Dear Sirs

J34/M4 to A48 Sycamore Cross Transport Improvements Consultation

The proposals regarding the above matter directly affect Pendoylan and the majority of its six Councillors. Three would have a beneficial interest because the road could potentially go through their land and two would have a prejudicial interest due to the proximity of their properties to the proposed new road. The Community Council has taken a neutral stance at the present time in view of the above situation but wishes to be able to discuss the process and procedures of the road plans/consultation and to make sure it is carried out in a manner which is fair and just to the residents of Pendoylan

I therefore enclose Applications by 4 members of the Pendoylan Community Council for Dispensation with regard to the above Consultation and would request these be considered en bloc. (I have yet to receive the fifth Councillor's application).

I trust these Applications will be considered favourably as without Dispensation the Community Council will not be quorate to discuss this matter or take a vote

Yours faithfully

Judith Roberts
Clerk

5th application rec'd 4/07/18.
