four Well-being Objectives thus enabling a balanced assessment of performance.
- 2.17** In addition to the Corporate Performance Measures, the Committee is also presented with proposed targets for the national Public Accountability Measures that do not currently form part of our performance measures framework and these have been aligned to their respective Well-being Objective areas. Whilst

the Council's Corporate Performance Measures will collect and report on our performance in relation to our key priorities or commitments, there is limited opportunity to benchmark this information with others. The additional Public Accountability Measures will enable us to continue to compare our performance in a range of services with Welsh local authorities which will help strengthen our annual self-assessment and enable the Council to meet the performance requirements under the Local Government & Elections (Wales) Act 2021.

- 2.18** Our statutory statistical obligations from Welsh Government and the Welsh Local Government's Public Accountability Measures were suspended indefinitely at the end of the 2019/20 financial year at the height of the pandemic and whilst data (covering the past two years) has since been submitted to Data Cymru, all Wales benchmarking data was not available at the time of setting the 2022/23 targets. Consequently, proposed targets for the Public Accountability Measures have been set based on local performance trend data, service knowledge of other councils' performance, priority of the indicator to the Council and capacity to improve performance.
- 2.19** Data Cymru has commenced a project to develop a national (self-assessment performance) dataset structured around the three performance requirements of the Local Government & Elections (Wales) Act 2021 as a resource for Welsh Councils, to inform the self-assessment process. This work will have implications for future Corporate Performance Measures frameworks in terms of rationalising what we collect and report on. These datasets will provide significant data insights needed to help effectively assess our performance locally and nationally. It will also potentially reduce demands on colleagues as data will be reported only once with Data Cymru colleagues collating the information and the Council's Performance Partners accessing this data directly via Data Cymru's national platform. The Council will contribute to this work to ensure we are able to access the data needed to continue to review, challenge and continuously improve our performance.
- 2.20** In light of the above and given current resource pressures, the Corporate Performance Measures framework for 2022/23 has been reviewed and rationalised to a suite of fewer and more meaningful indicators which can be consistently collected and reported by services on a quarterly/annual basis. This will be considered alongside quarterly updates on planned activities to demonstrate progress in achieving our Well-being Objectives.
- 2.21** [Appendix B](#) outlines the proposed performance measures and associated service improvement targets that make up the Corporate Plan Performance Measures Framework and the additional national Public Accountability Measures relevant to this Committee. Targets have been set for those performance measures that are continuing into 2022/2023 where appropriate.
- 2.22** Members are being asked to consider and review the proposed performance measures aligned to the Corporate Plan Performance Measures Framework, as it relates to this Committee's remit (as indicated in the tables at [Appendix B](#)) and recommend endorsement via Cabinet.
- 2.23** The consideration of the proposed service improvement targets by Members is a key feature of the internal challenge process. Following review and endorsement

by Scrutiny Committees, these performance targets are being reported to Cabinet for approval.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** The Annual Delivery Plan 2022/23 details how the Council will contribute to the national Well-being Goals through delivery of its year 3 commitments in the Corporate Plan 2020-2025.
- 3.2** The Corporate Plan also details how the Council will contribute to the national Well-being Goals as required by the Well-being of Future Generations Act through the delivery of the Well-being Objectives contained in the plan.
- 3.3** The Corporate Plan emphasises the Council's commitment to promoting the five ways of working and duties under the Well-being of Future Generations (Wales) Act. The ways of working are reflected in our approach to integrated business planning which underpins the delivery of the Council's Corporate Plan and its Well-being Objectives. There is a strong emphasis on collaboration as the Council recognises the need to work with partners to deliver services and improve local well-being. The plan reflects the importance of prevention and this has been a strong theme in much of the engagement to date. The plan is a five-year plan but recognises that many of the issues are even longer term e.g. deprivation, climate change, an ageing population and physical and mental well-being.
- 3.4** The Service Plans for 2022/23 reflect this integrated approach, demonstrating the way in which the Service areas will work congruently with the "five ways of working" as introduced by the Act.
- 3.5** By setting consistently challenging yet realistic steps and service improvement targets, the Council is able to clearly demonstrate progress towards achieving its Well-being Objectives and contribute to the national goals.

4. Resources and Legal Considerations

Financial

- 4.1** In determining its commitments in the Annual Delivery Plan 2022/2023, the Council has been mindful of the economic situation locally and nationally and taken into account legislation changes and government policy. The Well-being Objectives set out in the Corporate Plan 2020-2025, Service Plans and associated service improvement targets either have resources committed to their achievement (Medium Term Financial Plan and annual budget review) or the likely prospect of such resources being made available in the period of the plan.
- 4.2** Service Plans include information relating to the use of financial, asset, ICT and people resources and how these are being deployed to support the delivery of the Council's Well-being Objectives.

Employment

- 4.3** There are no direct employment implications associated with this report. However, there are a number of challenges and risks associated with the delivery of our Well-being Objectives, reflected in the Annual Delivery 2022/2023, Service Plans and our service improvement targets, that if not effectively managed have the potential to impact on our staff establishment and performance overall. This may in turn impact adversely on achievement of the Corporate Plan Well-being Objectives.

Legal (Including Equalities)

- 4.4** The Well-being of Future Generations (Wales) Act 2015 requires the Council to set and publish annual Well-being Objectives that maximise its contribution to achieving the Well-being goals for Wales and report its progress in meeting these.
- 4.5** Part Six of the Local Government & Elections (Wales) Act 2021 places duties on Local Authorities to keep performance under review and to report on performance.
- 4.6** An Equalities Impact Assessment has been completed for the Annual Delivery Plan (**contained in the background papers to this report**). The Annual Delivery Plan identifies 4 Well-being Objectives and a series of commitments which the Council intends to focus its attention on during 2022/2023 in order to improve the well-being of Vale of Glamorgan citizens.
- 4.7** Identification of our Well-being Objectives and associated commitments in the Annual Delivery Plan has been informed by a wide range of performance data, research and statistics including community and economic impact assessments, with planned actions detailing specific activities to be undertaken to deliver services differently or targeted to meet the needs of different groups. Successful completion of these commitments within the relevant service areas should lead to a reduction in service inequalities where they do exist.
- 4.8** Our commitments in the Annual Delivery Plan, Service Plans and service improvement targets for 2022/2023 will impact on; everyone who receives a service from the council; Vale of Glamorgan residents; unemployed adults; Young people who are not in employment, education or training (NEET); Looked After Children; vulnerable young people; adults in receipt of care; older people; children and adults with a disability, school children, housing tenants.
- 4.9** Individual commitments and planned service activities within the Annual Delivery Plan will give due consideration to the impact, directly or indirectly on Vale citizens overall. In line with Council policy, any changes to services and policies across all Council services will be the subject of more detailed equality impact assessments which will need to explore any potential impact.

5. Background Papers

[Cabinet report 28th February 2022: Annual Delivery Plan 2022/23](#)

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	ADULT SERVICES
HEAD OF SERVICE	SUZANNE CLIFTON
DIRECTOR	LANCE CARVER
CABINET MEMBER	CLLR. BEN GRAY Cabinet Member for Social Care and Health
SCRUTINY COMMITTEE	HEALTHY LIVING AND SOCIAL CARE

1. Introduction

The service areas of Resources Management, Safeguarding and Performance, Adult Services and Children and Young People Services combine to form the Social Services Directorate which has a wide range of statutory duties and responsibilities. The fundamental aspect of Adult Services role is to provide support to adults who need help to live their lives as independently as possible by ensuring that the assessed social care and support needs of adults are met and that we help them to achieve their outcomes in line with the Social Services and Well-being (Wales) Act 2014.

1.1 What we do – Adult Services

The Adult Services division provides care and support services for adults with a learning disability, autism, mental health problems, frailty because of aging, a physical disability or sensory impairment, assessed as having an eligible need under the definitions of the Social Services and Wellbeing (Wales) Act, 2014.

Our broad functions are as follows:

- **Adult Locality Services** are focused in six key areas across the citizen's care and support journey: Intake and Assessment; Reablement Services: Integrated Discharge Service; Longer Term Care Service including Review functions, Occupational Therapy (including Sensory Impairment), and Day Services (Older People and People with a Physical Disability). This reflects the current stages of the social care and health integration journey where elements of Cardiff Council and the Cardiff and Vale University Health Board work jointly with the Vale of Glamorgan Council.
- **Learning Disability Services** are delivered through a joint team with Abertawe Bro Morgannwg University Health Board. It provides a specialist, multi-disciplinary service for learning disabled individuals. This includes Assessment and Care Management, an Autism Advice service, Adult Placement Scheme and Day Opportunities in line with the Learning Disability Day Services Strategy.
- **The Vale of Glamorgan Community Mental Health Teams (CMHTs)** are jointly operated by Cardiff and Vale University Health Board (UHB) and the Vale of Glamorgan Council, across working age and older people. They offer a specialist, multi-disciplinary service for individuals living with mental ill health. CMHTs form part of an integrated 'network of care' that is delivered in conjunction with inpatient, crisis and specialist mental health services, the Primary Care Mental Health Support Services, a range of third sector support providers and community and housing support provided by Vale of Glamorgan Housing Services.
- **The Vale of Glamorgan Substance Misuse Services** are delivered in partnership with the Cardiff and Vale University Health Board to provide rehabilitative interventions for people whose substance misuse is affecting their wellbeing or safety. The Vale Substance Misuse Social Work Service forms part of an integrated care pathway through safe usage, treatment and recovery.
- **The Integrated Vale Community Resource Service** delivered in partnership with Cardiff and Vale University Health Board to maximise the independence of individuals following an episode of ill-health, impairing their ability to be independent. Our reablement support worker team and therapists work with individuals over a period of 6 weeks to give individuals confidence, therapeutic intervention, equipment and coping strategies to ensure that their independence is maximised and the aim is that they return/remain in their own homes without the need for longer term care and support.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council’s vision in its corporate Plan 2020-25 – ‘**Working together for a Brighter Future**’. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council’s core values:

Our Council’s priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a ‘sustainable development principle’ which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.

- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current workforce comprises 227.38 full time equivalent employees. Adult Services is experiencing significant workforce pressures in the context our staff capacity to meet the growth in demand for our services. Across the breadth of the division we are experiencing recruitment and retention difficulties, however these are being more acutely felt amongst domiciliary care/reablement services, day services, Adult Placement Hosts and Approved Mental Health Practitioners. Exacerbating our capacity challenges are staffing shortages as a consequence of sickness absence or self-isolation. Over the forthcoming year, Adult Service's priorities will focus on increasing our workforce capacity and succession planning to build resilience into our structures. We will also continue to focus on enhancing the recruitment of Reablement Support Workers, alongside our independent providers to add additional resilience and capacity to our services through engagement in recruitment events and training programmes to accelerate potential candidates into care roles. As a division we will continue to focus on staff development and their overall well-being and will support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19 pandemic. We will do

this by further strengthening our supportive team culture, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce. In addition, we are building our framework to articulate our strengths-based approach to practice, both in relation to our work with citizens and our colleagues and partners.

In the context of demand management our citizens are living longer and an increasing number are presenting with complex needs. The complexity of needs presented by an increasingly ageing population is putting significant demand on our services. This is at a time when our workforce capacity and resilience is being stretched. The focus over the coming year will be on seeking to mitigate against the pressures associated with rising demand. We will do this by concentrating on understanding demand for our services and associated capacity gaps, exploring opportunities to enhance resilience in local communities, developing an integrated falls service, enhancing local cluster multi-disciplinary teams that focuses on early information, advice and assistance for people with complex needs, enhancing service delivery through exploring the development of intermediate care services, supporting the implementation of a Strengths based Approach to enhance integration of preventative services, admission avoidance and build resilient communities. Alongside this, the Division will continue to progress the 'Healthier Wales' agenda and the need for developing seamless integrated health and social care services by working with our partners to progress the development of the Alliance Model, along with exploration of any additional integrated models of care that we should consider.

Our estimated budget for 2022/23 is £54,216,000. This year our financial position remains especially challenging given the continual impact of COVID-19. We are mindful that our cost pressures are associated with the significant growth in demand we are witnessing for reablement/domiciliary care services. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring service sustainability. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021. With this in mind the coming year, our focus will continue to be on maximising our access and use of funding to support our recovery from the pandemic and to shape and enhance the voice of the 'lived experience' in the development of sustainable services for the future. In terms of value for money, our emphasis will continue to be on ensuring that we have evidence-based outcomes for delivery and in our contracting, to ensure services are 'fit for purpose' and equipped to meet the needs of our citizens both now and in the future.

Maximising opportunities to work more innovatively using technology will also support us in managing demand for our services and transforming them so they are sustainable in the future. With this in mind our digital priorities over the coming year will focus on improving the access and quality of information available through our digital platforms, developing an online referral process to support faster access to information and signposting and into care and support services and the further development of our established integrated single point of access, through launching Wellbeing Matters Services. Driving forward these technological developments will enhance our ability to ensure that our citizens can access information and advice in a timely way and be signposted/referred agencies to support them to achieve their own wellbeing outcomes.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Adult Services Action Plan 2022/23

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitment/s	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.

developments across the breadth of Council services.				
CR5: Workforce Needs Inability to anticipate and plan for workforce needs in the future in order to meet the changes in demand and provision of services.	4	2	(8) Medium/High	<p>Contribute to the capacity planning workstream of the Reshaping Programme.</p> <p>Complete the succession planning exercise to inform workforce planning.</p> <p>Enhance proactive recruitment to Adult Placement Service hosts.</p> <p>Consider wider employee wellbeing offering and wider staff engagement. Identify themes and consider implementation of findings</p>
CR6: Information Security Failure to implement adequate information management controls and systems across the Council.	2	3	(6) Medium	<p>Review in a timely way information sharing protocols.</p> <p>Continue to maintain oversight of the development of information sharing systems/approaches.</p>
CR7: Environmental Sustainability Failure to reduce our carbon footprint and mitigate against the impact/effects of climate change.	2	3	(6) Medium	Agree and implement the future operating model for Adult Services in the context of the Council's Transformation agenda and 'Eich Lle'- 'Your Space' project.
CR10: Safeguarding Failure to meet our statutory responsibilities for responding effectively to situations where people are at risk of neglect or abuse.	2	2	(4) Medium	Contribute to the safeguarding agenda, by delivering Adult Services' elements of the Corporate Safeguarding Group Work Plan.
CR11: Integrated Health and Social Care: Inability to develop, commission and implement alternative models of service	3	2	(6) Medium	Develop the Vale integrated fall service to provide a rapid response to people who have fallen and access to specialist interventions.

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
delivery that fully integrate how we deliver health and social care services across organisational boundaries and on a regional footprint.				<p>Work with partners to develop a coherent engagement plan to support the development of wellbeing hubs and centres across the Vale locality.</p> <p>Explore the development of intermediate care services and how this can enhance and support existing service provision.</p> <p>Progress the work of the Alliance Model.</p> <p>Develop new models of joint working with the Health Board with a particular focus on sustainable integrated services.</p> <p>Develop the domiciliary care element to the Primary Care Cluster model and support the accelerated clusters across the Vale.</p> <p>Support the alignment and implementation of Strengths Based Approach (SBA) to support the integration of preventative services, admission avoidance and resilient communities.</p> <p>Create a sustainable and integrated model for single point of access to Well-being Matters services (via the Contact Centre)</p> <p>Enable safe discharges from hospital that considers the impact/consequences of Covid-19 through models of care which provide choice and control for service users.</p>

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
CR12: DoLS Failure to effectively safeguard adults who are at risk of deprivation of liberty.	3	2	(6) Medium	Continue to progress DoLS community applications to ensure the least restrictive practice is utilised and assessments proportionate.
CR14: Brexit Failure to effectively identify and respond to the changing policy and legislative landscape as a result of 'Brexit' and the impact this has on our ability to deliver services to our citizens.	3	3	(9) Medium/High	No further mitigations identified.
CR16: COVID-19 1) Response: Capacity to maintain service continuity of business-critical services. 2) Recovery: Ability to address longer term impact of COVID on our services, citizens and communities. E.g. downturn in the economy, unemployment, poverty, lower educational attainment, long term health and social care issues, as well as the emergence of inequalities across BAME groups.	2	4	(8) Medium/high	Enable safe discharges from hospital that considers the impact/consequences of Covid-19 through models of care which provide choice and control for service users. Agree and implement the future operating model for AS in the context of the Council's Transformation agenda and 'Eich Lle'- 'Your Space' project.
CR17: Market Fragility: Market fragility describes the weaknesses/vulnerabilities in the social care sector to provide social care services. Most of these vulnerabilities relate to operational capacity linked to financial and/or workforce related challenges.	4	3	(12) High	Understand levels of demand into the Adult Services and any associated capacity gaps. Maximise our use of funding to support development of local community initiatives to support locally identified needs.
CR18: Demand Management & Service Capacity: insufficient social care capacity to meet the significant growth in demand for social care services. This is not just in the context of the volume of demand, but also the severity and complexity of need.	4	3	(12) High	Enable safe discharges from hospital that considers the impact/consequences of Covid-19 through models of care which provide choice and control for service users.

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk description	Residual Risk Score (as at Feb 2022)			Risk Status
	Likelihood	Impact	Residual risk	
AS:SR1- Customers are not able to effectively engage with the Council due to digital exclusion.	1	3	3	Medium/Low
AS:SR2- Insufficient operational capacity to manage demand and operate services sustainably and safely.	3	3	9	Medium/High
AS:SR3- Risk of not meeting the most basic of care and support needs due to the inability to recruit and retain staff in business-critical posts as a result of either market forces, other recruitment/retention difficulties and/or skill shortages.	2	4	8	Medium/High
AS:SR4- Impact of ageing profile of our workforce on our ability to maintain a resilient workforce and support the effective planning and delivery of services in the future.	2	3	6	Medium
AS:SR5- Inability to transform our services in new ways that are sustainable and resilient to future demand.	2	4	8	Medium/High
AS:SR6- Workforce shortages of specialist key staff impacting on our ability to deliver statutory service functions where redeployment from other areas is not possible	2	4	8	Medium/High
AS:SR7- Impact of the pandemic on staff absence and burn out of staff that challenges our capacity and resilience to operate services and to meet wellbeing needs of our workforce.	3	3	9	Medium/High

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	CHILDREN AND YOUNG PEOPLE SERVICES
HEAD OF SERVICE	RACHEL EVANS
DIRECTOR	LANCE CARVER
CABINET MEMBER	CLLR. BEN GRAY Cabinet Member for Social Care and Health
SCRUTINY COMMITTEE	HEALTHY LIVING AND SOCIAL CARE

1. Introduction

The service areas of Children and Young People Services, Adult Services, and Resources Management and Safeguarding combine to form the Social Services Directorate. The Directorate has a wide range of statutory duties and responsibilities. The primary role of the Children and Young People Services Division is to promote and safeguard the well-being of children and young people in need within their families and where this is not possible, to provide good quality alternative care.

1.1 What we do – Children and Young People Services (CYPS)

Children and Young People Services (CYPS) provide help to children and young people who are eligible for care and support. These include children requiring support, who are looked after by the Council, who have left care, who have additional needs and /or disabilities or who need to be safeguarded.

Our Teams are as follows:

The Intake and Family Support Team incorporates the Division's Duty function and receives all initial enquiries including child protection issues. Working effectively with partners with a focus on improving integrated working, the Team provide assessment and signposting to ensure families receive the right level of support at the right time. Where needs are identified requiring the involvement of statutory services, a care and support plan is developed, and the same Team continue to support those children and families in receipt of this support.

The Care Planning and Proceedings Team ensures a focus on pre and care proceedings allowing team members the time to achieve timely and effective planning for those children whose plans are subject to pre proceedings or before the Court. Where the child's plan is adoption, this work is held within the Team to support continuity until the Adoption Order.

The Children Looked After Team provides a dedicated Team for children looked after. The Team support children and young people voluntarily accommodated or subject of Care Orders, with the exception of those with a plan for adoption. The Team's focus is on enabling children looked after to achieve their potential through stable placements, appropriate education and positive attachments. Where children require therapeutic support, this is readily available.

The Fifteen Plus Team support young people aged 15 and over who are looked after by the Local Authority, young people who are homeless aged between 16 and 18 years, and all care leavers up to the age of 25 years. The Team's commitment to engagement is promoting the increasing involvement of young people, not only in their own lives but in improving services for others.

The Child Health and Disability Team provide services to children and young people who have a severe or significant learning disability, physical disability, sensory impairment or profound communication impairment. They have strong multi-agency links, particularly with Health, and are currently engaged in regional working to the benefit of disabled children and their families. The Team are also piloting an extension to the service for those with additional needs.

The Youth Offending Service is a statutory multi-agency partnership responsible for preventing offending and further offending in the Vale of Glamorgan. Working closely with teams across Children and Young People Services and its partners, the service promotes preventative working that seeks to prevent offending where possible.

The **Placements Team** assesses and approves foster placements for Vale of Glamorgan children in conjunction with our Fostering Panel. This includes an increasing number of kinship placements enabling children to remain within their wider family network. The Team provides support to foster carers, with a commitment to promoting the recruitment and retention of local carers. Identifying and commissioning placements for children looked after, both within our internal resources and within the independent sector when an internal placement cannot be identified is a key part of the Team's role. The Team includes a therapeutic service working with children and their carers to promote placement stability and prevent disruption.

The **Regional Adoption Collaborative** hosted by the Vale of Glamorgan, operates across the Vale of Glamorgan, Cardiff, Rhondda Cynon Taff and Merthyr Tydfil assessing and approving adopters, providing support and family finding for children whose plan is adoption. The Collaborative is one of the five regional adoption collaboratives across Wales that form part of the National Adoption Service.

Families Achieving Change Together and the Families First Advice Line is a Families First early intervention and prevention service enabling families to make positive changes, reducing the number of families developing more complex and challenging needs. The ability of the service to work effectively at and before the front door of statutory Children's Services is central to effective prevention.

Flying Start is Welsh Government funded and provides support to families to give children a better start in life. Its aim is to improve a child's development, health and well-being in preparation for school in a way that promotes a child's ability to fulfil their potential. Flying Start works in partnership with statutory Children's Services where children involved with Children and Young People Services live in the Flying Start area.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – '**Working together for a Brighter Future**'. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council's priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a ‘sustainable development principle’ which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council’s commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans

will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current workforce comprises of 194.72 full time equivalent employees. In recent years, we have increased resilience at the front door, to create a dedicated team for children looked after and to enable adequate resources for the completion of pre and care proceedings.

Nationally it is recognised that the social care system is under significant strain. In common with the rest of the UK, the CYPS division continues to experience workforce pressures, which are being more acutely felt across specific roles within key areas of the workforce. Although the structure and make up of posts is sufficient in terms of capacity, the issues being experienced relate to key areas carrying vacant posts within the establishment. The recruitment and retention to social work positions within some key areas within the CYPS division remains an ongoing challenge, particularly for social work positions at the front door such as Intake and Family Support Team (IFST) and the Care Planning and Proceedings Team. Due to the interrelationship between the two key areas, the workforce capacity pressures within the CPP team impact on the IFST. An added layer of challenge is the demand upon agency posts, resulting in difficulties in securing sufficient individuals with the relevant skills and experience where permanent recruitment is pending.

The growth in demand for Children and Young People Services has challenged our service capacity to meet growing needs. This is not just in the context of the volume of demand, but also the severity and complexity of need. Our priorities over the forthcoming year will be targeted at looking at innovative approaches to enhance recruitment and retention in critical posts within the CYPS division. The Division will also work in collaboration with partners regionally and nationally in order to respond to the specific pressures associated with demand management and scarcity of resources. The Division will undertake this work alongside enhancing social work practice through the implementation of Year 2 of the Strengths Based Approach for working co-productively with children and their families to improve outcomes and enhance wellbeing. As part of this work there will be a strong emphasis on how we engage with our workforce in order to embed this approach across all aspects of our work. Creating an environment within which staff enjoy their work, are supported to deliver within demanding and challenging roles, and to have every opportunity to develop their skills and experience that enables us together to promote positive outcomes for children and their families, remain central priorities for the Division. Consequently, we will continue to concentrate on staff development and well-being and will support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 in the context of the COVID-19 pandemic. We will do this by further strengthening our supportive team culture, prioritising staff well-being and supporting people to stay healthy at work, remotely or otherwise, and maintaining our investment in future proofing the skills of our workforce.

Maximising opportunities to work more innovatively using technology will also support us in managing demand for our services and transforming them so they are sustainable in the future. With this in mind our digital priorities over the coming year will focus on maximising opportunities to undertake hybrid meetings to support the engagement of children, young people and families aligned to the Council's 'Eich Lle'-Your Space project. The pandemic has led to a re-evaluation of our priorities and how we can better utilise and develop our resources and assets in the future. Over the coming year CYPS, will

be looking to embed the benefits of hybrid working so that we can maximise our use of technology and make more effective use of our assets.

Our estimated budget for Children and Young People Services in 2022/23 is £18,281,000 and £730,000 for the Youth Offending Service. This year our financial position remains especially challenging given that the Council is still enduring the impact of the COVID-19 pandemic. The growth in demand continues to be a considerable cost pressure to the service. In common with the position across Wales, there are increasing numbers of Children Looked After in the Vale with increasingly more complex needs. Where a child has been assessed as needing to be looked after, the Council is responsible for placing that child in a placement appropriate to their needs. This remains a significant cost pressure to CYPS division at a time when placement demand is exceeding availability and added to this, placements within the independent sector are costly. Therefore, over the coming year we will look to further building resilience into our placements by working in partnership with Foster Wales to increase the number and diversity of foster carers in the Vale of Glamorgan. Our ambition is also to take advantage of the transformational opportunities brought about by our recovery from the COVID-19 pandemic. CYPS will continue to work towards achieving value for money through delivery critical services by exploring opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Children and Young People Services Action Plan 2022/23

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitment/s	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.

Appendix B

Risk Evaluation: Children and Young People Services 2022/23

Corporate Risks

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
<p>CR1: Reshaping The Council fails to deliver the Reshaping Services Programme and does not utilise alternative methods of service delivery and other approaches to mitigate the impact of budget reductions and demand for services which could result in further cuts to services impacting on their availability and quality.</p>	2	2	(4) Medium	<p>Agree and implement the future operating model for CYPS in the context of the Council's Transformation agenda and 'Eich Lle' - 'Your Space' project.</p> <p>Maximise opportunities within CYPS to undertake hybrid meetings to support the engagement of children young people and families aligned to the Council's 'Eich Lle' - Your Space project.</p>
<p>CR2: Legislative Change and Local Government Reform Inability to appropriately respond/adapt to new and emerging legislative change and reform developments across the breadth of Council services.</p>	2	3	(6) Medium	<p>No further mitigating activity identified for the division.</p>
<p>CR5: Workforce Needs Inability to anticipate and plan for workforce needs in the future in order to meet the changes in demand and provision of services.</p>	4	2	(8) Medium/High	<p>In partnership with Foster Wales, increase the number and diversity of foster carers in the Vale of Glamorgan.</p> <p>Contribute to the capacity planning workstream of the Reshaping Programme to further the approaches to increase the recruitment and retention of critical posts within Children and Young People Services.</p> <p>Maintain oversight of the structure of CYPS to ensure resilience.</p>

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
CR6: Information Security Failure to implement adequate information management controls and systems across the Council.	2	3	(6) Medium	No further mitigating activity identified for the division.
CR7: Environmental Sustainability Failure to reduce our carbon footprint and mitigate against the impact/effects of climate change.	2	3	(6) Medium	Maintain the benefits of hybrid working by reducing unnecessary journeys, maximising our use of technologies and ensuring more effective use of our assets.
CR10: Safeguarding Failure to meet our statutory responsibilities for responding effectively to situations where people are at risk of neglect or abuse.	2	2	(4) Medium	Contribute to the safeguarding agenda, by delivering CYPS' elements of the Corporate Safeguarding Group Work Plan.
CR13 WCCIS: Failure to fully maximise and mobilise WCCIS functionality to ensure full implementation/development of the system across Social Services and over a regional footprint.	4	2	(8) Medium/High	Dedicated WCCIS project support to develop WCCIS functionality and its application within CYPS in align with the Performance Champions workstream.
CR14: Brexit Failure to effectively identify and respond to the changing policy and legislative landscape as a result of 'Brexit' and the impact this has on our ability to deliver services to our citizens.	3	3	(9) Medium/High	No further mitigating activity identified for the division.
CR16: COVID-19 1) Response: Capacity to maintain service continuity of business-critical services. 2) Recovery: Ability to address longer term impact of COVID on our services, citizens and communities. E.g. downturn in the economy, unemployment, poverty, lower educational attainment, long term health and social care issues, as well as the emergence of inequalities across BAME groups.	2	4	(8) Medium/high	Work in partnership locally, regionally and nationally to respond to the specific pressures associated with the management of higher levels of demand alongside the scarcity of resources (specifically workforce and placements).

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
CR17: Market Fragility: Market fragility describes the weaknesses/vulnerabilities in the social care sector to provide social care services. Most of these vulnerabilities relate to operational capacity linked to financial and/or workforce related challenges.	4	3	(12) High	<p>Work with Foster Wales to increase number and diversity of in-house foster carers.</p> <p>Continue to explore opportunities to develop children's residential provision in the Vale.</p>
CR18: Demand Management & Service Capacity: Insufficient social care capacity to meet the significant growth in demand for social care services. This is not just in the context of the volume of demand, but also the severity and complexity of need.	4	3	(12) High	<p>Work in partnership locally, regionally and nationally to respond to the specific pressures associated with the management of higher levels of demand alongside the scarcity of resources (specifically workforce and placements).</p> <p>Contribute to the capacity planning workstream of the Reshaping Programme to further our approaches to increase the recruitment and retention of critical posts within Children and Young People Services.</p> <p>Increase the number of Social Care Officers across the Division to add resilience to teams and further support our ability to 'grow our own' Social Workers.</p> <p>Further enhance our mechanisms to ensure effective oversight of increased numbers of referrals at the front door in order to effectively manage demand.</p>

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk description	Residual Risk Score (as at Feb 2020)			Risk Status
	Likelihood	Impact	Residual risk	
CYP:SR1 – Compromised staff capacity (linked to recruitment and retention issues) to meet the growth in demand and to operate services sustainably and safely.	4	4	16	Very High
CYP:SR2 - Lack of available of specialist residential placements and the associated financial impact of high-cost placements on our ability to effectively meet the increasingly complex needs of children and young people.	4	3	12	High
CYP:SR3 - Service users cannot access services swiftly and their needs are not met.	3	3	9	Medium/high
CYP:SR4 - Continued reduction and regionalisation of grant funding.	2	3	6	Medium
CYP:SR5 - Capacity and capability to meet the needs of our most vulnerable clients at a time when demand has increased.	3	3	9	Medium/High
CYP:SR6 - Impact of increasing numbers of children looked after on placement availability where in-house fostering capacity is exceeded and increases reliance on independent foster agency placements, and the demand on Social Work and Placement Teams.	4	3	12	High
CYP:SR7 - Other organisations are unable to meet their responsibilities for responding effectively to situations where people are at risk of neglect or abuse.	2	3	6	Medium
CYP:SR8 - Increase in numbers and complexity of care proceedings in the context of reduced court timescales impacting on Court costs, Social Worker caseloads and ensuring that other cases receive the attention they require.	4	3	12	High
CYP:SR9 – Increased service demand as a result of increased referrals and assessment timescales.	4	4	16	Very High

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	RESOURCES MANAGEMENT & SAFEGUARDING
HEAD OF SERVICE	AMANDA PHILLIPS
DIRECTOR	LANCE CARVER
CABINET MEMBER	CLLR. BEN GRAY Cabinet Member for Social Care and Health
SCRUTINY COMMITTEE	HEALTHY LIVING AND SOCIAL CARE

1. Introduction

The service areas of Resources Management, Safeguarding and Performance, Adult Services and Children and Young People Services combine to form the Social Services Directorate which has a wide range of statutory duties and responsibilities. Its primary role is to ensure the assessed social care and support needs of adults and children are met, helping them to achieve their outcomes in line with the Social Services and Well-being (Wales) Act 2014. The Resource Management, Safeguarding and Performance division supports the Directorate in the key areas of leadership and culture, financial stability and resources, planning and partnerships, commissioning and contracting, workforce development, performance management, complaints and compliments, consultation/engagement work, policy development and protecting vulnerable people.

1.1 What we do – Resource Management, Safeguarding and Performance

The service provides support to the Directorate in the key areas of leadership and culture, financial stability and resources, planning and partnerships, commissioning and contracting, workforce development, performance management, policy development and complaints management, safeguarding children and adults 'at risk', and supporting carers to meet the needs of those they care for.

Our broad functions are as follows:

- **Safeguarding:** ensuring the welfare and needs of children and adults 'at risk' are safeguarded and they are protected from harm, this includes the role of the Independent Reviewing Officers who are responsible for the oversight of review functions associated with Children Looked After and Children on the Child Protection Register as well as dealing with Deprivation of Liberty Safeguards.
- **Performance Management:** supporting the work of the Social Services Directorate to evidence the performance and inform managers of progress and areas for improvement. The team also supports policy development to support service delivery and hosts the co-ordination function for Social Services Complaints as well as co-ordinating responses to Freedom of Information Requests and Service Access Requests. We also maintain oversight of the Reshaping Services programme to monitor delivery of key activities aligned to various workstreams.
- **Residential Care Services-** providing residential care and respite services from four locations across the Vale of Glamorgan and ensuring compliance across the Social Services directorate.
- Supporting our social care workforce through training and development opportunities, both internally and externally.
- **Carers:** A team of dedicated carers support officers to ensure that carers needs are identified and addressed through appropriate assessment and signposting to access support to enable them to continue to support the 'cared for person'.
- **Consultation:** Our quality assurance officer supports service user consultation through a programme of audit and also stakeholder and service user questionnaires to inform practice and inform service delivery as well as undertaking a quality assurance role.
- **Community Care Finance:** assessing service users for their financial contribution towards their care and support needs, ensuring that they can access the correct benefits and supporting them with financial management where necessary.
- **Brokerage:** working with independent providers of residential, nursing and domiciliary care so that they meet the assessed needs of service users.
- **Direct Payments:** Developing the service throughout the Directorate and ensuring that payments functions are efficient, timely and in line with appropriate guidelines.
- **Contracting and Commissioning:** Undertaking the tender processes to support the commissioning of services for the Directorate and ensuring that appropriate contracts and agreements are in place with our providers and managing and monitoring performance against the contract.
- **Finance and administration:** Supporting the Directorate's services in financial management and administering payment of all invoices, travel warrants, orders for goods and services, payments for young people's rent, Independent Living Allowances, Financial Assistance etc.
- **Maintaining and developing the Family Information Service** and public information.

- **PPE Team-** A newly established team to support the procurement and distribution of PPE supplies across our front-line staff within Social Services, our own care homes as well as supporting access to supplies for our external social care providers.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council’s vision in its corporate Plan 2020-25 – ‘**Working together for a Brighter Future**’. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council’s core values:

Our Council’s priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a ‘sustainable development principle’ which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current workforce comprises 168.57 full time equivalent employees. The division is experiencing significant workforce pressures. The significant growth in demand for social care services has not only led to a rise in cost pressures but has also significantly challenged our staff capacity. There is an increasingly ageing population and a greater number of children looked after who are presenting with increasingly more complex needs. Staffing shortages as a consequence of sickness absence or due to recruitment and retention difficulties is being acutely felt across our residential care settings as well as by our externally commissioned providers. At the management level there is also the need to build in greater resilience in management capacity across the breadth of the division's portfolio. Our priorities over the coming year are to increase staff capacity through effective capacity planning, building

resilience into our management capacity as well as targeted support towards recruitment and retention across the social care market through the development of the fast track to care programme and working with Social Care Wales to raise the profile of social care position via the 'We Care' campaign. As a division we will continue to focus on staff development and their overall well-being and will support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19 pandemic. We will do this by further strengthening our supportive team culture, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce.

Our estimated budget for 2022/23 is £7,742,000. This year our financial position remains especially challenging given the emerging impacts of the COVID-19 pandemic. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021. The RMS division is responsible for external commissioning of packages of care and support. Therefore, at a time when demand for services is rising and with this so are costs of care, there is an increasing need to focus on ensuring that the services we commission are cost effective, sustainable and meet our citizen's needs and achieve their own wellbeing outcomes. With this in mind the priorities within RMS over the coming year will be on strengthening our approach to quality assurance to ensure quality and financial stability across the sector, embedding our regional care home contract, working with partners to tender a Carers Gateway and maximising our use of funding to address sustainability and fragility issues and to better manage capacity and demand to deliver services. Finally, we continue to work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

Maximising opportunities to work more innovatively using technology will also support us in managing demand for our services and transforming them so they are sustainable in the future. With this in mind our digital priorities over the coming year will focus on implementation of a digital mediation system in our residential care homes, enhancing our use and development of WCCIS and DEWIS. The pandemic has resulted in a re-evaluation of our priorities and how we utilise and develop our resources and assets in the future. In relation to our assets, our focus for the forthcoming year will be to progress the reopening of the 'Bay Unit' at Ty Dyfan. It is intended this will be used as a bridging unit between hospital and home to help mitigate the capacity issues within the market.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Resource Management, Safeguarding and Performance Action Plan 2022/23

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitment/s	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.

Appendix B

Risk Evaluation: Resource Management & Safeguarding 2022/23

Corporate Risks

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
<p>CR1: Reshaping The Council fails to deliver the Reshaping Services Programme and does not utilise alternative methods of service delivery and other approaches to mitigate the impact of budget reductions and demand for services which could result in further cuts to services impacting on their availability and quality.</p>	2	2	(4) Medium	<p>Implement our quality assurance framework to support the Reshaping Programme.</p> <p>Implementation of digital medication in our residential care homes.</p> <p>Development of performance management framework and data sets that will enable us to streamline our approach to managing and monitoring performance management.</p>
<p>CR2: Legislative Change and Local Government Reform Inability to appropriately respond/adapt to new and emerging legislative change and reform developments across the breadth of Council services.</p>	2	3	(6) Medium	<p>No further mitigating activity identified for the Division.</p>
<p>CR5: Workforce Needs Inability to anticipate and plan for workforce needs in the future in order to meet the changes in demand and provision of services.</p>	4	2	(8) Medium/High	<p>Implement the fast track to care programme to support Local Authority and private sector recruitment.</p> <p>Pilot the creation of a relief pool of staff in residential care to establish a bank system.</p> <p>Recruitment and retention staff to enable reopening of reablement service within residential care.</p>

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
				<p>Contribute to the capacity planning workstream of the Reshaping Programme.</p> <p>Review the wider structure of RMS to ensure resilience.</p>
<p>CR6: Information Security Failure to implement adequate information management controls and systems across the Council.</p>	2	3	(6) Medium	Review in a timely way information sharing protocols.
<p>CR7: Environmental Sustainability Failure to reduce our carbon footprint and mitigate against the impact/effects of climate change.</p>	2	3	(6) Medium	Agree and implement the future operating model for RMS in the context of the Council's Transformation agenda and 'Eich Lle' - 'Your Space' project.
<p>CR10: Safeguarding Failure to meet our statutory responsibilities for responding effectively to situations where people are at risk of neglect or abuse.</p>	2	2	(4) Medium	<p>Deliver the priorities of the Regional Safeguarding Board, ensuring effective arrangements are in place to protect children and adults at risk of neglect, abuse and exploitation.</p> <p>Implement the Social Services elements of the Corporate Safeguarding Work Plan and work with other directorates to co-ordinate their contribution to delivery of the plan.</p> <p>Implement our quality assurance framework to support the Reshaping programme for Social Services.</p>
<p>CR11 Integrated Health and Social Care: Inability to develop, commission and implement alternative models of service delivery that fully integrate how we deliver health and social care services across organisational boundaries and on a regional footprint.</p>	3	2	(6) Medium	<p>Develop the regional commissioning board performance dashboard to support the work of the Vale Alliance.</p> <p>Embed the regional care home contract in consultation with partners.</p>

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
				<p>Continue roll out of the Your Choice model in co-ordination with other services including the identification of new providers as part of this phased approach.</p> <p>Embed the new escalating concerns procedures.</p>
<p>CR12 Unauthorised Deprivation of Liberty Safeguards (DoLS): Failure to effectively safeguard adults who are at risk of deprivation of liberty.</p>	3	2	(6) Medium	<p>Undertake planning and preparation in readiness to implement the new Liberty Protections Safeguards scheme.</p> <p>Continue to collaborate regionally on the DoLS partnership board to monitor activity and progress implementation.</p> <p>Continue to monitor and review the position of DoLS and back logs and where necessary take appropriate action.</p>
<p>CR13 WCCIS: Failure to fully maximise and mobilise WCCIS functionality to ensure full implementation/development of the system across Social Services and over a regional footprint.</p>	4	2	(8) Medium/High	<p>Further enhance and develop use of forms within WCCIS to support quality assurance work and enhance customer experience.</p> <p>Implementing the WCCIS workplan within the Performance Champions workstream of the Reshaping programme.</p> <p>Contribute to WCCIS performance oversight via the NWIS and Senior Management Board to continue to identify and support the development of a reporting mechanism for system issues.</p>

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
CR14: Brexit Failure to effectively identify and respond to the changing policy and legislative landscape as a result of 'Brexit' and the impact this has on our ability to deliver services to our citizens	3	3	(9) Medium/High	No further mitigating activity identified for the Division
CR16: COVID-19 1) Response: Capacity to maintain service continuity of business-critical services. 2) Recovery: Ability to address longer term impact of COVID on our services, citizens and communities. E.g. downturn in the economy, unemployment, poverty, lower educational attainment, long term health and social care issues, as well as the emergence of inequalities across BAME groups.	2	4	(8) Medium/high	Recruitment and retention staff to enable reopening of reablement service within residential care. Establishment of PPE management team to embed processes to ensure co-ordinated supply to relevant teams and settings across the council. Reopen the 'Bay Unit' at Ty Dyfan as a bridging unit between hospital and home to mitigate capacity issues within the market.
CR17: Market Fragility: Market fragility describes the weaknesses/vulnerabilities in the social care sector to provide social care services. Most of these vulnerabilities relate to operational capacity linked to financial and/or workforce related challenges.	4	3	(12) High	Embed our call-to-action process across Vale Alliance, UHB, LA to support management and monitoring of domiciliary care capacity in the market. Implement the fast track to care programme to support LA and private sector recruitment. Continue roll out of the Your Choice model in co-ordination with other services including the identification of new providers as part of this phased approach. Continue to strengthen the quality assurance meetings to monitor activity regarding quality and financial stability across the sector. Embed the new escalating concerns procedures.

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
<p>CR18: Demand Management & Service Capacity insufficient social care capacity to meet the significant growth in demand for social care services. This is not just in the context of the volume of demand, but also the severity and complexity of need.</p>	4	3	12 (High)	<p>Identify capacity and resource challenges within safeguarding teams.</p> <p>Address capacity issues within contracting team as a result of rising numbers of providers moving into escalating concerns.</p> <p>Work in partnership with UHB to tender of the Carers Gateway.</p> <p>Pilot the creation of a relief pool of staff in residential care to establish a bank system.</p> <p>Implement the fast track to care programme to support LA and private sector recruitment.</p> <p>Monitoring of all packages awaiting domiciliary care agency availability to actively manage the position to enable flow and support hospital discharge and VCRS capacity.</p> <p>Embed our call-to-action process across Vale Alliance, UHB, LA to support management and monitoring of domiciliary care capacity in the market.</p>

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk description	Residual Risk Score (as at Feb 2020)			Risk Status
	Likelihood	Impact	Residual risk	
RMS:SR1 - Reduction in service availability because of increasing demand, higher expectations and changes to eligibility criteria.	2	4	8	Medium/High
RMS: SR2 - Closure/ failure of our commissioned providers.	3	3	9	Medium/High
RMS:SR3 - Insufficient funds to meet the rising demand for services.	2	4	8	Medium/High
RMS:SR4 - Inability to provide levels of training for staff or independent sector to ensure quality of care for citizens.	2	4	8	Medium/High
RMS:SR5 - Availability of other partners to support the preventative services agenda	2	3	6	Medium
RMS:SR6- Insufficient training and expertise of staff to ensure the new requirements of the Liberty Protection Safeguard requirements are met in relation to the authorisation of assessments and care plans.	2	3	6	Medium
RMS: SR7- Failure of services to meet the registration requirements as outlined in RISCA, putting the registration and continuity of services at risk.	2	3	6	Medium
RMS: SR8-Lack of capacity to reduce delayed transfers of care impacted by budgetary pressures and the availability of domiciliary care.	3	3	9	Medium/High
RMS: SR9- Inability to transform our services to mobilise our workforce in new ways that are sustainable and resilient to future demand.	2	3	6	Medium
RMS: SR10- Workforce shortages of specialist key staff impacting on our ability to deliver statutory service functions where redeployment from other areas is not possible.	2	3	6	Medium
RMS: SR11- Insufficient operational staff capacity to manage demand and operate services sustainably and safely.	2	4	8	Medium/High
RMS: SR12- Risk of not meeting the most basic of care and support needs due to the inability to recruit and retain staff in business-critical posts as a result of either market forces, other recruitment/retention difficulties and/or skill shortages.	2	4	8	Medium/High
RMS: SR13- Impact of the pandemic on staff absence and burn out of staff that challenges our capacity and resilience to operate services.	3	3	9	Medium/High

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	ADDITIONAL LEARNING NEEDS & WELL-BEING
HEAD OF SERVICE	DAVID DAVIES
DIRECTOR	PAULA HAM
CABINET MEMBER	CLLR. LIS BURNETT Deputy Leader and Cabinet Member for Education and Regeneration
SCRUTINY COMMITTEE	LEARNING AND CULTURE

1. Introduction

The service areas of Additional Learning Needs & Well-being, Standards & Provision and Strategy, Community Learning & Resources, combine to form the Learning and Skills Directorate. The Directorate has a wide range of statutory duties, and its primary role is to work in collaboration with key stakeholders to develop effective, confident and independent learners who enjoy a sense of personal well-being, enabling them to share their learning with others and to contribute to their community and society.

1.1 What we do – Additional Learning Needs and Well-being

The Additional Learning Needs & Well-being Service undertakes a number of key roles for the Council. The service works in partnership to meet the learning needs of all pupils (0-25) with Additional Learning Needs. In addition, the service works with schools to promote and embed a whole schools' approach to the well-being of all its learners.

Our broad functions are:

- Implementing the Additional Learning Needs and Education Tribunal (Wales) Act which supports the learning needs of children and young people (aged 0-25) with additional learning needs;
- Carrying out the Council's responsibilities in respect of safeguarding and child protection; Promoting and supporting inclusive education, ensuring that vulnerable learners succeed;
- Providing training and development for school leaders and practitioners;
- Working with partners to improve service delivery, e.g. Families First
- Working with schools to safeguard and support the well-being of pupils in our educational settings and embedding well-being through a whole school approach;

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – **'Working together for a Brighter Future'**. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council's priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work - Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a ‘sustainable development principle’ which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council’s commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current workforce comprises 48.16 full time equivalent employees. Our ambition in the coming year is to improve workforce resilience, development and overall well-being to support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19 pandemic. We will do this by further strengthening our supportive team culture, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce.

Consequently, a key focus in the coming year is to ensure that staff continue to be fully supported through training, ongoing supervision and feedback to motivate and build the skills required to enable them to achieve their full potential in relation to new and different ways of working that will support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23.

Alongside this we will further strengthen our supportive team culture, respond positively and proactively to reduce rates of sickness absence and support people to stay healthy at work, remotely or otherwise whilst maintaining our investment in future proofing the skills of our workforce. We will keep staff well-being under review and provide continued support through a variety of targeted corporate and service initiatives and promote this widely.

Our estimated budget for 2022/23 is £3,334,000. This year our financial position remains especially challenging given the emerging impacts of the recent COVID-19 pandemic which has led to increased demand for social, emotional and mental health services as increasing numbers of children and young people are presenting with social, emotional and mental health difficulties. A key area of focus in the coming year will be to work collaboratively in ensuring that well-being is a priority in all of our educational settings and that whole school approaches are implemented successfully. Another key priority will be implementing the transformational change of services for children and young people with additional learning needs as set out in the Additional Learning Needs and Education Tribunal (Wales) Act. This will be challenging given already stretched budgets and our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic, further enhancing and embedding these holistic approaches that

flourished and delivered positive outcomes under challenging circumstances. We will work collaboratively with key stakeholder and partners including schools and the Central South Consortium Joint Education Service to achieve value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources. This approach is consistent with the Council's recovery strategy.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Additional Learning Needs & Well-being Service Action Plan 2022/23

The Welsh Government has revised its three year implementation plan for the ALNET to reflect the significant impact of COVID-19. From 1st September 2021, Year 1 of implementation, the ALN system will commence for children of compulsory school age and below who:

- attend maintained schools in Nursery Years 1 and 2 and Year 1, Year 3, Year 5, Year 7 and Year 10) who have special educational provision via school action or school action plus;
- are detained; and
- do not have special educational needs on or before that date, regardless of their year group or setting - including those that may attend an EOTAS setting, an independent school or who are electively home educated.

In light of the emerging impacts of COVID-19, this approach will be regularly reviewed by Welsh Government with further changes to the implementation plan where required to alleviate pressure. Preparatory work will continue on other areas of the Act which are reflected in the corporate actions and timescales below, although overall, the work associated with the implementation of the ALNET will now take longer to complete and forms part of ongoing service improvements to this complex service area.

The delivery of a number of proposed actions are subject to cost pressures being awarded as part of the 2022/23 budget process.

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitment/s	Contribution to Estyn Inspection areas	Contribution to Well-being Goals	Start / Finish date	Responsible Officer / Resources required	Action Ref No.

	Likelihood	Impact	Residual risk	
				<ul style="list-style-type: none"> • Deliver a programme of support and play and activities for children and young people via Families First (and its Disability Strand services) ensuring an informal respite service for families, vulnerable and isolated young people. (ADP/014) • Implement the new Welsh Government Employability Strategy to ensure that employability provision meets the future needs of young people and adults in the Vale of Glamorgan (ADP/005 and ADP/018) • Ensure specialist provision continues using online technology for assessments and reviews where possible ensuring that ALN needs are addressed. (ADP/045) • Utilise the Children and Communities Grant to target interventions to support children, young people and their families ensuring that services respond to demand and have a positive impact on socio-economic disadvantage and other protected groups. • Mitigating actions being undertaken as part of the Workforce risk also apply here. • Mitigating actions being undertaken as part of the implementation of the ALNET Act also apply here.

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk description	Residual Risk Score (as at Feb 2022)			Risk Status
	Likelihood	Impact	Residual risk	
ALN/SR1: Resilience and capacity of small specialist services to deliver the extended functions as set out in the ALN Act. Pressures on recruitment due to short term grant funding and the age profile of the workforce	2	3	6	Medium
ALN/SR2:Sustainability of school transport for ALN learners due to the increased number of children with complex needs requiring school transport and the resulting financial pressures.	2	3	6	Medium
ALN/SR3:Failure to provide appropriate training in our schools in order to implement the newly established ALN Reform and Wales Safeguarding Procedures.	1	3	3	Medium/Low
ALN/SR4: Increasing financial pressures associated with meeting the needs of growing numbers of children and young people with complex additional learning needs.	2	3	6	Medium

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	STRATEGY AND COMMUNITY LEARNING
HEAD OF SERVICE	TREVOR BAKER
DIRECTOR	PAULA HAM
CABINET MEMBER	CLLR. LIS BURNETT Deputy Leader and Cabinet Member for Education and Regeneration
SCRUTINY COMMITTEE	LEARNING AND CULTURE

1. Introduction

The service areas of Strategy, Community Learning and Resources, Standards & Provision and Additional Learning Needs & Well-being, combine to form the Learning and Skills Directorate. The team provide exciting, innovative and relevant learning opportunities for all learners in the Vale, securing the best possible learning environment, for every child, young person and adult within the Vale in order that they can develop their full potential. The service also leads on progressing the Council's approach to digital services through the 'Digital Vale' initiative. The ICT Service's primary role is to provide high quality ICT services to the Council, its users and Members and support the Corporate Plan priorities to deliver better public services to citizens of the Vale of Glamorgan.

1.1 What we do – Strategy, Community Learning & Resources

The Strategy, Community Learning & Resources Service undertakes a number of key roles for the Council. The service works in partnership with the Central South Consortium Joint Education Service (CSC JES) to challenge, monitor and support schools to promote excellence and intervene as necessary to ensure that underperformance, or potential underperformance, is addressed. In addition, the service provides advice and support to schools and pupils (including vulnerable groups).

Our broad functions are:

- Budget and financial support and advice to schools;
- Strategic planning and management of school places including school reorganisation and investment;
- Providing catering services for schools;
- Providing a range of library, information and arts services to promote and support lifelong learning;
- Administering and authorising school admission requests from parents to community nursery, primary and secondary schools;
- Provision of ICT technical support services to schools;
- Provision of data analysis services for schools and the Learning and Skills Directorate;
- Provision of a programme of essential skills, employability, well-being and leisure courses for adults;
- Provision of support and advice for Vale governors, senior appointments and complaints.
- Strategic planning of Welsh education.
- Leading on redefining the council's approach to digital service delivery via the Digital Vale initiative and the Reshaping Services programme.
- Providing a comprehensive ICT service for all Directorates;
- Providing ICT support to Council Members, Schools, Libraries and Town and Community Councils.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – '**Working together for a Brighter Future**'. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council’s priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work - Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a ‘sustainable development principle’ which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current workforce comprises 125.28 full time equivalent employees (ICT:45.49 and Strategy, Community Learning & Resources: 79.79). We recognise that the impact of COVID-19 on our workforce is likely to be long lasting, especially in relation to their well-being which will in turn impact on overall service resilience. Consequently, a key focus in the coming year is to ensure that staff continue to be fully supported through training, ongoing supervision and feedback to motivate and build the skills required to enable them to achieve their full potential in relation to new and different ways of working that will support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23. We will do this by further strengthening our supportive team culture, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce.

Our estimated budget for 2022/23 is £8,956,000. This year our financial position remains especially challenging given the emerging impacts of the COVID-19 pandemic. There is significant pressure on both our resources and capacity to meet new legislation changes in relation to COVID, remote and hybrid working. In addition, the service also faces capacity and other challenges associated with delivering key capital projects (as part of the 21st Century School Investment Programme) on time due to procurement issues and increasing material costs. School budgets continue to be under pressure, and this is placing additional strain on central education resources that are supporting schools to manage their budgets. The shift to an 'always on' expectation in relation to infrastructure and support service for ICT to support council business will also present significant challenges in the coming year in terms of service capacity, especially as the service struggles to recruit to key technical functions due to market forces.

Despite these challenges, our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Strategy Community Learning & Resources Service Action Plan 2022/23

The delivery of a number of proposed actions are subject to cost pressures being awarded as part of the 2022/23 budget process.

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk description	Residual Risk Score (as at Feb 2022)			Risk Status
	Likelihood	Impact	Residual risk	
SCL/SR1: Failure to deliver accessible library services in light of budget cuts.	1	3	3	Medium/ Low
SCL/SR2: Reduction in availability of adult and community learning opportunities due to reduced funding.	3	3	9	Medium/High
SCL/SR3: Reduction in the provision of non-statutory services across Strategy, Community Learning & Resources as a result of reducing budgets.	3	3	9	Medium/High
SCL/SR4: Lack of funding impacts on our ability to meet the requirements of Cymraeg 2050 (Welsh Government's plan of one million Welsh speakers by 2050).	3	3	9	Medium/High
SCL/SR5: Failure to deliver the 21 st Century Schools programme on time due to staff capacity, procurement challenges and increased material costs.	2	3	6	Medium
SCL/SR6: Failure to deliver transformative ICT change programme in light of budgetary constraints and capacity.	3	3	9	Medium/High
SCL/SR7: Capacity and resources to meet the changes in legislation in relation to COVID, remote and hybrid working.	3	2	6	Medium
SCL/SR8: Ongoing challenges with regards to school budgets is putting pressure on limited central education resources.	3	3	9	Medium/High
SCL/SR9: Inability to recruit to specialist ICT technical functions due to market forces.	4	2	8	Medium/High
SCL/SR10: Capacity and resources to meet the shift to an 'always on' expectation in relation to infrastructure and support service for ICT to support council business.	3	2	6	Medium

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	STANDARDS AND PROVISION
HEAD OF SERVICE	MORWEN HUDSON
DIRECTOR	PAULA HAM
CABINET MEMBER	CLLR. LIS BURNETT Deputy Leader and Cabinet Member for Education and Regeneration
SCRUTINY COMMITTEE	LEARNING AND CULTURE

1. Introduction

The service areas of Standards & Provision, Additional Learning Needs & Well-being and Strategy, Community Learning and Resources, combine to form the Learning and Skills Directorate. The Directorate has a wide range of statutory duties and its primary role is to work in collaboration with key stakeholders to develop effective, confident and independent learners who enjoy a sense of personal well-being, enabling them to share their learning with others and to contribute to their community and society.

1.1 What we do – Standards & Provision

The Standards & Provision Service undertakes a number of key roles for the Council. The service works in partnership with the Central South Consortium Joint Education Service (CSC JES) to challenge, monitor and support schools to promote excellence and intervene as necessary to ensure that underperformance, or potential underperformance, is addressed. In addition, the service provides advice and support to schools and pupils (including vulnerable groups).

Our broad functions are:

- To challenge, monitor, support and intervene in schools;
- Working with regulatory bodies (ESTYN, CIW) to secure high quality learning settings;
- Promoting and supporting inclusive education, ensuring that vulnerable learners succeed;
- Promoting high standards of behaviour and excellent levels of attendance;
- Supporting the development of self-improvement systems within schools;
- Producing guidelines and targeting support programmes for teaching pupils with English as an additional language and promoting race equality;
- Supporting non-maintained nursery settings;
- Providing training and development for school leaders and practitioners;
- Providing a programme of learning opportunities for young people to develop decision-making skills in matters which affect them and to understand and participate in the democratic process;
- Offering social and informal educational opportunities for young people in the age range of 11-25;
- Coordination of the engagement and progression of young people to reduce those who are not in education, employment or training (NEET).

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – '**Working together for a Brighter Future**'. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council’s priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work - Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a ‘sustainable development principle’ which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current workforce comprises 62.87 full time equivalent employees. We recognise that the impact of COVID-19 on our workforce is likely to be long lasting, especially in relation to their well-being which will in turn impact on overall service resilience. Consequently, a key focus in the coming year is to ensure that staff continue to be fully supported through training, ongoing supervision and feedback to motivate and build the skills required to enable them to achieve their full potential in relation to new and different ways of working that will support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23.

Alongside this we will further strengthen our supportive team culture, respond positively and proactively to reduce rates of sickness absence and support people to stay healthy at work, remotely or otherwise whilst maintaining our investment in future proofing the skills of our workforce. We will keep staff well-being under review and provide continued support through a variety of targeted corporate and service initiatives and promote this widely.

Our estimated budget for 2022/23 is £3,547,000. This year our financial position remains especially challenging given the emerging impacts of the recent COVID-19 pandemic which has led to increased demand for social, emotional and mental health services as increasing numbers of children and young people are presenting with social, emotional and mental health difficulties. A key area of focus in the coming year will be to work collaboratively in ensuring that a trauma informed approach is taken across our schools in helping children and young people (particularly vulnerable learners) re-engage and catch up on learning lost during the past two years. This will be challenging given already stretched budgets. In light of this, our ambition in the coming year is to take advantage of the transformational opportunities

brought about by our response and recovery from the COVID-19 pandemic, further enhancing and embedding these holistic approaches that flourished and delivered positive outcomes under challenging circumstances. We will work collaboratively with key stakeholder and partners including schools and the Central South Consortium Joint Education Service to achieve value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources. This approach is consistent with the Council's recovery strategy.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Standards & Provision Service Action Plan 2022/23

The delivery of a number of proposed actions are subject to cost pressures being awarded as part of the 2022/23 budget process.

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitments	Contribution to Local Govt. Estyn Inspection areas	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.

(ADP/027)

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk description	Residual Risk Score (as at Feb 2022)			Risk Status
	Likelihood	Impact	Residual risk	
SP/SR1: Failure to effectively maximise and mobilise our existing workforce in new ways to deliver sustainable services and ensure service resilience.	2	2	4	Medium
SP/SR2: The Central South Consortium fails to deliver against their business plan and their work does not impact on schools and learners across the Vale of Glamorgan.	2	3	6	Medium
SP/SR3: Increasing financial pressures associated with meeting the needs of growing numbers of children and young people with social, emotional and mental health needs.	3	3	9	Medium/ High
SP/SR4: Impact of the cessation of ESF funding (31 st Dec 2022) on reducing NEET levels, a key council priority.	3	3	9	Medium/ High
SP/SR5: The Central South Consortium fails to support schools effectively in developing and providing high quality distance / blended learning, thus resulting in variation of provision and insufficient progress of learners.	2	3	6	Medium
SP/SR6: Impact of the pandemic on staff well-being including, staff absence and staff burn out, on service capacity and resilience.	2	3	6	Medium

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	POLICY AND BUSINESS TRANSFORMATION
HEAD OF SERVICE	TOM BOWRING
CHIEF EXECUTIVE	ROB THOMAS
CABINET MEMBER	CLLR. NEIL MOORE Leader and Cabinet Member for Performance and Resources
SCRUTINY COMMITTEE	CORPORATE PERFORMANCE AND RESOURCES

1. Introduction

The Policy & Business Transformation Service forms part of the Resources Directorate. The directorate has a wide range of statutory duties and its primary role is to support transformational change, strategy development, performance management, business improvement, communications and customer relations.

1.1 What we do – Policy & Business Transformation

The Policy & Business Transformation Service provides a corporate approach to policy, performance management, business and corporate improvement, consultation/ engagement, communications, partnership working and equalities. The Customer Services arm of the service provides frontline access to all Council services and focuses on delivering customer service excellence. The service strives to provide a range of services in the most cost-effective and efficient way whilst transforming the way the Council works by using our skills, resources, and technology more innovatively. We also play a leading role in the delivery of the Reshaping Services agenda.

Our broad functions are:

- Supporting the development and implementation of the Council's corporate vision and enable effective business planning and monitoring of delivery (in the form of the Corporate Plan);
- Improving internal review, business processes and the management of services to deliver transformational change across the Council;
- Producing effective communications internally to staff and externally to our citizens, key partners and regulators;
- Ensuring the work of the Council conforms with Equalities legislation, including Welsh Language Standards;
- Improving our partnership framework and working collaboratively through the Vale of Glamorgan Council Public Services Board and other associated mechanisms;
- Co-ordinating delivery of key cross-cutting programmes of work associated with Project Zero, Food Poverty.
- Working in partnership with the Third Sector to enhance resilience and develop a more integrated approach to how citizens can access services.
- Meeting our corporate performance, self-assessment and statutory reporting functions in line with the Local Government and Elections (Wales) Act 2021.
- Utilising Insight data to enhance and inform decision making.
- Improving the quality and consistency of performance management across all Council services;
- Undertaking effective engagement and consultation activities across the Vale;
- Delivering services via the Corporate Contact Centre, face to face and by electronic means that includes undertaking any assessments and client monitoring;
- Learning from complaints to improve services and better understand customer expectations.
- Overseeing Corporate Complaints Policy and process.
- Facilitating seamless access to integrated health social care and well-being services; and
- Blue Car Badges, Telecare, and issuing Concessionary Travel passes.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – **'Working together for a Brighter Future'**. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council's priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a 'sustainable development principle' which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.

- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current workforce comprises 59.04 full time equivalent employees. In terms of the challenges we face within the division, recruitment to our C1V Contact Centre remains challenging due to the competition from the external market. In particular, we experience difficulties with attracting and retaining Welsh speakers within these front-line roles. Within our non-customer relations roles we have a relatively flat structure and a stable workforce. Although this may present as a positive, it does also create challenges around succession planning. With regards to our Transformation Programme the broader range of transformation-based projects requires a more appropriate level of resources. Therefore, our workforce priorities over the coming year are to improve workforce resilience, capacity, address succession planning and continue to enhance overall well-being of our staff to enable us to effectively deliver of the Council's Recovery Strategy and Annual Delivery Plan 2022/23. We will do this by working with HR and OD colleagues to develop an external/internal attraction campaign for the division and we will also undertake a review of the Policy & Business Transformation structure in the context of the creation of a new Director of Resources. We will also see to further strengthen our supportive team culture, continue to support colleagues to improve inclusivity in the workplace, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce.

Our estimated budget for 2022/23 is **£2,655,000**. This year our financial position remains challenging given the changing focus and demands on the service and the requirement to ensure that the appropriate digital capability is provided to the service. To address these challenges our priorities for the forthcoming year will focus on the use of new technology (for example the CRM in C1V and upgrade to the Council's website) to enable us to improve the citizen experience and provide insight into the effectiveness of our work. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Policy and Business Transformation Action Plan 2022/23

	Likelihood	Impact	Residual risk	
CR16: COVID-19 1) Response: Capacity to maintain service continuity of business-critical services. 2) Recovery: Ability to address longer term impact of COVID on our services, citizens and communities. E.g. downturn in the economy, unemployment, poverty, lower educational attainment, long term health and social care issues, as well as the emergence of inequalities across BAME groups.	2	4	(8) Medium/high	Work in partnership regionally and nationally to continue to respond to and recover from the effects of the COVID-19 pandemic.

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk description	Residual Risk Score (as at April 2020)			Risk Status
	Likelihood	Impact	Residual risk	
PBT:SR1- Customers are not able to effectively engage with the Council due to digital exclusion.	1	3	3	Medium/Low
PBT: SR2- Capacity to provide partnering support the Council's services in response to key areas of policy/legislative developments.	2	2	4	Medium
PBT:SR3- Capacity to lead transformational change programme and impact on full realisation of benefits.	2	2	4	Medium
PBT: SR4- Inability to deliver the Welsh Language Standards and associated fines and reputational damage for non-achievement.	1	3	3	Medium/low
PBT: SR5- Inability to deliver full migration of services to new CRM by target date and impact on service delivery and associated costs with retention of existing system.	2	2	4	Medium
PBT: SR6- Inability to comply with the legislative requirements of the Local Government Act, Wellbeing of Future Generations Act, and Socio-Economic Duty and the challenges this presents in terms of service delivery, costs and reputation.	1	3	3	Medium/low
PBT: SR7- Capacity to maintain momentum and facilitate delivery of key policy initiatives/developments such as Project Zero, Food Poverty across the Council.	2	2	4	Medium

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	FINANCE
OPERATIONAL MANAGER	GEMMA JONES
CHIEF EXECUTIVE	ROB THOMAS
CABINET MEMBER	CLLR. NEIL MOORE Leader and Cabinet Member for Performance and Resources
SCRUTINY COMMITTEE	CORPORATE PERFORMANCE AND RESOURCES

1. Introduction

The Finance Division forms part of the Resources Directorate and covers the following services.

- Accountancy;
- Audit;
- Property and Estates;
Procurement ; and
- Council Tax and Housing Benefits.

The Finance Division performs a series of statutory duties and its primary roles are to ensure the financial probity of all Council activities and that all our assets are effectively managed and maintained.

1.1 What we do

The Division is responsible for undertaking a number of key roles for the Council. The service supports all Council services by providing sound financial management and control, comprehensive property estate and facilities management contributing to the delivery of quality and cost-effective services to residents and customers. Through a coordinated and integrated approach, we are effectively supporting directorates to deliver transformational change in line with the Council's Reshaping Services Programme whilst making required efficiency savings.

Our broad functions are:

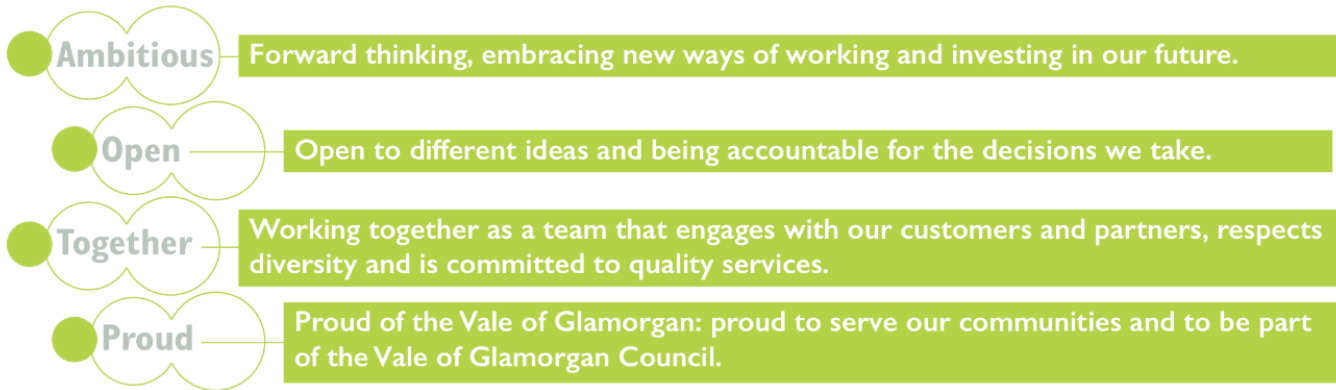

- Preparing and finalising annual revenue and capital budget estimates as well as the closure of accounts. Taking day to day decisions on cash flow, investments and borrowing. Providing financial and management information and advice to services to support them in monitoring their budgets and achieving their savings;
- Undertaking financial planning for the Council through the production of the Medium Term Financial Plan;
- Administering systems and processes such as Oracle HR, Payroll, Financial and CRM modules;
- Processing of BACs and CHAPs payments, banking services and income collection;
- Ensuring the recovery and collection of Business Rates and Council Tax to maximise the Council's income, as well as administering benefits through the Council Tax Reduction Scheme and Housing Benefit service;
- Implementing Welfare Reforms and providing support to residents through the transition;
- Collection of Income from all debtors for Directorates for the Council
- Delivering major capital building projects for the Council;
- Provision of a multi-disciplinary Property service that comprises of architectural, structural engineering, mechanical/electrical engineering, quantity surveying, project management and planning service, estates and valuation service, property survey service and facilities management;
- Delivery of energy reduction projects/initiatives and energy management advice;
- Support our colleagues across the Council in meeting the challenges under our Carbon reduction commitments and challenges set by the Project Zero Board.
- Providing assurance on the Council's control environment comprising the systems of governance, risk management and internal control.
- Providing specific procurement advice to service areas, undertaking and supporting procurement activity, maintaining the Council's Oracle i-Procurement system and coordinating associated strategies, policies and guidance information.
- Providing a central Procurement Unit support service for all Directorates
- Management of the Regional Internal Audit Shared Service providing Internal Audit Services to the Vale of Glamorgan, Bridgend, Rhondda Cynon Taf and Merthyr Tydfil councils;
- Providing a comprehensive insurance service for the whole Council;

- To challenge, monitor, support and intervene in schools.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council’s vision in its corporate Plan 2020-25 – ‘**Working together for a Brighter Future**’. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council’s core values:

Our Council’s priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a ‘sustainable development principle’ which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.

- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current workforce comprises 111.69 full time equivalent employees. Our ambition in the coming year is to improve workforce resilience, development and overall well-being to support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19 pandemic. We will do this by further strengthening our supportive team culture, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce. A number of Personnel changes within the service will need to manage staff development and recruitment of new staff within service. In our property team we will be considering workforce implications around our commitments and challenges in respect of Project Zero/Net Carbon reporting and decarbonisation of our estate. We will also be considering our significant challenges around hard to fill posts in the property team (such as Quantity Surveying). We will continue to develop

succession planning arrangements, focus on up-skilling and developing flexibility in skill sets across all teams and promote and encourage staff involvement in directorate and corporate staff engagement and well-being initiatives

Our estimated budget for 2022/23 is £5,113,000 (includes £200,00 of cost pressures awarded). This year our financial position remains especially challenging given the emerging impacts of the COVID-19 pandemic. In 2022/23 we will be updating our Budget Strategy and Capital Strategy to reflect challenging levels of Cost Pressures and Capital Bids, Implementation of proposed Non-Treasury Service Investment Strategy. Resourcing project zero, implementation of WG commitments such as RLW in Social Care sector. Delivery of reshaping services and savings programme. We will focus on delivering challenges around greener and community focused procurement. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

Digital

In line with corporate direction, we continue to use ICT to work smarter and more flexibly through exploring new ways of working digitally and investing in new technologies. Our ICT priorities for 2022/23 reflect our continuing commitment to working smarter and more flexibly in line with the Council's Digital Strategy. One of our priorities going forward regarding the digital agenda will focus on the migration of Oracle financial systems into the Oracle Cloud to maximise our application capacity.

Assets

In 2022/23 we will consider the use of consultant and contractor Frameworks to provide greater service delivery resilience and improved value for money in the context of our net zero commitments and foundation economy corporate ambitions. Along with improving our building related data (condition surveys etc) in order to move more towards a target of 70/30, split between planned/reactive maintenance of our assets. We will also focus on developing new design, technical and procurement solutions for maintenance and capital projects which contribute towards net zero carbon ambitions.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Finance Action Plan 2022/23

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitment/s	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.
WO1.1	Refresh the current Corporate Asset Management Plan during 2022.	ADP/01	Prosperous Wales Resilient Wales Globally Responsible Wales	01/04/22 - 31/03/23	New HoS /Lorna Cross Within existing resources	FS/A001

(ADP/005) Reshape procurement practices and policies to ensure our procurement activities contribute to the national Well-being Goals, support work around climate change, community benefits, response to challenges as a result of Brexit and build on the foundational economy project.
CR16 COVID-19: 1) Response: Capacity to maintain service continuity of business-critical services. 2) Recovery: Ability to address longer term impact of COVID on our services, citizens and communities. e.g. down turn in the economy, unemployment, poverty, lower educational attainment, long term health and social care issues, as well as the emergence of inequalities across BAME groups.	2	4	(8) Medium / High	Support and deliver Welsh Government funding to address COVID recovery and community needs. (ADP/024) Continue to develop the Capital Programme and the use made of the Council's assets to support recovery and economic growth including the proposed non treasury investment strategy. Review the inflationary pressures impact on the affordability on construction schemes as part of Capital Monitoring and the Capital Strategy. (ADP/005)

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk description	Residual Risk Score (As at Feb 2022)			Risk Status
	Likelihood	Impact	Residual risk	
FS/SR1: Capacity to deliver the requirements of the Accounts and Audit (Wales) Regulations 2018, which will bring forward the timetable for the closure of accounts by one month from 2019/20 and subsequent financial years.	2	3	6	Medium
FS/SR2: Service recruitment and retention difficulties impact on service workforce resilience and our ability to deliver some services.	3	3	9	Medium/High
FS/SR3: Challenging construction industry market and pressures on material and labour availability driving up cost and supply chains	3	3	9	Medium/High
FS/SR4: Lack of capable and specialist construction resources to deliver net zero carbon construction solutions	3	3	9	Medium/High
FS/SR5: Resilience in specialist teams as a result of significantly increased salaries being offered elsewhere together with an inability to recruit new staff for the same reasons.	3	3	3	Medium/High

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	HUMAN RESOURCES AND ORGANISATIONAL DEVELOPMENT
HEAD OF SERVICE	TRACY DICKINSON
CHIEF EXECUTIVE	ROB THOMAS
CABINET MEMBER	CLLR. NEIL MOORE Leader and Cabinet Member for Performance and Resources
SCRUTINY COMMITTEE	CORPORATE PERFORMANCE AND RESOURCES

1. Introduction

The Human Resources and Organisational Development Service forms part of the Resources Directorate. The Service's primary role is to provide professional advice and support to all our managers and employees on a wide range of HR and OD issues as well as provide HR employee services for the payment of salaries and contract and employee administration.

1.1 What we do – Human Resources & Organisational Development

The Human Resources & Organisational Development Division provides a range of professional support and advice to our managers and the wider Council including schools in relation to best practice HR issues. The main elements of the service include:

- Supporting the recruitment and retention of the right people to the right job; with a key focus on our values and competencies
- Helping to ensure the continued engagement and development of our staff and helping to support our managers to be the best they can be in managing their employees;
- Helping to maintain a positive, safe and healthy working environment for our employees;
- Ensuring the provision of a fair pay and reward system, including the payment of salaries and expenses;
- Providing consultancy support on organisational transformation and development initiatives;
- Helping deal with complex case management issues relating to change, performance and attendance;
- Helping to develop HR policies and best practice to meet the current and future needs of the Council;
- Maintaining positive and transparent employee relations arrangements with our recognised trade unions.
- Maintaining and developing our systems and processes to meet the needs of the Council.
- Supporting the wellbeing of all employees

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – '**Working together for a Brighter Future**'. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council's priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work - Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a 'sustainable development principle' which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at Appendix A.

Our current workforce comprises 41.95 full time equivalent employees.

The HR & OD service is facing significant workforce challenges in relation to attracting, recruiting and retaining staff in key/specialist roles. This situation is being exacerbated by greater workforce mobility resulting from the ongoing pandemic. Alongside this, the service is unable to match the high salaries being offered by private employers in what is now a highly competitive market, and this is impacting on our ability to recruit and retain talent.

Our focus over the coming year is to build resilience into our structure to enable us to support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19. The employee development programme and a key focus on staff well-being and improving our recruitment and attraction processes will play significant role in building the resilience needed to ensure success. Alongside this, we will also further strengthen our supportive team culture, respond positively and proactively to reduce rates of sickness absence and support people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce.

Our estimated budget for 2022/23 is £2,364,000 (including £50,000 of cost pressures awarded). This year our financial position remains challenging given the emerging impacts of the recent COVID-19 pandemic. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources. This approach is consistent with the Council's recovery strategy. With the implementation of a new Oracle Cloud payroll and finance solution and Occupational Health Service provision software, alongside the improvements we have made to recruitment software we plan to use these assets to provide a wider set of workforce data that directorates can use to make more informed choices, this has commenced with a recruitment dashboard. We do have some services financial pressures however, with an absence of budget for our iDEV learning solution which is a pivotal part of our delivery mechanism for online learning and development of a learning culture. This tool is now widely used across the Council, including our social services and schools based teams, including the user base over 50%.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022). For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	LEGAL SERVICES AND DEMOCRATIC SERVICES
HEAD OF SERVICE	DEBBIE MARLES
CHIEF EXECUTIVE	ROB THOMAS
CABINET MEMBER	CLLR. EDDIE WILLIAMS Cabinet Member for Legal, Regulatory and Planning Services
SCRUTINY COMMITTEE	CORPORATE PERFORMANCE AND RESOURCES

1. Introduction

The Monitoring Officer / Head of Legal and Democratic Services has line management responsibility for the Operational Manager – Legal Services and Operational Manager – Democratic Services and provides a professional steer to the Information Manager. In addition to being the Council's Monitoring Officer (and Monitoring Officer for the 26 Town and Community Council's within the Vale of Glamorgan), the Monitoring Officer / Head of Legal and Democratic Services is Proper Officer for Access to Information, Proper Officer for Freedom of Information Act appeals and the Senior Responsible Officer for the Regulation of Investigatory Powers and pending the appointment to the post of Information Manager the Monitoring Officer/ Head of Legal and Democratic Services has taken on the role of the Council's Data Protection Officer on an interim basis.

1.1 Legal Services forms part of the Managing Director and Resources Directorate. Legal Services undertakes a wide range of statutory duties, together with providing a high-quality legal advice and support service to the Council and its directorates, to enable effective/informed decisions to be made to meet the Council's priorities as set out in the Corporate Plan. The Service is also responsible for overseeing and managing the Electoral Registration / Services Team.

Officers within Legal Services work closely with officers within Democratic Services, providing legal input and a steer in supporting the officers within Democratic Services in the discharge of their functions. Likewise, officers within Democratic Services support Legal Services in ensuring the Council's governance arrangements are adhered to.

1.2 What we do – Legal Services

Legal Services undertakes a number of key roles for the Council, providing an efficient and effective legal service to internal client departments and providing cost-effective, timely and accurate legal advice to Members and Officers in order to support their decision making whilst ensuring effective representation in legal proceedings. Legal Services is accredited by the Law Society's Lexcel legal practice quality mark for excellence in legal practice management and excellence in client care. Its management framework ensures consistent operational efficiencies, client services, effective management of risk, reduction in costs and increase in profitability. Annual inspection is undertaken by the Solicitors Regulation Authority. The quality assurance system is in place to ensure that the Team delivers high quality standards and excellent levels of service at all times.

Forming part of Legal Services, the Electoral Registration / Services Team is responsible for ensuring that the Register of Electors is maintained and co-ordinates all elections within the Vale of Glamorgan.

Following a mini review which concluded in January 2022, the Information Management Team has been restructured with responsibility for administering and providing specialist advice and assistance in relation to Data Protection and Information Governance and Regulation of Investigatory Power Act matters transferring to Legal Services, with responsibility for records management, land charges and commons registration continuing to be delivered by Democratic Services.

Legal Services' broad functions include:

- Undertaking the Monitoring Officer and designated Proper Officer roles including Proper Officer for Access to Information and Freedom of Information Act;
- Providing guidance to Members regarding the Members' Code of Conduct and advising both Members and Officers on the Council's Constitution;
- Supporting the Standards Committee in undertaking its statutory functions;
- Overseeing the strategic provision of an efficient comprehensive legal service that is responsive to client's needs and proactive in protecting the Council's legal position and supporting corporate policy making;

- Providing legal advice in respect of all community services and education matters including adult community services, childcare and mental health; ALN provision, legal advice and support on a broad range of matters on behalf of schools via the SLA Learning and Skills Directorate.
- Conducting both claimant and defendant litigation on behalf of the Council across various civil and criminal jurisdictions, providing planning and highways advice, including representation at planning, highways and compulsory purchase order inquiries, criminal prosecutions and civil proceedings brought by the Council including conducting regulatory prosecutions on behalf of the Council within the context of the regulatory services collaboration and defending challenges brought against the Council by way of Judicial Review; Housing law, defendant PI cases insured to Legal Services by the Council's insurers.
- Providing generic advice and Monitoring Officer Support to the Shared Regulatory Services as host authority, advising and assisting the Licensing Committee (Public Protection, Statutory and Sub-Committee) and the Shared Regulatory Services Joint Committee;
- Providing employment law advice in respect of Council policy including advice for the appeals committee, representing the Council in respect of employment claims and delivering administrative support to the Legal Services Team, including the production and management of client billing reports;
- Providing legal advice in respect of the implementation of new legislation in protecting the Council's legal position, supporting corporate policy making; and providing legal advice in relation to partnership working;
- Undertaking the Council's conveyancing, landlord and tenant work and the negotiation and drafting of contracts for goods and services including an advice service in relation to contract and property law generally, and in relation to local government law, charities, contracts, land issues, compulsory purchase, landlord and tenant, housing matters and town and village green applications and legal advice and professional steer on the City Deal project; and procurement legal advice.
- Providing advice on Council, Cabinet, and Committee reports and determining whether such reports contain exempt information for the purposes of the Local Government Act 1972; and
- Business Partnering in the context of Reshaping, Commercial Conveyancing Projects and Gateway meetings (Children and Young People's Services and Adult Social Services).
- Administering and providing specialist advice and assistance in relation to Data Protection, Subject Access requests, Freedom of Information requests and Information Governance and providing advice for compliance across the Authority.
- Supporting the Proper Officer for Regulation of Investigatory Powers Act ensuring good practice and training.
- Updating the Register of Electors including the maintenance of an Absent Voters and Overseas and Special Category Electors lists as well as publishing the revised Register of Electors annually;
- Undertaking an annual canvass of properties in the Vale of Glamorgan including house visits to increase registration;
- Overseeing / administration of UK Parliamentary elections, Senedd Cymru elections, Police and Crime Commissioner elections, County/Local Government elections, Town/Community elections, referendums, community polls and NNDR postal ballot bids;
- Undertaking polling district, place and station reviews;
- Supporting the Returning Officer and Electoral Registration Officer statutory duties;

1.3 Democratic Services

Democratic Services forms part of the Managing Director and Resources Directorate. The Division comprises distinct service elements:

- Democratic and Scrutiny Services
- Registration Service
- Record Management / Land Charges/Commons Registration Authority.
- Cabinet and Mayoral functions

1.4 Democratic Services – What we do

Democratic Services is responsible for developing and supporting effective decision-making processes and Scrutiny and committee arrangements as well as independently administering the school appeals service, providing advice and support for elected Members in respect of the Council's Constitution, Members' Code of Conduct and Member Development and supporting the Cabinet and Mayoral functions.

The Registration Service provides a range of services covering births, death, marriages, civil partnerships, marriages and Citizenship Ceremonies mainly from the Civic Offices (Registry Office Headquarters).

The Division also has responsibilities for Record Management and dealing with Land Charges and responsibilities associated with the Commons Registration Authority.

Our broad functions are:

- Provision of a range of services relating to the Council's decision-making processes;
- Provision of advice, guidance and support to develop the Council's Scrutiny and Committee Services functions and to ensure that decision-making is transparent and accessible;
- Provision of a wide range of Scrutiny support, including undertaking Task and Finish Reviews, co-ordination of Scrutiny Forward Work Programmes, preparation of the Annual Reports to Council, development of guidance notes and protocols and implementation of Scrutiny Action Plans;
- Provision of advice in respect of the Council's Constitution, Codes of Conduct and Register of Interests of elected Members, to all Directorates, elected Members and Town and Community Councils;
- Providing support and assistance to the Cabinet to fulfil their Executive duties.
- Providing support to the Mayor's office including the co-ordination, organising meetings and events on the Mayor's behalf.
- Reviewing / delivering / facilitating the Council's Member Development Strategy and Member Development Programme, including training in respect of the Council's Scrutiny function and other areas relating to the Council's governance arrangements;
- Responsibility for servicing independent bodies such as School Admissions Panels and the Vale of Glamorgan Local Access Forum;
- Registrations of Births, Deaths, Still-births, Marriages, Civil Partnerships and Citizenships;
- Issuing of copy certificates for all of the above type of registrations;
- Taking the legal notice of Marriages, Civil Partnerships;
- Recording and maintaining records of all religious marriages;
- Provision of Tell Us Once service;
- Out of hours arrangements;
- Carrying out of Celebratory Services, e.g. Renewal of Vows, Naming Ceremonies;
- Provision of Corporate Records Management service;
- Provision of Land Charges service;
- Administer the Commons Registration Authority for the administration, updating and dealing with requests for amendments to the Register;

1.1 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – '**Working together for a Brighter Future**'. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council's priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.2 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a 'sustainable development principle' which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.

- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current **workforce comprises 48.67 full time equivalent employees** (excluding agency staff). Our ambition in the coming year is to improve workforce resilience, development and overall well-being to support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19 pandemic. We will do this by further strengthening our supportive team culture, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce.

Prior to the pandemic the service was experiencing challenges in recruitment and retention, which was exacerbated by the, on average, 30% increase during 20/21 and during the first three quarters of this financial year. This is reflected in other Local Authorities community legal services teams and not helped by the market becoming more agile as a result of remote working. To address the risk this presents to the Council because of the nature of the work and the need for a level of experience and

skill to practise in this area of law, a market forces supplement was applied to the Principal and Senior Lawyers which has resulted in an ability to fill a vacant Senior Lawyer post. The restructure was completed following the deletion of a junior, non-qualified post, and the addition of an Assistant Lawyer post which it is proposed will add further resilience within the team to support the structure and ability to continue to meet the demand for a legal advice and support service in relation to this area of practice.

Where possible resources are reallocated within the team in response to demand and the services work collaboratively and with the wider Directorate to repurpose staff to assist with resilience in line with the Council's Recovery Strategy.

Our 2022/23 initial budget for Legal Services is £1.446M, Electoral Registration £336k and Democratic Services £811k a total of £2.593M. This year our financial position remains especially challenging given the emerging impacts of the COVID-19 pandemic. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

LS/SR4: Failure to provide support to Elected Members to fulfil their roles and responsibilities effectively.	1	3	3	Medium/Low

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	REGENERATION AND PLANNING
HEAD OF SERVICE	MARCUS GOLDSWORTHY
CHIEF EXECUTIVE	ROB THOMAS
CABINET MEMBER	CLLR. EDDIE WILLIAMS Cabinet Member for Legal, Regulatory and Planning Services CLLR. LIS BURNETT Cabinet Member for Regeneration and Education
SCRUTINY COMMITTEE	ENVIRONMENT AND REGENERATION

1. Introduction

The Regeneration and Planning Service forms part of the Resources Directorate. The Directorate also provides a range of support services including Human Resources, Legal Services and Finance.

1.1 What we do – Regeneration and Planning

The Regeneration and Planning Service seeks to manage new developments, secure investment and regeneration activity and promote the Vale of Glamorgan as a visitor destination. We aim to promote sustainable and appropriate new development and to make a real difference through regeneration activity by providing people with access to employment, facilities and the opportunity to improve their quality of life.

Our broad functions are:

- **Building Control** administers and enforces Building Regulations to safeguard the health and safety of people in and around buildings and to ensure sustainable energy efficient development.
- **Development Management, including the Planning Policy and Conservation and Design teams** prepare and maintain the Councils statutory Development Plan and manage the development and use of land and buildings in the public interest to ensure that development takes place in accordance with the Plan. The team also provides advice and information to developers and members of the public on a range of national and local planning matters, deal with planning appeals and the enforcement of planning and heritage legislation.
- Through **Urban and Rural Regeneration** activity we strive to make a real difference to residents of the Vale of Glamorgan. This includes providing opportunities for economic growth, job creation and community well-being. The prosperity and health of our Town Centres is a regeneration priority and is a key aim of the Welsh Government. We strive to build capacity in communities to regenerate themselves and provide sustainably for their own needs and provide incentives for increasing and improving the housing stock. The delivery of the empty homes strategy and associated schemes, delivering disabled facilities grants to help people stay in their homes and live comfortably wherever possible, and administering UK and Welsh Government funded programmes aimed at improving the prosperity, health and learning of residents who live in specific areas.
- The **Project Management Unit** provides an overall managed service for the delivery of major projects across multiple service areas.
- **The Countryside Service** acts to enhance and support good management of the countryside and coastal areas in the Vale of Glamorgan by looking after our unique natural assets which include two 'Green Flag' country parks and the Glamorgan Heritage Coast Project. We also seek to promote the public enjoyment and understanding of the countryside and work with others to improve our physical environment. This team includes Public Rights of Way, Ecology/Biodiversity and landscape design. It also leads on the Local Nature Partnership for the Vale of Glamorgan and the development of a regional cycling and bridleway network.
- **Tourism and Marketing** seeks to support the local tourism industry and promote tourism, which is recognised as an important source of new jobs, enabling economic diversification, protecting the local heritage and environment, and providing benefits to the local community. The Team seeks to create an attractive tourism destination with a positive image for the Vale of Glamorgan, capitalising on the Heritage Coast and the proximity to Cardiff, encouraging sustainable development and quality facilities to enrich the experience for visitors and residents and promote the Vale of Glamorgan as a major stay and day visitor destination for tourists in the area. The team also leads on place based schemes such as the Barry Making Waves project and the attraction of filming to the Vale.
- **Climate Change**, through the decisions we make both in the planning system, economic development, and regeneration and in respect of Countryside and Country parks, we seek to

support and develop the Councils Project Zero agenda and ensure that we look to a greener future for development as a whole.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council’s vision in its corporate Plan 2020-25 – ‘**Working together for a Brighter Future**’. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council’s core values:

Our Council’s priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a ‘sustainable development principle’ which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.

- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current **workforce comprises 90.61 full time equivalent employees** excluding agency staff. Our ambition in the coming year is to improve workforce resilience, development and overall well-being to support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19 pandemic. During 2022/23, we will further develop succession planning arrangements by exploring options within hard to recruit areas in Regeneration Services through the development of career pathways and continuing to recruit and retain year-out students in Planning services, which has proved invaluable in terms of future proofing our workforce. We will also continue to enhance the Management Development Programme in Regeneration Services so that current and future managers are equipped with the skills required to manage services of the future.

Our estimated **2022/23 budget proposal for Regeneration & Planning is £3.719m and for Private Housing, £413,000**. This year our financial position remains especially challenging given the emerging impacts of the COVID-19 pandemic. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

People / Engagement:

During 2022/23 we will formally submit our Local Development Plan (LDP) Delivery Agreement (DA) including Community Involvement Scheme to the Welsh Government which marks the commencement of the preparation of the replacement LDP. It sets out how we will engage with interested parties and our communities during the preparation of the LDP and has been informed by a consultation on the draft DA in 2021/22.

Through Planning and Building Control we will continue to follow best practice and statutory requirements for consultation on these matters and work with our customers to meet their requirements. We provide a duty officer service for general enquiries throughout the working week and provide direct contact details for ease of reaching case workers.

In addition to inviting written comment throughout the consideration of planning applications through a variety of channels, interested parties can register to speak at Planning Committee to share their views in person at the point when decisions are being made.

Working with the local community and business we have employed consultants to help us develop an economic Masterplan and investment strategy for the future economic growth of Barry having a key regard to its sense of place and its relationship with the waterfront.

During 2022/23 we will also develop an external funding, community development and innovation team to take forward the work of the Creative Rural Communities team, supporting the Council and third parties to bid to external funding opportunities including UK and Welsh Government and other major funding streams such as Heritage Lottery. The team will drive capacity building and engagement to expand the work across the whole of the County. We envisage this team leveraging in at least £4 for every £1 invested into it, as well as allowing us to access major UK government funding.

Assets

During 2022/23 we will work with our colleagues in Financial Services to develop an investment strategy aimed at making use of the Council's assets to support economic growth, regeneration, and community facilities.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

<p>CR16: COVID-19</p> <p>1) Response: Capacity to maintain service continuity of business-critical services.</p> <p>2) Recovery: Ability to address longer term impact of COVID-19 on our services, citizens and communities. e.g. down turn in the economy, unemployment, poverty, lower educational attainment, long term health and social care issues, as well as the emergence of inequalities across BAME groups.</p>	2	4	(8) Medium / High	<p>Identify further opportunities to expand the use of underused and empty spaces for use by local businesses, creative and co-working communities across the Vale with a key focus on town centres.</p> <p>Identify grant support for businesses and investment in regeneration projects in town centres.</p> <p>Work with partners including Welsh and UK Governments to deliver a programme of economic growth and recovery in Barry ensuring a diversity of both business and education facilities.</p>

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Service Level Risk	Likelihood	Impact	Residual	Status
RP/SR1: Loss or reduction of funding streams impacts negatively on forward planning for a significant number of service areas including countryside management operations, renewal area, cultural, recreation and community schemes. The impact will also negatively affect the sustainability of local businesses and jobs across the Vale.	4	3	12	High
RP/SR2: The exit of the UK from the EU without suitable funding streams in place to replace EU assisted area funding and the impact of any replacement funding and how this is administered.	4	4	16	Very High
RP/SR3: Competition for scarce resources within the Council means that non statutory services have a higher risk of losing resources.	2	3	6	Medium/High
RP/SR4: Failure to manage the service's collaboration agenda effectively.	2	2	4	Medium
RP/SR5: Policy trigger points set out in the LDP monitoring framework are breached as part of the annual monitoring review.	2	3	6	Medium/High
RP/SR6: Impact of regulatory and bureaucratic perception of the planning system and implications of Brexit, negatively impacting on investment and development.	2	2	4	Medium
RP/SR7: Failure to meet the requirements of the forthcoming update to planning law in Wales.	1	2	2	Low

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	HOUSING AND BUILDING SERVICES
HEAD OF SERVICE	MIKE INGRAM
DIRECTOR	MILES PUNTER
CABINET MEMBER	CLLR. MARGRET WILKINSON Cabinet Member for Housing and Building Services
SCRUTINY COMMITTEE	HOMES AND SAFE COMMUNITIES

1. Introduction

The Housing, Community Safety and Building Services Team deliver a range of customer focused services in the Vale. We have broadly defined our aims as:

- We respect and value our customers
- We know our customers and understand their needs
- We provide value for money services
- We work with partners to create sustainable communities
- Our staff are professional, know what is expected of them and trained and supported to achieve their potential
- We create a culture whereby everyone has a positive 'can do' attitude taking ownership and responsibility
- We get things right first time every time
- We are innovators, seeking to go the extra mile, sustaining existing customer relations and developing new ones
- We are a listening and learning team.

The team sit within the Environment and Housing Directorate together with Neighbourhood Services and Transport and the Shared Regulatory Service.

1.1 What we do – Housing and Building Services

- As the largest social landlord in the Vale of Glamorgan, maintaining and improving Council homes and other housing assets to a high standard; developing strategies and plans that support communities e.g. through initiatives focusing on skills and training and financial inclusion, community cohesion, digital inclusion and neighbourhood enhancement.
- Providing housing advice and preventing or mitigating homelessness.
- Administering a fair and transparent housing allocation policy through a multi-partner choice-based allocation system.
- Working with partners to establish a strategic 'vision' for housing.
- Providing building contractor services to corporately owned buildings for maintenance, improvement and remodelling of the Council's building portfolio.
- To provide a monitoring and audit function of the Council's corporate compliance for public buildings including commissioning services where necessary.
- Developing new Council owned housing stock.
- Administering and monitoring the Supporting People programme in the Vale of Glamorgan.
- Facilitating through partners the provision of new social housing through innovative funding mechanisms and planning policy (in association with Planning colleagues).
- Undertaking capital building schemes for Council housing, schools and public buildings.
- Providing a security and cleaning service to public buildings and schools.
- Managing and maintaining an internal stores facility.
- Co-ordinating the Safer Vale Partnership's plans and strategies associated with community safety in the Vale; and working with our partners to tackle community safety related issues including domestic violence, substance misuse, anti-social behaviour and crime prevention.
- Developing the local approach to community cohesion.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – '**Working together for a Brighter Future**'. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council's priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a 'sustainable development principle' which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.

- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our current workforce comprises **67.12 full time equivalent employees in Housing Services and 152.97 full time equivalents in Building Services** (this excludes agency staff). Our workforce challenges for the forthcoming year will be the ability to retain expertise and skills especially in business-critical areas, not only for 2022/23 but into the long term. To address this, we will further develop succession planning arrangements as part of the corporate succession plan whilst improving workforce resilience, and overall well-being to support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19 pandemic. We are committed to further strengthening our supportive team culture, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce.

Our **proposed budget for 2022/23 is £1,444,000 for Council Fund Housing, £39,778,000 for the Housing Revenue Account and £46,000 for Building Services.** This year our financial position remains especially challenging given the emerging impacts of the COVID-19 pandemic. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

Digital

During 2022/23 we will be working to implement a new Housing Software System for Housing and Building Services. The replacement of the Integrated Housing Management System during provides seamless communication across all Housing modules whilst also enabling web access for customers to self-serve their housing needs, improving the speed at which customers can answer their own enquiries whilst also enabling staff resource to be redirected to service delivery. The procurement of the new software will also link with the Council's new Contact Centre software where practicable demonstrating an integrated and long-term approach for future proofing the service whilst enhancing the customers experience.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Housing & Building Services Action Plan 2022/23

Well-being Objective	Service Action	Contribution to our ADP Commitment/s	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.

<p>CR1 Reshaping: The Council fails to deliver the Reshaping Services Programme and does not utilise alternative methods of service delivery and other approaches to mitigate the impact of budget reductions and demand for services which could result in further cuts to services impacting on their availability and quality.</p>	2	2	(4) Medium	<p>Contribute to the Council's Transformational Change Programme by developing a new Housing Solutions Delivery model considering the impact of the pandemic and changing homelessness legislation.</p> <p>Implement the new Housing Software System and deliver a Digital Transformation Strategy for Housing and Building Services.</p>
<p>CR5 Workforce Needs: Inability to anticipate and plan for workforce needs in the future in order to meet the changes in demand and provision of services.</p>	3	2	(6) Medium	<p>Deliver the Housing and Building Services Big Conversation Staff Engagement Strategy promoting staff engagement and wellbeing.</p> <p>Further develop succession planning arrangements as part of the corporate succession plan pilot in order to retain expertise and skills especially in business-critical areas for the long term.</p> <p>Contribute to the expansion of the Council's Apprenticeship scheme by increasing the number of Housing & Building Services apprenticeship opportunities.</p>
<p>CR7 Environmental Sustainability: Failure to reduce our carbon foot print and mitigate against the impact/effects of climate change.</p>	2	3	(6) Medium	<p>Work in partnership with residents and stakeholders to improve community engagement and encourage behaviour change in relation to reducing food poverty and waste in line with the Climate Change Community conversation.</p> <p>Deliver near zero carbon, or at a minimum A rated new Council homes and utilise Optimised Retrofit</p>

				<p>Programmes that include Modern Methods of Construction and off-site manufacturing to meet carbon reduction targets.</p> <p>Continue to invest in our housing stock and improve thermal efficiency by maximising the performance of the existing components and materials of our homes and looking at alternative fuel supplies to support carbon reduction and reduce fuel poverty.</p> <p>Deliver a range of environmental projects through the Community Investment scheme to include communal space improvements at; Penarth, Trebeferad, Llantwit Major and Buttrills, Barry to enhance the local area and improve neighbourhoods</p>
<p>CR8 Welfare Reform: Roll out of Welfare Reform programme has a detrimental financial and social impact on residents.</p>	2	3	(6) Medium	<p>Provide residents with advice, support and information on a range of issues including housing, debt, fuel poverty, benefits, employment, and training through services including the One Stop Shop and money advice team.</p> <p>Enhance people's skills and readiness for work through community investment opportunities including the Council housebuilding programme and Supporting People Scheme.</p> <p>Develop a new Community Investment Strategy to improve quality of life for tenants on Council housing estates to include anti-poverty initiatives, digital inclusion and community garden/growing projects.</p> <p>Develop a local volunteering scheme proposal for residents of the Vale based on the existing Timebanking model.</p> <p>Continue to operate and develop the Food Pod and Clean Slate scheme in Penarth and further develop</p>

				the Education Centre and Plastic Bottle Green House at the Margaret Avenue garden project.
CR9 Public Buildings Compliance: Failure to comply with our statutory responsibilities for ensuring the health, safety and welfare of both our staff and citizens when using Council owned and leased assets.	2	2	(4) Medium	Monitor corporate building compliance corporately including schools and raise awareness with premises Managers of any compliance risks.
CR10 Safeguarding: Failure to meet our statutory responsibilities for responding effectively to situations where people are at risk of neglect or abuse.	2	2	(4) Medium	Contribute to the safeguarding agenda, by delivering the Housing and Building Services elements of the Corporate Safeguarding Group Work Plan.
CR14: Brexit Failure to effectively identify and respond to the changing policy and legislative landscape as a result of 'Brexit' and the impact this has on our ability to deliver services to our citizens.	3	3	(9) Medium / High	Monitor the cost pressures arising from the increase in construction, materials and energy costs in relation to the Housing capital programme.
CR16: COVID-19 1) Response: Capacity to maintain service continuity of business-critical services. 2) Recovery: Ability to address longer term impact of COVID-19 on our services, citizens and communities. e.g. down turn in the economy, unemployment, poverty, lower educational attainment, long term health and social care issues, as well as the emergence of inequalities across BAME groups.	2	4	(8) Medium / High	<p>Work with partners to mitigate the impact of COVID-19 by continuing to facilitate the Homelessness Coordination Cell meetings fortnightly so that any issues are identified early, and the appropriate preventative action is taken.</p> <p>Work with partners to reduce homelessness and implement a Housing Support Programme Strategy and Homelessness Prevention Plan ensuring equality of access to services.</p> <p>Expand the provision of Council managed hostel/temporary accommodation.</p> <p>Maximise the supply of Council rented accommodation by completing schemes at Hayes Road, Barry and St Cyres Road, Penarth and commence development of over 130 new Council Homes at 5 sites across the Vale of Glamorgan including Barry, Penarth and the rural Vale.</p>

Service Level Risks

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk description	Residual Risk Score (as at Feb 2022)			Risk Status
	Likelihood	Impact	Residual risk	
HS/SR1: Failure to deliver new build housing programme and investment priorities as a result of an increasingly volatile construction sector limiting contractor availability and increasing financial risk.	3	3	9	Medium/High
HS/SR2: Client budgetary pressures impacting on the viability of the DSO trading account.	4	4	12	High
HS/SR3: Failure to increase the supply of affordable housing as a result of the decrease in the Social Housing Grant and Affordable Housing Grant.	2	3	6	Medium
HS/SR4: Detrimental impact on the HRA base budget as a result of National rent policies including non-eviction and rent arrears due to financial poverty.	3	3	9	Medium/High
HS/SR5: Increase in homelessness presentations and acceptances due to COVID-19 and welfare reforms in particular Universal Credit.	3	3	9	Medium/High
HS/SR6: Insufficient Homeless Prevention grant funding to cover the long term costs of temporary accommodation.	3	4	12	High
HS/SR7: Failure to discharge our homelessness duty due to a lack of good quality appropriate private sector housing.	3	3	9	Medium/High
HS/SR8: Short term nature of Community Safety budgets resulting in a lack/gap in funding.	3	3	9	Medium High

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	NEIGHBOURHOOD SERVICES AND TRANSPORT
HEAD OF SERVICE	EMMA REED
DIRECTOR	MILES PUNTER
CABINET MEMBER	CLLR. PETER KING Neighbourhood Services and Transport
SCRUTINY COMMITTEE	ENVIRONMENT AND REGENERATION

1. Introduction

Neighbourhood Services and Transport, Housing and Building Services and the Shared Regulatory Service make up the Environment and Housing Directorate. The Directorate delivers a range of services including cleansing and waste management, managing the highway network including enforcement, leisure services including parks and open spaces supported public transport as well as new transport schemes.

1.1 What we do – Neighbourhood Services and Transport

Neighbourhood Services and Transport comprise a group of five interlinked operational service areas. These service areas feature large, high profile, front-line operations delivering various functions directly to citizens of, and visitors to, the Vale of Glamorgan. The term 'Neighbourhood Services' describes the nature of these services and how visibly apparent performance in these areas is to the public. These services are:

- Neighbourhood Services Operations includes waste management, collection of waste and recycling, management of Household Waste Recycling Centres, Street Cleansing, Management of resorts and public conveniences as well as parks and grounds maintenance.
- Neighbourhood Services Healthy Living and Performance are responsible for performance asset development, commissioning, route planning, maintaining records for the area, community centres, sports development and management of the Council's leisure centre contract with Legacy Leisure. Both these operational areas work very closely together to ensure excellent performance delivery of Neighbourhood Services.
- Engineering who are responsible for Traffic Management, Highway Development, Highway Maintenance and Inspections, Road Safety, Structures, Flooding, Coastal Protection, Construction and Design. The Service also deals with drainage matters and fulfils the statutory role of Lead Local Flood Authority (LLFA) and develops flood management plans in accordance with the requirements of the Flood and Water Management Act.
- Transport Services who are responsible for Transport Policy, Projects and Grants, Active Travel, the provision of mainstream and additional learning needs school transport, public transport and Greenlinks Community Transport. This area also includes Fleet Management and Vehicle Maintenance who are responsible for providing vehicles and plant to internal Council departments and Council supported organisations.
- The Enforcement team undertakes Civil Enforcement of Parking restrictions via hi-visibility foot patrols and CCTV camera car review. The team is responsible for a range of enforcement activities including the investigation of fly-tipping, fly posting, littering, waste management offences (commercial and residential), abandoned vehicles, dog controls/fouling along with PSPO and Bye Law enforcement for offences such as fishing, swimming, camping or alcohol prohibitions. This enforcement involves responding to complaints, reports, information and intelligence from residents. Conducting investigations, CCTV surveillance and foot patrols; along with educational and promotional activity. Additionally, the team deals with checks on household disposal of asbestos and will assist other teams when required.
- The Service Area is supported by Directorate Business Support and Finance Teams who deal with front and back office business and financial support.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – '**Working together for a Brighter Future**'. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council's priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a 'sustainable development principle' which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.

- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Workforce

Our current **workforce comprises 253.52 full time equivalent employees** (excluding Agency staff). Our ambition in the coming year is to improve workforce resilience, development and overall well-being to support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19 pandemic. We will do this by further strengthening our supportive team culture, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce.

We continue to face challenges in recruiting and retaining skilled staff especially in business-critical areas such as technical engineers and HGV drivers. During the year we intend to deliver a programme of in-house training so that current and future officers are equipped with the skills required to manage

services of the future and work with our HR Business Partner to implement a programme for succession planning in order to retain expertise and skills especially in business-critical areas for the long term.

The service area is heavily reliant on the use of agency staff in particular for waste management and engineering. At any one time there could be in the region of 120 agency staff.

There is a pending, but not yet finalised, possible regionalisation of sports development staff which is planned for consideration this year.

Finance & Procurement

Our **estimated budget for 2022/23 is £28,190,000**. This year our financial position remains especially challenging given the emerging impacts of the COVID-19 pandemic. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services. This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

The Capital Programme for 2022/23 for Neighbourhood and Services and Transport is £17,937,000.

For this financial year there will be several notable service priorities relating to finance and procurement including:

- Procurement of supported bus services
- A revised waste structure to finalise the blueprint,
- Procurement for Civic Amenity Sites and co-mingled recycling,
- Procurement of construction works contracts,
- Procurement of the traffic signal maintenance contract and
- The leisure management contract extension.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Neighbourhood Services and Transport Action Plan 2022/23

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitment/s	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.
WO1.1 <i>CR7</i>	Build momentum around the Climate Change Community Conversation and the nature emergency involving different stakeholders with a focus on waste service change proposals for Penarth and flats and apartments, covenants on green spaces with fields in trust to protect open space and biodiversity as well as reinstatement of the old harbour as a biodiversity area. 	Likelihood	Impact	Residual risk		
of locally defined services, given reducing and uncertain budgets.					
NS/SR3: Inability to meet Welsh Government demands in respect of statutory mainstream and Additional Learning Needs School transport.	3	2	6	Medium	
NS/SR4: Inability to negotiate appropriate Community Asset Transfer arrangements.	2	3	6	Medium	
NS/SR5: Increasing transport budget pressures as a result of new developments and COVID-19, resulting in an increase in the cost of transport services.	2	2	4	Medium	
NS/SR6: Insufficient property, procurement, and ICT support staff to enable effective contract and grant delivery.	2	2	4	Medium	
NS/SR7: Increased pressure on limited resources as a consequence of increased areas of maintenance and less asset renewal money available.	2	3	6	Medium	
NS/SR8: Annually shrinking budgets will impact negatively on consistently achieving high standards of cleanliness of the local environment.	2	3	6	Medium	

WORKING TOGETHER FOR A BRIGHTER FUTURE

SERVICE PLAN 2022/2023

SERVICE AREA	SHARED REGULATORY SERVICES
HEAD OF SERVICE	HELEN PICTON
DIRECTOR	MILES PUNTER
CABINET MEMBER	CLLR. EDDIE WILLIAMS Cabinet Member for Regulatory Services
SCRUTINY COMMITTEE	HOMES AND SAFE COMMUNITIES

1. Introduction

Shared Regulatory Services (SRS) is a collaborative service formed between Bridgend, Cardiff and the Vale of Glamorgan Councils on 1st May 2015. The Service delivers a fully integrated service under a single management structure for trading standards, environmental health and licensing functions with shared governance arrangements ensuring full elected member involvement.

1.1 What we do – Shared Regulatory Services

Shared Regulatory Services provides a diverse and comprehensive range of services that safeguard the health, safety and economic wellbeing of consumers, businesses and residents covering the main areas of environmental health, trading standards and licensing. These broad areas encompass a wide range of services that deal with issues that can have a huge impact upon people when things go wrong or have not been enforced properly.

Our broad functions are:

- **Food Hygiene and Standards** protect public health by ensuring that the food we eat is without risk to the health and safety of consumers and is correctly described. This is achieved through regular food and feed safety and standards inspections of food business and guest caterers, operating the **Food Hygiene Rating Scheme**, providing practical advice, investigating food safety and food standards complaints, carrying out food and water sampling and undertaking checks on imported food.
- **Fair Trading** protects consumers and businesses by maintaining and promoting a fair and safe trading environment. This area of work ensures that businesses comply with a host of consumer protection statutes including those relating to: Product safety; Age restricted sales; Counterfeiting; Environmental safety; Weights and measures; False claims about goods and services. The service investigates complaints, participates in criminal investigations and exercises, conducts inspections of businesses, undertakes a sampling programme, and helping businesses improve their trading practices.
- Our **safeguarding** work ensures we investigate cases of malpractice including rogue traders, scams and doorstep crime. We provide consumer advice to vulnerable residents and help them obtain redress.
- **Port Health** prevents the import of infectious and animal disease into the UK, ensuring ships comply with international agreed public health sanitation standards and improving the safety and quality of the food chain.
- Protect public health by reviewing and implementing the **Contaminated Land Strategy** which ensures the identification, inspection and remediation of historically contaminated sites. Private water supplies used for both domestic and commercial purposes (such as drinking, cooking, and washing) are regulated and Environmental Information Requests and Planning application consultations are responded to.
- **Housing Safety** protects public health by working with private landlords and owners to provide warm, safe and healthy homes for tenants. They ensure that Houses in Multiple Occupation are licensed through Mandatory and Additional Licensing Schemes, inspecting HMO's and improving physical and management standards of privately rented accommodation. Complaints from tenants about their rented accommodation are investigated.
- **Pollution** also protects public health by controlling noise and air emissions into the environment. The service investigates noise complaints about issues such as amplified music, DIY activities, house and car alarms, barking dogs, and construction sites. It investigates air pollution complaints such as smoke, dust and odour and illegal burning, undertakes

environmental monitoring, local Air Quality Management and regulates emissions from industrial processes.

- **Pest Control** offers services to the Vale area for the treatment of pests and infestations. This could include, rats, wasps, mice, fleas, cockroaches etc.
- **Animal Health and Warden Services** ensures the wellbeing of animals generally. This includes ensuring feeding stuffs provided to animals are safe and that animals are transferred humanely, and animal movements are monitored to prevent the spread of diseases such as Rabies, Anthrax and Foot and Mouth.
- **Health and Safety** protects the health, safety and welfare of staff, contractors and any member of the public affected by workplace activities by working with others to ensure risks in the workplace are managed properly.
- **Communicable Disease** protects public health by controlling and preventing cases and outbreaks of infectious disease by investigating confirmed sporadic and outbreak cases of communicable disease.
- **Licensing** determines applications for the grant, renewal, variation and transfer of many different authorisations which are the responsibility of the Councils. Applications for licences, certificates, registrations and permits are processed and enforcement undertaken in respect of statutory requirements such as alcohol, public entertainment, gambling, street trading, taxi licences, charitable collections and animal related licensing.
- **The Wales Illegal Money Lending Unit** is one of only 3 units operating across the UK. The Unit covers all 22 Local Authority areas in Wales with the key aim of tackling the problem of illegal money lending. The Unit is both proactive and reactive in its work providing education and promotion across Wales to various social groups and highlighting the dangers of illegal lending.
- Shared Regulatory Services has also adopted a more commercial approach by developing paid for services and marketing them to businesses. These commercial activities enhance and complement existing statutory services and provide income generation for the service.
- **Covid-19** - The unprecedented challenges of the Covid-19 outbreak has seen the service adapt and work in partnership to reduce the transmission of the virus across the region. This continues to be achieved through our significant commitment to the Test Trace and Protect regime, the investigation of clusters and incidents, the provision of advice to business to operate safely, and the creation of enforcement teams that ensure compliance with regulations and self-isolation requirements.

1.2 The Purpose of Our Service Plan

This plan sets out how we will contribute towards achieving the Council's vision in its corporate Plan 2020-25 – '**Working together for a Brighter Future**'. It outlines our key priorities for the coming year and how we will manage our resources to deliver them.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

Our Council's priorities are contained in the Corporate Plan 2020-25 and are expressed as Well-being Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan.

Our Corporate Plan 2020-25 Well-Being Objectives
Objective 1: To work with and for our communities
Objective 2: To support learning, employment and sustainable economic growth
Objective 3: To support people at home and in their community
Objective 4: To respect, enhance and enjoy our environment

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure that all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The contribution our service will make to the Well-being Goals is highlighted throughout our Service Plan.

1.3 How We Work: Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a 'sustainable development principle' which is at the core of all our activities. For our service, the sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.

- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response, our Corporate Plan 2020-25 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver on the Council's commitments as outlined in the Annual Delivery Plan 2022/23.

2. Managing our Resources to Deliver Our Priorities

Our integrated approach to corporate business planning via the Insight Board brings together all of our key strategic priorities, the five ways of working and our resources to enable us to make the connections needed and take appropriate steps that will maximise our opportunities for achieving multiple benefits for Vale citizens whilst contributing to our Well-being Objectives and the national goals.

An Annual Delivery Plan (ADP) is developed each year in consultation with our elected members, partners, citizens and staff. The Annual Delivery Plan for 2022/23 outlines the high-level activities that the Council intends to take over the coming financial year to demonstrate what actions will be taken to meet our well-being objectives and priorities as outlined in our Corporate Plan. This year our Annual Delivery Plan continues to reflect the impact COVID-19 and our recovery priorities. The Service Plans will play an integral role in delivering both the Annual Delivery Plan and our Recovery Strategy. With this in mind the service planning process has been designed to consider all these key planning documents to inform the identification of service plan activities. In doing this, it will enable us to ensure progress against the ADP and Recovery Strategy can be monitored in tandem via our Corporate Performance Framework.

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meet our citizens' needs. The priorities for our service relating to digital, assets, finance, procurement, risk management and workforce are reflected (where applicable) in the action plan at **Appendix A**.

Our workforce comprises 184 full time equivalent employees. Our ambition in the coming year is to improve workforce resilience, development and overall well-being to support delivery of the Council's Recovery Strategy and Annual Delivery Plan 2022/23 following the COVID-19 pandemic. We will do this by further strengthening our supportive team culture, responding positively and proactively to reduce rates of sickness absence and supporting people to stay healthy at work, remotely or otherwise and maintaining our investment in future proofing the skills of our workforce. One of the key workforce challenges we are facing is the inability to recruit and retain professional officers to vacant posts and we are working to address these issues in the coming year.

Our estimated budget for 2022/23 is £8,331,000 (across all three Authorities). This year our financial position remains especially challenging given the emerging impacts of the COVID-19 pandemic. Our ambition in the coming year is to take advantage of the transformational opportunities brought about by our response and recovery from the COVID-19 pandemic. We will work towards achieving value for money in delivery of our critical services by maximising those opportunities to optimise the use of our resources, whilst ensuring sustainability of those services.

This approach is consistent with the Council's Recovery Strategy and our performance requirements under the Local Government & Elections (Wales) Act 2021.

Digital

As part of the recovery digital will be a key priority and we will continue to maximise mobile working opportunities by reviewing ICT and mobile working needs across the service including evaluating options for virtual communication between staff and other stakeholders to ensure service continuity.

3. Risk Evaluation

3.1 Corporate and Service Risks

Identifying and analysing the risks to our service at both the service level and corporate level is a fundamental aspect of understanding what could prevent us from meeting our Well-being Objectives and priorities as set out in the Corporate Plan 2020-25.

Appendix B outlines our Corporate and Service specific risks along with their scoring (as at April 2022).

For corporate risks that require further mitigation, actions (where relevant) have been identified for delivery in 2022/23 and these are outlined in **Appendix B**. Not all risks will necessitate a mitigating activity across all service areas. Some risks will already be effectively managed through existing controls that are in place, whilst for others there may be no further mitigating activity that is applicable.

Shared Regulatory Services Action Plan 2022/23

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitment/s	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.
WO1.1	Improve engagement and consultation with stakeholders including service users and residents and review the effectiveness of current mechanisms used to access Shared Regulatory Services.	ADP/01	Prosperous Wales Resilient Wales Healthier Wales Equal Wales Wales of Cohesive Communities Globally Responsible Wales	01/04/2022-31/03/2023	Jason Bale, Christina Hill and Will Lane	SRS/A001
WO1.2	Maximise mobile working opportunities by reviewing ICT and mobile working needs across the service including evaluating options for virtual communication between staff and other stakeholders to ensure service continuity.	ADP/01	Resilient Wales Healthier Wales Equal Wales Wales of Cohesive Communities Globally Responsible Wales	01/04/2022-31/03/2023	Jason Bale, Christina Hill and Will Lane	SRS/A002
WO1.2	Formulate and progress the next SRS three-year financial programme (2021-2024) with all three partner Councils.	ADP/05	Resilient Wales Healthier Wales Equal Wales Wales of Cohesive Communities Globally Responsible Wales	01/04/2022-31/03/2023	Helen Picton, Jason Bale, Christina Hill and Will Lane	SRS/A003
WO1.2	Implement the actions within the Directorate Recovery Plan to address the impact of COVID-19 on our services, service users and their families and communities.	ADP/05	Resilient Wales Healthier Wales Equal Wales Wales of Cohesive Communities Globally Responsible Wales	01/04/2022-31/03/2023	Helen Picton, Jason Bale, Christina Hill and Will Lane	SRS/A004

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitment/s	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.
WO1.6	Further develop a recruitment strategy together with retention initiatives to address professional skill gaps within the Shared Regulatory Service.	ADP/12	Resilient Wales Healthier Wales Equal Wales	01/04/2022- 31/03/2023	Jason Bale, Christina Hill and Will Lane	SRS/A005
WO1.6	Promote and encourage staff involvement in directorate and corporate staff engagement and well-being initiatives and proactively support staff development in line with the new ways of working	ADP/12	Resilient Wales Healthier Wales Equal Wales	01/04/2022- 31/03/2023	Jason Bale, Christina Hill and Will Lane	SRS/A006
WO1.6	Further develop succession planning arrangements as part of the corporate succession plan pilot in order to retain expertise and skills especially in business-critical areas for the long term	ADP/12	Resilient Wales Healthier Wales Equal Wales	01/04/2022- 31/03/2023	Jason Bale, Christina Hill and Will Lane	SRS/A007
WO3.1	Encourage healthy lifestyles by delivering the actions set out within the Communicable Disease and Health Service Plan, Health and Safety Enforcement Service Plan and Food and Feed Law Service Plan.	ADP/26	Prosperous Wales Resilient Wales Healthier Wales Equal Wales Globally Responsible Wales	01/04/2022- 31/03/2023	Christina Hill	SRS/A008
WO3.8	Work in partnership to safeguard the vulnerable to ensure that children are protected from harmful substances and products, older people are protected from rogue traders and scams and vulnerable people are not subject	ADP/37 ADP/19	Prosperous Wales Resilient Wales Healthier Wales Equal Wales Wales of Cohesive Communities	01/04/2022- 31/03/2023	Christina Hill, Jason Bale	SRS/A009

Well-being Objective	Service Action	Contribution to our Annual Delivery Plan Commitment/s	Contribution to Well-being Goals	Start / Finish date	Responsible Officer /Resources required	Action Ref No.
	to exploitation, slavery and exploitation.		Globally Responsible Wales			
WO3.8	Contribute to the safeguarding agenda, by delivering the SRS elements of the Corporate Safeguarding Group Work Plan	ADP/37	Wales of Cohesive Communities Globally Responsible Wales	01/04/2022-31/03/2023	Helen Picton, Jason Bale, Christina Hill and Will Lane	SRS/A010
WO3.10	Work in partnership to respond to the Covid-19 pandemic by leading on the Test, Trace, Protect service, supporting businesses and high risk care settings to operate safely and enforcing regulations and self-isolation requirements.	ADP/24 ADP/05	Prosperous Wales Resilient Wales Healthier Wales Equal Wales Globally Responsible Wales	01/04/2022-31/03/2023	Christina Hill, Jason Bale and Will Lane	SRS/A011
WO3.10	Support victims of illegal money lending to access debt advice, rebuild their finances and make a sustainable transition to legal credit and carry out enforcement to remove loan sharks from communities.	ADP/38 ADP/37 ADP/19	Prosperous Wales Healthier Wales Equal Wales Wales of Cohesive Communities	01/04/2022-31/03/2023	Jason Bale	SRS/A012

	the environment, support the local economy and maximise the use of resources.		Wales of Cohesive Communities Wales of Vibrant Culture & Thriving Welsh Language Globally Responsible Wales			
WO4.1	Support the implementation of the Project Zero Climate Change Challenge Plan through the delivery of regulatory activities that contribute to the reduction of carbon emissions.	ADP/45	Resilient Wales Healthier Wales Globally Responsible Wales A Prosperous Wales	01/04/2022-31/03/2023	Christina Hill, Will Lane, Jason Bale	SRS/A015
WO4.7	Undertake local air quality assessments and review the data to ensure that national air quality objectives continue to be achieved	ADP/57 ADP/45	Resilient Wales Healthier Wales Globally Responsible Wales A Prosperous Wales	01/04/2022-31/03/2023	Jason Bale	SRS/A016

Risk Evaluation: Shared Regulatory Services 2022/23

Corporate Risks

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
<p>CR1: Reshaping The Council fails to deliver the Reshaping Services Programme and does not utilise alternative methods of service delivery and other approaches to mitigate the impact of budget reductions and demand for services which could result in further cuts to services impacting on their availability and quality.</p>	2	2	(4) Medium	<p>Formulate and progress the next SRS three-year financial programme (2021-2024) with all three partner Councils.</p> <p>Maximise mobile working opportunities by reviewing ICT and mobile working needs across the service including evaluating options for virtual communication between staff and other stakeholders to ensure service continuity.</p>
<p>CR2: Legislative Change and Local Government Reform Inability to appropriately respond/adapt to new and emerging legislative change and reform developments across the breadth of Council services.</p>	2	3	(6) Medium	No further mitigating actions identified.
<p>CR5: Workforce Needs Inability to anticipate and plan for workforce needs in the future in order to meet the changes in demand and provision of services.</p>	4	2	(8) Medium/ High	<p>Promote and encourage staff involvement in directorate and corporate staff engagement and well-being initiatives and proactively support staff development in line with the new ways of working. (ADP/012)</p> <p>Further develop a recruitment strategy together with retention initiatives to address professional skill gaps within the Shared Regulatory Service.</p> <p>Further develop succession planning arrangements as part of the corporate succession plan pilot in order to retain expertise and skills especially in business-critical areas for the long term.</p>

Risk description	Residual Risk Score (as at Feb 2022)			Risk Mitigating actions
	Likelihood	Impact	Residual risk	
CR6: Information Security Failure to implement adequate information management controls and systems across the Council.	2	3	(6) Medium	Undertake a review of information security against GDPR regulations.
CR7: Environmental Sustainability Failure to reduce our carbon foot print and mitigate against the impact/effects of climate change.	2	3	(6) Medium	Support the implementation of the Project Zero Climate Change Challenge Plan through the delivery of regulatory activities that contribute to the reduction of carbon emissions
CR10: Safeguarding Failure to meet our statutory responsibilities for responding effectively to situations where people are at risk of neglect or abuse.	2	2	(4) Medium	Contribute to the safeguarding agenda, by delivering the SRS elements of the Corporate Safeguarding Group Work Plan. (ADP/038) Work in partnership to safeguard the vulnerable to ensure that children are protected from harmful substances and products, older people are protected from rogue traders and scams and vulnerable people are not subject to exploitation, slavery and exploitation. Support victims of illegal money lending to access debt advice, rebuild their finances and make a sustainable transition to legal credit and carry out enforcement to remove loan sharks from communities.
CR14: Brexit Failure to effectively identify and respond to the changing policy and legislative landscape as a result of 'Brexit' and the impact this has on our ability to deliver services to our citizens	3	3	(9) Medium/High	Maintain oversight of Brexit developments as related to the remit of SRS and reflect any changes in legislative, policy and practice as appropriate.
CR16: COVID-19 1) Response: Capacity to maintain service continuity of business-critical services. 2) Recovery: Ability to address longer term impact of COVID on our services, citizens and communities. E.g. downturn in the economy, unemployment,	2	4	(8) Medium / High	Implement the actions within the Directorate Recovery Plan to address the impact of COVID-19 on our services, service users and their families and communities. Work in partnership to respond to the Covid-19 pandemic by leading on the Test, Trace, Protect

	Likelihood	Impact	Residual risk	
poverty, lower educational attainment, long term health and social care issues, as well as the emergence of inequalities across BAME groups.				service, supporting businesses and high risk care settings to operate safely and enforcing regulations and self-isolation requirements.

Service Level Risks-

Mitigating actions identified by the Service in relation to the Corporate Risks referenced above will also contribute towards mitigating the service level risks listed below.

Risk Description	SRS Business Plan Ref	Likelihood	Impact	Residual	Risk Status
SRS/SR1: Insufficient resources, and capacity to deliver planned services will result in loss of service provision and reduction in performance.	RR1	4	3	12	High
SRS/SR2: Inability to recruit professional officers to vacant posts.	RR2	3	3	9	Medium/High
SRS/SR3: The complexities of resource allocation may result in a lack of understanding and misalignment of resources.	RR3	2	2	4	Medium
SRS/SR4: The lack of functioning ICT systems could hinder the ability to work as a single service unit and affect the Service's ability to work smarter and more efficiently.	RR4	2	3	6	Medium
SRS/SR5: Failure to identify and resource staff learning, and development needs to address changes in roles and immediate needs and long term goals of the service could result capability issues amongst staff which would affect the Service's ability to deliver services.	RR5	2	3	6	Medium

SRS/SR6: Implementation of new legislation may create additional demands on service delivery.	RR6	4	3	12	High
SRS/SR7: An inability to recruit officers to the Duty Officer regime may result in inadequate cover and failure to deal with emergencies out of hours.	RR7	1	2	2	Low
SRS/SR8: The positioning of Shared Regulatory Services under a host authority, together with unique branding may result in the Service becoming divorced from its constituent Councils or marginalised.	RR8	1	2	2	Low

Direction of Travel Key:

↑ - arrow indicates the target has been set to improve on the 2021-22 performance
 ↔ - arrow indicates target has remained the same as the 2021-22 performance
 ↓ - arrow shows the target has been set at a reduced level compared to the 2021-22 performance

Well-being Objective 1

Note: No national benchmarking data reported since 2018/19 due to suspension of national data reporting requirements data due to COVID-19

Proposed New PIs for 2022/23

PI Ref	PI Description	Local /National	Owner	Rationale for Proposal
--------	----------------	-----------------	-------	------------------------

No measures identified

Proposed Deletions 2022/23

PI Description	Local /National	Owner	Rationale for Deletion
----------------	-----------------	-------	------------------------

WO1.1 Improve how we involve, engage and communicate with others about our work and decisions.

CPM/003 (CPM/076)	Percentage residents who are satisfied with communications from the Council.	Local	Rob Jones	The biennial survey is no longer undertaken so this data is not available.
CPM/004 (CPM/065)	The total number of subscribers to Vale Connect.	Local	Tony Curliss	Given the number of subscribers that have been achieved to date, this no longer an appropriate measure. Instead we could amend to look at engagement rates however, this would be the responsibility of topic owners.

WO1.3 Develop our strong culture of good customer service aligned to the Council's values of being ambitious, open, together and proud.

CPM/018 (CPM/222)	Percentage of customers satisfied overall with services provided by the Council.	Local	Rob Jones	This measure is populated via data from the Public Opinion Survey which is no longer undertaken in its current format. Customer satisfaction continues to be gauged across council services through other mechanisms including social media and service specific surveys. This will be reflected within the relevant quarter's performance commentary as appropriate.
CPM/019 (CPM/007)	Percentage of service desk calls/tickets resolved within agreed timescales.	Local	Nick Wheeler	Service management data to be reflected in performance commentary each quarter. Delete for 2022/23

WO1.4 Promote equality of opportunity and work with the community to ensure we are responsive to the diverse needs of our customers.

CPM/025 (AD/032)	The total number of adults during the year where the need for an independent professional advocate was identified	National	Suzanne Clifton	Service Activity Metric -Management Information (MI). Data will be reflected within performance commentary. Commentary of service action AS/A002 can include this figure
CPM/022 (CPM/077)	Percentage of black, minority and ethnic respondents to corporate consultation and engagement exercises.	Local	Rob Jones	This measure is populated via data from the Public Opinion Survey which is no longer undertaken in its current format. In line with our Public Engagement NDS Participation strategy, there is a focus on engaging hard to reach/diverse groups in all corporate consultation and engagement exercises.

Direction of Travel Key:
 ↑ - arrow indicates the target has been set to improve on the 2021-22 performance
 ↔ - arrow indicates target has remained the same as the 2021-22 performance

Learning and Culture
CPM/130	Percentage of C4W people engaged against target	Local	Mark Davies	Learning & Skills	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	15%	15%	93%	N/A	N/A	N/A	15%	↔	Proposed target reflects impact of COVID.	Learning and Culture
CPM/131	Percentage of C4W+ people engaged against target	Local	Mark Davies	Learning & Skills	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	40%	40%	108%	N/A	N/A	N/A	40%	↔	Proposed target reflects impact of COVID.	Learning and Culture
WO2.5 Work with partners to ensure people can access appropriate money advice, information and debt support relating to housing, benefits, education, training and employment.																		
CPM/046 (CPM/259)	Number of tenancies maintained six month after receiving Money Advice.	Local	Nick Jones	Environment and Housing	New PI for 2019/20	New PI for 2019/20	New PI for 2019/20	200	200	200	Annual Measure	N/A	N/A	N/A	200	↔	This is a realistic target which will ensure a significant number of tenancies are sustained	Homes and Safe
WO2.6 Support and promote volunteering and community learning recognising the range of benefits to individuals and the community.																		
No measures identified																		
WO2.7 Work as part of the Cardiff Capital Region to progress strategic planning and transport initiatives and promote sustainable economic growth and employment.																		
CPM/047 (CPM/161)	Value of investment levered into the Council that is dedicated to transport improvement schemes.	Local	Emma Reed	Environment & Housing	No data	£537,739	£526823	£600,000	600k	600K	Annual measure	N/A	N/A	N/A	600K	↔	Some transport funding has fallen in favour of other services so a static figure is considered acceptable.	Environment & Regeneration

WO2.8 Support economic growth through regeneration, improved infrastructure and support for town centres, tourism and industry																		
CPM/048 (CPM/158)	Public satisfaction with facilities on Barry Island where they are rated as 'Good' or 'Excellent'	Local	Colin Smith	Managing Director/ Resources	97.10%	95.19%	92%	93%	No Target	No target	Annual measure	N/A	N/A	N/A	93%	N/A	Challenging target to achieve the pre pandemic performance of 93%, considering that there may be staff shortages this year in relation to Covid-19.	Environment & Regeneration
CPM/049 (CPM/257)	The number of jobs created in the Vale of Glamorgan Enterprise Zone	Local	Marcus Goldsworthy	Managing Director/ Resources	New PI for 18/19	New PI for 18/19	New PI for 18/19	N/A	No Target	No Target	Annual measure	N/A	N/A	N/A	No Target	N/A	Target is not appropriate as it is a WG PI. This is a reporting mechanism only	Environment and Regeneration
CPM/052 (CPM/021)	The percentage of householder planning applications determined within 8 weeks or subject to Planning Performance Agreement or Extension of Time.	Local	Victoria Robinson	Managing Director/ Resources	95.75%	95.16%	90%	93%	93%	93%	96.20%	N/A	N/A	N/A	93%	↔	The proposed target maintains the target of 21/22 and is realistic whilst being mindful of dealing with a consistently high level of applications and increased administrative burden.	Environment and Regeneration
CPM/053 (CPM/078)	Average vacancy rate in the Vale's main town centres. (IO)	Local	Phil Chappell	Managing Director/ Resources	8.2	8.8	9.3	8.5	12%	12%	Annual measure	N/A	N/A	N/A	12%	↔	Vacancy rates differ across the Vale with Holton Road and Cowbridge struggling in particular. Llantwit Major, Penarth and Broad Street have very low vacancy rates. Given the challenges facing Town Centres a static target would seem appropriate. 12% is still around 5% lower than the national Welsh average	Environment and Regeneration
CPM/054 (CPM/242)	Amount of £106 money spent in the financial year.	Local	Victoria Robinson	Managing Director/ Resources	New PI for 18/19	New PI for 18/19	2226161	No Target	No Target	No target	Annual measure	N/A	N/A	N/A	No Target	N/A	This changes year-to-year depending on the amount of contributions received, the Capital programme for spend and the type of projects being delivered. This PI is for reporting purposes only.	Environment and Regeneration
CPM/060 (CPM/239)	Percentage of Listed Building applications determined within 8 weeks or subject to Planning Performance Agreement or Extension of Time.	Local	Victoria Robinson	Managing Director/ Resources	New PI for 18/19	New PI for 18/19	71.4	62.0	75%	75%	92.30%	N/A	N/A	N/A	80%	↓	All Wales performance indicator suggests over 80% is good performance	Environment and Regeneration
CPM/061 (CPM/020) (PAM/018)	The percentage of all planning applications determined within 8 weeks or subject to Planning Performance Agreement or Extension of Time	Local	Victoria Robinson	Managing Director/ Resources	91.02%	92.16%	91%	90%	92%	92%	94.10%	No data available for 2020-21	No data available for 2020-21	N/A	92%	↔	All Wales performance indicator suggests over 80% is good performance. The 92% target is aiming for top quartile performance.	Environment and Regeneration
CPM/062 (CPM/156) (PAM/019)	Percentage of all appeals dismissed	Local	Victoria Robinson	Managing Director/ Resources	57.89%	61.9%	72%	66%	72%	75%	Annual measure	No data available for 2020-21	No data available for 2020-21	N/A	75%	↑	National Performance Indicator target is 66% and considered good performance	Environment and Regeneration
CPM/133	Number of local businesses advised in relation to funding, business planning and new start-ups.	Local	Phil Chappell	Managing Director/ Resources	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	No Target	No target	Annual measure	N/A	N/A	N/A	40	N/A	A relatively low target, given the loss of Creative Rural Communities team where we have not replaced	Environment and Regeneration
CPM/135	Number of community led organisations that are financially supported	Local	Phil Chappell / Charlotte Raine	Managing Director/ Resources	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	No Target	No target	Annual measure	N/A	N/A	N/A	15	N/A	This will include the Strong Communities Grant scheme but it is hard to set specific targets as the amount awarded is dependent on the amount of funding received (Suggest we amend PI in 2022/23 to also include 3rd party awards of \$106 funding) if this is measured across the Council?	Environment and Regeneration

Additional National Performance Indicator Measures

WO2.1 Ensure there is appropriate access to quality early years, nursery and education provision enabling people to achieve their best possible outcomes whatever their age																		
PAM/040	Percentage of Welsh Public Library Standards Quality Indicators (with targets) achieved by the library service.	National	Phil Southard	Learning & Skills	New PI for 2018/19	New PI for 2018/19	8.38	No Target	No Target	No target	Annual Measure	N/A, no data available for 2020-21	N/A, no data available for 2020-21	N/A	No target	N/A	Maintain current performance levels, given COVID impact.	Learning and Culture
WO2.4 Work with education, training providers, businesses and other agencies to provide a range of advice, support and training opportunities which improve people's skills and readiness for work.

WO2.8 Support economic growth through regeneration, improved infrastructure and support for town centres, tourism and industry																		
PAM/022 (THS/012c)	Percentage of non-principle C roads that are in overall poor condition.	National	Nathan Thomas	Environment & Housing	11.20%	10.5%	9.70%	10.50%	10%	11.20%	Annual measure	5.1%	12.8%	N/A	11.20%	↔	Proposed target reflects the very challenging situation as insufficient funding is being provided for resurfacing to maintain these roads.	Environment and Regeneration
PAM/021 (THS/012b)	Percentage of principle B roads that are in overall poor condition.	National	Nathan Thomas	Environment & Housing	4.20%	4.2%	4.10%	3.90%	3%	9.20%	Annual measure	3.0%	4.1%	N/A	9.20%	↔	Proposed target reflects the very challenging situation as insufficient funding is being provided for resurfacing to maintain these roads.	Environment and Regeneration
PAM/020 (THS/012a)	Percentage of principle A roads that are in overall poor condition.	National	Nathan Thomas	Environment & Housing	5.90%	6.5%	6.30%	4.5%	4%	5.90%	Annual measure	2.7%	3.5%	N/A	5.90%	↔	Proposed target reflects the very challenging situation as insufficient funding is being provided for resurfacing to maintain these roads.	Environment and Regeneration

Proposed New PIs for 2022/23				Rationale for Proposal
	PI Description	Local /National	Owner	
New	Number of Community led organisations advised	Local	Phil Chappell	This will allow us to include all advice given to both groups and community councils on matters relating to funding, business planning, community mapping and climate change.
New	Number of businesses financially supported	Local	Phil Chappell	This allows us to include both start-up and existing businesses
Proposed Deletions 2022/23				Rationale for Deletion
	PI Description	Local /National	Owner	
WO2.1 Ensure there is appropriate access to quality early years, nursery and education provision enabling people to achieve their best possible outcomes whatever their age				
PAM/032	Average Capped 9 score for pupils in year 11.	National	Carys Pritchard	Unclear at moment what is the situation moving forwards in relation to KS4 performance measures. WG have suspended the measures for the 2020-21 and 2021-22 academic years.
CPM/040 (CPM/091)	Percentage of schools judged good or better by Estyn (in all 5 judgements).	Local	Carys Pritchard	The new Estyn inspection framework is due to be piloted in spring 2022. There are no overall judgements in the new pilot framework so it will be impossible to measure progress against this target.
CPM/041 (CPM/034)	The percentage of school days lost due to fixed-term exclusions during the academic year in primary schools.	Local	Martin Dacey	As per WG relaxation of school/local authority reporting requirements, performance and attendance data for the 2021/22 academic year will not be reported as the data will be incomparable to previous years. Delete for 2022/23 (2021/22 academic year)
CPM/042 (CPM/035)	The percentage of school days lost due to fixed-term exclusions during the academic year in secondary schools.	Local	Martin Dacey	As per WG relaxation of school/local authority reporting requirements, performance and attendance data for the 2021/22 academic year will not be reported as the data will be incomparable to previous years. Delete for 2022/23 (2021/22 academic year)
CPM/038 (CPM/036 (PAM/007))	Percentage of pupil attendance in Primary schools.	National	Martin Dacey	As per WG relaxation of school/local authority reporting requirements, performance and attendance data for the 2021/22 academic year will not be reported as the data will be incomparable to previous years. Delete for 2022/23 (2021/22 academic year)
CPM/039 (CPM/037 (PAM/008))	Percentage of pupil attendance in Secondary schools.	National	Martin Dacey	As per WG relaxation of school/local authority reporting requirements, performance and attendance data for the 2021/22 academic year will not be reported as the data will be incomparable to previous years. Delete for 2022/23 (2021/22 academic year)
WO2.8 Support economic growth through regeneration, improved infrastructure and support for town centres, tourism and industry				
CPM/050 (CPM/087)	Total number of visitors to the Vale of Glamorgan for Tourism purposes (as measured by STEAM survey).	Local	Phil Chappell	The STEAM Survey data is over a year and a quarter old when published so does not fall within our annual reporting timeframe. Our performance in relation to the survey will be reflected in the relevant quarter's performance commentary when data is received.
CPM/051 (CPM/241)	Amount of £106 money secured in the financial year.	Local	Victoria Robinson	This is for reporting purposes only and will be reflected with performance commentary. Delete for 2022/23.
CPM/055 (CPM/253)	Total number of staying visitors to the Vale of Glamorgan for tourism purposes (as measured by STEAM survey).	Local	Phil Chappell	The STEAM Survey data is over a year and a quarter old when published so does not fall within our annual reporting timeframe. Our performance in relation to the survey will be reflected in the relevant quarter's performance commentary when data is received.
CPM/056 (CPM/254)	The percentage of staying visitors to the Vale of Glamorgan for tourism purposes that have a serviced stay (this includes hotels, guest houses and B&Bs) (as measured by STEAM survey).	Local	Phil Chappell	The STEAM Survey data is over a year and a quarter old when published so does not fall within our annual reporting timeframe. Our performance in relation to the survey will be reflected in the relevant quarter's performance commentary when data is received.
CPM/057 (CPM/088)	Percentage of customers satisfied with Heritage Coast Project as determined via satisfaction survey.	Local	Phil Chappell	Proposed deletion because the Heritage Coast Centre no longer operates as a Visitor Centre.
CPM/058 (CPM/255)	The percentage of staying visitors to the Vale of Glamorgan for tourism purposes that have a non-serviced serviced stay (this includes self-catering, C&C and alternative e.g. Shepherds Huts etc) (as measured by STEAM survey).	Local	Phil Chappell	The STEAM Survey data is over a year and a quarter old when published so does not fall within our annual reporting timeframe. Our performance in relation to the survey will be reflected in the relevant quarter's performance commentary when data is received.
CPM/059 (CPM/256)	The percentage of staying visitors to the Vale of Glamorgan for tourism purposes that have a SFR stay (staying with friends or relatives) (as measured by STEAM survey).	Local	Phil Chappell	The STEAM Survey data is over a year and a quarter old when published so does not fall within our annual reporting timeframe. Our performance in relation to the survey will be reflected in the relevant quarter's performance commentary when data is received.
CPM/132	Number of community lead organisations advised to deliver our regeneration priorities	Local	Phil Chappell	Community led organisations are advised on wider matters than this, a replacement PI has been proposed for 2022/23 to reflect this.
CPM/134	Number of new business start-ups that have received support from the Council	Local	Phil Chappell	Wording needs to be specific around financial support, a replacement PI has been proposed for 2022/23 to reflect this.
WO2.4 Work with education, training providers, businesses and other agencies to provide a range of advice, support and training opportunities which improve people's skills and readiness for work.				
CPM/045 (CPM/100)	Percentage of those taking up the Digital Champion service who report feeling more confident in using ICT on a day to day basis.	Local	Tony Curliss	This measure needs to be reviewed given changes in responsibility for delivery of digital and digital inclusion.

Healthy Living and Social Care
WO3.7 Work with our partners to ensure timely and appropriate mental health and emotional well-being support.																		
No Measures																		
WO3.8 Undertake our safeguarding duties to protect people from harm.																		
No Measures																		
WO3.9 Work in partnership to develop cohesive communities and promote community safety.																		
CPM/088 (CPM/124)	Percentage of domestic abuse victims that report that they feel safer as a result of target hardening.	Local	Deb Gibbs	Environment & Housing	100%	100%	100.00%	100.00%	100%	100%	96%	N/A	N/A	N/A	100%	↔	Target is achievable in line with previously matched expectations and can't increase.	Homes and Safe Community
WO3.10 Keep people safe through strong and resilient emergency planning and regulatory services which protect the public, consumers and business.																		
No Measures																		
WO3.11 Increase the supply of good quality, accessible and affordable housing by working in partnership to address housing need.																		
CPM/089 (CPM/237)	Number of additional affordable housing units granted planning permission during the year as a percentage of all additional housing units granted planning permission during the year.	Local	Victoria Robinson	Managing Director/ Resources	New PI for 2018/19	New PI for 2018/19	42.9	31%	19%	31%	Annual measure	N/A	N/A	N/A	34%	↑	Target is set within the Local Development Plan which identifies up to 3252 affordable residential units compared to 9460 new residential units overall	Environment and Regeneration
CPM/090 (CPM/234 (PAM/038))	Percentage of local authority self-contained housing stock units that are compliant with the Welsh Housing Quality Standard (WHQS), subject to acceptable fails, at 31 March.	National	Andrew Treweek	Environment and Housing	New PI for 2018/19	New PI for 2018/19	100.00%	100.00%	100%	100%	100%	N/A No data available for 202-21	N/A No data available for 202-21	N/A	100%	↔	Until WHQS 2 is introduced the current stock meets WHQS with the number of acceptable fails reducing as work programmes to address time related issues are delivered.	Homes and Safe Community

CPM/091 (CPM/260)	The percentage of tenants satisfied with the programmed works.	Local	Andrew Treweek	Environment and Housing	New PI for 2019/20	New PI for 2019/20	New PI for 2019/20	85.00%	85%	85%	Annual Measure	N/A	N/A	N/A	85%	↔	This level of satisfaction using the current scoring method remains very high and provides a good indication of service delivery.	Homes and Safe Community
CPM/092 (CPM/010)	Average number of working days to let an empty property ((standard condition). (Housemark)	Local	Nick Jones	Environment & Housing	28	18.96	18.98	20.00	21	19.57	21.6	N/A	N/A	N/A	20	↔	This is a competitive but realistic target which means we compare favourably with other housing organisations	Homes and Safe Community
CPM/093 (CPM/026)	Percentage of people who have received a Disabled Facilities Grant who feel the assistance has made them safer and more independent in their own home.	Local	Phil Chappell	Managing Director/ Resources	99.34%	100%	100%	97%	97%	80%	Annual measure	N/A	N/A	N/A	80%	↓	Target reflects COVID related challenges. Delays due to covid are bound to lead to frustration from clients. E.g. Appointed contractors are pulling out on safety grounds and waiting lists for OT consults are growing.	Healthy Living and Social Care
CPM/094 (CPM/027) (PAM/015)	Average number of calendar days taken to deliver a Disabled Facilities Grant.	National	Phil Chappell	Managing Director/ Resources	166.51	188.15	194.73	190	190	350	340	208	261	N/A	350	↓	Target reflects COVID challenges. Delays due to covid and backlog will prove challenging, but team will do as much as they can to get back on track. Estimate across Wales is around 3 years to get back to pre covid levels. Increase in materials cost are also preventing contractors from working off the framework costs.	Homes and Safe Community
CPM/095 (CPM/064) (PAM/013)	The percentage of private sector dwellings that have been vacant for more than six months at 1 April that were returned to occupation during the year through direct action from the local authority.	National	Phil Chappell	Managing Director/ Resources	13.79%	7.56%	14.06%	9.00%	10%	10%	Annual Measure	6.2%	4.50%	N/A	8%	↓	Target reflects COVID challenges. Due to the direct and indirect effect of the pandemic, delays have been caused with property sales and renovations. There still seems to be a backlog with Land Registry and what's more the operating environment for contractors continues to be challenging. People are experiencing long waits for quotes from contractors and long lead in times for works to commence and complete. Some others have suffered personally from the pandemic, which has meant that their empty property has not been a matter of priority.	Homes and Safe Community
CPM/137 (PAM/039)	Number of new accessible/adapted homes delivered	Local	Mike Ingram	Environment & Housing	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	New PI for 2020/21	No Target	0	N/A	N/A	N/A	9	N/A	This target reflects the number of units within planned new housing developments, which are scheduled to be built next year.	Homes & Safe Communities
(PAM/039)	Percentage of rent debt lost due to lettable units of permanent accommodation being empty during the year.	National	Nick Jones	Environment and Housing	New PI for 2018/19	New PI for 2018/19	0.67	1%	No Target	1.50%	0.00%	1.70%	2.50%	N/A	2%	↓	Proposed target reflects a number of complex voids on hold, pending major work or disposal.	Homes and Safe Community

WO3.12 Provide housing advice and support to prevent homelessness.

CPM/096 (CPM/012)	Percentage of all households where a positive prevention action succeeded in preventing/relieving homelessness.	Local	Nick Jones	Environment & Housing	68.63%	72.47%	70.97%	80.00%	80%	70%	Annual measure	N/A	N/A	N/A	40%	↓	Changing legal and regulatory requirements have removed priority needs and vulnerability checks making prevention very difficult and resulting in increases in single people in bed and breakfast accommodation	Homes and Safe Community
-------------------	---	-------	------------	-----------------------	--------	--------	--------	--------	-----	-----	----------------	-----	-----	-----	-----	---	---	--------------------------

Additional National Performance Indicator Measures

WO3.1 Encourage people of all ages to have active and healthy lifestyles to promote better physical and mental well-being

PAM/042	Percentage of NERS clients whose health had improved on completion of the exercise programme.	National	Dave Knevet	Environment & Housing	New PI for 2018/19	New PI for 2018/19	New PI for 2018/19	64.61%	91%	No target	100.00%	N/A No data available for 2020-21	N/A No data available for 2020-21	N/A	No Target	N/A	Given so many unknowns in regards to Leisure services (possible lockdowns etc.)	Healthy Living & Social Care
PAM/017 (LCS/002b)	Number of visits to local authority sport and leisure facilities during the year where the visitor will be participating in physical activity per 1,000 population.	National	Dave Knevet	Environment & Housing	6,028	6,056	11439.44	11368.00	11370	No target	1138	1,326.0	1,082.0	8,502	No Target	N/A	Given so many unknowns in regards to Leisure services (possible lockdowns etc.)	Healthy Living & Social Care

WO3.5 Provide care and support to children and families in need which reflects their individual strengths and circumstances.

PAM/028	The percentage of assessments completed for children within statutory timescales.	National	Rachel Evans	Social Services	New PI for 16/17	71.76%	65.46%	91%	No Target	85%	50	N/A No data available for 2020-21	N/A No data available for 2020-21	N/A	65%	↑	Target based on current Q3 2021/22 and the last 2 years performance and is designed to again challenge the service area to ensure all assessments are completed in a timely manner.	Healthy Living and Social Care
PAM/029	The percentage of looked after children on 31 March who have had three or more placements during the year.	National	Rachel Evans	Social Services	9.80%	8.93%	11.48%	9%	No Target	9%	3.8	N/A No data available for 2020-21	N/A No data available for 2020-21	N/A	9	↔	This target remains a challenging target given the complex needs of some of our current LAC population .	Healthy Living and Social Care

WO3.10 Keep people safe through strong and resilient emergency planning and regulatory services which protect the public, consumers and business.

PAM/023	Percentage of food establishments which are 'broadly compliant' with food hygiene standard.	National	Dave Holland	Environment and Housing	90.69%	91.56%	95.4%	95.91%	94.00%	94.00%	97.20%	97.53%	96.20%	N/A	94.00%	↔	This target is consistent across the three partner authorities.	Homes and Safe Community
---------	---	----------	--------------	-------------------------	--------	--------	-------	--------	--------	--------	--------	--------	--------	-----	--------	---	---	--------------------------

WO3.11 Increase the supply of good quality, accessible and affordable housing by working in partnership to address housing need.

PAM/045	Number of additional dwellings created as a result of bringing empty properties back into use	National	Phil Chappell	Managing Director/ Resources	New PI for 2019/20	New PI for 2019/20	New PI for 2019/20	No Target	5	8	Annual Measure	N/A No data available for 2020-21	108	N/A	5	↔	Proposed target reflects COVID challenges. Due to the direct and indirect effect of the pandemic, delays have been caused with property sales and renovations. There still seems to be a backlog with Land Registry and what's more the operating environment for contractors continues to be challenging.	Homes and Safe Community
PAM/037	Average number of days to complete all repairs.	National	Andrew Treweek	Environment and Housing	New PI for 2018/19	New PI for 2018/19	10.33	7.50	8	7.5	5.5	7	9.8	N/A	7.5	↔	Current performance remains well ahead of Wales and national average. Furthermore with increased reporting of repairs following lockdowns, demand may have a negative impact on current performance.	Homes and Safe Community

PAM/036	Number of affordable housing units delivered during the year per 10,000 households.	National	Nick Jones	Environment and Housing	New PI for 2018/19	New PI for 2018/19	18.42	20	20	17	Annual measure	34	26	N/A	20	↑	Proposed target reflects additional SHG funding.	Homes and Safe Community	
WO3.12 Provide housing advice and support to prevent homelessness.																			
PAM/012	Percentage of households threatened with homelessness successfully prevented from becoming homeless.	National	Nick Jones	Environment and Housing	New PI for 2017/18		71.4%	80.17%	80.00%	82%	70%	48.00%	72.1%	65.30%	N/A	40%	↓	Changing legal and regulatory requirements have removed priority needs and vulnerability checks making prevention very difficult and resulting in increases in single people in bed and breakfast accommodation	Homes and Safe Community

Proposed Deletions 2022/23

PI Ref	PI Description	Local /National	Owner	Rationale for Proposal
WO3.3 Promote leisure, art and cultural activities which meet a diverse range of needs.				
CPM/069 (CPM/174)	Percentage of people attending or participating in arts, culture or heritage activities at least 3 times a year.	National	National (WFG dataset)	National Survey of Wales data not published within the annual reporting timeframe. Our performance in relation to this measure will be reflected in the relevant quarter's performance commentary when data is received.
WO3.7- Work with our partners to ensure timely and appropriate mental health and emotional well-being support				
CPM/135(1)	Percentage of schools rated by Estyn as good or excellent in KQ2 "Well-being"	Local	David Davies	The new Estyn inspection framework is due to be piloted in spring 2022. There are no overall judgements in the new pilot framework so it will be impossible to measure progress against this target.
WO3.8 Undertake our safeguarding duties to protect people from harm.				
CPM/087 (AD/020)	The total number of reports of an adult suspected of being at risk received during the year	National	Suzanne Clifton	Service Activity Metric -Management Information (MI). Data will be reflected within performance commentary. Commentary of service action AS/A018 can include this figure

Direction of Travel Key:
 ↑ - arrow indicates the target has been set to improve on the 2021-22 performance
 ↔ - arrow indicates target has remained the same as the 2021-22 performance
Direction of Travel Key:
 ↑ - arrow indicates the target has been set to improve on the 2021-22 performance
 ↔ - arrow indicates target has remained the same as the 2021-22 performance
 ↓ - arrow shows the target has been set at a reduced level compared to the 2021-22 performance

Note: No national benchmarking data reported since 2018/19 due to suspension of national data reporting requirements data due to COVID-19

Well-being Objective 4

National	Colin Smith	Environment & Housing	65.3%	63.21%	67.13%	65.00%	70%	70%	72.76%	68.19%	65.37%	N/A	71%	↑	An aspiration to maintain this high level recycling target in a transition year where phase 3 will be implemented (bringing on Penarth and surrounding areas onto the source separated collection service).	Environment and Regeneration

Proposed Deletions 2022/23

	PI Description	Local /National	Owner	Rationale for Deletion
WO4.3 Protect, preserve and where possible enhance our natural and built environment and cultural heritage.				
CPM/104 (CPM/080)	Percentage of customers satisfied with Country Parks	Local	Phil Chappell	This needs to become a smarter target as some areas of the country parks such as toilets are frequently complained about but we have no control over this.
CPM/140	Number of new events that support the economy of town centres and country parks in line with Welsh Government recommendations	Local	Phil Chappell	Town Centre events in 2021/22 were funded by a corporate events budget from WG. No funding has currently been earmarked for a town centre events programme for 22/23. This isn't just about new events, it should be about all events that are facilitated by the Vale Council in the County. This PI was a timely COVID specific one.

Proposed New PI'S for 2022/23

	PI Description	Local /National	Owner	Rationale for Deletion
WO4.3 Protect, preserve and where possible enhance our natural and built environment and cultural heritage.				
New	Number of visitors to Porthkerry	Local	Phil Chappell	Trends in visitor numbers are an accurate reflection of customer satisfaction
New	Number of visitors to Cosmeston	Local	Phil Chappell	Trends in visitor numbers are an accurate reflection of customer satisfaction
New	Number of events facilitated or financially supported	Local	Phil Chappell	allows us to include events within the corporate budget, externally funded and those supported through the Tourism Team event plan

Appendix C: Service Plan contributions to Corporate Plan 2020-25 commitments as aligned to the remit of Healthy Living and Social Care Scrutiny Committee

Wellbeing Objective 1: To work with and for our communities
<i>We are a modern and forward-looking Council which embraces innovation and works in partnership to ensure services meet the needs of our residents and local communities. We are committed to meeting the needs of the current generation and to leaving a positive legacy for future generations.</i>

WO1.1- Improve how we engage and communicate with others about our work and decisions.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Children and Young People Services	Progress engagement work with children, young people and their families (including those with protected characteristics) beginning with the Parent's Group to help identify and inform service developments.	ADP/3
Resource Management, Safeguarding and Performance	Tender for the delivery of a young person's Regional Advocacy Service.	ADP/3
Resource Management, Safeguarding and Performance	Develop a digital tool to support engagement of residents in our residential care settings.	ADP/3

WO1.2- Work innovatively, using technology, resources and our assets to transform our services so they are sustainable for the future.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Children and Young People Services	Utilising dedicated WCCIS project support, increase and develop CYPS practitioners' capacity and consistency in the use of the system.	ADP/1 ADP/5
Adult Services	Development of online referral forms via website to improve quality of referral advice and to support faster access to information and signposting and into care and support services as required.	ADP/1 ADP/5
Adult Services	Expand the development of SMART houses and review the outcomes of them in terms of impact for citizens in supporting independent living and enhancing their wellbeing.	ADP/1 ADP/5
Resource Management, Safeguarding and Performance	Implementation of digital medication in our residential care homes.	ADP/1

WO1.2- Work innovatively, using technology, resources and our assets to transform our services so they are sustainable for the future.

Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Resource Management, Safeguarding and Performance	Further enhance and develop use of forms within WCCIS to support quality assurance work and enhance customer experience.	ADP/1
Resource Management, Safeguarding and Performance	Implementing the WCCIS workplan within the Performance Champions workstream of the Reshaping Programme.	ADP/1
Resource Management, Safeguarding and Performance	Contribute to WCCIS performance oversight via the NWIS and Senior Management Board to continue identify and support the development of reporting mechanisms for system issues.	ADP/1
Resource Management, Safeguarding and Performance	Implement our quality assurance framework to support the Reshaping programme for Social Services.	ADP/1
Resource Management, Safeguarding and Performance	Recruitment and retention of staff to enable reopening of reablement service within residential care.	ADP/5
Resource Management, Safeguarding and Performance	Establishment of PPE management team to embed processes and to co-ordinate supplies to relevant teams and settings across the council.	ADP/5
Resource Management, Safeguarding and Performance	Reopen 'Bay Unit' at Ty Dyfan as a bridging unit between hospital and home to mitigate capacity issues within the market.	ADP/5
Policy and Business Transformation	Work with Social Services to review Telecare services.	ADP/5
Policy and Business Transformation	Contribute to the development of the Vale Alliance and Wellbeing Matter Service.	ADP/5
Policy and Business Transformation	Utilise the findings from the Wellbeing Assessment to develop a robust evidence base and a new Public Service Board Wellbeing Plan.	ADP/6 ADP/35

WO1.2- Work innovatively, using technology, resources and our assets to transform our services so they are sustainable for the future.

Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Policy and Business Transformation	Co-ordinate council-specific activity with the Vale Heroes group to maximise the availability of appropriate support and signposting to improve the outcomes of citizens and to enhance their wellbeing.	ADP/6 ADP/35 ADP/31
Policy and Business Transformation	Work with Adult Services to develop a customer facing service to enable self-referral to universal services available via the Third Sector.	ADP/6 ADP/35

WO1.4 Promote equality of opportunity and work with the community to ensure we are responsive to the diverse needs of our customers.

Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Children and Young People Services	Complete a review of key elements of Children and Young People Services paperwork to ensure its accessible and child friendly (includes assessments and care plans).	ADP/7
Adult Services	Contribute to the development of Dementia Friendly Communities.	ADP/7
Adult Services	Enhance equality of opportunity and inclusivity by putting the voice of 'lived experience' at the centre of our approach in relation to engagement, participation, service development and recruitment.	ADP/7

Well-being Objective 2: To support learning, employment and sustainable economic growth

We are a Council that understands the importance of a well-educated and skilled population, supporting people of all ages to develop and learn. We are committed to encouraging people's ambitions and to ensuring that individuals and communities are able to prosper and achieve their best.

WO2.1 Ensure there is appropriate access to quality early years, nursery and education provision enabling people to achieve their best possible outcomes whatever their age.

Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Standards & Provision	Work across our schools and youth services to meet the needs and respond to the social, emotional and mental health difficulties of children and young people including work on trauma informed approaches and the Whole School Approach to Mental Health and Well-being.	ADP/14
Additional Learning Needs & Well-being	Work across our educational settings to meet the needs and respond to the social, emotional and mental health difficulties of children and young people including work on trauma informed approaches and the Whole School Approach to Mental Health and Well-being.	ADP/14
Additional Learning Needs & Well-being	Utilise the Children and Communities Grant to target interventions to support children, young people and their families ensuring that services respond to demand and have a positive impact on socio-economic disadvantage and other protected groups.	ADP/14

Well-being Objective 3: To support people at home and in their community

We are a pro-active Council that works in partnership to maximise peoples physical and mental well-being to ensure they are safe at home and in the community and are able to make choices that support their overall well-being. We are a Council which ensures people have the necessary advice, care and support when they need it.

WO3.1 Encourage people of all ages to have active and healthy lifestyles to promote better physical and mental well-being.

Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
SRS	Encourage healthy lifestyles by delivering the actions set out within the Communicable Disease and Health Service Plan, Health and Safety Enforcement Service Plan and Food and Feed Law Service Plan.	ADP/26

WO3.1 Encourage people of all ages to have active and healthy lifestyles to promote better physical and mental well-being.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Neighbourhood Services & Transport	Work in partnership to facilitate and promote inclusive opportunities for leisure, play and sports development with a particular focus on tackling inequalities, working with groups/in areas with low participation rates.	ADP/26 ADP/07 ADP/35
Neighbourhood Services & Transport	Deliver the “Review of Outsourced Leisure Services – Action Plan” in response to the review of leisure services.	ADP/26 ADP/07 ADP/35
Neighbourhood Services & Transport	Work in partnership to deliver a comprehensive play programme that improves the well-being of children and their families.	ADP/26 ADP07
Neighbourhood Services & Transport	Work with partners to evaluate the regionalisation of Sports Development services being implemented by Sport Wales.	ADP/26 ADP07
Neighbourhood Services & Transport	Work in partnership with the Public Services Board to implement the Move More, Eat Well Plan.	ADP/27
Standards & Provision	Work in partnership involving pupils, parents and other stakeholders to develop a whole school approach to tackling food poverty in schools and contribute to the Move More Eat Well Plan through schemes such as the Winter of Well-being programme and Reform of the School Day pilot.	ADP/27
Strategy Community Learning & Resources	Contribute to the poverty agenda and the Move More Eat Well Plan by implementing free school meals for all primary school pupils and commissioning a healthy eating promotion programme (via the Big Fresh catering Company) to be delivered in all schools.	ADP/27
Additional Learning Needs & Well-being	Work in partnership with health and other stakeholders to develop a whole school approach to tackling food poverty in schools and contribute to the Move More Eat Well Plan.	ADP/27
Policy and Business Transformation	Work with relevant Council services to assist in the delivery of the Cardiff and Vale Move More, Eat Well Plan and ensure linkages are made with Project Zero.	ADP 27
Human Resources & Organisational Development	Implement a Volunteering Strategy as part of the Well-being Strategy and work in partnership with the Public Services Board to implement the Move More, Eat Well Plan with a focus on workplace settings.	ADP/012 ADP/027

WO3.3 Promote leisure, art and cultural activities which meet a diverse range of needs.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Neighbourhood Services & Transport	Develop and promote the range of events, leisure, recreational and educational activities available across our venues and outdoor spaces with an ambition to deliver a number of carbon neutral public events.	ADP/25 ADP/35

WO3.4 Work in partnership to provide more seamless health and social care services.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Regeneration and Planning	Work with colleagues in Social Services and Housing to conduct a review of the Council's three adaptations teams with a view to implementing changes that achieve efficiencies and benefit Vale residents.	ADP/33
Children and Young People Services	Agree and implement the future operating model for CYPS in the context of the Council's Transformation agenda and 'Eich Lle' - 'Your Space' project.	ADP/31 ADP/5
Children and Young People Services	Work in partnership locally, regionally and nationally to respond to the specific pressures associated with the management of higher levels of demand alongside the scarcity of resources (specifically workforce and placements).	ADP/31 ADP/24
Children and Young People Services	Continue to explore opportunities to develop children's residential provision in the Vale.	ADP/31 ADP/24
Children and Young People Services	Increase the number of Social Care Officers across the Division to add resilience to teams and further support our ability to 'grow our own' Social Workers.	ADP/31 ADP/32
Children and Young People Services	Further enhance our mechanisms to ensure effective oversight of increased numbers of referrals at the front door in order to effectively manage demand.	ADP/31 ADP/32
Adult Services	Maximise our use of funding to support development of local community initiatives to support locally identified needs.	ADP/30
Adult Services	Develop the Vale integrated fall service to provide a rapid response to people who have fallen and access to specialist interventions.	ADP/30
Adult Services	Develop local cluster multi-disciplinary teams in the Vale to provide early information, advice and assistance to people with complex needs.	ADP/30
Adult Services	Work with partners to develop a coherent engagement plan to support the development of wellbeing hubs and centres across the Vale locality.	ADP/30
Adult Services	Explore the development of intermediate care services and how this can enhance and support existing service provision.	ADP/30
Adult Services	Progress the work of the Alliance Model.	ADP/33
Adult Services	Develop new models of joint working with the Health Board with a particular focus on sustainable integrated services.	ADP/33
Adult Services	Develop the domiciliary care element to the Primary Care Cluster model and support the accelerated clusters across the Vale.	ADP/33
Resource Management,	Embed the regional care home contract in consultation with partners.	ADP/30

WO3.4 Work in partnership to provide more seamless health and social care services.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Safeguarding and Performance		
Resource Management, Safeguarding and Performance	Deliver and implement of the regional strategy for unpaid carers.	ADP/30
Resource Management, Safeguarding and Performance	Development of performance management framework and data sets that will enable us to streamline our approach to managing and monitoring performance management.	ADP/30
Resource Management, Safeguarding and Performance	Embed our call-to-action process across Vale Alliance, UHB, LA to support management and monitoring of domiciliary care capacity in the market.	ADP/30
Resource Management, Safeguarding and Performance	Continue to strengthen the quality assurance meetings to monitor activity regarding quality and financial stability across the sector.	ADP/30
Resource Management, Safeguarding and Performance	Monitoring of all packages awaiting domiciliary care agency availability to actively manage the position to enable flow and support hospital discharge and VCRS capacity.	ADP/30
Resource Management, Safeguarding and Performance	Develop the Regional Commissioning Board performance dashboard to support the work of the Vale Alliance.	ADP/33

WO3.5 Provide care and support to children and families in need which reflects their individual strengths and circumstances.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Children and Young People Services	In partnership with Foster Wales, increase the number and diversity of foster carers in the Vale of Glamorgan.	ADP/32
Children and Young People Services	Contribute to the capacity planning workstream of the Reshaping Programme to further our approaches to increase the recruitment and retention of critical posts within Children and Young People Services.	ADP/31 ADP/32

WO3.5 Provide care and support to children and families in need which reflects their individual strengths and circumstances.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Children and Young People Services	Maintain oversight of the structure of CYPS to ensure resilience.	ADP/32
Children and Young People Services	<p>Implement Year 2 of the Strengths Based Approach, 'Building on Strengths', working co-productively with children and their families to improve outcomes and enhance wellbeing</p> <ul style="list-style-type: none"> • Development of complementary and proportionate paperwork. • A shared and accessible language. • Increased visibility of children, young people and families in individual and service planning. <p>Development of an evaluation framework.</p>	ADP/36 ADP/35

WO3.6 Provide person-centred care and support to adults in need.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Adult Services	Further development of the sustainable and integrated model for single point of access to Well-being Matters services (via the Contact Centre)	ADP/33 ADP/34
Adult Services	Contribute to the capacity planning workstream of the Reshaping Programme.	ADP/32
Adult Services	Understand levels of demand into the Adult Services and any associated capacity gaps.	ADP/32
Adult Services	Complete the succession planning exercise to inform workforce planning.	ADP/32
Adult Services	Enhance proactive recruitment to Adult Placement Service hosts.	ADP/32
Adult Services	Consider wider employee wellbeing offering and wider staff engagement. Identify themes and consider implementation of findings.	ADP/32
Adult Services	Enable safe discharges from hospital that considers the impact/consequences of Covid-19 through models of care which provide choice and control for service users.	ADP/5 ADP/30 ADP/34
Adult Services	Support the alignment and implementation of Strengths Based Approach (SBA) to support the integration of preventative services, admission avoidance and resilient communities.	ADP/30 ADP/34
Adult Services	Embed outcome focused contact monitoring in relation to the Learning Disabilities Supported Living Contract that is inclusive of citizen's experiences living in supported accommodation.	ADP/30 ADP/34

WO3.6 Provide person-centred care and support to adults in need.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Resource Management, Safeguarding and Performance	Implement the fast track to care programme to support LA and private sector recruitment.	ADP/35
Resource Management, Safeguarding and Performance	Pilot the creation of a relief pool of staff in residential care to establish a bank system.	ADP/35
Resource Management, Safeguarding and Performance	Identify capacity and resource challenges within safeguarding teams.	ADP/35
Resource Management, Safeguarding and Performance	Address capacity issues within contracting team as a result of rising numbers of providers moving into escalating concerns.	ADP/35
Resource Management, Safeguarding and Performance	Embed the new escalating concerns procedures.	ADP/35
Resource Management, Safeguarding and Performance	Contribute to the capacity planning workstream of the Reshaping Programme.	ADP/35
Resource Management, Safeguarding and Performance	Review the wider structure of RMS to ensure resilience.	ADP/35
Resource Management, Safeguarding and Performance	Continue roll out of the Your Choice model in co-ordination with other services including the identification of new providers as part of this phased approach.	ADP/34
Resource Management, Safeguarding and Performance	Pilot a project to reduce social isolation and loneliness and develop an age friendly community in the Western Vale.	ADP/31

WO3.7 Work with our partners to ensure timely and appropriate mental health and emotional well-being support.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
Resource Management, Safeguarding and Performance	Support the offer of innovative respite opportunities for unpaid carers.	ADP/35
Resource Management, Safeguarding and Performance	Work in partnership with UHB to tender the Carers Gateway.	ADP/35
Policy and Business Transformation	Maximise opportunities to signpost citizens to cultural and arts activities designed to enhance their mental health and wellbeing.	ADP/37

WO3.8 Undertake our safeguarding duties to protect people from harm.		
Relevant Service Plan	Service Plan Action 2022/23	Contribution to ADP Priorities
SRS	Work in partnership to safeguard the vulnerable to ensure that children are protected from harmful substances and products, older people are protected from rogue traders and scams and vulnerable people are not subject to exploitation, slavery and exploitation.	ADP/37 ADP/19
SRS	Contribute to the safeguarding agenda, by delivering the SRS elements of the Corporate Safeguarding Group Work Plan	ADP/37
Neighbourhood Services & Transport	Contribute to supporting the safeguarding agenda across the local authority through the Corporate Safeguarding Group and delivery of our associated Action Plan actions related to school transport and play staff vetting.	ADP/37
Legal and Democratic Services	Contribute to the safeguarding agenda, by delivering the Legal and Democratic Services elements of the Corporate Safeguarding Group Work Plan.	ADP/37
Legal and Democratic Services	Ensure all staff are up to date with relevant safeguarding training and complete corporate mandatory training on IDEV.	ADP/37
