

| Meeting of:                              | Homes and Safe Communities Scrutiny Committee  |  |  |  |  |
|--|--|--|--|--|--|
| Date of Meeting:                         | Thursday, 16 December 2021   |  |  |  |  |
| Relevant Scrutiny<br>Committee:          | All Scrutiny Committees and Cabinet  |  |  |  |  |
| Report Title:                            | Annual Delivery Plan Monitoring Report: Quarter 2 Performance 2021/22  |  |  |  |  |
| Purpose of Report:                       | To present quarter 2 performance results for the period 1st April 2021 to 30th September 2021 in delivering our Annual Delivery Plan commitments as aligned to our Corporate Plan Well-being Objectives.   |  |  |  |  |
| Report Owner:                            | Miles Punter, Director of Environment & Housing  |  |  |  |  |
| Responsible Officer:                     | Miles Punter, Director of Environment & Housing  |  |  |  |  |
| Elected Member and Officer Consultation: | Consultation has been undertaken with Directors and the Strategic Leadership Team. The performance report applies to the whole authority. Quarterly performance reports covering the Corporate Plan Well-being Objectives will be considered by all Scrutiny Committees and Cabinet. |  |  |  |  |
| Policy Framework:                        | This is a matter for Executive decision by Cabinet.  |  |  |  |  |

#### **Executive Summary:**

- The performance report presents our progress at quarter 2 (1st April to 30th September 2021) towards achieving our Annual Delivery Plan (2021/22) commitments as aligned to our Corporate Plan Well-being Objectives.
- We have made positive progress in delivering our in-year commitments in relation to our Annual Delivery Plan (2021/22). This performance has contributed to an overall GREEN status for the Plan at quarter 2 (Q2).
- All 4 Corporate Plan Well-being Objectives were attributed a Green performance status at Q2 to reflect the progress made to date. This is positive given the ongoing challenges arising from the pandemic.
- 95% (296 out of 313) of planned activities outlined in our Annual Delivery Plan have been attributed a Green performance reflecting the positive progress made during the quarter, 2% (5) an amber status and 3% (12) of planned activities were attributed a Red status.
- Of the 12 actions attributed a Red performance status during the quarter, 25% (3) were directly as a result of service reprioritisation measures undertaken in response to the impact of the ongoing COVID-19 pandemic. In relation to these areas, where appropriate, work is now

Agenda Item: 8

recommencing as part of our recovery plans and strategy. Progress in relation to Coronavirus recovery is being reported to members in the presentation accompanying this performance report at Scrutiny Committee and focuses on highlighting issues pertinent to the Committee's remit. This Coronavirus recovery update forms part of quarterly performance reporting to ensure members maintain an oversight of the recovery issues impacting on the work of their respective Committees. From this perspective, members are requested to note the progress to date in relation to Coronavirus recovery.

- Of the 42 quarterly performance measures aligned to our Corporate Plan Well-being Objectives, data was reported for 36 measures where a performance status was applicable. 61% (22) measures were attributed a Green performance Status, 6% (2), Amber status and 33% (12), Red status. Data was unavailable for 6 quarterly measures due to reprioritisation measures undertaken in response to the impact of the ongoing COVID-19 pandemic. A performance status was not applicable for 107 measures including a number of annual indicators (89) and those establishing baseline performance for the year (18).
- In relation to the 12 measures attributed a Red performance status during the quarter, the impact of COVID-19 has contributed to 58% (7) missing target.
- In relation to the planned activities within the remit of the Homes & Safe Communities Scrutiny Committee, 100% (37 out of 37) were attributed a Green performance status. Of the 7 quarterly measures reported, 57% (4) were attributed a Green performance status and 14% (1) Amber status, and 29% (2) Red status. In relation to the 2 measures attributed a Red status, the impact of COVID-19 has contributed to missing the target for 1 of the measures.
- The report seeks elected members' consideration of Q2 performance results and the proposed remedial actions to address areas of identified underperformance. Upon consideration, the Scrutiny Committee is recommended to refer their views and any recommendations to Cabinet for their consideration.

#### Recommendations

- That members consider performance results and progress towards achieving the Annual Delivery Plan 2021/22 commitments as aligned to our Corporate Plan Wellbeing Objectives within the remit of the Committee.
- 2. That members consider the remedial actions to be taken to address areas of underperformance and to tackle the key challenges identified within the remit of the Committee, with their views and recommendations referred thereafter to Cabinet for their consideration and approval.
- **3.** That members note the progress being made through our recovery strategy and Directorate Recovery plans in response to the ongoing Coronavirus pandemic.

#### **Reasons for Recommendations**

- 1. To ensure the Council clearly demonstrates the progress being made towards achieving its commitments in the Annual Delivery Plan 2021/22 aimed at making a positive difference to the lives of Vale of Glamorgan citizens.
- To ensure the Council is effectively assessing its performance in line with the
  requirement to meet our performance requirements as outlined in the Local
  Government & Elections (Wales) Act 2021 and reflecting the requirement of the Wellbeing of Future Generations (Wales) Act 2015 that it maximises its contribution to
  achieving the well-being goals for Wales.
- 3. To ensure members maintain an oversight of the recovery issues impacting on the work of the Council and their respective Scrutiny Committees.

#### 1. Background

- 1.1 The Council's Performance Management Framework is the mechanism through which our key priorities and targets are monitored and realised in order to secure continuous improvement and meet our performance requirements.
- 1.2 As part of the review of its Performance Management Framework, the Council has adopted a Corporate Plan (2020-25) which reflects the requirements of the Well-being of Future Generations (Wales) Act 2015 and identifies 4 Well-being Objectives for the Council. We have also refined our performance reporting and monitoring approach to enable us to meet our new duties under the Local Government & Elections (Wales) Act which came into effect from 1st April 2021.
- 1.3 Our performance framework is aligned to our Corporate Plan to enable us to track our progress on well-being objectives (keep our performance under review) and demonstrate how the steps we intend to take will contribute to achieving multiple well-being objectives and in turn the national goals.
- 1.4 In line with these performance arrangements, on a quarterly basis, Cabinet and all Scrutiny Committees will consider a single report that provides a high-level overview of our performance for each Well-being Objective including highlighting areas of improvement that may require greater scrutiny by members. This approach will enable Cabinet and Scrutiny Committees to look at the

- achievement of the Corporate Plan holistically, from the perspective of their Committee's remit. In addition, it will enable Cabinet and Scrutiny Committees to flex their work programme to reflect any emerging performance issues that may require more intensive consideration.
- 1.5 Work will continue to further develop and enhance our performance monitoring and reporting arrangements in line with our duties as outlined in the WBFG (Wales) Act and the LG&E (Wales) Act with reference to the wider local government agenda. These discussions will continue to consider the best way to present information to elected members to facilitate scrutiny and identify and explore areas of interest.
- Appendix A outlines our performance for the period 1st April to 30th September 2021 against our Annual Delivery Plan commitments for 2021/22. The quarterly performance report presents the reader with a more accessible view of performance in relation to our annual commitments and demonstrates the progress we are making towards achieving our Corporate Plan Well-being Objectives.
- 1.7 Section 1: States the overall RAG (performance) status attributed to the Annual Delivery Plan reflecting the progress made in delivering our priorities as aligned to our 4 Corporate Plan Well-being Objectives. It also provides an explanation of the performance terms used within the report. The performance report uses the traffic light system, that is, a Red, Amber or Green (RAG) status and a Direction of Travel (DOT) to aid performance analysis. Progress is reported for all key performance indicators and actions by allocating a RAG performance status.
- **1.8 Sections 2 5**: Provides an overview of progress for each of the 4 Corporate Plan Well-being Objectives including:
- Performance Snapshot: Provides an overview for each Well-being Objective, describing the status of Corporate Plan actions and performance indicators. A RAG status is attributed to actions and measures under each Well-being Objective to reflect overall progress to date and contributes to the overall RAG status for the Well-being Objective.
- Performance Exceptions: Provides key highlights of our achievements and areas we need to improve in relation to our Annual Delivery Plan activities as aligned to the Corporate Plan Well-being Objective.
- Appendices: A hyperlink is provided from each section linking to the following Appendices.
- Appendix 1: Provides, by Well-being Objective, detailed information relating to the Service Plan actions which have contributed to Corporate Plan commitments contained in the annual Delivery Plan 2021/22.
- Appendix 2: Provides detailed performance indicator information linked to each
  Well-being Objective which show for our planned activities, how well we are
  performing. It must be noted that any annually reported performance indicators will
  be reported at end of year when data becomes available. In addition, new
  performance indicators that have been introduced in 2021 as part of the Council's
  revised Performance Management Framework will not have data available until end

of year as this year will be used to establish baseline performance. A Not Available (N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan Well-being Objectives. This appendix includes information for each action/indicator to indicate which Scrutiny Committee's remit it aligns with.

- 1.9 Section 6: Provides links to five presentations covering all Scrutiny Committees. These explore the cross-cutting aspects of service activity related to our Corporate Plan Well-being Objectives as aligned to the scope of each of respective Scrutiny Committee. The presentations identify the key achievements and challenges as aligned to the remit of each committee and also provide members with an update on Coronavirus recovery. The section also provides links to various corporate health reports, such as the Insight tracker for regulatory recommendations, absence and finance information etc, to help members maintain an oversight of issues that may impact on the work of the Council and their respective scrutiny committees.
- 1.10 The key achievements and challenges as aligned to the remit of the Homes & Safe Communities Scrutiny Committee including a Coronavirus update are provided at <a href="Appendix B">Appendix B</a>. For ease of scrutiny, performance exceptions, that is, all actions or PIs within the remit of the Committee that have been attributed a Red status are presented at <a href="Appendix C">Appendix C</a> including a direction of travel and commentary on the performance.

#### 2. Key Issues for Consideration

- 2.1 We have assessed progress in relation to our planned activities as outlined in our Annual Delivery Plan for 2021/22 and used local performance data where available. Over the past year, our statutory statistical obligations from the Welsh Government and the Welsh Local Government's Public Accountability Measures have been suspended indefinitely to enable us to focus on our response to COVID-19 pandemic. However, we are endeavouring to collect performance indicator information to support our performance reporting where possible, although this will still not be possible in all service areas.
- 2.2 All 4 Corporate Plan Well-being Objectives were attributed a Green performance status at Q2 to reflect the progress made to date. This is positive given the ongoing challenges arising from the pandemic.
- 95% (296 out of 313) of planned activities outlined in our Annual Delivery Plan have been attributed a Green performance reflecting the positive progress made during the quarter, 2% (5) an amber status and 3% (12) of planned activities were attributed a Red status.
- 2.4 Of the 12 actions attributed a Red performance status during the quarter, 25% (3) were directly as a result of service reprioritisation measures undertaken in response to the impact of the ongoing COVID-19 pandemic. In relation to these areas, where appropriate, work is now recommencing as part of our recovery plans and strategy. Progress in relation to Coronavirus recovery is being reported to members in the presentation accompanying this performance report at Scrutiny Committee and focuses on highlighting issues pertinent to the

- Committee's remit. This Coronavirus recovery update forms part of quarterly performance reporting to ensure members maintain an oversight of the recovery issues impacting on the work of their respective Committees. From this perspective, members are requested to note the progress to date in relation to Coronavirus recovery.
- 2.5 Of the 42 quarterly performance measures aligned to our Corporate Plan Wellbeing Objectives, data was reported for 36 measures where a performance status was applicable. 61% (22) measures were attributed a Green performance Status, 6% (2), Amber status and 33% (12), Red status. Data was unavailable for 6 quarterly measures due to reprioritisation measures undertaken in response to the impact of the ongoing COVID-19 pandemic. A performance status was not applicable for 107 measures including a number of annual indicators (89) and those establishing baseline performance for the year (18).
- 2.6 In relation to the 12 measures attributed a Red performance status during the quarter, the impact of COVID-19 has contributed to 58% (7) missing target.
- 2.7 A detailed report outlining the progress made this quarter towards achieving our Annual Delivery Plan commitments is provided at Appendix A.
- 2.8 Appendix B provides a summary of the key achievements and challenges as aligned to the remit of the Homes & Safe Communities Scrutiny Committee and also provides members with an update on Coronavirus recovery. For ease of scrutiny, performance exceptions, that is, all actions or PIs within the remit of the Committee that have been attributed a Red status are presented at <a href="Appendix C">Appendix C</a> including a direction of travel and commentary on the performance.
- 2.9 In relation to the planned activities within the remit of the Homes & Safe Communities Scrutiny Committee, 100% (37 out of 37) were attributed a Green performance status. Of the 7 quarterly measures reported, 57% (4) were attributed a Green performance status and 14% (1) Amber status, and 29% (2) Red status. In relation to the 2 measures attributed a Red status, the impact of COVID-19 has contributed to missing the target for 1 of the measures.
- 2.10 Elected Members are being asked to consider the Q2 performance results and the proposed remedial actions to address areas of identified underperformance. Upon consideration, the Scrutiny Committee is recommended to refer their views and any recommendations to Cabinet for their consideration.
- **2.11** Members are also asked to note progress being made through our recovery strategy and Directorate Recovery plans in response to the ongoing Coronavirus pandemic.

## 3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

3.1 Performance Management is an intrinsic part of corporate governance and integrated business planning which underpins the delivery of the Council's Corporate Plan and its Well-being Objectives and associated annual commitments in its Annual Delivery Plan 2021/22. Our Corporate Plan has been structured around the Well-being of Future Generations (Wales) Act 2015, through the development of four Well-being Objectives. By aligning our Well-

- being Outcomes in the Corporate Plan with the Well-being Goals of the Act, this will enable us to better evidence our contribution to the Goals.
- 3.2 Performance reporting is an important vehicle for showing our progress, not only in terms of impacts across the national well-being goals through achievement of our well-being objectives but also in terms of the changes and improvements made in our approach to integrated planning.
- 3.3 The five ways of working are a key consideration in our corporate Performance Management Framework ensuring that we continue to focus on working differently and in an inclusive way to challenge why, what and how we respond to our key performance challenges.

#### 4. Resources and Legal Considerations

#### **Financial**

4.1 There are no additional budgetary implications arising from this report, although underperformance in some areas may have a negative impact on external assessments of the Council and could put certain funding opportunities at risk.

#### **Employment**

4.2 There are no direct workforce related implications associated with this report. However, there are a number of issues contained within the performance report that if not effectively managed have the potential to impact on our staff establishment and performance overall. This may in turn impact adversely on achievement of key outcomes associated with the Corporate Plan.

#### **Legal (Including Equalities)**

- 4.3 The Local Government & Elections (Wales) Act 2021 requires that the Council keep its performance under review and consult and report on its performance in order to secure continuous improvement and meet its performance requirements.
- 4.4 The Well-being of Future Generations (Wales) Act 2015 requires the Council to set and publish annual Well-being Objectives that maximise its contribution to achieving the Well-being goals for Wales and report its progress in meeting these.

#### 5. Background Papers

Corporate Plan 2020-25

Annual Delivery Plan 2021/22

Quarter 2 Performance: 1 April - 30 September 2021

Working Together for a Brighter Future

#### 1.0 Performance Summary Annual Delivery Plan 2021/22

#### Our overall RAG status for the Annual Delivery Plan is GREEN

#### **Our Well-being Objective Summary Status**

Presented below is a summary of our performance in relation to each of the Well-being Objectives outlined in our Corporate Plan. Against each of the Well-being Objectives an overall RAG Status and Direction of Travel is given, as well as an overall RAG status and Direction of Travel for the Annual Delivery Plan as a whole. The Direction of Travel provides an indication of the direction of performance when compared with a previous quarter. For instance, where our RAG status (performance) has improved it is indicated by , where our RAG status has remained the same compared with previous quarter it is shown by and where our RAG Status has declined it is represented with

| Overall                    |     | Direction         |
|----------------------------|-----|-------------------|
| Actions                    | RAG | of Travel         |
| Objective 1                | G   | $\leftrightarrow$ |
| Objective 2                | G   | $\Leftrightarrow$ |
| Objective 3                | G   | $\leftrightarrow$ |
| Objective 4                | G   | $\leftrightarrow$ |
| Annual<br>Delivery<br>Plan | G   | $\leftrightarrow$ |

| Overall Pl's               | RAG | Direction of Travel |
|----------------------------|-----|---------------------|
| Objective 1                | A   | $\leftrightarrow$   |
| Objective 2                | G   | 1                   |
| Objective 3                | A   | $\leftrightarrow$   |
| Objective 4                | A   | $\leftrightarrow$   |
| Annual<br>Delivery<br>Plan | A   | $\leftrightarrow$   |

| Overall                    |     | Direction         |
|----------------------------|-----|-------------------|

| Objective 1                | G   | $\leftrightarrow$ |
| Objective 2                | G   | $\Leftrightarrow$ |
| Objective 3                | G   | $\leftrightarrow$ |
| Objective 4                | G   | $\leftrightarrow$ |
| Annual<br>Delivery<br>Plan | G   | $\leftrightarrow$ |

| Performance Key                                 |   |  |   |
|---|---|--|---|
| Measures (RAG)                                  | Direction of travel (DOT)   | Actions (RAG)  | Overall (RAG) status Well-being Objective   |
| Green: Performance is on or above target        | 个: Performance has improved on the same quarter last year           | Green: Action completed or on track to be completed in full by due date.   | Green: Indicates that we are well on track to deliver the key outcomes relating to the Wellbeing Objective as set out in the Corporate Plan.  |
| Amber: Performance is within 10% of target      | → : Performance has remained the same as the same quarter last year | Amber: Minor delay but action is being taken to bring action back on track.  | Amber: Indicates that at this stage, we are on target to deliver the Well-being Objective, but some aspects need to be addressed in order to ensure we remain on track to fully achieve the Well-being Objective. |
| Red: Performance missed target by more than 10% | ↓ : Performance has declined compared to the same quarter last year | Red: Action has slipped with limited progress made and an explanation must be provided including any planned remedial action(s) and where appropriate a revised completion date. | Red: Indicates that at this stage, we are not on target to deliver key outcomes relating to the Well-being Objective as set out in the Corporate Plan.  |

#### 2.0 Well-being Objective 1: To work with and for our communities

#### Our overall RAG status for 'Working with and for our communities' is GREEN

#### 2.1 Performance snapshot

The report highlights our progress at quarter 2 in delivering the Annual Delivery Plan (ADP) activities aligned to our Corporate Plan commitments that contribute to Well-being Objective 1 for the period 2021/22. There are 24 ADP actions aligned to the 7 Corporate Plan commitments within Well-being Objective 1, 'To work with and for our communities'. In total, 134 service plan actions across a number of council services contribute to the delivery of these ADP priorities.

#### 

#### 

Of the 8 actions contributing to the Well-being Objective, where limited progress has been reported during the quarter and therefore attributed a Red performance status, 2 (25%) was as a result of service reprioritisation measures undertaken in response to the impact of the ongoing COVID-19 pandemic.

| Contribution | Actions and Measures Contributing to this Vell-being Objective  Number attributed Reas Status |         | is 'Red' Performance |         | for Red<br>VID-19 | Reasons<br>status: Of<br>COVID | for Red<br>ther/ Non- |

#### 2.2 Performance Exceptions

Below are key highlights of our achievements and areas where we need to improve in relation to our ADP activities aligned to this Well-being Objective for 2021/22.

#### 2.2.1 What have we done well?

We recognise that we are reliant on online technology more now than ever and are committed to improving how we involve, engage and communicate with residents digitally/online. A key example of our activity during quarter 2 includes the launch of the new waste management platform GovService, enabling quick and easy online experiences for our customers. We have also successfully integrated housing, council tax and benefits platforms to improve customer service with the customer facing platform scheduled to go live via the Council's website during quarter 3. The Capita single sign on has now been integrated into the new CRM system Granicus, enhancing the way in which customers can engage with the Council and more easily access online services such as e-billing.

Engagement with residents continues to rise with the total numbers of subscribers to Vale Connect increasing in the past 12 months from 75,315 to 81,791 exceeding our annual target of 60,000 of subscribers. Along with this our social media platforms Twitter and Facebook, continue to actively engage residents, enabling our residents to keep up to date with important Covid-19 and other news, events, road closures, recycling or grass collection updates, new services and offerings. Our Twitter page has achieved our annual target of 9,000 impressions (people seeing our tweets/posts) with an average of 13,100 impressions during the quarter 2 period. The average daily reach of our Vale of Glamorgan Life Facebook page continued to rise to 15,576 during quarter 2, a further increase on 11,490 in the same period last year.

Our Learn Welsh courses recommenced in September offering a blend of face to face and online learning for staff, free of charge and in working time. Welsh can be a particularly useful skill for those working in roles dealing with the public, as we are a bilingual organisation offering bilingual services. Social Services continue to respond to the More Than Just Words Framework, the Regional More Than Just Words Forum has expanded its membership to include Cardiff and Vale UHB and Cardiff and Vale College. The evaluation of the More Than Just Words Framework and next steps have been published by Welsh Government and shared with Forum members. The Forum are actively considering actions they can undertake jointly to meet the recommendations within the report, the actions will be incorporated into a Regional Action Plan. A Welsh Awareness e-learning module is in the final stages of production for rollout to all staff so that we can continue to

increase the number of adult learners and contribute towards the national goal of 1 million Welsh speakers by 2050.

During the quarter, we have continued to promote the support available under the Armed Forces Covenant, through relevant advice and support to all members of the Armed Forces Community in relation to a number of different services including housing, council tax, benefits, education, employment, leisure and many more. To enable us as a Council to further understand the needs of the Armed Forces community and maximise the use of resources, our Multi-agency Armed Forces Covenant forum continue to meet and discuss these topics.

During quarter 2, we launched our digital <u>Culture Book</u>. The Culture Book encompasses and builds on the Staff Charter and highlights the diversity of our organisation, the exceptional work our staff do and showcases us delivering our values in action. The book has been developed by our Organisational Development and Learning team who have worked with Engagement and Innovation Champions and representatives from every area of the Council to develop a book that reflects our values and tells our stories about the work we do. As part of the launch, our Managing Director hosted a special question time session on Tuesday 14 September.

Staff well-being continues to be a top priority for the Council and we have continued to assist our staff to work at home and in different ways for example, investing in development and well-being initiatives through our <u>Wellbeing Champions</u>, also well-being activities such as Yoga, mindfulness, HIIT classes, Hump Day Head Space, online nutrition and finance workshops, 365-counselling support via Care First, as well as organised outdoor woodland well-being sessions, all of which promote work-life balance, health and well-being.

We have continued to contribute to the development and coordination of a variety of activities to enhance inclusivity in the workplace. From 27<sup>th</sup> September to 3<sup>rd</sup> October, we held a series of events to mark National Inclusion Week, to raise awareness of inclusion within the workplace. Highlighting the theme for 2021, #UnitedForInclusion which focuses on bringing people and organisations together to advance learning and sharing best practice. Staff participated in an inclusion quiz and were encouraged to consider ways they could diversify their perspective of race. The Council's Senior Leadership Team promoted the use of adding pronouns into staff's email signatures to support gender identity, guidance on how to add this was circulated and encouraged to all staff. A new logo (left image) was unveiled, this incorporates the trans banner and colours used by the Black Lives Matter movement to represent people of colour.

SHOW RACISM THE RED CARD Earlier in the year we launched the Diverse Staff Network (formerly the Ethnic Minority Network) steering group with an awareness raising event hosted by Show Racism the Red Card. Establishing the network is a stride toward starting the conversation about race equality in the Council in a constructive and open way and demonstrating that uncomfortable conversations can lead to real change. All staff are welcome and encouraged to join the network and support their mission in helping the Council become an employer of choice for people from diverse communities. During quarter 2, we delivered a virtual refresh session to help progress the network, provide an update on the work undertaken during the year and discuss plans for the future.

We have continued to work on our response times to complaints. During this quarter, 63.04% of complaints were dealt within timescale against a target of 75%, a significant improvement when compared with performance in the same period of 2020/21, 59.8%. The Public Services Ombudsman for Wales has begun to publish comparative performance figures for this area, working towards complaints resolved with 20 working days. Based on this measurement, the Vale of Glamorgan Council is placed 9th in Wales overall with 84.78% resolved in 20 days, against the Welsh average being 78.05%.

#### 2.2.2 What do we need to improve?

We need to progress work to meet the needs of those living with or caring for someone with Dementia. During quarter 2, we have continued to resettle our day service attendees and endeavour to establish the positive working relationships we harnessed prepandemic with Carers Trust South East Wales (CTSEW) to jointly deliver our Older Person's Day Service. As well as this, we have extended our operating hours at Rondel House Day Service into the weekend to support people living with dementia. In the coming quarter, we will support the establishment of the Vale of Glamorgan Council's Dementia Working Group internally which will enhance and support the work of the Dementia Champions and extend and develop the reach of Dementia Friendly Communities.

Sickness absence amongst Vale employees has worsened from 3.40 (FTE) days reported in Q2 last year to 4.95(FTE) this year. Longer term absence days lost continues to be notably higher than in the previous year and contributing to the performance being below the target of 4.15 days. Discussions are ongoing with our Senior Leadership Team to look into the reasons for the higher absence levels and identify remedial action where possible. Our figures are also higher with our voluntary employee turnover with figures rising from 2.69% in quarter 2 last year to 4.12% during quarter 2 this year. There is further potential risk that the number of voluntary leavers will continue to increase as the Council moves out of the pandemic.

Our financial position is set to become even more challenging given the emerging impacts of the recent COVID-19 pandemic. Like all local authorities across the country, the Vale has been at the forefront of the response to the coronavirus pandemic which has put pressure on our finances. Supporting communities and keeping vital services running has never been more critical but this has led to high increases in demand and necessary unforeseen expenditure for the Council. At the same time, we are facing significant and immediate reductions in income which is likely to impact on our ability to meet the agreed 2021/22 budget and proposed savings. The financial emergency support packages provided by both Westminster and the Welsh Government to help local authorities respond have been welcomed, however, this support is likely to only be available in the short term, potentially contributing to a significant increase in funding shortfall and impacting on the financial resilience of the Council.

<u>Appendix 1:</u> Provides, by Well-being Objective, detailed information relating to the Service Plan actions which have contributed to Corporate Plan commitments outlined in our Annual Delivery Plan 2021/22.

Appendix 2: Provides detailed performance indicator information linked to each Well-being Objective which show for our planned activities, how well we are performing. It must be noted that any annually reported performance indicators will be reported at end of year when data becomes available. In addition, new performance indicators that have been introduced in 2021 aligned to the new Corporate Plan will not have data available until end of year as this year will be used to establish baseline performance. A Not Available (N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan.

### 3.0 Well-being Objective 2: To support learning, employment and sustainable economic growth

Our overall RAG status for 'Supporting learning, employment and sustainable growth' is **GREEN** 

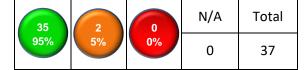

#### 3.1 Performance snapshot

The report highlights our progress at quarter 2 in delivering the Annual Delivery Plan (ADP) activities aligned to our Corporate Plan commitments that contribute to Well-being Objective 2 for the period 2021/22. There are 20 ADP actions aligned to the 8 Corporate Plan commitments within Well-being Objective 2, 'To support learning, employment and sustainable economic growth'. In total, 37 service plan actions across a number of council services contribute to the delivery of these ADP priorities.

#### **ACTIONS**

Our performance against Annual Delivery Plan actions gives us an overall **GREEN** RAG status for this Well-being Objective.

#### 3.2 Performance Exceptions

Below are key highlights of our achievements and areas where we need to improve in relation to our ADP activities aligned to this Well-being Objective for 2021/22.

#### 3.2.1 What have we done well?

We have continued to provide support for childcare settings post COVID-19 for example, under the Childcare and Play grant we continue to offer a small grant scheme to support sustainability, new childcare provisions and additional childcare places. So far, 4 childcare settings have received a total of £5,337 towards staffing costs and additional funding received from Welsh Government will support recovery for the childcare sector. Grants are being offered to support staffing costs, rent, closure losses in relation to positive Covid-19 cases, replacement of damaged toys and play equipment. During the first six months of this financial year, the Child Development Fund have seen 141 children referred to the scheme with approximately 138 accepted and receiving support for varying needs, including speech and language delay, fine and gross motor development delay and personal and social delay.

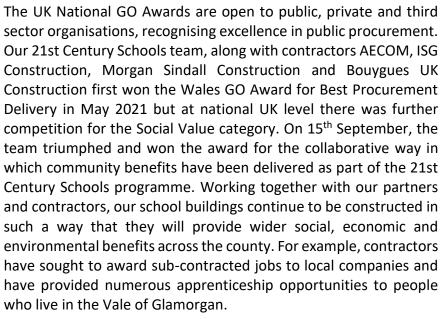

Working together, our Property and Building Services teams successfully delivered a range of refurbishment and upgrade projects over the school summer holiday period. This work included toilet refurbishments at 6 schools, electrical upgrades at 4 schools, and boiler/heating upgrades at a further 6 schools. In addition, other projects completed over the summer include enabling works for projects due to start later in the year, window replacements, drainage upgrades, water main replacements, various external works, as well as the creation of ambulant toilet facilities at 3 schools.

During the summer break, our Schools ICT and data team and the corporate ICT networks team have worked together on the Hwb programme, to provide improved digital access for schools. The new cabling and network hardware will improve network performance to learners and future proof the network infrastructure for the schools. These teams have ensured 24,000 young people have access to world-class digital infrastructure. Throughout the pandemic these teams have ensured that pupils, no matter which school they attend or where in the Vale of Glamorgan they live, have had access to devices and even hand delivered mobile Wi-Fi devices to those who needed it at home. One of the main drivers of this work has been to eliminate the 'post code' lottery when it comes to access to technology in schools. In addition, we now have over 1,100 Windows and Apple devices enrolled into Hwb's InTune mobile device management platform, this is fundamentally changing the culture towards IT support in schools, enabling more efficient working and collaboration, whilst also improving IT security and the safeguarding of pupils online.

The documentary series 'A Special School' which followed pupils and staff at Penarth's Ysgol Y Deri has been nominated for a BAFTA Cymru award. First aired in September last year, the series gave viewers the chance to see what happens inside a special needs school and was met with positive reviews, with many praising the relationships between pupils and staff. Ysgol y Deri has since been able to connect and work with schools around the globe.

All of our current projects in relation to delivering 21st Century Schools Programme improvements (Band B) including the expansion of Ysgol Y Deri, work on new school buildings across the Vale, expansion of primary school capacity in Cowbridge and development of a Centre of Learning and Wellbeing are currently on track. St David's CIW Primary School new building opened on September 21<sup>st</sup> along with Ysgol Bro Morgannwg refurbishment and new build sections.

Initially our One Stop Shop advice service was via telephone only in line with COVID-19 restrictions, but we have been able to physically open this facility (in accordance with restrictions) to deliver a full range of housing related support, advice and assistance regarding any issues our residents have. We have also continued to support victims of illegal money lending to access debt advice and rebuild their finances.

The Wales Illegal Money Lending Unit is dealing with a surge of new cases arising from the financial difficulties some found themselves in as a result of the pandemic and associated lockdowns. Working in partnership, we continue to investigate illegal lenders and

provide support to victims, along with the delivery of training of partner agencies.

We continue to support service users, predominantly the long-term unemployed and young people not in employment, education or training to help them into employment. We have had a positive start to the year in engaging people as part of the Communities for Work (C4W) programme, with 93% of people engaged against the target of 15, an improvement against last year's figure of 41%. As anticipated over the summer months there was a lower number of referrals this quarter, however we still remain over target. The percentage of Communities for Work plus (C4W+) people engaged against target has also continued to increase to 107% in comparison to 59% last year. Referrals have come in peaks but have enabled a steady first quarter.

We are working collaboratively with Welsh Government, the Regional Transport Authority and the Cardiff Capital Region to continue to explore opportunities for transport improvements throughout the Vale of Glamorgan. During the quarter, we have progressed projects including the Barry Docks and Cogan interchanges, both of which are at Welsh Transport Planning and Appraisal Guidance (WelTAG) stage 3. We have been successfully awarded £1m Welsh Government funding for construction of the improved Active Travel route through St Athan, the next phase of the OVObike (formerly Next Bike) roll out/expansion, as well as a number of other active travel improvements throughout the Vale.

£300K has been made available by the Welsh Local Government Association to install electric vehicle charging points in Council depots, enabling us to actively contribute to reducing our carbon footprint through the use of our electric vehicles.

Earlier in the year, all local authorities in Wales were given funding by the Welsh Government to run extra activities for children and young people starting on 1 July and running until 30 September. Working together with our partners we delivered a successful Summer Activity Programme to support children and young people recover from the pandemic and have fun whilst helping to support their social, emotional, physical and mental wellbeing. Activities included, sports and fitness classes, bushcraft and circus skills, art and craft, play, music, learning about the environment and conservation and a Beach Academy. Bwrlwm play sessions were also delivered for children who attend Welsh Medium Primary Schools.

To encourage visitors back to our centres we ran the Vale's first Festival of Flowers during August. As well as floral installations and a Flower Trail for high street visitors to enjoy in our town centres, our Regeneration team worked with traders across Barry, Cowbridge, Llantwit Major and Penarth to promote their floral offerings throughout the month. Supporting our high streets is a top priority for the Council therefore to create excitement and promote the event we posted content via our <a href="ValeTownCentres">ValeTownCentres</a> Facebook page and on <a href="Instagram">Instagram</a> using the #BloomingLovelyVTC which received 100+ tags and posts.

#### 3.2.2 What do we need to improve?

We need to ensure appropriate provision is available to meet the bespoke needs of increasing numbers of children and young people presenting with acute anxiety and other social, emotional and mental health needs. We recognise that there is an urgent need for all our schools to work within an evidence based, psychologically informed framework that incorporates an understanding of Developmental Trauma, Adverse Childhood Experiences, Attachment and the neuroscience of mental health and ill health and have already made significant progress in this area during the pandemic. Our trauma informed Engagement Service and our provision for foundation phase children with SEMH is a first in Wales and work continues with Schools and our partners to expand the trauma informed approach across the Vale of Glamorgan and support our most vulnerable learners.

There is a need to ensure that all children and young people reengage and catch-up on learning lost during the lockdowns and self-isolation to ensure they are not further disadvantaged. Whilst some funds have been allocated by Welsh Government to support learning recovery, the sheer scale of what needs to be achieved in the short to medium term will require significant and sustained investment over a number of years. School budgets were already under significant pressure and the impact of COVID-19 has further exacerbated the situation. Progressing with radical curriculum reforms against this backdrop will be challenging for all involved and may put its success at risk.

We are seeing increasing demand for Additional Learning Needs (ALN) provision and increasing customer expectations which continue to place additional pressure on both central education resources and on individual schools' budgets. The Additional Learning Needs and Education Tribunal Act places increased duties on the local authority which impacts on the teams to deliver

services in line with these expectations. COVID-19 has impacted adversely on implementation of the ALN Act and this work is now being phased in order to provide more time to prepare for the full impact of the Act. This is a particularly complex area of change and the phased approach in the implementation of the Act will be needed.

There is clear evidence that COVID-19 has impacted on young people in terms of positive education destinations especially, Year 13 (18-year-olds). The number of NEET young people for the 2019/20 academic year doubled compared to the previous year from 1.5% to 3%. This is an area where we are increasing support. We are also focusing our efforts on identifying those pupils listed as 'unknown' in terms of positive destination outcomes and are working collaboratively to reduce these numbers.

<u>Appendix 1:</u> Provides, by Well-being Objective, detailed information relating to the Service Plan actions which have contributed to Corporate Plan commitments outlined in our Annual Delivery Plan 2021/22.

Appendix 2: Provides detailed performance indicator information linked to each Well-being Objective which show for our planned activities, how well we are performing. It must be noted that any annually reported performance indicators will be reported at end of year when data becomes available. In addition, new performance indicators that have been introduced in 2021 aligned to the new Corporate Plan will not have data available until end of year as this year will be used to establish baseline performance. A Not Available (N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan.

#### 4.0 Well-being Objective 3: To support people at home and in their community

#### Our overall RAG status for 'Supporting people at home and in their community' IS GREEN

#### 4.1 Performance snapshot

The report highlights our progress at quarter 2 in delivering the Annual Delivery Plan (ADP) activities aligned to our Corporate Plan commitments that contribute to Well-being Objective 3 for the period 2021/22. There are 37 ADP actions aligned to the 12 Corporate Plan commitments within Well-being Objective 3, 'To support people at home and in their community'. In total, 100 service plan actions across a number of council services contribute to the delivery of these ADP priorities.

#### 4.2 Performance Exceptions

Below are key highlights of our achievements and areas where we need to improve in relation to our ADP activities aligned to this Well-being Objective for 2021/22.

#### 4.2.1 What have we done well?

The Council has built 11 units of temporary accommodation as part of a £20-million Welsh Government plan to tackle homelessness. Taking the form of high-spec bungalows, the development at Court Road in Barry is believed to be the first of its kind in Wales. It has been created to help address an increase in homelessness, caused by the Covid-19 pandemic, and reduce reliance on emergency accommodation. Tenants have already moved into properties, which use high-quality insulated panels to create self-contained units. They are eco-friendly and have feature small-decked areas to help create a community environment as well as a section of public space, a car park and bike store. This is just one of many projects aimed at tackling homelessness in the Vale and has helped us to boost the Council's housing stock.

We have a very proud history of supporting those in need of our help, most recently through our participation in both the former Vulnerable Persons Resettlement Scheme and the current UK Resettlement Scheme. During quarter 2, we fulfilled our pledge to rehouse Syrian families via the UKRS scheme and have made a further pledge to support two Afghan families affected by the current crisis in Afghanistan.

We continue to contribute to the regional arrangements for Test, Trace, Protect (TTP) as one of the most significant mechanisms available to prevent the onward spread of the virus. These arrangements draw together colleagues from various partner organisations, including Shared Regulatory Services, Public Health, Communications, HR and Social Services. The Council leads the communications workstream for TTP on behalf of the partnership and this work has informed the communications associated with the mass vaccination programme, with the Council working alongside the UHB to promote the importance of vaccination to residents across the Vale of Glamorgan. Vaccinations have been made available in a coordinated and timely manner for Council staff including Social Services staff with the vast majority having received both vaccinations. The PPE team have continued to support the vaccination programme by escalating the priority of social care staff who are top priority to be vaccinated. Lateral Flow Device tests have been circulated to all frontline staff with the encouragement to test twice a week. To ensure we are up to date with vaccinations in commissioned care home staff, we recently completed a review to identify any gaps in vaccinations.

OPSS Regulatory Excellence Awards

2021

One of the Council teams most heavily involved in the pandemic response has been Shared Regulatory Services and during quarter 2, the department was been recognised at this year's Regulatory Excellence awards for its work in supporting business. The awards process is run annually by the Office for Product Safety Standards and Product Safety, part of the Department for Business, Energy and Industrial Strategy to celebrate outstanding regulatory practice. The SRS team was highly commended for its work with the Wine and Spirit Trade Association (WSTA) with which it has a co-ordinated a Primary Authority partnership. The judges were particularly impressed with the 'Low and No Alcohol Beverage Guidance' recently produced by the partnership. Low and no alcohol drinks is a fast-growing market that requires regulation if we are to keep our citizens safe from harm and prevent underage alcohol sales. Two of our very own SRS Officers were central to the creation of this guidance which was lauded by the judges.

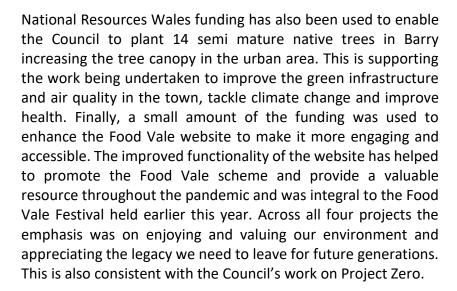

During July, three staff members were recognised as "Care Stars" in the Social Care Wales Care Stars Awards as a result of their outstanding contributions over the last 15 months. Care Stars is an initiative that was created to shine a light on the social care and early years workers who made a positive difference to people's lives while the country struggled with the challenges of the pandemic. A total of 120 care workers from across Wales were nominated. A panel of judges then whittled them down to twelve Care Stars that they thought deserved recognition for the inspirational work they had done. Of those twelve, three were employees of the Vale of Glamorgan Council.

The Vale Public Service Board successfully secured £25k funding from Natural Resources Wales towards the delivery of projects in local communities that support climate change and the Move More Eat Well Plan. Four projects were identified which would contribute to the PSB's objective to 'protect, enhance and value our environment' whilst also increasing engagement with local communities. The majority of the funding has been used to build an outdoor education centre as part of the Everyone's Garden project in Colcot. This is a project led by the Council's Housing team and has enabled the team to enhance the work they had started in the area with the local community. The outdoor education centre will provide a valuable community resource and improved outdoor areas enable people of all ages to safely engage and socialise. The gardens will also benefit from a plastic bottle greenhouse built by young people over the summer holidays with help from Bouygues UK who are the contractors building the new Pencoedtre High School.

We made a further commitment to supporting staff to choose healthier and more sustainable forms of transport in line with our Healthy Travel Charter. To mark Healthy Travel Wales Day (September), we launched a programme of events and activities for our staff including the Cycle2Work scheme, a cycle maintenance session at the Civic Offices with opportunity to trial an e-bike, train and bus discounts, promotion of walking maps and the free trial of e-bikes through OVObike. We also installed three cycle repair kits at the Alps, Civic Offices and Docks Offices enabling staff to make emergency repairs to their bikes.

Over the summer months, the highly successful <u>Summer of Fun</u> programme provided a variety of free leisure, sport and cultural activities for children and young people, enabling our young people to enjoy the summer post pandemic. The activities, which were delivered as a result of securing £196k funding from Welsh Government, included team building and sport, junior fitness and badminton classes, Duke of Edinburgh Bushcraft, Rockpool School on Tour, Drumming workshops and plenty more. The Vale of Glamorgan Council's Art Central Gallery hosted an exhibition showcasing the work created throughout the Summer of Fun activities programme and funds are being secured for a Winter of Fun Programme during quarter 3.

We have continued to collaborate with partners to promote our schools and libraries as community and well-being hubs and increase the diversity of leisure, art and cultural learning opportunities available to citizens in the Vale. Over the summer holiday we provided a full range of activities for children, including The Summer Reading Challenge, encouraging children to read six books to earn rewards, while learning about ideas for taking care of our environment. As restrictions ease, we

anticipate that we will be able to carry out many other activities and learning opportunities, especially for adults and will continue to liaise with partners to arrange a return to digital learning.

Our Anti-Social Behaviour team worked through 615 ASB incidents during quarter 2. The quarter 2 figures show a reduction in nuisance and personal incidents indicating the reducing impact of Covid-19 on ASB and community cohesion as individuals and organisations continue to move further into the recovery phases of the pandemic.

During August, our team ran an Anti-Social Behaviour roadshow, engaging with the public with our Community Safety Vehicle 'TREV' providing information, advice and reassurance regarding a number of community safety initiatives. The areas covered across the Vale included Castleland Community Centre, Pencoedtre Splash Pad, the Knapp, Pontalun Close, Stratford Green, Paul Lewis Community Centre, St Athan and Says Court, Llantwit Major.

As an integral component of community safety, the Vale has continued to engage with communities to provide safety messages, support safety and security campaigns and increase feelings of safety and well-being. During the quarter, 33 public engagement events were conducted, 4 leaflet drops and 13 training sessions. In terms of engagement, we created 125 Twitter posts, 109 Facebook and 7 Instagram posts covering a range of community safety initiatives and issues generating increased followers across our social media platforms. We have also continued to create and publish insightful highlight reports to provide residents, partners and members with quick, clear and relevant information regarding the activities of the Community Safety Team and Safer Vale Partnership. During the quarter, our team responded to the LGBTQ+ consultation in order to ensure that the local community safety and wellbeing needs of residents in the Vale are considered in all national plans.

#### 4.2.2 What do we need to improve?

The pandemic has continued to affect the percentage of child assessments completed in time with only 50% being completed in time against a target of 85%, this is also a decline in comparison to quarter 2 2020/21, (70.6%). Social workers have continued to respond to priority needs to the children and their families during the period of involvement, albeit without completed assessments.

96% of domestic abuse victims reported that they felt safe as a result of target hardening, in comparison to quarter 2 2020/21 where 100% felt safer against the target of 100%. The complexity of the issues faced by individual victims of domestic abuse means there are a variety of reasons why individuals may not feel safer simply as a result of the physical improvement of security of their property. Due to the increase of technology, we have found that certain devices give easy access to perpetrate domestic abuse, maintaining coercive control over a victim means that there are often multiple avenues through which a perpetrator can make a victim feel unsafe. It is also expected that as the team continues to increase the provision of target hardening to victims of domestic abuse, with the greater numbers will come a more diverse range of victims with differing thresholds and perceptions of feelings of safety. We will continue to offer victims additional support to aid with feelings of safety as well provide physical safety measures in their homes.

Sustaining and improving participation levels in physical activity at a time of diminishing resources will be a challenge this year. The COVID-19 pandemic has been a particularly challenging time with all direct delivery programmes ceasing and clubs/leisure centres across the county being closed. This led to the need to rethink how we deliver our services during this time, with more focus being placed on promoting family-based activities and utilising online platforms to promote these opportunities. Moving forward, for quite some time to come, sport and physical activity will look very different. We are working with our partners to plan what the future will look like and how residents can safely return to physical activity.

Homelessness is a growing national challenge and a significant challenge for the Vale, and despite our continued commitment, only 48.07% of households were successfully prevented from becoming homeless this quarter (against a target of 82%). The publication of Welsh Government's Guidance to local authorities during the COVID-19 pandemic, placed a duty on the Authority to provide everyone with temporary accommodation, posing a major challenge over the past year and beyond. There is a need to find innovative rehousing solutions, as there are currently over 200 people in temporary accommodation waiting to be rehoused in the Vale. As at March 2021, there were nearly 5,000 housing applicants on the Vale of Glamorgan Housing Register. Along with this it is taking an average of 21.6 working days to let an empty property against a target of 19.57 days, reflecting a deterioration in performance from Quarter 2 2020/21 with it taking 19.5 days to let an empty property. Capacity issues with the sub-contractors have caused delays in the turnaround of empty properties but we are currently working to ensure that performance will recover by quarter 3.

<u>Appendix 1:</u> Provides, by Well-being Objective, detailed information relating to the Service Plan actions which have contributed to Corporate Plan commitments outlined in our Annual Delivery Plan 2021/22

Appendix 2: Provides detailed performance indicator information linked to each Well-being Objective which show for our planned activities, how well we are performing. It must be noted that any annually reported performance indicators will be reported at end of year when data becomes available. In addition, new performance indicators that have been introduced in 2021 aligned to the new Corporate Plan will not have data available until end of year as this year will be used to establish baseline performance. A Not Available (N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan.

#### Well-being Objective 4: To respect, enhance and enjoy our environment

#### Our overall RAG status for 'To respect, enhance and enjoy our environment' is GREEN

#### **5.1** Performance snapshot

The report highlights our progress at quarter 2 in delivering the Annual Delivery Plan (ADP) activities aligned to our Corporate Plan commitments that contribute to Well-being Objective 4 for the period 2021/22. There are 20 ADP actions aligned to the 8 Corporate Plan commitments within Well-being Objective 4, 'To respect, enhance and enjoy our environment'. In total, 50 service plan actions across a number of council services contribute to the delivery of these ADP priorities.

#### **5.2 Performance Exceptions**

Below are key highlights of our achievements and areas where we need to improve in relation to our ADP activities aligned to this Well-being Objective for 2021/22.

#### 5.2.1 What have we done well?

During quarter 2, 420 planning applications have been determined with 348 approved (82.9% of decisions). Of the approved applications, 3 related to Listed Building Consents (LBCs). A further 47 Tree applications were also determined; 47 TCA's (Work to trees in a conservation area) and 17 TPO's (Work to trees covered by a Tree Preservation Order), no new Tree Preservation Orders have been confirmed. 146 planning enforcement cases were resolved during the quarter.

Out of the 348 approved planning applications the following decisions related to decisions within planning designations: 36 were approved in a Special Landscape Area (SLA) but it was considered that none of the proposed developments would have a detrimental impact upon the SLAs by nature of their design and scale; 5 applications were approved in Green Wedges but neither approval impacted upon the openness of the green wedge or the other reasons for their designation; 11 applications were approved within the Glamorgan Heritage Coast.

We continue to work towards our goal of reducing food poverty and empowering our communities. During quarter 2, we launched a new "pay as you can" Food Pod pantry in St. Luke's Avenue, Penarth. Working collaboratively, our housing department's community investment team successfully coordinated this project alongside volunteers from Helping Hands and the STAR resident's association. During the opening, residents were welcomed to buy items from the pantry and learn more about the Clean Slate: Cleaner, Greener and Healthier program.

73% of household waste collected by the Council was prepared for reuse and/or recycled during quarter 2. This is a further improvement in relation to last year's performance at quarter 2 (72%) and we have also exceeded the statutory target for 2021/22 of 70%.

We continue to excel with our Green Flag Awards, as all our parks have retained their Green Flag Status, making us one of the best performing authorities in Wales. Award winning country parks consist of Cosmeston and Porthkerry country park, Romilly Park, Alexandra Park and Windsor Gardens, Barry Island Seafront and Friars Point, Belle Vue Park, Central Park, The Knap Gardens, Victoria Park and Gladstone Park. 15 sites also received Community Awards, including Barry Community Garden, Bee Loud Glade, Birchgrove Woodlands and many more. To increase biodiversity within our environment we are modifying our cutting regimes, reducing our annual bedding and replacing with more biodiverse perennial displays, and we continue to be pesticide free in our parks. Additional trees have been planted within our Green Flag parks and open spaces during the quarter and will continue into the following quarters. We also retained our Blue Flag status at Penarth Marina and Southerndown beach plus receiving seaside awards for Barry Island, Jacksons Bay and Cold Knap.

#### 5.2.2 What do we need to improve?

We recognise that the temporary halt to normal life and successive lockdowns is neither sustainable nor enough to stop climate change and we have a lot of work to do if we are to reduce our carbon emissions to net zero before the Welsh Government's target of 2030. We will need to make representations to the Welsh and UK Government's, to provide the necessary powers, resources, and technical support to local authorities in Wales to help us successfully meet the target. We will also need to continue to work with partners across the region to develop and implement best practice methods that can deliver carbon reductions and help limit global warming. We will continue to consult stakeholders including Councillors,

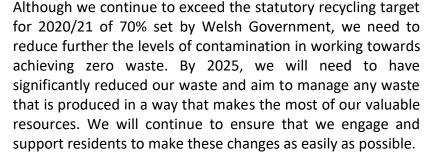

residents, young people, businesses and other relevant parties to develop a strategy in line with a target of net zero emissions by 2030 and explore ways to maximise local benefits of these actions in other sectors such as employment, health, agriculture, transport and the economy.

Salix funding is now available to replace another 3,700 lanterns to LED on strategic routes. At present 70% of the Council's street lighting has been converted to LED but we have fallen short of our target which is 90%. It is anticipated that this work will now be completed by 8<sup>th</sup> November 2021. Completion of this scheme will contribute towards our goal of reducing the organisation's carbon emissions to net zero before 2030 and minimising the negative impact of our activities on the environment.

We need to revise the Local Flood Risk Management Strategy in response to the updating of the National Flood and Coastal Erosion Risk Management Strategy pending guidance from Welsh Government. We also need to develop a Strategy to promote the use and retrofit of Sustainable Drainage Systems (SUD) including an assessment of the benefits of producing new supplementary planning guidance regarding the use of SUDs to mitigate flood risk.

We recognise that we would benefit from having an overall Waste Management Strategy to help us continue delivering our waste management services and changes. With this in mind, we are developing a ten-year Waste Management Strategy and supporting action plan in line with Welsh Government statutory guidance and the Well-Being of Future Generations Act which states an expectation that public bodies look at least ten years ahead. This will be reported to Cabinet during 2021/22.

During quarter 2, recruiting HGV drivers was an issue experienced across the country in a variety of services with many Councils experiencing difficulties in meeting their weekly collections as a result of shortages in experienced staff. For the Vale specifically, garden waste collections were particularly affected due to this type of collection not being a statutory service. Recent government action to streamline the testing process and tackle the worldwide lorry driver shortage will allow up to 50,000 more HGV driving tests to be made available each year. HGV driving tests will also be overhauled, meaning drivers will only need to take 1 test to drive both a rigid and articulated lorry, rather than having to take 2 separate tests (spaced 3 weeks apart). This will make around 20,000 more HGV driving tests available every year and mean drivers can gain their licence and enter the industry more quickly.

<u>Appendix 1:</u> Provides, by Well-being Objective, detailed information relating to the Service Plan actions which have contributed to Corporate Plan commitments outlined in our Annual Delivery Plan 2021/22

Appendix 2: Provides detailed performance indicator information linked to each Well-being Objective which show for our planned activities, how well we are performing. It must be noted that any annually reported performance indicators will be reported at end of year when data becomes available. In addition, new performance indicators that have been introduced in 2021 aligned to the new Corporate Plan will not have data available until end of year as this year will be used to establish baseline performance. A Not Available (N/A) status will be attributed to all such measures with commentary provided confirming this status. We will continue to develop our key measures within each Well-being Objective to ensure these most accurately reflect our Corporate Plan.

## ANNUAL DELIVERY PLAN MONITORING REPORT 2021/22

Links to latest corporate health reports/information to enable members to maintain oversight of issues that may impact on the work of the Council and their respective committees.

#### WHAT HAVE WE ACHIEVED?

### Objective 1: Work with and for our communities

- Digital platforms continue to complement our face-to-face interactions with children, young people and families, and engagement remains positive.
- We have fulfilled our pledge to rehouse Syrian families via the UKRS scheme and have made a further pledge to support two Afghan families affected by the current crisis in Afghanistan.
- Work is progressing with partners on supporting residents through the welfare reform changes.
- Delivered a range of initiatives to get tenants online such as tablet loan schemes and digital training.
- Work continues to progress on the Llantwit Major food poverty pilot project with phase 1 of the public engagement underway.

## **Objective 3: Support People at home and in their community**

- We continue to support victims of domestic abuse; during Q2, 32 properties received safety improvements including alarms, CCTV and changing of locks. When surveyed, 100% of respondents reported feeling safer as a result.
- Work has progressed on the delivery of new Council homes across three sites in Barry, with 11 new homes at Holm View handed over in May 2021 and 11 emergency units handed over at Court Road, Barry in August 2021.
- Planning approval was obtained for 53 new Council homes at Hayeswood Road, Bendricks and up to 15 units at Rhoose increasing the amount of affordable homes in the Vale.
- 13 new accessible homes were delivered during Q1 and Q2.

## Objective 2: Support learning, employment and sustainable economic growth

- Created apprenticeships, training and volunteering opportunities for local people through community benefit clauses in our large building contracts. Of note were the two recent new build Council housing estates at Brecon Court and Holm View, Barry.
- The Vale Heroes and Stronger Communities fund have been expanded to support more community projects with particular emphasis on bringing together funding sources.
- 93% of C4W people engaged against a target of 15% and 107% of C4W+ people engaged against a target of 40%.

## Objective 4: Respect, enhance and enjoy our environment

- Delivery of the Optimised Retrofit Project is enabling properties with low performing heating systems to be upgraded and improved for energy performance, also helping to reduce fuel poverty.
- New opportunities for temporary and permanent accommodation continue to be explored, including conversion of existing buildings and developing more MMC units following the success of our Court Road development.
- Our Community Safety Team purchased 5 deployable CCTV cameras which is helping to protect our environment and managing hotspot areas such as Maslin Park Barry, Romilly Park Barry, Caerwent Gardens Dinas Powys, Rhoose Point and Ogmore.

### WHAT DO WE NEED TO IMPROVE?

### Objective 1: Work with and for our communities

- Maximise mobile working opportunities in SRS to further enhance service delivery and continuity.
- Enhance support to our tenants increase take up of digital and online services and target digital exclusion.
- Continue to engage with our community including tenants, businesses, landlords, care and education settings to inform service delivery, drive service improvements and keep the community safe.

# Objective 2: Support learning, employment and sustainable economic growth

- Britain exiting the European Union in January 2020, continues to present challenges in funding for a number of initiatives such as Families First, Inspire to Achieve and Inspire to Work.
- Progress work via the town first centre approach contributing to increased employment opportunities and vibrant town centres.

### Objective 3: Support people at home and in their community

- Continue to explore options to identify a potential Gypsy & Traveller site.
- Improve the percentage of domestic abuse victims (96% in Q2) that report that they feel safer as a result of target hardening. We want this to be 100%.
- We are experiencing difficulty in engaging contractors to assist in clearing the backlog of property adaptation work in our Council homes.
- Improve the average number of working days to let an empty property which deteriorated slightly this quarter

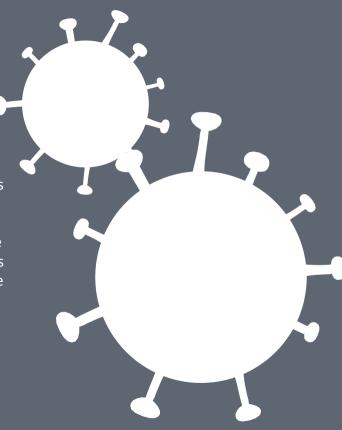

## Objective 4: Respect, enhance and enjoy our environment

 Progress work to deliver near zero carbon, or at a minimum A rated new Council homes and utilise Optimised Retrofit Programmes that include Modern Methods of Construction and off-site manufacturing to meet carbon reduction targets as per project zero.

# CORONAVIRUS RECOVERY UPDATE

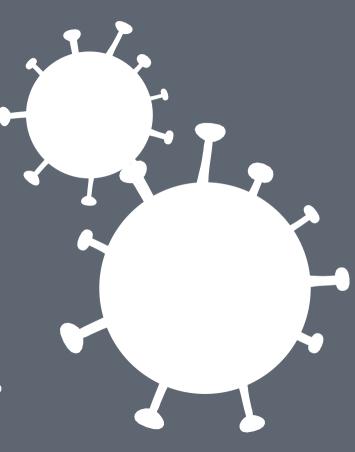

- Bed and breakfast accommodation continues to be provided for homeless persons in accordance with Welsh Government's Covid-19 Homelessness Plan. 126 hotel rooms now block booked until 31<sup>st</sup> March 2022, 106 currently occupied but this changes daily. All clients placed in hotels are allocated key support workers and have access to twice weekly face to face support sessions at the hotel from Pobl. So far, over 729 people have been provided with bed and breakfast accommodation since March 2020.
- Two successful bids were made for capital and revenue funding to develop 11 units of modular housing on the Court Road amenity site as self-contained temporary accommodation for homeless clients to move on from bed and breakfast rooms in hotels. The scheme was handed over on 2nd August 2021, with all units furnished and occupied the same week. A second scheme is being developed to create a complex need supported accommodation scheme for the most vulnerable clients in bed and breakfast (to move into until they acquire the skills for independent living).
- Alternative options are being explored to expand the supply of temporary accommodation including a former garage site in Colcot and also a former Bed and Breakfast hotel on Port Road East.
- Work with tenants to provide advice and support is ongoing, enabling them to better manage their finances and the early effects of Universal Credit.
- SRS continue to lead on the Track, Trace, Protect project for all three Authorities.
- Throughout quarter 2, the Community Safety Team and Safer Vale Partnership have delivered 33 public engagement events resulting in increased engagement on social media platforms.
- During quarter 2, the Anti-Social Behaviour team worked through 615 incidents of ASB. Of these 88 were environmental, 346 were nuisance and 114 were personal, demonstrating the continued return to more 'normal' levels of ASB with Covid related issues less prevalent.
- The cameras have proved to be a valuable asset in reducing ASB in areas, or where ASB has continued it has assisted officers to identify those responsible.
- The Council's cleaning service has resumed normal cleaning operations in all contracted sites and continues to provide a proactive response to areas where known contamination outbreaks or concerns have been identified, Bio-misting is also provided to buildings and areas where outbreaks are reported.

# CORONAVIRUS RECOVERY UPDATE

- Responsive Repairs are now providing a full service to all Council Public buildings and housing stock although a significant increase in demand for service has been observed in recent months which has increased workloads.
- The Council's improvement programme has focused on energy efficiency measures and external works to ensure our homes remain wind, water-tight and warm.
- Service commissioning for support services continues in order to ensure compliance with Financial regulations and Contract Standing Orders. 10 contracts were recommissioned in June/July 2021.
- A Tenant profiling exercise has commenced so that services can be better targeted to meet the needs of each individual tenant particularly those adversely affected during the pandemic.
- The Accommodation Solutions Service continues to work in partnership with Health and Social Services colleagues to minimise bed blocking and reduce the need for hospitalisation. They have resumed a limited face to face service within the hospital settings.
- Arrangements have been suitably risk assessed to ensure duties are carried out safely in accordance with the Division's COVID-19 risk management arrangements and where contact has not taken place face to face, this has continued virtually. The YOS building has also been risk assessed and used effectively to support direct contact with children and families across the CYPS Division.
- Families First has increased funding to its Young Carers respite service to support vulnerable and isolated young people. A full programme of activities and support has been ongoing.
- Families First Disability strand services (Families First Holiday club, Integrated Youth Provision and The Index) have continued to provide information and respite services for disabled young people and their families during holiday periods.

### Appendix C

### **Homes and Safe Community Scrutiny Committee**

### **Performance Exceptions**

| Performance<br>Indicator   | Q2<br>2020/21 | Q2<br>2021/22 | Q2 Target<br>2021/22 | Directi<br>on of<br>Travel | Commentary   | Reason<br>for<br>Slippage |
|--|---------------|---------------|----------------------|----------------------------|--|---------------------------|
| CPM/092<br>(CPM/010): Average<br>number of working<br>days to let an empty<br>property (standard<br>condition).<br>(Housemark) | 19.5 days     | 21.6 days     | 19. 57 days          | <b>\</b>                   | There has been a small deterioration in performance during the last quarter and we are slightly over target. There have been challenges in terms of materials which have led to delays as well as capacity issues with the voids sub-contractor. These are being worked through and it is anticipated that performance will recover in Q3 and bringing us back within target   | Non-<br>Covid<br>Related  |
| PAM/012: Percentage of households successfully prevented from becoming homeless.   | 81%           | 48.07%        | 82%                  | <b>→</b>                   | The team continues to work hard and prevent homelessness where possible. Unfortunately, as explained last quarter as a result of the Pandemic, WG have directed all LA's not to complete the priority need investigations detailed within the Housing (Wales) Act 2014 and therefore consider all who present where deemed homeless, vulnerable, resulting in all being placed in temporary accommodation (Hotel accommodation in most cases). The majority of homelessness presentations are now in fact single households where prevention opportunities are extremely limited hence the target has further slipped over the quarter. This target will need to be revised for next year as the priority need test is to be removed permanently leaving very little prevention opportunities as the vast majority will be sofa surfing. | Covid<br>Related          |

#### **APPENDIX 1: Service Plan Actions contributing to this Well-being Objective**

Well-being Objective 1: To work with and for our communities

CP Commitment: 1.1 Improve how we involve, engage and communicate with others about our work and decisions

| Service Plan Actions  | In Year<br>Completion<br>Date | % Complete      | Progress & Outcomes Description  | Service Plan<br>Action RAG<br>status | ADP Action<br>RAG<br>Status | Relevant<br>Scrutiny<br>Committee                                   |
|---|-------------------------------|-----------------|--|--------------------------------------|-----------------------------|---|
| ADP1 Make effective use of technology   | to improve ho                 | w we provide in | formation and communicate with people  |                                      |                             |   |
| CS/A001: Explore opportunities to maximise our use of digital platforms to enhance our reach and engagement with and for children and young people and their families.  | 31/03/2022                    | 50%             | Digital platforms continue to complement our face to face interactions with children, young people and their families, and engagement is positive.   | Green                                | Amber                       | Corporate Performance and Resources Healthy Living and Social Care  |
| RMS/A001: Further strengthen our resources and information available via Dewis.   | 31/03/2022                    | 50%             | Whist somewhat restricted due to the restrictions of the COVID 19 Pandemic, we continue to make good progress towards maintaining the resources available via Dewis and looking towards further strengthening them as staff are able to return to their substantive posts.   | Green                                |                             | Corporate Performance and Resources  Healthy Living and Social Care |
| SP/A001: Work with Social Services, the Central South Consortium Joint Education Service (CSCJES), schools and other external agencies to strengthen our approach to engaging, involving and communicating with children and their families to deliver services that meet their learning needs within all education settings. | 31/03/2022                    | 50%             | Through the development of the LEA's Strategic Equality Plan (SEP) for schools, we engage with external agencies. There are ongoing conversations to align the SEP for schools and the CSC's Equality and Equity document. A peer review was undertaken to quality assure the SEP for schools, involving the WLGA and schools. | Green                                |                             | Corporate Performance and Resources Learning and Culture            |

|---|-------------------------------|------------|--|--------------------------------------|-----------------------------|---|
| RP/A005: Work with Welsh and UK Government to try and secure replacement funding to deliver a range of regeneration initiatives formerly funded via the EU such as Creative Rural Communities.  | 31/03/2022                    | 50%        | Although work continues to prepare for the UK Levelling Up Fund, it has become clear that no imminent replacement funding or programmes are in the pipeline to continue several initiatives formally funded by the EU. The most critical of these for the Council is Creative Rural Communities which has been in existence since 2004. It has provided support and substantial funding to businesses and communities within the rural Vale.   | Green                                |                             | Corporate Performance and Resources Environment and Regeneration  |
| HR/A002: Refresh our work with managers across service areas to support them in the identification of potential employees who are EU, EEA or Swiss nationals (taking into account the sensitivity of the matter) to support them in applying for settled status and continue with our staff engagement to raise awareness amongst affected staff of the requirements to apply for settled status by the deadline. | 31/03/2022                    | 100%       | Completed at Q1- Employees have been directed to the government information on applying for EU settled status. It is the responsibility of the employee to make an application to the EU settlement scheme. The deadline to apply was 30th June 2021. As part of the Council's recruitment process, from 1st July 2021 we will be checking the Right to Work in line with the new guidance for applications. From 1st January 2021, the Council has not hired anyone from outside of the UK. | Green                                |                             | Corporate Performance and Resources  Environment and Regeneration |
| HR/A003: Communicate clear messages to our external providers and agencies to raise awareness of the need to ensure that EU nationals are aware of the requirements to apply for settled status.  | 31/03/2022                    | 100%       | Completed at Q1-<br>As with HR/A003, we have made contact with our<br>Agency providers to ensure they are aware of the<br>scheme and appropriate checks are in place for the<br>Right to Work.   | Green                                |                             | Corporate<br>Performance<br>and Resources                         |

| SP/A004: Hold the CSCJES to account for the impact of their business plan on schools and learners across the Vale of Glamorgan. | 31/03/2022                    | 50%            | The CSC have recently presented a report to the 5 directors on the progress of their business plan. A key priority within the business plan that should impact on Vale of Glamorgan schools and pupils is the Equity and Excellence Strategy. This has been long-awaited, re-drafted and was due to be released in September. This will now be shared at the headteacher meeting in October.  | Green                                |                             | Learning and<br>Culture           |

| ALN/A007: Continue to provide support for childcare settings post COVID. | 31/03/2022                    | 50%            | Under the Childcare & Play grant we continue to deliver small grant schemes to support sustainability, new childcare provisions and additional childcare places. To date: 4 childcare settings have received a total of £5,337 towards staffing costs. Additional funding received from Welsh Government will support Covid recovery for the childcare sector. Grants will be offered to support Staffing costs, rent, Closure losses in relation to positive Covid case, replacement of worn/broken toy & play equipment.  The Child Development Fund has completed its first 6 months of this financial year – 141 children have been referred to the scheme with approximately 138 having been accepted and receiving support for varying needs including Speech & Language delay, fine and gross motor development delay and personal and social delay. We are awaiting confirmation of funding to continue until 31 March 2022.  Childcare Offer Capital funding – progress continues at a steady pace to support the opening of the childcare units on Llanfair Primary School, Gladstone Primary school and Ysgol Dewi Sant for January 2022 if not before. Childcare Offer Capital grants continue to be offered and additionally, Childcare Offer Covid recovery grants will be offered to support capital items | Green                                | Green                       | Learning and Culture              |

| SD/ADDE: Work in partnership with the   | 21/02/2022                    | E09/       | Due to the current Level 0 Covid restrictions, the Quality Monitoring Officer has been able to visit further settings, following PPE wearing advice, to offer advice and support regarding the current challenges they face. She will be able to promote the various grants available that can offer financial relief to childcare settings.   | Croon                                |                             | Loorning and                      |
| SP/A005: Work in partnership with the CSCJES to address issues arising from the impact of COVID-19 on schools and pupils, ensuring continuity of learning and that the specific needs of vulnerable learners are addressed, using the WG's Accelerated Learning Programme grant to target those cohorts of pupils identified as most at risk. | 31/03/2022                    | 50%        | Ongoing discussions held between Improvement Partners and school leaders to ensure the identification of appropriate priorities in SDP to address impact of Covid. A strong focus on addressing literacy concerns (oracy, particularly in the foundation phase, reading and writing), promoting pupils' social skills and enhancing wellbeing provision. In Welsh medium schools, an ongoing focus remains on supporting pupils who come from homes where Welsh is not spoken.  Improvement Partners continue to work with schools in reviewing the effective use and impact of the Accelerated Learning Programme grant and the Pupil Development Grant (PDG). Report outlining use and impact of PDG for 2020-21 shared with Learning and Culture scrutiny in September 2021, as well as presentations from two schools. Impact captured include good engagement by eFSM pupils during lockdown, improved IT skills, good attendance and reengagement of eFSM back in school has been good in over half of schools, and a more effective liaison and partnership in place with parents | Green                                |                             | Learning and<br>Culture           |

|   |                               |            | A comprehensive professional learning offer is in place for schools with a strong focus on oracy and reading in LLC provision. Discussions are ongoing between Improvement Partners and schools regarding the identification of appropriate key professional learning programmes.   |                                      |                             |                                   |
|   |                               |            | Two secondary schools (Pencoedtre and Whitmore) have been identified for the Raising the Attainment of Disadvantaged Youngsters (RADY) pilot project; initial work has just begun.  |                                      |                             |                                   |
| SP/A006: Develop a coherent strategy for the support, monitoring and delivery of EOTAS provision which ensures our most vulnerable learners and EOTAS learners not in education settings are able to access a curriculum that meets their needs and allows them to progress at a rate appropriate with their age and ability. | 31/03/2022                    | 50%        | EOTAS strategy developed and established. Pupil Engagement Team within the Youth Service now established with a rigorous and robust quality assurance process implemented of all EOTAS providers. Pupil Engagement will oversee all EOTAS contracts brokerage ensuring commissioned arrangements are underpinned with legally agreed documentation.   | Green                                |                             | Learning and<br>Culture           |
| SP/A007: Work with schools to improve attendance rates and reduce persistent absence.   | 31/03/2022                    | 50%        | Covid has an ongoing impact on all areas of attendance; there is still WG guidance making use of penal measures difficult. WG currently advises against issue of FPN and also very limited non covid based use of other penal measures. There is still an ongoing increase in EHE linked to covid and the inclusion team focus, and the work with schools and families on reengagement and phased and supported attendance is still very much with the aim to prevent further covid based increases into EHE since this can cause a range of difficulties both for the learner, school admissions, schools and the LA overall. Indicators | Green                                |                             | Learning and<br>Culture           |

|---|-------------------------------|------------|--|--------------------------------------|-----------------------------|-----------------------------------|
|   |                               |            | for the month of September are that attendance for VOG learners is slightly better than All Wales average as is our retention of learners by low EHE de registrations but an increase in persistent absenteeism and lower than pre covid attendance is inevitable due to the long periods of school closure and the negative impact of this in learners and families of all ages. WG appear to accept this is not "business as usual" by virtue of the ongoing advice re engagement rather than penalty approaches. Thus the annual data targets on attendance will not be met (94% secondary and 94.8% primary) and this is in line with WG advice to all schools that they will not collect or penalise attendance data this year - but the response by the LA is on target in terms of seeking to adapt to provide suitable support in the new circumstances. The AWE team has expanded to try to meet the changed attendance and engagement environment and the EWS became the Inclusion team with Inclusion officers taking up roles from September 1st to offer a wider and year-round support to learners with attendance needs or concerns. September 2021 All Wales average 88.2% VOG 89.5% with lowest of 84.8%. The number of PA persistent absentees is also likely to be higher post covid as a result of Covid and the ongoing de facto restrictions on applying |                                      |                             |                                   |

| and training.  HS/A011: Establish a 'One Stop Shop' to provide residents with money advice, information and debt support on a range of issues including housing, benefits, employment and training.                  | 31/03/2022                    | 100%           | Completed in Q1- The One stop shop is now open. In line with Covid restrictions, this was initially via telephone however face to face drop-in services have now commenced. A full range of housing related support, advice and assistance is being provided regarding a broad range of issues.  | Green                                | Green                       | Homes and<br>Safe<br>Communities                                |
| SRS/A010: Support victims of illegal money lending to access debt advice, rebuild their finances and make a sustainable transition to legal credit and carry out enforcement to remove loan sharks from communities. | 31/03/2022                    | 50%            | The Wales Illegal Money Lending Unit is dealing with a surge in cases arising from the financial difficulties some found themselves in as a result of the pandemic and associated lockdowns. Work is underway both to investigate the illegal lenders and to support victims.  | Green                                |                             | Homes and<br>Safe<br>Communities                                |
| HS/A012: Work across the Council and with partners to support residents as changes to Welfare Reform are rolled out.   | 31/03/2022                    | 50%            | Money Advisors continue to support and assist tenants experiencing financial hardship. The ending of the £20 a week Universal Credit top up from the end of October, combined with increased utility costs, make it a very challenging time for tenants on low incomes. In addition to the in house Money Advisors, the CAB is assisting an increasing number of people locally with money and debt issues. A number of local level anti poverty initiatives are being developed to assist, including the new Food Pod at St Lukes Avenue in Penarth. This provides a range of food on a 'pay what you can' basis and is already making a difference to several tenants. | Green                                | Green                       | Corporate Performance and Resources  Homes and Safe Communities |

| NS/A018: Review the Capital Programme and the use made of the Council's assets to support recovery and economic growth including the consideration of an investment strategy. Projects for this year | 31/03/2022                    | 75%        | to remove safely. The works have subsequently recommenced and are now progressing well with new culvert units installed and completion anticipated mid Q3. Communication with the school and library remain ongoing to mitigate access issues and ensure their activities can carry on as normally as possible using the temporary access arrangements necessary. The cost of the works is likely to increase due to the unforeseen issues encountered and the need to expedite completion to prevent continued unnecessary inconvenience to school and library. No change to position stated in Q2 regarding Murch community centre access bridge works is programme.  The main improvement works along the Penarth Esplanade have now been successfully completed with final resurfacing programmed to be undertaking week commencing 11th October in Q3. Painting of all council assets along the Esplanade and at the Pier and Pavilion is also due | Green                                |                             | Environment and Regeneration  Corporate Performance |

| RP/A026: Refocus the 2021/22 events programme to deliver safe events that support the economy town centres, resorts and country parks by working in partnership was providers in line with recommendations by the Welsh Government Events Taskforce. | of<br>,              | 50%              | After a successful summer festival of flowers the attention of the events team now turns to Halloween and Christmas events at all town centres and country parks. The new approach to procuring events has seen a variety of private sector event companies coming in to partner with the Council. Funding has been awarded by WG to expand our events provision over Christmas and into the new year. We also plan to run a walking month in March 2022 with a view to maximising the economic and health benefits of walking tourism. | Green  | Green   | Environment<br>and<br>Regeneration |

| SL/A018: Develop the Makerspace project in Penarth and identify further opportunities to expand the use of local creative spaces in communities across the Vale.   | 31/03/2022                    | 50%              | The Makerspace is becoming a reality. A Development Officer was appointed from amongst library service staff, and he has made good progress in planning the space and service, purchasing furniture and confirming a list of equipment to purchase during Q3. Good research and a visit to an expanded Makerspace in Llanelli, amongst others, helped clarify what would work best and what has proved successful elsewhere. The space is on course to open in January.  | Green                                | Green                       | Learning and<br>Culture<br>Environment<br>and<br>Regeneration |
| RP/A027: Identify further opportunities to expand the use of empty spaces for use by local creative and co-working communities across the Vale.  | 31/03/2022                    | 50%              | An open call is currently underway for expressions of interest specifically around Meanwhile Use Spaces in Holton Road. We have not specified what uses we expect, however we hope that these projects will drive footfall and spend.  ies as community and well-being hubs and increase to the specific description.  | Green                                | eisure art and              | Environment<br>and<br>Regeneration                            |

|   |                               |            | Team Lead has a continued presence. Since its inception, DRIVE has worked with 39 service users, 46 victims and 92 children and young people. 32 properties were target hardened across the quarter. This is a 28% increase from the number of properties who were provided with target hardening last quarter and an increase from the same time in the previous year. The team were successful in a bid for funding to provide additional target hardening equipment for the remainder of the financial year. Across the quarter, 25 completed quality control feedback of which 24 said they felt safer and 25 were happy with the service.  There were 67 hate crime / incidents across the quarter. The Community Cohesion Officer has continued to work with SWP Hate Crime Officer to look at any solutions to incidents of hate across the Vale. The majority of incidents relate to racial incidents. Transgender incidents have seen a |                                      |                             |  |

| HS/A018: Review the provision of the Councils Corporate CCTV service in collaboration with partner agencies. | 31/03/2022                    | 50%        | "The CCTV report was presented to Business Cabinet outlining the options for the static provision of CCTV across the Vale. Members were in favour of using the Capital money that has been secured to update the system, ensuring that cameras are located in areas that are appropriate for the present day landscape of Crime and Disorder in the Vale. Conversations have been had to look into the options around collaboration with Cardiff in an attempt to ensure an intelligent solution is applied to CCTV moving forward. The Council is awaiting a decision from the PCC regarding their contribution to the scheme. The Community Safety Team have been working with cross departmental Council colleagues where additional funding could be available to support the purchase of additional cameras across the Vale. The re deployable cameras have continued to be used across the Vale to support the monitoring of hotspot ASB locations across the Vale. " | Green                                |                             | Homes & Safe<br>Communities       |

| SRS/A014: Deliver the actions identified in the Shared Regulatory Service Business Plan 2021/22. | 31/03/2022                    | 50%        | Work continues to deliver the actions set out in the SRS Business Plan with several actions completed and many in progress. The initial phase of the Minimum unit Pricing (MUP) inspections for alcohol is near to completion, and two intelligence led underage sales operations were conducted in retail premises during Qtr 2 in relation to the purchase of alcohol and e-cigarettes. Another intelligence led operation concerning the sale of illegal tobacco resulted in seizures of tobacco in premises in Bridgend and Cardiff leading to 71,700 individual cigarettes (street value £12,500) and27.7kg of hand rolling tobacco (street value £2,770). Furthermore, service plans for the delivery of food safety, health and safety and communicable disease were approved by the Joint Committee in September. Our work in responding to the Covid-19 pandemic continues through the enforcement of Coronavirus Regulations, supporting the Test, Trace, Protect Service and managing the investigation of covid cases and outbreaks in the care sector. | Green                                |                             | Homes and Safe Communities        |

|  |                               |            | Road. The higher rents charged on temporary accommodation, mean that new schemes can be financially viable over 20 years without grant funding.   |                                      |                             |                                   |
| HS/A027 Contribute to the work of<br>the Scrutiny Committee Task and<br>Finish Group to review Homelessness<br>Services. | 31/03/2022                    | 50%        | Further meetings of the Task and Finish Group have taken place and expert testimony has been heard from Shelter Cymru, the CAB and the Chair of the Private Sector Landlords Forum. Welsh Government Officials and colleagues from RSL partners are due to provide briefings at the October meeting and the Group will then finalise conclusions and recommendations to be considered at H&SC Scrutiny. | Green                                |                             | Homes and<br>Safe<br>Communities  |

## **APPENDIX 2: Performance Indicators**

Well-being Objective 3: To Support People at Home and in their Community

| Performance Indicator  | Q2<br>2020/21 | Q2<br>2021/22   | Q2 Target 2021/22 | RAG<br>Status | Direction of Travel | Commentary  | Relevant<br>Scrutiny<br>Committee |
|--|---------------|-----------------|-------------------|---------------|---------------------|---|-----------------------------------|
| WO3.1: Encourage people of all ages to have active   | e and health  | ny lifestyles t | o promote b       | etter physi   | cal and ment        | al well-being.  |                                   |
| CPM/063 (CPM/028): Number of sports clubs which offer either inclusive or specific disability opportunities. | N/A           | 61              | 56                | Green         | N/A                 | As per quarter 1. New Disability Sport officer has now commenced in post. One of her current actions is to reconnect with all organisations on the database to establish their current status, ascertain any support they | Healthy Living<br>& Social Care   |

| Performance Indicator  | Q2<br>2020/21 | Q2<br>2021/22 | Q2 Target 2021/22 | RAG<br>Status | Direction of Travel | Commentary  | Relevant<br>Scrutiny<br>Committee                        |
|--|---------------|---------------|-------------------|---------------|---------------------|---|--|
|  |               |               |                   |               |                     | require and encourage them to undertake in sport accreditation.   |  |
| CPM/064 (CPM/191): Percentage of adults reporting that they participate in sports/ physical activity three or more times a week. |               |               |                   |               |                     | This Performance Indicator is monitored annually.   | Healthy Living<br>& Social Care                          |
| CPM/065 (CPM/196): Percentage of Council catered schools that offer healthy food options.  |               |               |                   |               |                     | This Performance Indicator is monitored annually.   | Healthy Living<br>& Social Care<br>Learning &<br>Culture |
| PAM/042: Percentage of NERS clients whose health had improved on completion of the exercise programme.                           | N/A           | 100           | No Target         | N/A           | N/A                 | With our programme restarting as described in the previous quarter details we are catching up with people in this quarter who started in May and June. Our figures are limited at this stage as we are still restricted by the numbers who are entering our classes and our programme due to the high standards of care, we are offering clients because of the COVID pandemic. We are dealing with lots of clients who are vulnerable and therefore need to be vigilant with our precautions to ensure that they are safe. There is still a lot of people who have fear of participation in our programme and we are seeing a greater number of people being referred but the start-up rate is not reflecting this due to this factor. | Healthy Living<br>& Social Care                          |
| PAM/017 (LCS/002b): Number of visits to local authority sport and leisure facilities during the                                  | 304.4         | 1138.06       | No Target         | N/A           | <b>↑</b>            | Increase over Q1 as usage is starting to normalise from Covid times   | Healthy Living<br>& Social Care                          |

| Performance Indicator  | Q2<br>2020/21     | Q2<br>2021/22  | Q2 Target 2021/22 | RAG<br>Status    | Direction of Travel | Commentary  | Relevant<br>Scrutiny<br>Committee                              |
|--|-------------------|----------------|-------------------|------------------|---------------------|---|--|
| year where the visitor will be participating in physical activity per 1,000 population.  |                   |                |                   |                  |                     |   |  |
| WO3.2: Provide more opportunities for cycling and  | d walking a       | nd develop a   | a range of tra    | vel option       | s to encourag       | e people out of their cars                        |  |
| CPM/066 (CPM/155): Satisfaction with public transport including a) accessibility and b) road safety.   |                   |                |                   |                  |                     | This Performance Indicator is monitored annually. | Environment<br>&<br>Regeneration                               |
| CPM/067 (CPM/258): Satisfaction with public transport in the Vale of Glamorgan.  |                   |                |                   |                  |                     | This Performance Indicator is monitored annually. | Environment<br>&<br>Regeneration                               |
| CPM/068 (CPM/017): Percentage of adults 60+ who have a concessionary bus pass.   |                   |                |                   |                  |                     | This Performance Indicator is monitored annually. | Environment<br>&<br>Regeneration                               |
| WO3.3: Promote leisure, art and cultural activities  | which mee         | t a diverse ra | ange of need      | 5                |                     |   |  |
| CPM/069 (CPM/174): Percentage of people attending or participating in arts, culture or heritage activities at least 3 times a year.                                |                   |                |                   |                  |                     | This Performance Indicator is monitored annually. | Learning &<br>Culture  |
| WO3.5: Provide care and support to children and fa   | ı<br>amilies in n | eed which re   |                   | ı<br>ndividual : | strengths and       | circumstances                                     |  |
| CPM/070 (CPM/170): Percentage of users showing satisfaction with a Families First service accessed.  |                   |                |                   |                  |                     | This Performance Indicator is monitored annually. | Homes & Safe<br>Communities<br>Healthy Living<br>& Social Care |
| CPM/071 (CH/006): The total number of new assessments completed for children during the year   |                   |                |                   |                  |                     | This Performance Indicator is monitored annually. | Healthy Living<br>& Social Care                                |
| CPM/072 (CH/007a): The total number of assessments completed by the IAA service during the year where: Needs were only able to be met with a care and support plan | N/A               | 55             | No Target         | N/A              | N/A                 | This figure is a measure of activity data only    | Healthy Living<br>& Social Care                                |
| CPM/073 (CH019a): The number of reviews completed within statutory timescales that were:   | 53                | 156            | No Target         | N/A              | <b>↑</b>            | This figure is a measure of activity data only    | Healthy Living<br>& Social Care                                |

|--|---------------|---------------|-------------------|---------------|---------------------|--|--|
| CPM/093 (CPM/026): Percentage of people who have received a Disabled Facilities Grant who feel the assistance has made them safer and more independent in their own home.  |               |               |                   |               |                     | This Performance Indicator is monitored annually.  | Healthy Living<br>& Social Care<br>Homes & Safe<br>Communities |
| CPM/094 (CPM/027) (PAM015): Average number of calendar days taken to deliver a Disabled Facilities Grant.  | 308 days      | 340 days      | 350 days          | Green         | <b>V</b>            | We are pleased to have reduced the average level of days required to complete Disabled Adaptations below the target figure. Inflation pressures are preventing framework contractors from being able to deliver projects. Work is currently underway with colleagues in finance to look at opportunities for apportioning uplifts where appropriate. | Healthy Living<br>& Social Care<br>Homes & Safe<br>Communities |
| CPM/095 (CPM/064) (PAM/013): The percentage of private sector dwellings that have been vacant for more than six months at 1 April that were returned to occupation during the year through direct action from the local authority. |               |               |                   |               |                     | This Performance Indicator is monitored annually.  | Homes & Safe<br>Communities                                    |
| PAM/045: Number of new homes created as result of bring empty properties back into use.  |               |               |                   |               |                     | This Performance Indicator is monitored annually.  | Homes & Safe<br>Communities                                    |
| PAM/037: Average number of days to complete all repairs.   | 1.8 days      | 5.5 days      | 7.5 days          | Green         | <b>\</b>            | There is currently high demand on the repairs service as tenants report outstanding issues which have been silent during the pandemic.   | Homes & Safe<br>Communities                                    |
| PAM/036: Number of additional affordable housing units delivered during the year per 10,000 households.  |               |               |                   |               |                     | Annual national performance indicator. To be reported at quarter 4.  | Homes & Safe<br>Communities                                    |
| CPM/137: Number of new accessible/adapted homes delivered  | N/A           | 13            | 10                | Green         | N/A                 | There have been 13 new accessible homes delivered so far this year.  | Homes & Safe<br>Communities                                    |

| Performance Indicator  | Q2<br>2020/21 | Q2<br>2021/22 | Q2 Target 2021/22 | RAG<br>Status | Direction of Travel | Commentary   | Relevant<br>Scrutiny<br>Committee |
|--|---------------|---------------|-------------------|---------------|---------------------|--|-----------------------------------|
| WO3.12: Provide housing advice and support to pr   | event home    | elessness.    |                   |               |                     |  | Healthy Living<br>& Social Care   |
| PAM/012: Percentage of households successfully prevented from becoming homeless.   | 81%           | 48.07%        | 82%               | Red           | <b>\</b>            | The team continues to work hard and prevent homelessness where possible. Unfortunately, as explained last quarter as a result of the Pandemic, WG have directed all LA's not to complete the priority need investigations detailed within the Housing (Wales) Act 2014 and therefore consider all who present where deemed homeless, vulnerable, resulting in all being placed in temporary accommodation (Hotel accommodation in most cases). The majority of homelessness presentations are now in fact single households where prevention opportunities are extremely limited hence the target has further slipped over the quarter. This target will need to be revised for next year as the priority need test is to be removed permanently leaving very little prevention opportunities as the vast majority will be sofa surfing. | Homes & Safe<br>Communities       |
| CPM/096 (CPM/012): Percentage of all households where a positive prevention action succeeded in preventing/relieving homelessness. | N/A           | N/A           | N/A               | N/A           | N/A                 | This Performance Indicator is monitored annually.  | Homes & Safe<br>Communities       |

### **Additional National Performance Indicator Measures**

| Performance Indicator   | Q2<br>2020/21 | Q2<br>2021/22   | Q2 Target 2021/22 | RAG<br>Status | Direction of Travel | Commentary  | Relevant<br>Scrutiny<br>Committee |
|---|---------------|-----------------|-------------------|---------------|---------------------|---|-----------------------------------|
| WO3.1: Encourage people of all ages to have activ   | e and healtl  | hy lifestyles t | to promote b      | etter phys    | ical and ment       | tal well-being.   |                                   |
| PAM/041: Percentage of NERS clients who completed the exercise programme.   | N/A           | 2.91            | 40                | Red           | N/A                 | As the scheme restarted at the end of May we are yet to gain many people who have completed a whole programme. Over the coming months we are hoping that we will be able to give a better picture of the true difference our scheme is making in the community. It is still really too early to tell. Please also see the previous comment of r this quarter.                                   | Healthy Living<br>& Social Care   |
| WO3.3: Promote leisure, art and cultural activities   | which mee     | t a diverse ra  | ange of need:     | S             |                     |   |                                   |
| PAM/040 Percentage of Welsh Public Library Standards Quality Indicators (with targets) achieved by the library service. |               |                 |                   |               |                     | This Performance Indicator is monitored annually.   | Learning &<br>Culture             |
| WO3.4: Work in partnership to provide more sean   |               |                 |                   | 1             | T                   |   | T                                 |
| PAM/025: Rate of people kept in hospital while waiting for social care per 1,000 population aged 75+                    | N/A           | N/A             | No Target         | N/A           | N/A                 | Data not available/published by WG  | Healthy Living & Social Care      |
| WO3.5: Provide care and support to children and f   | amilies in n  | eed which re    | eflects their i   | ndividual s   | trengths and        | circumstances   |                                   |
| PAM/028: Percentage of child assessments completed in time.   | 70.6%         | 50%             | 85%               | Red           | <b>↓</b>            | The pandemic has continued to have a knock-on effect with the social workers ability conclude assessments during the quarter but is not a reflection of the level of activity responding to priority needs of the children and their families during the period of involvement, albeit without completed assessment. A functional split of IFST has been developed and live from 12/07/21, this | Healthy Living<br>& Social Care   |

| NS/A051: Progress the Llanmaes<br>Flood Risk Management Scheme. | 31/03/2022                    | 50%        | Detailed planning application has been submitted for the scheme ref 21/01082/REG3 and is registered after a lengthy and complicated design process and awaits determination later in 2021. A works contract for the scheme has also been tendered via an appropriate procurement framework, however, due to a number of contractors declining to submit a tender due to the timescales stipulated and risks associated with working through the winter, the tender was withdrawn. It is now intended to recommence the tender process in early Q3 amending the contract details to relax timescales for completion and avoid risk of working through winter period. It is therefore now anticipated the scheme will be tendered in Q3 and awarded in Q4 with a proposed construction phase during the Spring and Summer period 2022 to provide best chance of securing a quality, reliable and cost-effective tender contract. WG, Ward members and the local | Green                                |                             | Environment<br>and<br>Regeneration |

| NS/A049: Maintain environmental standards by retaining our awards for Green and Blue flags. | 31/06/2022                    | 60%        | The coastal awards have been received for 2021 and all awards have been retained with the exception of the blue flag at Whitmore bay which we could not apply for, as it did not meet the required level of water quality from 2020 testing. Green Flag parks - all parks retained their Green Flag Status; we are progressing with modifying our cutting regimes to increase biodiversity within our environment. We have reduced our "annual bedding" and replacing with more biodiverse perennial displays. Our Green Flag parks continue to be pesticide free. We have planted additional trees within our Green Flag parks and Open Spaces and will continue to do so in Q3/Q4. | Green                          |                             | Environment<br>and<br>Regeneration |
