VALE of GLAMORGAN COUNCIL SERVICE PLAN

2018-2022

Service Area	Achievement for All Service
Head of Service	David Davies
Director	Paula Ham
Cabinet Member	CIr: Bob Penrose Cabinet Member for Learning and Culture
Scrutiny Committee	Learning and Culture

1. Introduction

The service areas of Strategy, Community Learning and Resources and Achievement for All, combine to form the Learning and Skills Directorate. The Directorate has a wide range of statutory duties and its primary role is to work in collaboration with key stakeholders to develop effective, confident and independent learners who enjoy a sense of personal well-being, enabling them to share their learning with others and to contribute to their community and society.

1.1 About our Service – Achievement for All Service

The Achievement for All Service undertakes a number of key roles for the Council. The service works in partnership with the Central South Consortium Joint Education Service (CSC JES) to challenge, monitor and support schools to promote excellence and intervene as necessary to ensure that underperformance, or potential underperformance, is addressed. In addition, the service provides advice and support to schools, pupils and families of those pupils with additional learning needs.

Our broad functions are:

- To challenge, monitor, support and intervene in schools;
- Carrying out the council's responsibilities in respect of safeguarding and child protection;
- Working with regulatory bodies (ESTYN, CSSIW) to secure high quality learning settings;
- Promoting and supporting inclusive education, ensuring that vulnerable learners succeed;
- Promoting high standards of behaviour and excellent levels of attendance;
- Supporting the development of self-improvement systems within schools;
- Producing guidelines and targeting support programmes for teaching pupils with English as an additional language and promoting race equality;
- Supporting non-maintained nursery settings;
- Providing training and development for school leaders and practitioners;
- Working with partners to improve service delivery (Children and Young People Partnership, Local Safeguarding Children's Board, regional 14 – 19 Network, Families First and Flying Start).
- Providing a programme of learning opportunities for young people to develop decision-making skills in matters which affect them and to understand and participate in the democratic process;
- Offering social and informal educational opportunities for young people in the age range of 11-25;
- Coordination of the engagement and progression of young people to reduce those who are NEET.

1.2 The Purpose of Our Service Plan

This plan identifies how we will contribute towards achieving the Council's vision – '**Strong Communities with a bright future**'.

Our service plan outlines our key priorities for the next four years and how we will manage our resources to deliver these. The plan gives an overview of our service, what we aim to achieve, why this is important, how we will achieve it, how we will monitor progress and what success will look like.

It is important that as a Council we have shared values and our service is committed to delivering its priorities within the context of the Council's core values:

- **Ambitious:** Forward thinking, embracing new styles of working and investing in our future.
- **Open:** Open to different ideas and being accountable for the decisions we take.

- **Together:** Working together as a team that engages with our customers and partners, respects diversity and is committed to quality services.
- **Proud:** Proud of the Vale of Glamorgan: proud to service our communities and to be part of the Vale of Glamorgan Council.

Our Council's priorities are contained in the Corporate Plan 2016-20 and are expressed as Well-being Outcomes and Objectives. These have been decided upon following consultation with key stakeholders including citizens of the Vale of Glamorgan. Our well-being outcomes and objectives are:

Well-Being Outcome	An Inclusive and Safe Vale	An Environmentally Responsible and Prosperous Vale	An Aspirational and Culturally Vibrant Vale	An Active and Healthy Vale
Well-Being Objective	Reducing poverty and social exclusion	Promoting regeneration, economic growth and employment.	Raising overall standards of achievement.	Encouraging and promoting active and healthy lifestyles.
Well-Being Objective	Providing decent homes and safe communities	Promoting sustainable development and protecting our environment.	Valuing culture and diversity	Safeguarding those who are vulnerable and promoting independent living.

The Well-being Objectives illustrate the contribution Council services will make to achieving the Well-being Goals for Wales. The Well-being Goals have been established to ensure all relevant bodies in Wales are working towards the same vision as part of the Well-Being of Future Generations (Wales) Act 2015. The Act is about improving the social, economic, environmental and cultural well-being of Wales. The Act is intended to make public bodies think more about the long-term, work better with people and communities and each other, look to prevent problems and take a more joined-up approach. The contribution our service will make to the well-being goals is highlighted throughout our service plan.

1.3 Developing Our Plan

Our service plan is informed by and reflects the environment within which our service operates. As well as contributing to the Well-being Outcomes and Objectives from our Corporate Plan, our service has taken the following into consideration when drafting our plan:

- The Achievement for All Annual Self-Assessment which provides an overall position statement for the year based on specific issues relating to performance, customer experience, and the use of resources (workforce, financial, ICT and assets);
- Our self-evaluation processes and resulting self-evaluation report (SER), our previous year's work as a Directorate, emerging findings for development and self-evaluation report which inform and underpin the work of the directorate, Welsh Government's national priorities for school improvement: reducing the achievement gap due to poverty, improving standards in literacy and numeracy and ensuring that the department effectively promotes pupils' wellbeing.
- Our budget including planned service savings and efficiencies and the implementation of the Council's Reshaping Services Change Programme;
- The performance profile of schools and the results of school inspection reports and the national categorisation process;

- The Additional Learning Needs and Education Tribunal (Wales) Bill which will reform the provision of services to support children and young people with additional learning needs;
- Safeguarding policy changes which will continue to shape the way that services are delivered to children;
- Welsh Government's Youth Engagement and Progression Framework aimed at targeting intervention with young people at risk and those who are not in employment, education or training (NEET);
- Our contribution to national ambition as set out in Education in Wales: Our National Mission Action Plan 2017-21;
- Welsh Government's strategy for "Raising the ambitions and educational opportunities for children who are looked after";
- The implementation of the Department for Education and Skills (DfES) guidance for the provision of funding for post-16 education, which will inform Local Authority allocations in the future;
- The New Estyn Common Inspection Framework for Local Education Authorities effective from September 2017.
- The priorities as outlined in the [Central South Consortium Business Plan for 2017/20](#).

1.4 How We Work - Sustainable Development

The Well-being of Future Generations (Wales) Act puts in place a 'sustainable development principle' which tells organisations how to go about meeting their duty under the Act:

"You must act in a manner which seeks to ensure that the needs of the present are met without compromising the ability of future generations to meet their own needs, by taking account of the sustainable development principle".

The sustainable development principle means considering how actions are taken to support continuous improvement by:

- Looking to the **long term** – for us this means planning for the future and taking a strategic approach to ensure services are sustainable and that we understand the future need and demand for services.
- Taking an **integrated** approach – for us this means thinking about the needs of our customers and working with our partners.
- **Involving** the population in decisions – for us this means engaging with our residents and customers, including the business community and ensuring that we are listening to a wide range of views to inform our thinking.
- Working in a **collaborative** way – for us this means recognising we can achieve more and deliver better services by working as part of a team, for example by working with the Third Sector, Town and Community Councils and neighbouring authorities.
- Understanding the root causes of issues and **preventing** them – for us this means being proactive in our thinking and understanding the need to tackle problems at source for example by undertaking needs assessments to inform our priorities.

In response our Corporate Plan 2016-20 has reflected on the ways of working ensuring that it is consistent with our approach to planning for the future. These considerations are also reflected in the actions we will take as a service to deliver the Council's priorities.

2. Our Corporate Plan Priorities for 2018-22

2.2. Integrated Planning

Our service is committed to maximising the use of resources so that we can deliver sustainable and cost effective services that best meet people's needs. In order to achieve this, we have identified a series of priorities 'enabling actions' that will support us in delivering the key outcomes identified in our Corporate Plan. The key areas of focus for our service over the next four years will be:

Ref	Action
CP1	Deliver the Council's transformational change programme, Reshaping Services, to enable it to meet the future needs of citizens of the Vale of Glamorgan within the context of unprecedented financial challenges. (2019/20)
CP2	Align the workforce plan to the Reshaping Services strategy ensuring staff have the necessary skills and training to adapt to the changes in how services are planned and delivered.

3. The Year Ahead (2018-19)

3.1. Our Annual Service Priorities for 2018-19

During 2018-19 our service will undertake the actions outlined below to contribute to Year 3 of the Corporate Plan Well-being Outcomes and Objectives.

Appendix A contains the detailed plan which outlines the actions we will undertake in the coming year to deliver our Year 3 (2018/19) priorities for the Corporate Plan.

Appendix B outlines the 'enabling' actions we will undertake to maximise the use of our resources to enable us to deliver our priorities for the same year.

3.2 Managing Our Resources to Deliver Our Priorities

The following sets out how we will manage our resources to achieve the actions in our Service Plan and support our service.

Integrated Planning

We are committed to maximising the use of our resources so that we can deliver sustainable and cost effective services that best meets need. For 2018-19, we have identified a series of 'enabling actions' that will support us to deliver our priorities for Year 3 of the Corporate Plan and contribute towards the Corporate Plan Well-being Outcomes.

This section provides a summary of these actions, outlining how we will use our resources (including our workforce, ICT, finance, assets and customer insight) and manage identified risks in order to deliver planned improvement.

Workforce Development

Key Service Statistics 2016/17						
Average headcount 2016/17	FTE 2016/17	Average days sick		Average days sickness per FTE	Turnover (no of leavers)	#itsaboutme completion rate (%)
		Long term	Short term			
161.5	116.15	5.16	2.70	7.86	22 (13.62%)	100

During 2017/18, 100% of #itsaboutme staff appraisals were completed mirroring our performance last year.

Going forward the key workforce issues impacting on the service are:

- Managing sickness absence rates continues to be an area of development across the division. Based on current data at Q2 (4.48 days per FTE), the service is on track to achieve a performance of 8.96 in 2017/18 which will fall short of our annual target of 8.3 days per FTE and last year's reported performance of 7.86 days per FTE. Long term sickness remains an area of particular focus within a number of teams and there is continued focus and sharing of good practice at team leader and management team levels in line with the management of attendance policy. We are proactively working with Occupational Health to assess risks and reduce stress related absence and we continue to support flexible returns to work as appropriate.
- As at September 2017, the Achievement for All Service has an establishment of 105.19 FTEs compared to 110.4 FTEs at the same time period in 2016. As at September 2017 (Q2), the service reported a 4.48% turnover rate compared to 13.96% for the whole of 2016/17. Voluntary leavers made up 3.98% of the reported performance at Q2. This increase in turnover within the service during 2016/17 was anticipated as the service implemented a new service model and structure following its review of additional learning needs services. As a comparison, the overall turnover rate for the Council during 2016/17 was 10.14% (of which 7.49% was voluntary) and 11.6% (of which 7.92% voluntary) across Welsh local authorities. Going forward, the service is anticipating a decrease in turnover as it continues to implement its new ways of working whilst continuing to review how it delivers other services in order to improve efficiency and effectiveness, in line with the Reshaping Services programme. We have focused on the role of flexibility within the new structure and increased emphasis on learning and development, innovation improved performance and staff engagement which is anticipated will help build resilience within teams and the service as a whole.
- The age profile of staff whilst generally not a major cause of concern, remains an area of development for the service, as over 50% of employees are between the ages of 45 and 65+. As at September 2017, the age profile of the service is as follows: [3% (65+); 20% (55-64); 28% (45-54); 19% (35-44); 23% (25-34); 7% (16-24)]. Since last year there has been a decrease in the 25-34 age categories by 3%, and an increase in the following categories: 35-44 by 1% and 55-64 by 1%. To ensure continued resilience within teams for the long term, there is a need increase the number of staff within the 16-24 and 25-34 categories as appropriate. We will continue developing initiatives with a focus on developing capacity within specialist areas in order to increase resilience within the service.
- All team leaders and managers have been supported to develop the skillsets required to support the new ways of working including commissioning, contracting, project management, procurement and risk management. This work will continue to be an area of focus during 2018/19.

- There is a need to continue to enhance our approach to succession planning and cross skilling of staff to address the identified workforce issues within the service informed by service led initiatives and the Council wide pilot succession planning scheme.
- There is a need to help staff better understand how their work fits into the work of the Council as a whole and also to be informed (where appropriate) about the wider work of the Council and how they can contribute to change. The staff survey undertaken during 2016/17 identified this as an area of focus for the service with staff giving the lowest level of positive response for the assertions "I am helped to understand my contribution to the wider Council" (45.2%), "I am kept informed about the wider work of the Council" (55.5%. through the new employee appraisal process, '#itsaboutme' continuing effort is being and will continue during 2018/19 to help colleagues understand their role and contribution.
- There is a need to develop the capacity to deliver services through the medium of Welsh.

It is important that we continue to maintain and develop the workforce to meet future service needs, both in terms of the numbers employed and the skills and competencies required of those employees. It remains a priority for the Achievement for All Service to continue to support staff development and succession planning despite the pressures of budget and staffing reductions. Our key workforce development priorities for the coming year are:

- Contribute to the Councils workforce plan and staff charter initiatives in relation to workforce development, succession planning, recruitment and retention.
- Continue to identify opportunities to work collaboratively across the region to develop capacity in specialist services/ critical posts in order to increase service resilience and areas sustain appropriate levels of service delivery for the long term...
- Maintain our focus on reviewing and strengthening our performance management arrangements in relation to sickness absence with the service.
- Ensuring that staff understand how their work fits into the wider work of the Council and how they can effectively contribute to change.

ICT

In line with Corporate direction we continue to use ICT to work smarter and more flexibly. Our significant projects for the coming year are:

- Further development of tracking systems for pupils with ALN and monitoring of impact.
- Extending use of ALPs tool and the ONE database and monitor impact.
- Implementing the use of Capita One across the Directorate. Data sharing protocols will need to be followed to avoid breaches.
- Implementing 1YSS for Youth Support Services to increase effectiveness of Youth Support Services and to integrate data into ONE.

Finance

The base budget for our service area for 2018/19 is £4,664 and the planned improvement activities for 2018/19 focus on delivering the in-year savings identified for the service (of 80k). The service also faces significant cost pressures in 2018/19 totalling £849k in relation to recoupment income from other local authorities and the increase in pupil placements.

In addition, the Achievement for All Service will also be contributing to the delivery of general policy and council-wide savings. For 2018/19 these are:

- *Review of the Procurement (Reshaping Tranche 3)- £1m*

- *Income and Commercial Opportunities (Reshaping Tranche 3)- £550k*
- *Digital Strategy (Reshaping Tranche 3) – £250k*
- *Establishment Review (Reshaping Tranche 3) – £250k*
- *Minimum Revenue Provision – £1.5m*

Assets

In line with the Corporate Strategy, we are focussing on ensuring the suitability and sufficiency of our assets to meet service and corporate objectives by targeting any underperforming assets; reducing the amount of accommodation used to deliver services; and identifying opportunities to provide multiple service delivery from an asset (co-location). Our key areas of focus for 2018/19 are:

- Working with key partners at the regional level to develop a regional sensory Impairment Service.
- Considering options for and relocating Youth Service staff from external accommodation to Council owned buildings. This will help maximise capacity and deliver savings.
- Identify alternative funding stream to support mobile youth provision.

Procurement

In line with corporate guidance we are committed to promoting effective procurement using innovative, sustainable and modern practices to deliver value for money and contribute to the achievement of corporate well-being outcomes. In 2018/19:

- It will be essential to develop a tender and contract management process for the delivery of services for learners educated other than at school (EOTAS).
- There is a need to review the Directorate’s procurement processes to ensure compliance with the Corporate Procurement Framework policy.

Consultation and Engagement

We proactively engage with our key stakeholders with a particular focus on children and young people, schools and the Joint Education Service Consortium in order to improve education standards and levels of attainment. Highlighted below are our planned activities for the coming year.

Consultation Activity Planned 2018/19	Brief Description of the Purpose of the Consultation
Consultation with Key stakeholders: EOTAS services.	To involve key stakeholders in reshaping service provision for young people educated other than at school.
Consultation on possible development of the Pupil Referral unit.	Improve learning environment of learners.

Service level risks				
AA: SR1- The CSC JES is not properly held to account for the impact of services provided to schools.	2	2	Strong oversight of JES outputs, outcomes and quality is maintained by the Director and Head of Service for the Achievement for All via regular Directors/Heads of Service and operational Management Board meetings, existing scrutiny arrangements and the Corporate Risk Management Group. A joint performance management framework (with the local authorities that make up the consortium) is now in place to ensure further oversight. The CSC JES produces an annual performance report for the Vale which is scrutinised at a special meeting of the Learning Skills Scrutiny Committee. Individual monitoring of Vale schools takes place via School Improvement Forums.	
AA: SR2- The quality of leadership and governance in schools is insufficient to deliver outcomes.	2	3	Commissioning via the consortium of leadership and governor support programmes. Structured mentorship programme for new Head Teachers and underperforming schools. Middle level leadership programme are available through the Central South Consortium. Scoring risks	
Likelihood score	Refers to how likely it is that the risk will occur, that is, the probability of the risk happening. The scoring ranges between 1 and 4, with 1 being very unlikely, 2 - possible, 3 - probable and 4 being almost certain to happen or has already happened.
Impact score	Refers to what the impact would be if the risk occurred. Again the scoring ranges between 1 and 4, with 1 being low, 2 - medium, 3 - high and 4 being catastrophic. Impact would include things such as financial costs, public wellbeing, environmental/ social impact, damage to reputation, health and safety etc.
Inherent Risk	This is the risk score in a pre-control environment
Residual Risk	Remaining risk score after controls have been applied. Shows impact of controls.
Current controls	This is a control score that provides an indication of the effectiveness of the controls at managing the risk.
Forecast Direction of Travel	Anticipates the future direction of travel of the risk by taking into account factors that are likely to impact on it. Risk increasing  Risk is decreasing  Risk remaining static
